Office of the Dy. Inspector of Police
Central Range, Madras, Feb. 17, 1896

From

W. J. A. Sullivan Esquire,

Dy. Inspector of Police,

Central Range,

To

The Inspector General of Police,
Madras.

Sir,

I have the honor to state in reply to your
No. 7760
26.12.94 that the District Magistrate of
North Arcot and I are agreed as to the
desirability of having a regular station
at Bisanaatham with a force attached
of 1 head constable and 6 constables.

2. The village of Bisanaatham is $2\frac{1}{2}$ miles
from the railway station bearing that
name. At present it is included in the
jurisdiction of Kappam Station House
officer, who has 145 villages to look after.
Kappam is 9 miles distant.

3. There are about 40 villages surround-
ing Bisanaatham which might be
attached to the proposed new station.

There

There might be allocated to 5 beats, each extending from 7 to 10 miles. The withdrawal of three villages from the Kappam range would decidedly lighten the work of that station which is too heavy at present.

4. The following 4 Police Stations in the Mysore Province 1. Kamasamudram 2. Marikappam 3. Mathimangalam 4. Tipanapalli are at a distance of 6, 8, 5 and 10 miles respectively from Bisanatham, but being across the frontier they do not serve us in respect to the registration of crime and the investigation of cases.

5. The present population of the place is 1200 and is likely to swell in numbers owing to the increased extraction of gold from the mines. When the mining industry was first started in July 1893, the number of its inhabitants was only 12.

6. A large proportion of the residents consists of Pariah labourers who drink heavily, commit thefts and housebreakings, assaults and mischiefs. It is currently rumoured that

that all crime is not being reported owing to the aggrieved parties being unwilling to trudge 9 miles to the nearest Police station for the purpose of preferring their complaints.

7. There are no metalled roads leading into Bisanatham but only three rough cart tracks traced at the expense of the mining company. These all pass through hills and are not much frequented by the travelling public, who are afraid to traverse them owing to their isolated position.

I have read

By Accountant-General.

GOVERNMENT OF MADRAS.

DEPARTMENT.

No.

FORT SAINT GEORGE,

The

189

Secretary to the Government
of Fort St. George.

I have the honor to submit to Govern-
ment that it is necessary to open a Police
Station at Rivanatham in the North Arcot
District near Kanguadi.

2. The village is at present within the
limits of the Kappam station, which is
9 miles off. It was originally a small
hamlet of four huts, but now has a
population of 1200 souls and is reported
to be increasing. It is inhabited by the
labourers who work for the Mysore
Deep Gold Mining Company. It is
situated only $2\frac{1}{2}$ miles from the Kolar
Railway.

Final

2

797

3. It was first proposed to make the village an outpost for two constables. but Colonel Porteous doubted the advisability of that course and after getting full particulars on the matter from the Deputy Inspector General, Central Range, a copy of whose letter I enclose I am of opinion that there should be a station at the place.

4. The station force should be a Head Constable and 6 constables.

The mining authorities have offered to build a station and huts for the Police.

5. I enclose the usual proposition statement.

I have the honor to be,

Sir,

Your most obedt. Servt.

W. M. M. M.

Inspector General of Police.
