It is submitted that punches
similar to the accompanying
should be introduced into all
offices for making holes in
papers with which tags are
used. The tags are now in
general use (S.O. of 12 Nov 1894
No 977) and very often for
want of a punch which makes
a round hole ~~the~~ papers are
torn at the ~~two~~ corner. Hence
of ~~the~~ might be instructed
to obtain the punches ^{direct} from the
P. W. Workshops at Madras
one punch being allowed for
each office except Sect: & the

~~app~~ is too high for their

but the Sect. Departments, the
Board of Revenue, the I. C. &
Police Persons Registration, the
Surgeon Genl, the D.P. I, and
the P. P.O. might be ~~app~~
directed to obtain them. It
would suffice, it is thought, if
each Sect. Dept obtained two
punches and the others one
each. The cost would be met
out of the contingencies of
each office. The matter might
also be brought to the notice
of the High Court.

* Things made locally. They
are turned out by machinery
at home at a price with which
local labour can't compete. I
have one with 4 spare nipples
for which I gave 2/6 so far as I
can recollect which has lasted
many years & will last me the
rest of my life probably. Better
buy what the secretariat want
at local shops ~~than~~ if
we are wanted till the Supt.
of Stationery intended in England,
particularly mentioning that the
price ~~is~~ not more than 2/6 or 3/-
