GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following papers :—

G.O., dated 5th March 1894, No. 188, Financial.

Abstract.—Stating that, so far as hospital assistants are concerned, one rate of charge allowance should be fixed for all hospitals, a local allowance being added, where necessary, to compensate for the unhealthiness or dearness of the locality, and directing the Surgeon-General to forward a list of the institutions to which on this principle local allowances should be attached.

G.O., dated 16th July 1894, No. 541, Financial.

Abstract.—Referring to the Collectors concerned for remarks list of hospitals or dispensaries to which, in the opinion of the Surgeon-General, local allowances should be attached to compensate for the unhealthiness or dearness of the locality.

Read—also the following papers :—

File of replies from Collectors to the second of the above orders.

From the Surgeon-General, dated 28th August 1894, No. 452.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th September 1894, No. 496.

I have the honour to forward the enclosed correspondence from the District Surgeon, Malabar, recommending that the special allowance of Rs. 30 per mensem sanctioned for Minicoy, and the Wynaad allowance of 50 per cent. drawn for Sultan's Battery, may be allowed to continue in addition to the usual charge allowance.

2. In the list submitted with this office letter, No. 747, dated 18th November 1892, and printed in G.O., No. 808, Financial, dated the 21st August 1893, the continuance of these allowances was recommended, and I fully agree in this recommendation as the conditions of service in the stations referred to necessarily call for extra remuneration on account of the—

(1) unhealthiness of climate ;
(2) dearness of living ;
(3) what is worse than either of the above causes is the isolated condition of the subordinate's life, the station resembling a penal settlement for these men.

3. Under these circumstances, I request that Government will be pleased to sanction their inclusion in the list promulgated with G.O., No. 541, Financial, dated the 16th July 1894.

Enclosures.

From Surgeon-Major H. St. C. CARRUTHERS, Acting District Medical and Sanitary Officer, Malabar, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 28th August 1894, No. 2757.

I have the honour to report that the payment of local allowance to the hospital assistants in charge of civil dispensaries at Sultan's Battery and Minicoy is objected to by the Accountant-General in his audit slip, No. A.B.H.—178, dated 17th July 1894, under the authority of G.O., No. 808, Financial, dated 21st August 1893. Copy of the audit slip is herewith submitted.

2. The local allowance in question is paid to the medical subordinates at Sultan's Battery and Minicoy under G.Os., No. 402 of 4th March 1887, and No. 315-A, dated 28th April 1890, respectively. I do not consider that these orders have been superseded by the order quoted by the Accountant-General, inasmuch as it simply sanctions payment of charge allowance but not the local allowance. If my interpretation is considered incorrect, I request that Government may be begged to reconsider its order for the following reasons:—

(*a*) The station of Sultan's Battery lies in the taluk of Wynaad. Besides the hospital assistant at this station there are medical subordinates at Vayittiri and Manantoddy in the same taluk. There are also public servants belonging to other departments, such as Judicial, Revenue, Educational, &c., in the same taluk. All these public servants are allowed local allowance of 50 per cent. on their grade pay, in consideration of the dearness of provisions and unhealthy character of the climate. Of all the stations in the taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men. I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant be ordered to be continued. The petition received from him is herewith submitted.

(*b*) As regards Minicoy, I beg to submit that it is one of the Maldive Islands and is malarial. Everything is dear and I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant attached to this dispensary be also ordered to be continued.

Audit slip, No. A.B.H.—178.

Government having, in its order, No. 808, Financial, dated 21st August 1893, declined to sanction the local allowance hitherto drawn by the hospital assistant in charge of the civil dispensary at Sultan's Battery, though its continuance to him was recommended by the Surgeon-General, the undersigned has the honour to request that the Treasury Officer, Malabar, will be good enough to recover from Hospital Assistants A. Gopalan and K. Govindan Nayar the local allowance drawn for them from 21st August 1893 for being in charge of the above dispensary and to refuse to pass such allowance in future.

For the same reason, the special allowance of Rs. 30, hitherto drawn for the hospital assistant in charge of the Minicoy dispensary, should also be disallowed with effect from the above date.

No. 179.

Copy to the District Surgeon, Malabar.

(Signed) M. BHATTACHARYYA,
Asst. Accountant-General.

From Hospital Assistant K. GOVINDAN NAYAR, No. 231, in charge of Local Fund Dispensary, Sultan's Battery, to the District Surgeon, Malabar, dated Sultan's Battery, 31st July 1894, No. 81.

With reference to audit slip, No. A.B.H.—178, dated 17th July 1894, from the Accountant-General, Madras, stating that Government, in its order, No. 808, dated 21st August 1893, declined to pass the local allowance to the hospital assistant in charge of the local fund dispensary at Sultan's Battery, I beg to state as follows.

2. There are three important stations in Wynaad taluk, viz., Manantoddy, Vayittiri and Sultan's Battery, of which Sultan's Battery is the worst place as regards climate, provisions, house and servants. The climate of the place is highly malarious and insufferably cold; provisions are dearer than other stations of Wynaad, and in a place like this the hospital assistant has to pass his life in a bamboo hut, houses being not available even for dispensary on rent; a servant has to be paid food and Rs. 8, while it is only food and Rs. 2 in the plains.

3. Public servants in all the departments in Wynaad taluk, viz., Police, Judicial, Revenue, Medical, Registration, Educational and Vaccination, in all the three stations of Wynaad, are drawing a local allowance of 50 per cent. on their pay. There are two civil apothecaries and one hospital assistant in Wynaad, of whom the hospital assistant is now objected to draw his allowance.

4. From the above it will be seen that the civil hospital assistant in charge of the local fund dispensary is the only unfortunate servant of Government who is not entitled to the benefit of the privilege of drawing Wynaad allowance.

Under these circumstances, I humbly pray that the matter may be placed before the Surgeon-General for favorable orders of Government to enable me to draw the local allowance as drawn by civil apothecaries and other servants of Government in Wynaad with effect from the 26th January 1894—the date on which I took charge of the dispensary.

From the Surgeon-General, dated 27th Oct. 1894, No. 23-Tour.

Order—dated 21st January 1895, No. 56, Financial.

G.O., dated 16th July 1894, No. 541.

