9TH MARCH 1895, No. 233 I., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From N. F. MACKENZIE, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 21st February 1895, No. 50 I.

I am directed to acknowledge the receipt of Proceedings of the Government of Madras, No. 18 I., dated the 12th January 1895, copy forwarded under your No. 19 I. of the same date, approving the adoption of the sum of Rs. 30,15,297 as the revenue due to old irrigation of the Cauvery delta system in lieu of the sum of Rs. 23,65,000 fixed in Madras G.O., No. 395 I., dated the 18th July 1890.

2. With reference thereto I am to say that the Government of India are pleased to accept for the present the adoption, with effect from 1894-95, of the sum of Rs. 30,15,297 as the revenue due to old irrigation of the Cauvery delta system in lieu of Rs. 23,65,000 previously fixed. It is noted that the amount now fixed may be subject to periodical revision until such time as a standard revenue due to old irrigation on this system can be fixed.

No. 51 I.

Note by the Chief Engineer for Irrigation.

In G.O., No. 18 I., dated 12th January 1895, passing orders on the Proceedings of the Board of Revenue, No. 460, dated 1st November 1894, submitting the financial results of the Cauvery delta system for 1893-94, the adoption by the Board of Revenue of the sum of Rs. 30,15,297 as the revenue due to old irrigation of the Cauvery delta system for that year was approved in lieu of Rs. 23,65,000 fixed in G.O., No. 395 I., dated 18th July 1890, and it was therein noted that for the revised estimate for 1894-95 the Board of Revenue had adopted Rs. 30,21,000 as the amount of old irrigation revenue. In the preliminary issue of the budget estimates for 1895-96 for "Major Works" appended to G.O., No. 100 I., dated 4th February 1895, Rs. 30,45,000 have been entered as the old irrigation revenue based on the estimate framed by the Board of Revenue on the principle referred to in paragraph 4 of its Proceedings above quoted. From the above it will be seen that the old irrigation revenue of the Cauvery delta system will fluctuate every year. The Board of Revenue assert that it will not be possible to fix a standard revenue due to old irrigation under this delta until certainly the greater portion of twelve years during which the settlement increase is anticipated to be realized has elapsed.

2. The Government of India in its letter No. 50 I., dated 21st February 1895, accepts for the present the adoption, with effect from 1894-95, of the sum of Rs. 30,15,297 as the revenue due to old irrigation, but as this is the amount fixed for

the year 1893-94 only, it is suggested that the permission of the Government of India may be solicited to admit of the administrative accounts of the delta being prepared by the Examiner of Public Works Accounts to accord with the revenue accounts rendered annually by the Board of Revenue.

4th March 1895. (Signed) R. R. E. DRAKE-BROCKMAN, Colonel, R.E.,
Chief Engineer for Irrigation.

ORDER—dated 9th March 1895, No. 233 I., Public Works.

The suggestion of the Chief Engineer for Irrigation is approved.

2. Ordered that a copy of these Proceedings be forwarded to the Government of India with a request that permission may be accorded to the administrative accounts of the Cauvery delta system being prepared so as to agree with the annual revenue accounts submitted by the Board of Revenue.
