To
The Secretary to the Govt. of India,
Reve. & Agtl. Deptt.

Sir,

I am directed to intimate
that

~~that Mr. A. Rea, Superintendent, Archaeological Survey, Madras, has passed through the Govt. Press a work entitled "Châlukyan Architecture" a clean proof copy of which is herewith submitted. I am to request, with reference to para 4 of Mr. Maclagan's letter dated 5th July 1893, No. 40-59, that an Imperial number may be assigned for the volume.~~

Archaeological Survey, Madras,
Bangalore,
18th January 1895.

No. 15

From

A. REA, ESQUIRE,
SUPERINTENDENT, ARCHÆOLOGICAL SURVEY,
MADRAS,

To

The Chief Secretary
to the Government of Madras,

SIR,

Finl

With reference to Memorandum in the Public Department, No. 70 dated 15th January 1895, I have the honour to report that 104 drawings for plates were sent to Government in covers Nos. 234 and 235 accompanying my letter No. 233 of the 3rd June 1893; and 10 drawings in cover No. 264 with letter No. 263 of the 28th idem.

⊕ G.O. 564/14-6-93

G.O. 692/19-7-93

2. G.O. thereon dated 14th June 1893, No. 564, Financial, states that separate orders will be passed in regard to the plates.

3.

3. G. O., (my copy undated) received on 23rd August 1893, No. 792, Financial, contains a letter from the Assistant Surveyor General, Calcutta, stating that the production of the plates cannot be taken in hand till some other work has been completed. I have as yet received no proofs of any of the plates.

4. As to the number required, 650 copies of "South Indian Buddhist Antiquities" were printed. As there is a larger number of plates in Chalukyan architecture (114) which will entail greater expense in their production, probably a lesser number, 500 might suffice.

I have the honour to be
Sir,
Your most obedient servant,
A. Rea
Superintendent.

FINANCIAL DEPARTMENT.

CURRENT No. 142 OF 1895.

NOTE FOR THE

The Superintendent of the Govt. Press having, in his note of the 27th December /94, submitted a requisition for the Imperial & Provincial numbers to be assigned to the volume on "Châlukyan Architecture" (now in the Press) - Mr. Rea, in the first instance was asked, by Memo: No. 70 of 15th January /95, to report what arrangements he had made for the supply of plates & how many copies ~~will~~ would be printed. To this, Mr. Rea in his reply Cur. No. 142 of 18th drawn to previous correspondence on the subject of the plates, pointed out that he had received no proofs of any of them & he was of opinion that 500 Copies would probably suffice.

The correspondence mentioned by Mr. Rea relating to the plates all occurred during 1893.

G.O. 564 / 14.6.93

On the 3rd June /93, Mr. Rea forwarded his MSS. Report on the work in question stating that it

was

was to be illustrated by 114 plates of which he then sent only 104; the other ten plates were subsequently received with his letter* of 28th June/93, No. 263. The MSS was transferred to the Supdt., Govt. Press, and separate orders were passed in regard to the plates. The Superintendent, Madras Survey, was called on by Memo: No. 1038 of 13th June/93 to report whether his office could execute the printing of the plates by photo-zincography or any other suitable process. Mr. Cardozo replied that they were not likely to be satisfactorily reproduced by any process practicable in his office and suggested that the Survey of India office might be tried.

*Vide Proceedings 19-7-93 No. 672.

G.O. $\frac{672}{19.7.93}$

Thereupon the Surveyor Genl. India was asked* whether the photographic & lithographic branch of his office could undertake the reproduction of the 114 drawings by photo-etching, or by other processes; and if such a course was possible, that officer was desired to furnish an Estimate of the cost thereof. In replying (letter of 8th Aug./93 No. $\frac{1157}{P}$) Col. Waterhouse intimated that the

*Letter — do. —

the reproduction of the drawings referred to, could not possibly be undertaken till the completion of another series for the Kistna district, viz: (presumably) the "South Indian Buddhist Antiquities" & that his office had then in hand another similar work for the N. W. P. Govt. which all — he said — required special treatment. — With reference to this last letter, the Surveyor General was informed* that the completion of those works would be awaited if the Asstt. Surveyor General could then take over the execution of the Bellary drawings — i.e. of the volume on "Châlukyan Architecture" now under consideration.

*Letter No. $\frac{791}{17.8.93}$

No further communication appears to have come from the Surveyor General. The "South Indian Buddhist Antiquities" has since been completed and copies distributed.

It is submitted that the Surveyor General may now be wired to enquiring if all the work then in hand ~~had been~~ is now completed: whether he could now undertake the reproduction of the drawings in question & what the cost would be.

FROM

Colonel J. Waterhouse
Assistant Surveyor General,
In charge Photo. & Litho. Office,
Survey of India Dept.,

TO

The Chief Secretary
Government of Madras

SIR,

With reference to your telegrams Nos 41 & 63 dated the 28th January and 13th February respectively I have the honour to inform you that it will be difficult to arrange for the early reproduction and publication of the drawings of Chalukyan Architecture at present, as about 60 drawings are now in hand for vol II of the Report on Fatehpore Sikri for the North West Province Government and there is another volume of 97 Drawings from Muttra awaiting to be done

2. I much regret the delay in taking up this work, but the drawings for the N.W.P Government involve an immense amount of labour and take up a great deal of time and it is difficult to say therefore when we should be free to print off the Madras drawings. I could take the negatives and give blue print proofs now, but the printing off from zinc would probably be delayed till the one of the

N.W.P volumes was printed off probably in about six months time. If this arrangement would be convenient to you the drawings could be sent at once and I will do my best to proceed with them.

I have the honour to be,
Sir,
Your most obedt Servant

To

The Chief Secretary
to the Government of Madras.

SIR,

With reference to endorsement dated 20. 2. 95, No. 343 financial, I have the honour to suggest that the reproduction of the drawings might be undertaken by the Survey Department in Madras. Should the whole process not be carried out by them, perhaps the Calcutta office might be allowed to take the negatives,— as suggested in para. 2 of the letter Current No. 452— and the printing from zinc be done in Madras.

2. If either of these methods is possible, I should be glad to see proofs of say three of the more elaborate drawings — an elevation of a building, sculptured door, and piece of carving — before

before the whole work is set in hand.
