Letter—to the Secretary to the Government of India, Finance and Commerce Department, dated 24th May 1895, No. 416, Financial.

Mr. F. A. Lodge, District Forest Officer, Kurnool, proceeded last January to Madras in order to consult a dentist, having previously obtained permission from the Collector to leave the district on five days' casual leave. On his return, he submitted a bill for travelling allowances to and from Madras under section 1247 of the Civil Service Regulations. The bill was countersigned by the dentist—Mr. Badcock, Professor of Dental Surgery in the Medical College at Madras—who certified that it was absolutely necessary for Mr. Lodge to have his teeth seen to, and Mr. Lodge subsequently procured a certificate from the commissioned medical officer stationed at Kurnool to the effect that treatment by a specialist was absolutely essential.

2. The Accountant-General has refused to admit the claim on the ground that Article 1247 is applicable only in cases where there is no medical officer in the station. He points out that there was a medical officer, though not a specialist, at Kurnool, and contends that Mr. Lodge is not entitled to any travelling allowance for the journey undertaken to consult a dentist at Madras.

3. Mr. Lodge submits that the words "Medical officer" in Article 1247 must be interpreted as meaning "medical officer capable of performing the operation required." Any medical officer can, he observes, perform a certain amount of dentistry, but there are some operations which can only be successfully undertaken by a specialist; that this was so in his case is, he holds, proved by the certificates granted by the local medical officer and by the dentist whom he consulted.

4. His Excellency the Governor in Council considers that Mr. Lodge's argument is sound, but as the case is one which has not arisen before, he considers it desirable to submit it for the orders of the Government of India.

From J. F. FINLAY, Esq., Secretary to the Government of India, Finance and Commerce Department, to the Chief Secretary to the Government of Madras, dated Simla, the 6th July 1895, No. 3194-Ex.

I am directed to acknowledge the receipt of your letter, No. 416, dated the 24th May 1895, referring, for the orders of the Government of India, a claim preferred by Mr. F. A. Lodge, District Forest Officer, Kurnool, to travelling allowance under Article 1247, Civil Service Regulations, for a journey from Kurnool to Madras and back made for the purpose of consulting a dentist.

2. In reply I am directed to say that the view of the Accountant-General is correct. The claim made by Mr. Lodge is not admissible under Article 1247 of the Civil Service Regulations, because there was a medical officer at Kurnool. That article allows the grant of travelling allowance to an officer who is compelled to make a journey in order to procure medical advice of the character which the Government undertakes to provide for its servants; the Government does not undertake to provide officers with the services of a specialist.
