PROCEEDINGS OF THE DIRECTOR OF PUBLIC INSTRUCTION, dated 2nd April 1895.

Budget Estimate of the Educational Department.

Read the following Proceedings of the Government of Madras in the Financial Department, dated 1st December 1894, No. 1054 :—

Read the following paper :—

From the Hon'ble Mr. A. MONRO, M.A., B.C.L., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 27th September 1894, No. 9224.

I have the honour to submit the budget estimate of the Educational Department for 1895-96 in the prescribed form with a copy of the Accountant-General's statement of receipts and charges for 1893-94.

2. Explanations of important variations have been furnished in the budget statements as directed in G.O., Financial, No. 558, dated 19th July 1894.

3. *Actuals*, 1893-94.—The actual receipts amounted to Rs. 1,87,497, or Rs. 24,497 in excess of the revised estimate. This was due chiefly to larger receipts from fees, sale of books and sale of School of Arts manufactures. The sanctioned grant for the year was Rs. 17,05,000 and the actuals amounted to Rs. 17,38,777; but in the latter figure Rs. 13,383 expended in fitting up the workshop at the College of Engineering and Rs. 15,425 refunded to local boards on account of excess recoveries in 1891-92 in connection with the training schools taken over by the department are included. A larger amount than was originally expected was spent on exchange compensation allowance.

4. *Budget Estimate*, 1895-96.—If my proposals to raise the fee-rates in the College classes be sanctioned, there will be some increase in the fee-income of the last quarter of 1895-96, and I have accordingly estimated the fee-receipts in Arts Colleges at Rs. 56,000.

5. After carefully considering the requirements under the several sub-heads, I have provided for an expenditure of Rs. 18,00,000 during 1895-96. The increase over the current year's sanctioned grant is thus Rs. 49,000. Of this sum, Rs. 5,000 will be met from the increased fee-receipts. Of the balance, Rs. 38,400 appertains to grants-in-aid to schools under private management and under local boards. For the past two years, the Department has been steadily refusing to sanction any new and increased grants even where they have been considered absolutely necessary, and I propose to reduce, by 10 per cent., with effect from the 1st April 1895, the scale of salary-grants to institutions in localities where education has fairly advanced, so as to set free more funds for grants to schools in backward localities and intended for backward races. As I have pointed out in paragraph 169 of the annual report, now before Government, this appears to be the only means by which upper primary and lower secondary education can be encouraged in non-municipal areas. Applications for building and furniture grants are constantly coming in, but the Department has not been in a position to comply with them to the extent desirable. Under these circumstances I would earnestly request Government to sanction the increased assignment sought for the ensuing year, as a special case, as it is absolutely necessary in order to enable schools to comply with the conditions of recognition. The expenditure on building and furniture grants may be limited from 1897-98 or 1898-99 to Rs. 20,000 or Rs. 25,000 per annum, as most of the schools will, by that time, have been well accommodated and equipped with the requisite furniture and apparatus.

ORDER—dated 1st December 1894, No. 1054, Financial.

The Director of Public Instruction estimates the receipts of the Educational Department for 1895-96 at 1.80 lakhs against 1.67 in the current year. This increase in the estimate is partly based on an anticipated rise under fees in *Government Colleges, General*, owing to the proposal to raise the fee-rates in college classes. Looking to the actuals of 1893-94 and the revised estimate for the current year under *Fees, Government Colleges, Professional*, there appears, in the absence of further explanation, to be no reason why the fees from the *Law College* should not be raised by Rs. 2,000. The receipts under this head will accordingly be fixed at .59 lakh in the budget for 1895-96.

The total receipts under XIX. *Education* will then stand at 1.82 lakhs.

2. The charges are placed at 17 lakhs or .39 lakh higher than the grant for the current year. The variations are shown below :—

3. The net expenditure involved by the Director's estimates (the receipts being altered as above) compares as follows with previous years :—

	Receipts.	Charges.	Net charges.
1891-92	1.33	14.54	13.21
1892-93	1.57	15.64	14.07
1893-94	1.85	16.23	14.38
1894-95 (Revised)	1.75	16.51	14.76
1895-96 (Estimate)	1.82	17.00	15.18

4. The largest increase in the proposed charges occurs under *Grants-in-aid*. The average expenditure under this head for the five years ending 1893-94 did not exceed 5 lakhs as shown in Appendix I to these Proceedings and the allotment for the current year (5.20) was, in comparison, a liberal one. The Government is not prepared to make a larger provision for 1895-96 and a lump deduction of Rs. 28,400 will be made from the allotment proposed by the Director, to whom the redistribution of the grant will be left.

5. The next important increase falls under *Government Schools, General*, and is due to larger provision under *Primary Schools for boys and girls*. The necessity for the increased allotment has, however, been satisfactorily explained by the Director.

6. The following further alterations are called for in the Director's figures :—

(i) 22-A. *Direction—Allowances—Travelling allowances of officers*.—In view of the actuals for 1893-94 and the revised figure for 1894-95 the proposed allotment in the budget for 1895-96 will be reduced by Rs. 600.

(ii) 22-D. *Government Colleges—Professional—College of Engineering—Salaries*.—The probable savings may safely be raised by Rs. 1,000.

The grant will then stand at 16.7 lakhs.