Of the dispensaries and charges mentioned in the list forwarded with the Surgeon-General's letter of the 22nd June 1894, No. 44-Tour, the local allowances proposed by him in the following cases are approved:—

District.	Name of hospital or dispensary.	Local allowance.
		RS.
North Arcot ..	Tirupati	5
	Venkatagirikota	5
South Canara ..	Kollur	10
Cuddapah ..	Cuddapah, General duty under the District Medical and Sanitary officer	10
Ganjám ..	Garabunda	5
	Varanasi	5
	Rushikulya (Public Works Department) ..	15
	Police Hospital, Balliguda	15
	Udayagiri-Goomsur	15
	Udayagiri-Ramagiri	15

Vizagapatam ..	Bissemkattak	15
	Nowrangapur	15
	Police Hospital, Koraput	15
	Jeypore	15
	Special Assistant Agent's establishment ..	15

2. The Government sees no reason for acceding to the suggestion of the Agent, Gódávari, that the allowance fixed for Polavaram should be the same as that for Bhadráchalam, or to that of the Agent, Vizagapatam, that the allowances for Bissemkattak, Jeypore and the Special Assistant Agent's establishment should be fixed at Rs. 20.

3. Of the remaining stations for which local allowances have been proposed by the Surgeon-General, His Excellency the Governor in Council is unable to accept the recommendations in the following cases for the reasons given :—

Palmanér (*North Arcot*).—The Collector does not consider any allowance necessary as the place is as healthy and cheap as any other in the district.

Badvel (*Cuddapah*).—The Collector remarks that the locality is not specially unhealthy and that the prices at Badvel are not as high as those at several other stations in the district.

Peddakimedi (*Ganjám*).—The Agent to the Governor observes that this name must be a mistake for Parlákimedi.

Suradá (*Ganjám*), *Dáchépalle* (*Kistna*), *Velgode* (*Kurnool*).—Sufficient reasons have not been adduced for treating these stations specially.

Police Hospital, Parlákimedi and *Russellkonda* (*Ganjám*).—The Agent states that these stations are not commonly regarded as unhealthy and that the number of cases in which the medical subordinates are required to visit the surrounding malarious tracts is few.

Public Works Department, Russellkonda (*Ganjám*).—The above remarks apparently apply here also.

Nilambúr and *Tamracheri* (*Malabar*).—The Collector does not consider that special allowances are necessary in these cases. Nilambúr is out of the way and somewhat feverish, but neither the Revenue, Police, Forest nor Postal subordinates serving there get extra allowances. Tamracheri is only eighteen miles from Calicut and has no special disadvantage; it is perhaps a trifle dearer than Calicut and a little feverish. There are worse places in the district out of Wynaad.

Devala (*Nilgiris*).—The hospital here has been closed.

Principal Assistant Agent's Establishment (*Vizagapatam*).—The Agent reports that no hospital assistant is attached to this establishment. One is attached to that of the Head Assistant Collector, in whose case Mr. Wolfe-Murray recommends a local allowance of Rs. 10 and remarks:—"This officer may be placed on a par with the hospital assistant attached to the Senior Assistant Agent as regards the necessity for an allowance; the Gudem hills being as bad a place as any." The Government sees no reason, however, to suppose that Narasapatnam is a particularly expensive locality. The necessity for the allowance has not been established.

4. In the case of *Ganjám* the Surgeon-General recommended a local allowance of Rs. 5. The Collector and the District Medical and Sanitary officer are of opinion that the allowance attached to this station should be as high as any in the district and recommend Rs. 15. An allowance of Rs. 10 should, the Government considers, meet the requirements of the case.

5. The Surgeon-General and the Collector propose Rs. 15 for the hospital assistant attached to the Public Works Department at *Gulleri*. The place is, however, not in the Maliahs and a local allowance of Rs. 10 will be granted.

6. For *Cumbum* (Kurnool) the allowance of Rs. 15 suggested by the Surgeon-General and the Collector is, in consideration of the fact that the railway touches the town, too high. Rupees 10 will be allowed.

7. The Surgeon-General recommended Rs. 15 in the cases of *Gunipur* and *Rayagada* (Vizagapatam). The Agent observes that these places are not as malarious as they formerly were, and that they are far superior, so far as climate is concerned, to Bissemkattak, Koraput or Jeypore; he would place the allowance at Rs. 10. The Government agrees with the Agent.

8. The Agent, Vizagapatam, supports the proposal of the Surgeon-General as regards the allowance of Rs. 15 in the case of the hospital assistant attached to the *Senior Assistant Agent's establishment*. He remarks that this subordinate is better off than the officer on the Special Assistant Agent's establishment. His head-quarters are healthy, but he is required to travel in the Agency for three months in the year; this entails extra expenditure, though not to the same extent as with the subordinate attached to the Special Assistant Agent. The Government considers that Rs. 10 should suffice.

9. A charge allowance of Rs. 25—*i.e.*, Rs. 15 in excess of a charge allowance of Rs. 10—was sanctioned for *Minicoy* in G.O., dated 21st August 1893, No. 808, Financial. A special allowance of Rs. 30 is also attached to this appointment under G.O., dated 28th April 1890, No. 315-A, Public. In the Proceedings of August 1893 no orders were passed as to this special allowance, which was also apparently overlooked by the Surgeon-General when submitting the list contained in G.O., dated 16th July 1894, No. 541, as he then proposed a special allowance of Rs. 15 only. The Collector and the District Medical and Sanitary officer are both in favour of placing the special allowance at Rs. 45, and the Surgeon-General appears, from his letter printed above, to be of the same opinion. This sum is however too high. A local allowance of Rs. 25 will be sanctioned.

Instead of the Wynaad allowance of 50 *per cent.* of pay proposed for *Sultan's Battery* by the Collector of Malabar and the Surgeon-General, a local allowance of Rs. 15 will be granted.

The revised scale of allowances for Minicoy and Sultan's Battery will have effect from the date of this order and the Accountant-General will be authorized to withdraw his objections to the special allowance and the Wynaad allowance hitherto drawn by the hospital assistants at those stations.

10. The recommendation of the Collector of Cuddapah that a local allowance of Rs. 10 should be granted to the hospital assistant attached to his establishment, whose head-quarters are at Cuddapah—the most unhealthy place in the district—is sanctioned as is also that of the Agent, Gódávari, that a similar allowance should be attached to the dispensary at Chódavaramu in the Rampa country. The allowance (Rs. 15) proposed by the Surgeon-General in the latter case is too high.

The dispensary at Chódavaramu will be included in the list of those carrying a charge allowance of Rs. 10, the necessary addition being made to G.O., dated 21st August 1893, No. 808.

11. The local allowances as fixed above are shown in the Appendix to these Proceedings. As regards dispensaries mentioned in the Appendix, the new scale will, except in the cases of Minicoy and Sultan's Battery, be brought into force from the 1st April 1895. In the cases of other dispensaries any allowances drawn by hospital assistants which are in excess of the usual charge allowance of Rs. 10 will cease from the same date, or from that on which the next incumbent takes charge, whichever is earlier.

