Irrigation.

READ—the following paper :—

From N. F. MACKENZIE, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, the 15th May 1895, No. 135 I.

I am directed to acknowledge the receipt of the Proceedings of the Government of Madras, No. 233 I., dated the 9th March 1895, copy forwarded under your No. 234 I. of the same date.

In the note by the Chief Engineer for Irrigation, No. 51 I. of the 4th March 1895, embodied in the above Proceedings, it is stated that the figures of old irrigation revenue of the Cauvery Delta System for 1894-95 and 1895-96 have been based on the estimate framed by the Board of Revenue on the principle referred to in paragraph 4 of its Proceedings, No. 460, dated 1st November 1894, and the amounts specified show how the old irrigation revenue of this system fluctuates every year.

It is also stated that the Board of Revenue assert that it will not be possible to fix a standard revenue due to old irrigation under this delta until the greater portion of twelve years during which the settlement increase is anticipated to be realized has elapsed.

2. In reply, I am to say that, under the above circumstances, the Government of India are pleased to accept the proposal of the Madras Government that the administrative accounts of the Cauvery Delta System should be so prepared as to accord with the annual revenue accounts submitted by the Board of Revenue, Madras.

ORDER—dated 31st May 1895, No. 459 I., Public Works.

Communicated to the officers concerned with reference to G.O., No. 233 I., dated 9th March 1895.
