READ—the following papers:—

Resolution of the Government of India, Finance and Commerce Department (Accounts and Finance—Estimates and Accounts), dated Simla, the 30th April 1895, No. 1883-A.

The Governor-General in Council has noticed that, in preparing the budget estimates for exchange compensation allowance for 1895-96, a uniform plan was not adopted in all provinces, and that in some the amount of exchange compensation allowance was considerably over-estimated in the estimates as first received. His Excellency in Council directs that in future the budget estimates for exchange compensation allowance should be calculated from the amounts (1) paid in the previous year, and (2) entered in the revised estimate as likely to be paid in the year drawing to an end when the budget estimate for the next year is prepared, the proportion to those amounts depending on the percentages of salary payable in the two years (1) and (2) and that resulting from the rate of exchange adopted for calculating exchange compensation allowance in the budget estimates. If there is a difference in the result of the calculations from the two years (1) and (2), that which is considered to be the better guide to the payments in the year to which the budget estimates relate should be adopted.

Order.—Ordered, that this Resolution be communicated to all Local Governments and Administrations, to the Comptroller and Auditor General, and to all Accountants General and Comptrollers.

GOVERNMENT OF INDIA.

FINANCE AND COMMERCE DEPARTMENT.

Simla, the 27th June 1895.

TO

THE SECRETARY TO THE GOVERNMENT OF MADRAS,

FINANCIAL DEPARTMENT.

Sir,

I am directed to acknowledge the receipt of your letter

No. 410, dated the 23rd May 1895, in which you suggest, for the

consideration of the Government of India, the advisability of

opening in the Civil Estimates a separate major head for Exchange

Compensation Allowance by excluding this item from the estimates

under the various heads where it is now shown.

2. You state that any alteration in the rate at which the al-

lowance is calculated after the submission of the Estimates by

the Local Government involves changes in the figures under almost

every head of expenditure, and that His Excellency the Governor

in Council is of opinion that if the present suggestion were

adopted much unnecessary labour and increase of work would be

prevented.

3. I am to say that the Government of India fully admit the

inconvenience pointed out, which is one of many that it is not

possible to avoid. The proposal to provide a new major head for Exchange Compensation Allowance is opposed to the plan of the arrangement of the public accounts, which requires the total charge incurred for each service to be shown under the head appropriate to that service: and so long as this allowance is regarded as a temporary means of meeting existing difficulties, it would not, in the opinion of the Government of India, be expedient to raise the question of changing that plan. His Excellency the Governor General in Council therefore regrets that he is unable to sanction the proposal made in your letter under reference.

4. I am to add that a separate detailed statement of Exchange Compensation Allowance forms part of the existing estimates as prepared by the Accountant General, and can be, if desired, supplied to the Madras Government.

I have the honour to be,

Sir,

Your most obedient servant,

A. Finlay

Secretary to the Govt. of India.

READ—the following papers :—

Resolution of the Government of India, Finance and Commerce Department
(Accounts and Finance—Estimates and Accounts), dated Simla, the 30th
April 1895, No. 1883-A.

The Governor-General in Council has noticed that, in preparing the budget estimates for exchange compensation allowance for 1895-96, a uniform plan was not adopted in all provinces, and that in some the amount of exchange compensation allowance was considerably over-estimated in the estimates as first received. His Excellency in Council directs that in future the budget estimates for exchange compensation allowance should be calculated from the amounts (1) paid in the previous year, and (2) entered in the revised estimate as likely to be paid in the year drawing to an end when the budget estimate for the next year is prepared, the proportion to those amounts depending on the percentages of salary payable in the two years (1) and (2) and that resulting from the rate of exchange adopted for calculating exchange compensation allowance in the budget estimates. If there is a difference in the result of the calculations from the two years (1) and (2), that which is considered to be the better guide to the payments in the year to which the budget estimates relate should be adopted.

Order.—Ordered, that this Resolution be communicated to all Local Governments and Administrations, to the Comptroller and Auditor General, and to all Accountants General and Comptrollers.

(Signed) R. NATHAN,
Offg. Under Secy. to the Govt. of India.