Sir,

With reference to Government Order No 541 Dated 16th July 1894 (Financial) I have the honor to report that the special allowances proposed by the Surgeon General for certain hospitals in this district are necessary.

2. Cumbum has the reputation

of being unhealthy, and for this reason Government has removed the Taluq office. Erragondapalyam and Velgode are both inaccessible and remote villages, the former being about 25 miles from Markapur and the latter about 10 from Atmakur; they are consequently very unpopular stations.

3. The medical subordinate in charge of general duty under District surgeon has to travel through the whole

district including the unhealthy parts. He is therefore entitled to a special allowance.

SIR,

With reference to Government Order No 541 Financial dated 16th July 1894, asking for a report as to the necessity for the Special allowances entered in the Surgeon General's list, I have the honour to say that I see no necessity for the Special allowance recommended for Badvel – It is not Specially unhealthy, and prices are not as high there as in several other Stations in the District.

2 On the other hand, I

U4

would recommend an allowance of Rs 10 to the Hospital Assistant attached to the Collector's Establishment. His head Quarters are at Cuddapah, which as Government knows is the most unhealthy place in the district and he has to travel with the Collector wherever he goes.

3. His case seems on a par with ~~that~~ of the man doing general duty under the District Surgeon, who has been entered in the list.

Sir,

In reply to G.O. dated July 16, 1894, No. 541, Financial, I have the honour to state that I do not consider any special allowance necessary for Nilambur or Tamaracheri. Nilambur is now in charge of an apothecary on Rs 50 with a charge allowance of Rs 30. Tamaracheri is in charge of a Hospital Assistant whose pay is Rs 35 with a charge allowance of Rs 15. Tamaracheri is only 18 miles from Calicut, and there is no special disadvantage about the place. It is perhaps a trifle dearer than Calicut and a

little feverish. Nilambur is out of the way and somewhat feverish, but neither the Land Revenue, Forest Police, nor Postal Subordinates get extra allowance there. There are I think worse places in the District out of Wynad, than Tamara-cheri and Nilambur.

2. Minicoy is very dear for inhabitants of the mainland, but under G.O. dated 315.A, dated April 28 1890, a Special allowance of Rs 30 as well as the charge allowance of Rs 10 + 15 is granted to the Medical Subordinate. As the appointment involves complete isolation for a year or more at a time, I think the Special allowance should be continued –

SIR,

In reference to G. O. dated the 16th Ultimo No 541 Financial, I have the honor to state that of the Hospitals in this District as per list therein printed, the last three are in the Agency and admittedly in malarious tracts and though the other three are in the plains, they are also unhealthy and the Special allowance consequently drawn at present is necessary. Of the Agency Hospitals, Bhadrachalam gets Rs 10 per mensem and Polavaram only 5. The is, besides being malarious, subject to annual floods as it is situated within the River embankment. I therefore recommend that Polavaram also should be allowed to draw Special allowance at Rs 10 per mensem as Bhadrachalam. Two of my predecessors Messrs Hammett and Higgens addressed the Surgeon-General on the subject in this office No 11/30.1.92 & 68/23.2.93 but no reply has been received.

2. I beg to point out that the Dispensary at Chodavaram in the Rampa Country which was sanctioned long ago but opened on 23rd February last is omitted from the list in question.

As the Rampa Country is well known to be unhealthy, the Special allowance for Chodavaram should be Rs 10 per mensem.

Sir,

In reply to Government Order Dated 16th Ultimo No. 541 Financial, I have the honor to State that in my Opinion the Small Special allowance of Rs 5 per mensem Sanctioned for the Medical Subordinate incharge of the Gudalur Hospital Should not be withdrawn. This allowance does not Compensate for the Subordination, unhealthiness and dearness of the locality and I think it will be a hardship to deprive him of this allowance.

2. As the Devala Hospital has been abolished there is no need to consider the question with regard to that institution.

SIR,

I have the honor to reply to Government Order No. 541 dated 16th Ultimo. The necessity for a special allowance in the case of the Hospitals and Hospital-assistants shown against this district is the malarious character of the climate in which they have to perform their duties. Gunupur and Rayaghada are not now as malarious as before and comparatively their climates are far superior to Bissemkatac, Koraput or Jeypore. Nowrangapore is also a healthy locality compared with Jeypore. But the difficulty of obtaining servants and supplies from the plains and the need for provision against excessively wet and cold weather are equally great at at all the Stations where Agency Hospitals are located. I have already reported in my letter No. 360 dated 4th April last that the present allowance is hardly sufficient for this purpose. As regards the Hospital-Assistants attached to Assistant Agents offices the reason stated above applies with greater force especially to the officer attached to the Special Assistant Agent who has to itinerate in the Agency for 6 months in the year and live 3 months on the average at Korapat his Head Quarters. The Hospital-Assistant attached to the Senior Assistant is better off. He has got healthy head quarters but must travel in the agency three months during the year which entails extra expenditure though not to the same extent as in the case of the Special Assistant Agents Medical officer. The Principal Assistant Agent has no Hospital-assistant attached to his office but there is one attached to the Head assistant Agent's office. This officer may be placed on par with the Hospital-Assistant attached to the Senior Assistant Agent as regards

regards the necessity for an allowance. The Gudem hills being as bad a place as any. I think in fact that the total sum proposed to be allotted should be distributed equitably and not by rule of three among the various charges. The total sum allotted is nine men at Rs 15 = Rs 135 omitting the Principal assistant Collector's and including the Head assistant Collector. I should distribute it thus.

Bissmkatak Special Assistant Collector Jeypore.	Rs 20
Nowrangapore Korapat Senior assistant Collector	Rs 15
Gunupur Rayaghada Head Assistant Collector	Rs 10
	Rs 135

Sir, With reference to G.O. No. 541, dated 16th July 1894, referring to you for remarks the list of medical institutions to which local allowances should be attached, I have the honor to recommend that Civil Dispensary Sultan's Battery be added to the list, with an allowance of 50 per cent on the grade pay of the Medical Subordinate in charge, as is allowed in the case of Medical Subordinates at Vayitiri and Manantoddy and to all public servants belonging to other Departments, such as Judicial, Revenue, Educational &c. in the same Taluk. Of all the stations in the Taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men.

2. I have also to inform you

that

Minicoy is also unhealthy and everything is dear there. The allowance proposed in the list is Rs15 which is insufficient. I therefore recommend that a Special allowance of Rs 30, and the charge allowance of Rs 25 originally sanctioned by the Government in its Order No. 315, dated 28th April 1890, be allowed to be continued.

