2. In the revised estimate for 1894-95 provision was made for the temporary establishment required for writing up the diplot registers of Tanjore and Trichinopoly, and for introducing the settlement rates into Malabar. The Collector of Tanjore, however, urged with reason that until the Jamabandi was completed, the services of the Karnams could not be made available for assisting in diplot register work, and the writing of the registers, in all but two taluks, had, therefore, to be postponed to 1895-96. In Trichinopoly the work could not be taken up, owing to the non-receipt of orders on the proposals for settlement, until after the close of the official year. In regard to Malabar, the provision made for temporary establishment for 1894-95 could not be utilized as the scheme for the settlement of four taluks is still under the consideration of Government. The Board considers, therefore, that it will be necessary to increase the provision made under temporary

establishment in the Budget for 1895-96 by about Rs 15,000. This may, however, be considered when the revised budget is submitted in October next.

Order thereon, 16th July 1895 No. 2825 mis.

The Government having decided in G.O. 394 dated 25th June 1895 that the temporary establishment to be entertained for the registration of Janmam title should be under the direct orders of the collector and not of the Commissioner of Revenue settlement, no provision on that account need be made in the settlement budget.

2. As regards the additional grant required during the current year to meet the pay of the Assistant Commissioner and the travelling allowance of that officer and of his establishment, orders will issue in the Financial Department placing a sum of Rs 6,000 for the purpose at the disposal of the Board of Revenue.