7. The allotment under *Adjusting heads—Payments by results* will be reduced by Rs. 10,000.

8. The estimates, altered with reference to the above remarks, are shown in Appendix II to these Proceedings.

9. It is observed that provision has been made in some cases for proposals which have not yet been sanctioned. These proposals should be separately submitted and receive the approval of Government before expenditure is incurred with respect to them.

Communicated to the Principals of Colleges; Inspectors of Schools, Inspectresses of Girls' Schools, Assistant Inspectors of Schools; Superintendents of the School of Arts, Presidency Training School for Mistresses, and the Reformatory School, Chingleput; Headmasters, Government College, Mangalore, Madrasa-i-Azam and School of Commerce, Calicut; the Registrar of Books and the Curator, Oriental Manuscripts Library, for information and guidance.

2. *Receipts*.—The receipts of the Department, estimated at Rs. 1,83,000, include Rs. 300, contribution expected from the Kumbakonam Municipality towards the upkeep of the Art class and also the promised contributions from the Maharajah of Jeypore, the Rani of Singapur and the Zemindar of Parlakimedi on account of the Government schools maintained in these States. The Principal of the Kumbakonam College and the Inspector of Schools, Northern Circle, are requested to take steps in due course for the recovery of the contributions before the close of the official year.

3. *Charges—Inspection*.—The usual allotment of Rs. 1,000 for "Inspection of Technical schools and miscellaneous charges" having been omitted through oversight in the budget submitted to Government, it has now been inserted. But the net allotment passed by Government for "Inspection" has been repeated, the amount of probable savings having been raised from Rs. 5,930 to Rs. 6,930. The Director has observed that in a few instances there has been unnecessary travelling. The instructions issued from time to time enjoining on all the officers of the department strictest economy in their travelling and stationery and contingent charges should be carefully observed. Government expects heads of offices to exercise personal supervision over this portion of the expenditure.

4. *Government Colleges—Professional*.—The provision made for the second-grade Training College, Calicut, in the sanctioned budget has been omitted with reference to G.O., dated 21st December 1894, No. 979, Educational, reducing the status of the institution to that of an Upper Secondary Training school. Thus the allotment for Government Professional Colleges has been fixed at Rs. 1,56,500 against Rs. 1,58,000 in the sanctioned budget.

5. *Government Schools, General*.—A detailed list of all Primary schools in the Agencies and in Madras has been given for purposes of reference. The Inspector of Schools, Northern Circle, is requested to ascertain from the agents and to report whether the list requires any, and if so what, alterations.

6. *Government Schools—Special*.—The reduced allotment for the Upper Secondary Training school, Calicut, and the insertion of a provision of Rs. 3,100 for the upkeep of the School of Commerce, Calicut, with reference to G.O., No. 979, quoted above, have resulted in the reduction of the total sanctioned allotment for Government schools, Special, from Rs. 2,67,400 to Rs. 2,64,500. The net saving of Rs. 4,400 in round numbers effected from the reduction of the Calicut Training College has been entered as a lump sum in statement B., pending the submission of proposals for the utilization of the amount.

7. *Libraries, Prizes, Municipal and Union taxes*.—No special reference need be made to this office for authority to draw the sanctioned allotment for library and prize allowances and for payment of Municipal taxes up to the limit of assignment in the budget. The instructions issued in this respect in paragraph 5 of Proceedings No. 2974, dated 1st March 1893, were not observed by several officers.

8. Budget provision does not imply authority to incur charges.—Changes in the scale of pay and increased rates of rent, though budgeted for, require special sanction before they can be acted upon. The budget provision alone is not authority to incur such charges.

9. Grants-in-aid.—The final assignment of Rs. 5,20,100 for Grants-in-aid fixed by Government will be distributed as hereunder—

New and increased salary grants to any school can only be sanctioned out of sums that may lapse from time to time either in the sanctioned scale of grants for the same institution or for another institution under the same management. Schools not already aided on the salary system should be required to seek aid on the results system for their lower secondary and primary departments, no funds being available at present for increased expenditure on upper secondary and college departments.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 10 April 1895.

No. 4342.

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

I am submitting, herewith, for the information
of Government a copy of my Proceedings, No.
3936, dated 2 instant communicating with
instructions details of the sanctioned
Budget Estimate of the Educational
Department for 1895-96. I have the honour
to invite the special attention of Govern-
ment to my remarks in paras 4 and 6 of
the above Proceedings which explain the
necessity for reducing the sanctioned allo-
ments under the heads "Government
colleges - Professional" and "Government
schools - Special". Attention is also invited
to para 3 of the said Proceedings.

I have the honour to be,
Sir,

Your most obedient servant,
D. Duncan

Director of Public Instruction

Current No. 971.

Order- 8/13 May 1896, No 383.

Recorded with the remark that the recasting of the ~~sanctioned~~ estimates for the purposes of these Proceedings should in future be carried out by the Director of Public Instruction in consultation with the Accountant General who revises the printed Civil estimates at about the same time.

2. The circulation to subordinate officers of figures differing from the sanctioned estimates, is wasteful of

Dated 10th April 1895
Recd 11/4 Rep 12/4
Despatched 8/5

Recorded with the
remarks that the Accountant
General of Pub. Inst.
in consultation with the AG should
re-cast the sanctioned
estimates for the printed
Civil estimates for
this Province respectively.

It is noted to circulate
to subordinate officers,
figures differing from the
elaborate details now given
in the Civil estimates.
This is wasteful of time
statutory labour.