2. In para 2 of the letter quoted above Mr. Bradley has already recommended the continuance of the allowance to the Hospital Assistant at Minicoy. Considering that the Apothecaries at Vayitiri and Manantoddy and

and that the Revenue, Forest, Police, and D.P.W. Subordinates in Wynaad draw extra allowances, I beg to recommend that the Hospital Assistant at Sultan's Battery may be granted a Wynaad allowance of 50 per cent. Sultan's Battery is a dearer and more feverish place than either Vayitiri or Manantoddy.

WITH GOVT OF MADRAS

Sir,

I have the honor to report that the payment of local allowance to the Hospital Assistants in charge of Civil Dispensaries at Sultan's Battery + Minicoy is objected to by the Accountant General in his audit slip No. $\frac{A.B.H.}{178}$ dated 17th July 94 under the authority of G.O. No. 808 Financial, dated 21st Aug 93. Copy of the audit slip is herewith submitted.

2. The local allowance in question is paid to the Medical Subordinates at Sultan's Battery + Minicoy under G.O. Nos 402 of 4th March 87 and 315 A dated 28th April 1890 respectively. I do not consider that these orders have been superseded by the order quoted by the Accountant General in as much as it simply sanctions payment of charge allowan but not the local allowance. If my interpretat is considered incorrect, I request that Governme may be begged to reconsider its order for the following reasons:-

(a) The station of Sultan's Battery lies in the to of Wynaad. Besides the Hospital Assistan at this station there are medical subordinates at Vythiri + Manantoddy in the same taluk. There are also public servants belonging to other departments such as judicial, Revenue, Educational &c in the same taluk. All these public servants are allowed local allowance of 50 percent on their grade pay in consideration of the dearness of provisions and unhealthy character of the climate. Of all the stations in the taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men. I therefore strongly recommend that the allowance hitherto drawn by the Hospital Assistant be ordered to be continued. The petition received from him is herewith submitted.

(b). As regards Minicoy I beg to submit that it is one of the Maldive islands and is malarial. Everything is dear and I therefore strongly recommend that the allowance hitherto drawn by the Hospital Assistant attached to this dispensary be also ordered to be continued.

2. In the list submitted with this office letter No: 747 dated 18th November 1892 and printed in G. O. No: 808 Financial dated the 21st August 1893, the continuance of these allowances was recommended and I fully agree in this recommendation as the conditions of service in the Stations referred to necessarily call for extra remuneration on account of the,

(2) Dearness of living.

Peddakimedi in the list appended to Surgeon-General's letter must be a mistake for Parlakimedi.

Neither Parlakimedi nor Russelkonda are commonly regarded as unhealthy and I fancy that the number of cases on which the Medical officers have to go out into the surrounding malarious tracts are few.

SEPTEMBER 1894, No. , FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th September 1894, No. 496.

I have the honour to forward the enclosed correspondence from the District Surgeon, Malabar, recommending that the special allowance of Rs. 30 per mensem sanctioned for Minicoy, and the Wynaad allowance of 50 per cent. drawn for Sultan's Battery, may be allowed to continue in addition to the usual charge allowance.

2. In the list submitted with this office letter, No. 747, dated 18th November 1892, and printed in G.O., No. 808, Financial, dated the 21st August 1893, the continuance of these allowances was recommended, and I fully agree in this recommendation as the conditions of service in the stations referred to necessarily call for extra remuneration on account of the—

(1) unhealthiness of climate;
(2) dearness of living;
(3) what is worse than either of the above causes is the isolated condition of the subordinate's life, the station resembling a penal settlement for these men.

3. Under these circumstances, I request that Government will be pleased to sanction their inclusion in the list promulgated with G.O., No. 541, Financial, dated the 16th July 1894.

ENCLOSURES.

From Surgeon-Major H. ST. C. CARRUTHERS, Acting District Medical and Sanitary Officer, Malabar, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 28th August 1894, No. 2757.

I have the honour to report that the payment of local allowance to the hospital assistants in charge of civil dispensaries at Sultan's Battery and Minicoy is objected to by the Accountant-General in his audit slip, No. A.B.H.—178, dated 17th July 1894, under the authority of G.O., No. 808, Financial, dated 21st August 1893. Copy of the audit slip is herewith submitted.

2. The local allowance in question is paid to the medical subordinates at Sultan's Battery and Minicoy under G.Os., No. 402, of 4th March 1887, and No. 315-A, dated 28th April 1890, respectively. I do not consider that these orders have been superseded by the order quoted by the Accountant-General, inasmuch as it simply sanctions payment of charge allowance but not the local allowance. If my interpretation is considered incorrect, I request that Government may be begged to reconsider its order for the following reasons:—

(*a*) The station of Sultan's Battery lies in the taluk of Wynaad. Besides the hospital assistant at this station there are medical subordinates at Vayittiri and Manantoddy in the same taluk. There are also public servants belonging to other departments, such as Judicial, Revenue, Educational, &c., in the same taluk. All these public servants are allowed local allowance of 50 per cent. on their grade pay, in consideration of the dearness of provisions and unhealthy character of the climate. Of all the stations in the taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men. I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant be ordered to be continued. The petition received from him is herewith submitted.

(*b*) As regards Minicoy I beg to submit that it is one of the Maldive Islands and is malarial. Everything is dear and I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant attached to this dispensary be also ordered to be continued.

Audit slip, No. A.B.H.-178.

Government having, in its order, No. 808, Financial, dated 21st August 1893, declined to sanction the local allowance hitherto drawn by the hospital assistant in charge of the civil dispensary at Sultan's Battery, though its continuance to him was recommended by the Surgeon-General, the undersigned has the honour to request that the Treasury Officer, Malabar, will be good enough to recover from Hospital Assistants A. Gopalan and K. Govindan Nayar the local allowance drawn for them from 21st August 1893 for being in charge of the above dispensary and to refuse to pass such allowance in future.

For the same reason, the special allowance of Rs. 30, hitherto drawn for the hospital assistant in charge of the Minicoy dispensary, should also be disallowed with effect from the above date.

No. 179

Copy to the District Surgeon, Malabar.

(Signed) M. BHATTACHARYYA.
Asst. Accountant-General.

From Hospital Assistant K. GOVINDAN NAIR, No. 231, in charge of Local Fund Dispensary, Sultan's Battery, to the District Surgeon, Malabar, dated Sultan's Battery, 31st July 1894, No. 81.

