PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Executive Engineer, West Coast Division N. 131. S.E. of 16. March 1895.

With reference to your N. 105 of 5th March 1895 and previous correspondence on the subject, I have the honour to state that as soon as sanction to the Estimate for improvements to the Lightning Conductors of the Lighthouse at Mangalore was received the Subdivisional Officer was instructed to report the amount he could spend during the current official year on which he telegraphed to Messrs Richardson and Buddas of Bombay asking if they could supply the wire rope in March. They replied that they would be able to supply only in the beginning of April. Enquiries were also made with Messrs Fleming and Co. of Bombay and the P. W. stores, Madras, but no rope of the required dimensions could be got.

Under the above circumstances
(40-1,000-4-2-96.)

There is no alternative but to sur-
render the grant of Rupees 3972
sanctioned in G.O. N^o 2604 dated
2^d February 1895 and to request
that the amount may be reallocated
in April.

Arrangement has been made

in April.
