No 40

Government Lying-in Hospital
Madras 21 January 1895

From

Surgeon Major A. J. Sturmer,
The Superintendent,
Government Lying-in Hospital
Madras.

To

The Secretary to the Surgeon General
With the Government of Madras
Mungambakam

Sir,

I have the honor to forward
the accompanying proposition State-
ment for an increase of establishment
in the hope that the Surgeon-General
will be pleased to recommend it to
Government for sanction. I regret
having to send it in face of G. O. dated
12 September 1894 No 717 Financial,
but I consider the increase absolute-
ly necessary for the good of the Hospital.

Before the Gynaecological
and Caste wards were erected, the
average number of lamps lighted
amounted to 40 a night. Since the
building of these wards, the average
is 80, and one man cannot clean so
many lamps properly. The masalchee
who

who has been here for one and a half years has left, as he said, he was unable to cope with the work. Another man was obtained, but he left after one day's experience of the work. At the General Hospital 120 lamps are lighted nightly and there are 3 Masalchees.

3. I would propose therefore that an Assistant be granted that the first Masalchee should be paid Rs 7 and his Assistant Rs 7 per mensem. This will entail an extra cost of Rs 7 per mensem or Rs 84 per Annum. The Amount this year can be met from general Savings in this Hospital.

4. A dispensary Cooly was sanctioned in G. O. No 9 dated 8 January 1891. Public for the Egmore Female Dispensary; but owing to the great increase of work in the Dispensary of the Hospital, Surgeon Lt. Col. A. M. Branfoot removed him in 1892 to the Hospital, and the Egmore Female Dispensary has since been left without a permanent man.

5. Another dispensary Cooly is required to keep order among the out-patients, to wash the floors and walls, and to attend to the general Cleanliness of the Dispensary Compound. At the present time, one of the gardeners attached to the hospital is sent to the Dispensary in the morning and is thus taken away from his proper work in the Hospital from which he can be ill spared. I would recommend that the pay be Rs 6 per mensem or a yearly increase of Rs 72. The amount this year can be met from general Savings in the Hospital.

this alone would take up nearly 7
hours per diem. Besides he has
to take down and replace each lamp

A cooly appears to be requisite

The increase mentioned can be well