With reference to audit slip, No.A.B.H.—178, dated 17th July 1894, from the Accountant-General, Madras, stating that Government, in its order, No. 808, dated 21st August 1893, declined to pass the local allowance to the hospital assistant in charge of the local fund dispensary at Sultan's Battery, I beg to state as follows.

2. There are three important stations in Wynaad taluk, viz., Manantoddy, Vayittiri and Sultan's Battery, of which Sultan's Battery is the worst place as regards climate, provisions, house and servants. The climate of the place is highly malarious and insufferably cold, provisions are dearer than other stations of Wynaad, and in a place like this the hospital assistant has to pass his life in a bamboo hut, houses being not available even for dispensary on rent; a servant has to be paid food and Rs. 8, while it is only food and Rs. 2 in the plains.

3. Public servants in all the departments in Wynaad taluk, viz., Police, Judicial, Revenue, Medical, Registration, Educational and Vaccination, in all the three stations of Wynaad, are drawing a local allowance of 50 per cent. on their pay. There are two civil apothecaries and one hospital assistant in Wynaad, of whom the hospital assistant is now objected to draw his allowance.

4. From the above it will be seen that the civil hospital assistant in charge of the local fund dispensary is the only unfortunate servant of Government who is not entitled to the benefit of the privilege of drawing Wynaad allowance.

Under these circumstances I humbly pray that the matter may be placed before the Surgeon-General for favorable orders of Government to enable me to draw the local allowance as drawn by civil apothecaries and other servants of Government in Wynaad with effect from the 26th January 1894—the date on which I took charge of the dispensary.

Malabar (Contd.)	✓ Tamrachiri	5	5	Does not consider that any allowance is necessary as the Dispensary is at present in charge of a Hospital Assistant whose pay is Rs 35 with a charge allowance of Rs 15. It is only 18 miles from Calicut and there is no special disadvantage about the place. It is perhaps a trifle dearer than Calicut and a little feverish. Note. The Collector is mistaken in thinking the Hospital Assistant will get a charge allowance of Rs 15 in future. The amount will be Rs 10 only. vide para: 1 of G.O dated 5th March 1894 No: 188 Financial. As however he does not recommend any allowance on account of the unhealthiness or dearness of the locality the point is not of importance.	As for Palmaner NG

Malabar (Contd:) (C. Nos 2234 + 2254)	✓ Minicoy	15	15	Note. Under G.O dated 21st August 1893, No: 808 Financial (page 12) the charge allowance is Rs 25 i.e. Rs 15 is excess of a charge allowance of Rs 10. But a special allowance of Rs 30 is already attached to the dispensary, under G.O dated 28th April 1890, No: 315 A. No orders seem to have been issued as regards the continuance or discontinuance of this special allowance when G.O $\frac{808}{21-8-93}$ was passed, though the Surgeon General brought it to notice vide column 6 of the table on page 12 of the G.O. In his list in G.O $\frac{541}{16-7-94}$ the Surgeon General proposed a special allowance of Rs 15 only, evidently overlooking the existing special allowance. The Collector and the Surgeon General are however both in favour of the continuance of the special allowance [Vide C. Nos: 1954, 2234 and 2254 (printed)]. This proposal, if accepted, will make the Spcl: allowance attached to Minicoy - Rs 45.	Rs 45 seems too much. [illegible] The [illegible] in C No 2234 [illegible] Rs 55 [illegible] The S.G. is indefinite - should say Rs 25 i.e. charge allow Rs 10 + local allow Rs 25 [illegible] enough - NG

Malabar (Contd.) (C. No: 2234 & 2254).	Sultan's Battery			Recommends a Wynad allowance of Rs 50 per cent to the Hospital assistant of this place on the ground that the apothecaries at Vayitiri and Manantoddy and ~~that~~ the Revenue, Forest, Police and D.P.W. subordinates in Wynad draw extra allowance. The Surgeon General supports the recommendation on the grounds of:— (1) Unhealthiness of Climate. (2) Dearness of living. (3) The isolated condition of the subordinate's life the station resembling a penal settlement for these men. Note. With reference to the reason (3) it is observed that European planters manage to live at Sultan's Battery. The Accountant General - vide C. No: 2254 (printed) - has disallowed the Rs 30. Special allowance in the case of Minicoy and the 50 percent allowance in that of Sultan's Battery from the 21st August 1893. It is submitted that he may be authorized to withdraw his objection, the rates to be fixed now being drawn from the date of the order which will issue on these currents. The file relating to special allowances to Hospital Assistants is resubmitted with a draft order (A) in print.

There are still some points to be settled:-

(1) Hospital Assistants doing general duty in Cuddapah and Kurnool.

+ H.M. asked how these Hospital Assistants come to get charge allowances. The Surgeon ⊕ General reports (C.No.3819) that they do not draw any charge allowance, but an allowance for the unhealthiness of the District, sanctioned in G.O. dated 5th June 1886, No. 1101. In the list in G.O. dated 21st August 1893, No. 808 (pages 6 & 10) the Surgeon General stated, however, that the Rs. 10 was charge allowance and again in paragraph 3 of his letter dated 22nd June 1894 [recorded in G.O. dated 16th July 1894, No. 541] he said that the special allowances proposed were in addition to the charge allowance of Rs. 10 per mensem.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following papers :—

G.O., dated 5th March 1894, No. 188, Financial.

Abstract.—Stating that, so far as hospital assistants are concerned, one rate of charge allowance should be fixed for all hospitals, a local allowance being added, where necessary, to compensate for the unhealthiness or dearness of the locality, and directing the Surgeon-General to forward a list of the institutions to which on this principle local allowances should be attached.

G.O., dated 16th July 1894, No. 541, Financial.

Abstract.—Referring to the Collectors concerned for remarks list of hospitals or dispensaries to which, in the opinion of the Surgeon-General, local allowances should be attached to compensate for the unhealthiness or dearness of the locality.

Read—also the following papers :—

File of replies from Collectors to the second of the above orders.

From the Surgeon-General, dated 28th Aug. 1894, No. 452.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th September 1894, No. 496.

I have the honour to forward the enclosed correspondence from the District Surgeon, Malabar, recommending that the special allowance of Rs. 30 per mensem sanctioned for Minicoy, and the Wynaad allowance of 50 per cent. drawn for Sultan's Battery, may be allowed to continue in addition to the usual charge allowance.

2. In the list submitted with this office letter, No. 747, dated 18th November 1892, and printed in G.O., No. 808, Financial, dated the 21st August 1893, the continuance of these allowances was recommended, and I fully agree in this recommendation as the conditions of service in the stations referred to necessarily call for extra remuneration on account of the—

(1) unhealthiness of climate ;
(2) dearness of living ;
(3) what is worse than either of the above causes is the isolated condition of the subordinate's life, the station resembling a penal settlement for these men.

3. Under these circumstances, I request that Government will be pleased to sanction their inclusion in the list promulgated with G.O., No. 541, Financial, dated the 16th July 1894.

ENCLOSURES.

From Surgeon-Major H. St. C. CARRUTHERS, Acting District Medical and Sanitary Officer, Malabar, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 28th August 1894, No. 2757.

I have the honour to report that the payment of local allowance to the hospital assistants in charge of civil dispensaries at Sultan's Battery and Minicoy is objected to by the Accountant-General in his audit slip, No. A.B.H.—178, dated 17th July 1894, under the authority of G.O., No. 808, Financial, dated 21st August 1893. Copy of the audit slip is herewith submitted.

2. The local allowance in question is paid to the medical subordinates at Sultan's Battery and Minicoy under G.Os., No. 402 of 4th March 1887, and No. 315-A, dated 28th April 1890, respectively. I do not consider that these orders have been superseded by the order quoted by the Accountant-General, inasmuch as it simply sanctions payment of charge allowance but not the local allowance. If my interpretation is considered incorrect, I request that Government may be begged to reconsider its order for the following reasons :—

(a) The station of Sultan's Battery lies in the taluk of Wynaad. Besides the hospital assistant at this station there are medical subordinates at Vayittiri and Manantoddy in the same taluk. There are also public servants belonging to other departments, such as Judicial, Revenue, Educational, &c., in the same taluk. All these public servants are allowed local allowance of 50 per cent. on their grade pay, in consideration of the dearness of provisions and unhealthy character of the climate. Of all the stations in the taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men. I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant be ordered to be continued. The petition received from him is herewith submitted.

(b) As regards Minicoy, I beg to submit that it is one of the Maldive Islands and is malarial. Everything is dear and I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant attached to this dispensary be also ordered to be continued.

Audit slip, No. A.B.H.—178.

Government having, in its order, No. 808, Financial, dated 21st August 1893, declined to sanction the local allowance hitherto drawn by the hospital assistant in charge of the civil dispensary at Sultan's Battery, though its continuance to him was recommended by the Surgeon-General, the undersigned has the honour to request that the Treasury Officer, Malabar, will be good enough to recover from Hospital Assistants A. Gopalan and K. Govindan Nayar the local allowance drawn for them from 21st August 1893 for being in charge of the above dispensary and to refuse to pass such allowance in future.

For the same reason, the special allowance of Rs. 30, hitherto drawn for the hospital assistant in charge of the Minicoy dispensary, should also be disallowed with effect from the above date.

Copy to the District Surgeon, Malabar.

(Signed) M. BHATTACHARYYA,
Asst. Accountant-General.

From Hospital Assistant K. GOVINDAN NAYAR, No. 231, in charge of Local Fund Dispensary, Sultan's Battery, to the District Surgeon, Malabar, dated Sultan's Battery, 31st July 1894, No. 81.

With reference to audit slip, No. A.B.H.—178, dated 17th July 1894, from the Accountant-General, Madras, stating that Government, in its order, No. 808, dated 21st August 1893, declined to pass the local allowance to the hospital assistant in charge of the local fund dispensary at Sultan's Battery, I beg to state as follows.

3 Proceedings

2. There are three important stations in Wynaad taluk, viz., Manantoddy, Vayittiri and Sultan's Battery, of which Sultan's Battery is the worst place as regards climate, provisions, house and servants. The climate of the place is highly malarious and insufferably cold; provisions are dearer than other stations of Wynaad, and in a place like this the hospital assistant has to pass his life in a bamboo hut, houses being not available even for dispensary on rent; a servant has to be paid food and Rs. 8, while it is only food and Rs. 2 in the plains.

3. Public servants in all the departments in Wynaad taluk, viz., Police, Judicial, Revenue, Medical, Registration, Educational and Vaccination, in all the three stations of Wynaad, are drawing a local allowance of 50 per cent. on their pay. There are two civil apothecaries and one hospital assistant in Wynaad, of whom the hospital assistant is now objected to draw his allowance.

4. From the above it will be seen that the civil hospital assistant in charge of the local fund dispensary is the only unfortunate servant of Government who is not entitled to the benefit of the privilege of drawing Wynaad allowance.

Under these circumstances, I humbly pray that the matter may be placed before the Surgeon-General for favorable orders of Government to enable me to draw the local allowance as drawn by civil apothecaries and other servants of Government in Wynaad with effect from the 26th January 1894—the date on which I took charge of the dispensary.

From the Surgeon-General, dated 27th Oct. 1894, No. 23-Tour.

2. The Government sees no reason for acceding to the suggestion of the Agent, Gódávari, that the allowance fixed for Polavaram should be the same as that for Bhadráchalam, or to that of the Agent, Vizagapatam, that the allowances for Bissemkattak, Jeypore and the Special Assistant Agent's establishment should be fixed at Rs. 20.

3. Of the remaining stations for which local allowances have been proposed by the Surgeon-General, His Excellency the Governor in Council is unable to accept the recommendations in the following cases for the reasons given :—

Palmanér (*North Arcot*).—The Collector does not consider any allowance necessary as the place is as healthy and cheap as any other in the district.

~~The allowance now made will be discontinued from the beginning of 1895-96 or when a new incumbent is appointed - whichever event should first occur -~~

Badvel (*Cuddapah*).—The Collector remarks that the locality is not specially unhealthy and that the prices at Badvel are not as high as those at several other stations in the district.

Peddakimedi (*Ganjám*).—The Agent to e Governor observes that this name must be a mistake for Parlákimedi.

Suradá (*Ganjám*), *Dachépalle* (*Kistna elgode* (*Kurnool*).—Sufficient reasons have not been adduced for treating these stat specially.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following papers :—

G.O., dated 5th March 1894, No. 188, Financial.

Abstract.—Stating that, so far as hospital assistants are concerned, one rate of charge allowance should be fixed for all hospitals, a local allowance being added, where necessary, to compensate for the unhealthiness or dearness of the locality, and directing the Surgeon-General to forward a list of the institutions to which on this principle local allowances should be attached.

G.O., dated 16th July 1894, No. 541, Financial.

Abstract.—Referring to the Collectors concerned for remarks list of hospitals or dispensaries to which, in the opinion of the Surgeon-General, local allowances should be attached to compensate for the unhealthiness or dearness of the locality.

Read—also the following papers :—

File of replies from Collectors to the second of the above orders.

From the Surgeon-General, dated 28th August 1894, No. 452.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 10th September 1894, No. 496.

I have the honour to forward the enclosed correspondence from the District Surgeon, Malabar, recommending that the special allowance of Rs. 30 per mensem sanctioned for Minicoy, and the Wynaad allowance of 50 per cent. drawn for Sultan's Battery, may be allowed to continue in addition to the usual charge allowance.

2. In the list submitted with this office letter, No. 747, dated 18th November 1892, and printed in G.O., No. 808, Financial, dated the 21st August 1893, the continuance of these allowances was recommended, and I fully agree in this recommendation as the conditions of service in the stations referred to necessarily call for extra remuneration on account of the—

(1) unhealthiness of climate ;

(2) dearness of living ;

(3) what is worse than either of the above causes is the isolated condition of the subordinate's life, the station resembling a penal settlement for these men.

3. Under these circumstances, I request that Government will be pleased to sanction their inclusion in the list promulgated with G.O., No. 541, Financial, dated the 16th July 1894.

ENCLOSURES.

From Surgeon-Major H. St. C. CARRUTHERS, Acting District Medical and Sanitary Officer, Malabar, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 28th August 1894, No. 2757.

I have the honour to report that the payment of local allowance to the hospital assistants in charge of civil dispensaries at Sultan's Battery and Minicoy is objected to by the Accountant-General in his audit slip, No. A.B.H.—178, dated 17th July 1894, under the authority of G.O., No. 808, Financial, dated 21st August 1893. Copy of the audit slip is herewith submitted.

2. The local allowance in question is paid to the medical subordinates at Sultan's Battery and Minicoy under G.Os., No. 402 of 4th March 1887, and No. 315-A, dated 28th April 1890, respectively. I do not consider that these orders have been superseded by the order quoted by the Accountant-General, inasmuch as it simply sanctions payment of charge allowance but not the local allowance. If my interpretation is considered incorrect, I request that Government may be begged to reconsider its order for the following reasons:—

(*a*) The station of Sultan's Battery lies in the taluk of Wynaad. Besides the hospital assistant at this station there are medical subordinates at Vayittiri and Manantoddy in the same taluk. There are also public servants belonging to other departments, such as Judicial, Revenue, Educational, &c., in the same taluk. All these public servants are allowed local allowance of 50 per cent. on their grade pay, in consideration of the dearness of provisions and unhealthy character of the climate. Of all the stations in the taluk Sultan's Battery is the worst in every respect and is practically a penal settlement for such men. I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant be ordered to be continued. The petition received from him is herewith submitted.

(*b*) As regards Minicoy, I beg to submit that it is one of the Maldive Islands and is malarial. Everything is dear and I therefore strongly recommend that the allowance hitherto drawn by the hospital assistant attached to this dispensary be also ordered to be continued.

Audit slip, No. A.B.H.—178.

Government having, in its order, No. 808, Financial, dated 21st August 1893, declined to sanction the local allowance hitherto drawn by the hospital assistant in charge of the civil dispensary at Sultan's Battery, though its continuance to him was recommended by the Surgeon-General, the undersigned has the honour to request that the Treasury Officer, Malabar, will be good enough to recover from Hospital Assistants A. Gopalan and K. Govindan Nayar the local allowance drawn for them from 21st August 1893 for being in charge of the above dispensary and to refuse to pass such allowance in future.

For the same reason, the special allowance of Rs. 30, hitherto drawn for the hospital assistant in charge of the Minicoy dispensary, should also be disallowed with effect from the above date.

No. 179.

Copy to the District Surgeon, Malabar.

(Signed) M. BHATTACHARYYA,
Asst. Accountant-General.

From Hospital Assistant K. GOVINDAN NAYAR, No. 231, in charge of Local Fund Dispensary, Sultan's Battery, to the District Surgeon, Malabar, dated Sultan's Battery, 31st July 1894, No. 81.

With reference to audit slip, No. A.B.H.—178, dated 17th July 1894, from the Accountant-General, Madras, stating that Government, in its order, No. 808, dated 21st August 1893, declined to pass the local allowance to the hospital assistant in charge of the local fund dispensary at Sultan's Battery, I beg to state as follows.

2. There are three important stations in Wynaad taluk, viz., Manantoddy, Vayittiri and Sultan's Battery, of which Sultan's Battery is the worst place as regards climate, provisions, house and servants. The climate of the place is highly malarious and insufferably cold; provisions are dearer than other stations of Wynaad, and in a place like this the hospital assistant has to pass his life in a bamboo hut, houses being not available even for dispensary on rent; a servant has to be paid food and Rs. 8, while it is only food and Rs. 2 in the plains.

3. Public servants in all the departments in Wynaad taluk, viz., Police, Judicial, Revenue, Medical, Registration, Educational and Vaccination, in all the three stations of Wynaad, are drawing a local allowance of 50 per cent. on their pay. There are two civil apothecaries and one hospital assistant in Wynaad, of whom the hospital assistant is now objected to draw his allowance.

4. From the above it will be seen that the civil hospital assistant in charge of the local fund dispensary is the only unfortunate servant of Government who is not entitled to the benefit of the privilege of drawing Wynaad allowance.

Under these circumstances, I humbly pray that the matter may be placed before the Surgeon-General for favorable orders of Government to enable me to draw the local allowance as drawn by civil apothecaries and other servants of Government in Wynaad with effect from the 26th January 1894—the date on which I took charge of the dispensary.

From the Surgeon-General, dated 27th Oct. 1894, No. 23-Tour.

ORDER—dated 21st January 1895, No. 56, Financial.

G.O., dated 16th July 1894, No. 541.

Of the dispensaries and charges mentioned in the list forwarded with the Surgeon-General's letter of the 22nd June 1894, No. 44-Tour, the local allowances proposed by him in the following cases are approved:—

District.	Name of hospital or dispensary.	Local allowance. RS.
North Arcot ..	Tirupati	5
	Venkatagirikota	5
South Canara ..	Kollur	10
Cuddapah ..	Cuddapah, General duty under the District Medical and Sanitary officer	10
Ganjám ..	Garabunda	5
	Varanasi	5
	Rushikulya (Public Works Department) ..	15
	Police Hospital, Balliguda	15
	Udayagiri-Goomsur	15
	Udayagiri-Ramagiri	15
	The establishment of the Agent to the Governor, Ganjám, or of any of his Assistants when travelling in malarial tracts ..	15
Gódávari ..	Chintalapudi	5
	Gokavaram	5
	Yeleshwaram	5
	Bhadráchalam	10
	Polavaram	5
	Special Assistant Agent's establishment ..	15
Kurnool ..	Erragundapolliem	5
	General duty under District Medical and Sanitary officer	10
Madura ..	Tandikudi	5
Nilgiris ..	Gúdalúr	5
Vizagapatam ..	Bissemkattak	15
	Nowrangapur	15
	Police Hospital, Koraput	15
	Jeypore	15
	Special Assistant Agent's establishment ..	15

2. The Government sees no reason for acceding to the suggestion of the Agent, Gódávari, that the allowance fixed for Polavaram should be the same as that for Bhadráchalam, or to that of the Agent, Vizagapatam, that the allowances for Bissemkattak, Jeypore and the Special Assistant Agent's establishment should be fixed at Rs. 20.

3. Of the remaining stations for which local allowances have been proposed by the Surgeon-General, His Excellency the Governor in Council is unable to accept the recommendations in the following cases for the reasons given :—

Palmanér (*North Arcot*).—The Collector does not consider any allowance necessary as the place is as healthy and cheap as any other in the district.

Badvel (*Cuddapah*).—The Collector remarks that the locality is not specially unhealthy and that the prices at Badvel are not as high as those at several other stations in the district.

Peddakimedi (*Ganjám*).—The Agent to the Governor observes that this name must be a mistake for Parlákimedi.

Suradá (*Ganjám*), *Dáchépalle* (*Kistna*), *Velgode* (*Kurnool*).—Sufficient reasons have not been adduced for treating these stations specially.

Police Hospital, Parlákimedi and *Russellkonda* (*Ganjám*).—The Agent states that these stations are not commonly regarded as unhealthy and that the number of cases in which the medical subordinates are required to visit the surrounding malarious tracts is few.

Public Works Department, Russellkonda (*Ganjám*).—The above remarks apparently apply here also.

Nilambúr and *Tamracheri* (*Malabar*).—The Collector does not consider that special allowances are necessary in these cases. Nilambúr is out of the way and somewhat feverish, but neither the Revenue, Police, Forest nor Postal subordinates serving there get extra allowances. Tamracheri is only eighteen miles from Calicut and has no special disadvantage ; it is perhaps a trifle dearer than Calicut and a little feverish. There are worse places in the district out of Wynaad.

Devala (*Nilgiris*).—The hospital here has been closed.

Principal Assistant Agent's Establishment (*Vizagapatam*).—The Agent reports that no hospital assistant is attached to this establishment. One is attached to that of the Head Assistant Collector, in whose case Mr. Wolfe-Murray recommends a local allowance of Rs. 10 and remarks :—"This officer may be placed on a par with the hospital assistant attached to the Senior Assistant Agent as regards the necessity for an allowance ; the Gudem hills being as bad a place as any." The Government sees no reason, however, to suppose that Narasapatnam is a particularly expensive locality. The necessity for the allowance has not been established.

4. In the case of *Ganjám* the Surgeon-General recommended a local allowance of Rs. 5. The Collector and the District ~~Surgeon~~ are of opinion that the allowance attached to this station should be as high as any in the district and recommend Rs. 15. An allowance of Rs. 10 should, the Government considers, meet the requirements of the case.

Medical Sanitary Officer

5. The Surgeon-General and the Collector propose Rs. 15 for the hospital assistant attached to the Public Works Department at *Gúlleri*. The place is, however, not in the Maliahs and a local allowance of Rs. 10 will be granted.

6. For *Cumbum* (Kurnool) the allowance of Rs. 15 suggested by the Surgeon-General and the Collector is, in consideration of the fact that the railway touches the town, too high. Rupees 10 will be allowed.

7. The Surgeon-General recommended Rs. 15 in the cases of *Gunipur* and *Rayagada* (Vizagapatam). The Agent observes that these places are not as malarious as they formerly were, and that they are far superior, so far as climate is concerned, to Bissemkattak, Koraput or Jeypore ; he would place the allowance at Rs. 10. The Government agrees with the Agent.

8. The Agent, Vizagapatam, supports the proposal of the Surgeon-General as regards the allowance of Rs. 15 in the case of the hospital assistant attached to the *Senior Assistant Agent's establishment*. He remarks that this subordinate is better off than the officer on the Special Assistant Agent's establishment. His head-quarters are healthy, but he is required to travel in the Agency for three months in the year ; this entails extra expenditure, though not to the same extent as with the subordinate attached to the Special Assistant Agent. The Government considers that Rs. 10 should suffice.

9. A charge allowance of Rs. 25—*i.e.*, Rs. 15 in excess of a charge allowance of Rs. 10—was sanctioned for *Minicoy* in G.O., dated 21st August 1893, No. 808, Financial. A special allowance of Rs. 30 is also attached to this appointment under G.O., dated 28th April 1890, No. 315-A, Public. In the Proceedings of August 1893 no orders were passed as to this special allowance, which was also apparently overlooked by the Surgeon-General when submitting the list contained in G.O., dated 16th July 1894, No. 541, as he then proposed a special allowance of Rs. 15 only. The Collector and the District Medical and Sanitary officer are both in favour of placing the special allowance at Rs. 45, and the Surgeon-General appears, from his letter printed above, to be of the same opinion. This sum is however too high. A local allowance of Rs. 25 will be sanctioned. The revised scale of allowances for Minicoy and Sultan's Battery will have effect from the date of this order and the Accountant-General will be authorized to withdraw his objections to the special allowance and the Wynaad allowance hitherto drawn by the hospital assistants at those stations.

Instead of the Wynaad allowance of 50 *per cent.* of pay proposed for *Sultan's Battery* by the Collector of Malabar and the Surgeon-General, a local allowance of Rs. 15 will be granted.

10. The recommendation of the Collector of Cuddapah that a local allowance of Rs. 10 should be granted to the hospital assistant attached to his establishment, whose head-quarters are at Cuddapah—the most unhealthy place in the district—is sanctioned as is also that of the Agent, Gódávari, that a similar allowance should be attached to the dispensary at Chódavaramu in the Rampa country. The allowance (Rs. 15) proposed by the Surgeon-General in the latter case is too high.

The dispensary at Chódavaramu will be included in the list of those carrying a charge allowance of Rs. 10, the necessary addition being made to G.O., dated 21st August 1893, No. 808.

11. The local allowances as fixed above are shown in the Appendix to these Proceedings. As regards dispensaries mentioned in the Appendix, the new scale will, except in the cases of Minicoy and Sultan's Battery, be brought into force from the 1st April 1895. In the cases of other dispensaries any allowances drawn by hospital assistants which are in excess of the usual charge allowance of Rs. 10 will cease from the same date, or from that on which the next incumbent takes charge, whichever is earlier.
