GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From W. J. HAM, Esq., Officiating Postmaster-General, Madras, to the Chief Secretary to Government, dated 13th July 1895, No. 11101—D.P. 8 No. 1.

I have the honour to submit, for the information of Government, a copy of the annual report (No. 441, dated 3rd July 1895) on the operations of the District post in the Madras Circle during the year 1894–95, with copies of the appendices marked A, B and C therein referred to.

ENCLOSURE.

COPY of the annual report No. 441, dated 3rd July 1895, from the Postmaster-General, Madras, to the Director-General of the Post Office of India.

I have the honour to submit the annual report on the administration of the District post in the Madras Circle for the year 1894–95, with the prescribed Appendices A, B and C.

2. When submitting the budget estimate of the cost of District post establishments for the year 1894–95, application was made to the Government of Madras to provide Rs. 1,03,748 for the year and it was pointed out that as the facilities for the collection and delivery of correspondence and the arrangements for the payment of money-orders in villages where there are no post offices are most defective, proposals will be submitted for the opening of a number of petty post offices and the entertainment of additional village postmen. But the Government did not consider that it was necessary to assign a larger amount than Rs. 90,000 and stated that that sum would accordingly be entered in the budget for 1894–95. Only a few proposals, the cost of which would fall within the budget grant, were therefore submitted during the year for the sanction of Government.

3. The following statement (*vide* statement marked D) shows the distribution of the District post grant as it stood at the beginning of the year, and at the close of the year the establishment and charges stood as they appear in the statement below (*vide* statement marked E). The establishment and other fixed charges were at the beginning of the year Rs. 85,014 and at its close Rs. 87,900, and as there was again an allotment of Rs. 1,190 for travelling allowance and other fluctuating charges, the total charges at the close of the year stood at Rs. 89,090. But as most of the offices were newly opened only after the lapse of some months in the year, the actual cost as ascertained from the Accountant-General was only Rs. 84,905–12–9 against Rupees 82,174–2–9 in the previous year. The expenditure fell short of the charges calculated at the rate at which they stood at the close of the year for the reasons stated in

paragraph 3 of my No. 432, dated 6th July 1894, with which the annual report on the operations of the District post for the year 1893–94 was submitted. It is under consideration to take over some of the lines now under the control of the Agent to the Governor, Ganjám, and utilize the amount that can be spared from the Maliah grant for this purpose.

4. The grant, expenditure and income during the last five years are shown in the following table:—

Year.	Grant.	Expenditure.	Income.	Net revenue.	Deficit.
	RS.	RS. A. P.	RS. A. P.	RS. A. P.	RS. A. P.
1890–91	1,07,000	95,971 12 5	1,32,762 7 1	36,790 10 8	....
1891–92	1,07,000	90,399 0 0	1,06,597 4 5	16,198 4 5	....
1892–93	1,07,000	79,254 5 6	66,366 1 8	....	12,888 3 10
1893–94	90,000	82,174 2 9	67,147 9 9	....	15,026 9 0
1894–95	90,000	84,905 12 9	54,195 9 1	....	30,710 3 8

The expenditure was in excess of the income by Rs. 30,710–3–8. In paragraph 3 of your letter No. 162-C—D.D. 1 No. 4, dated 20th April 1894, you remarked that the test of remunerativeness should be that given in your No. C.-1020, dated 3rd October 1890, wherein it was stated that an office should be considered as self-supporting when its local cost (including the cost of any purely local line) is covered or even met by half the revenue from private and official-paid unregistered correspondence at three-eighth of an anna for each article received or despatched *plus* one-third of the money-order commission on money-orders issued. Calculated according to this test many of the District post establishments are unremunerative and the income also according to this test is lower than that of the previous year.

5. The following table furnishes details of the establishments as they stood at the close of each of the last three years:—

Year.	Office establishment.						Road establishment.				House-rent and contingencies.	Total monthly cost.

6. *Appendix A.*—Twenty-four new post offices were opened during the year in the following districts:—

Bellary	2	Kurnool	6
Coimbatore	3	Malabar	5
Ganjám	2	South Canara	1
Kistna	5		

The post office at Vayalur was transferred to the Imperial post and the post offices at Pandikona and Jadangi in the Kurnool and Gódávari districts respectively were closed as there was no one at either of these two places competent and willing to take charge of the offices. Four additional village postmen were entertained during the year (three in the Coimbatore and one in the Ganjám districts) and one village postman in the Gódávari district was transferred to the Imperial post. There were thus 762 village postmen at the close of the year against 759 at its beginning. There was

no change in the number of postmen under the District post. The number of letter-boxes at the beginning of the year was 518 and at its close 510, or 8 less, which is due to the transfer of letter-boxes from the District Post branch to the Imperial service.

7. *Appendix B.*—Appendix B shows that the length of the District post lines open within the Presidency at the close of the year was 1,318¾ miles against a mileage of 1,103¼ at the close of the previous year. The increase is due to the opening of lines to connect the newly opened post offices with the existing ones.

8. The figures relating to Coorg post which appear in Appendices A and B call for little comment. The post office at Suntikoppa was transferred to the Imperial post on 1st June 1894 as it was a paying office and the Imperial post office at Bengunad was transferred to the District post on 1st December 1894, as it was not self-supporting, and the branch post office at Somwarpett was made a sub-office. There was thus an increase of one office under sub-offices and a decrease of the same number under branch offices, the total number of District post offices in Coorg being the same as at the beginning of the year under review. Two village postmen attached to Suntikoppa were transferred to the Imperial post and the runner at Sumpaji was made a village postman. The total numbers of village postmen and runners at the close of the year were therefore 18 and 35 respectively against 19 village postmen and 36 runners at the close of the previous year. An abstract of the Coorg District post establishments at the close of each of the last two years is given in the following table:—

Year.	Office establishment.					Road establishment.				Total fixed charges per month.	House-rent, contingencies and torch allowance.	Total monthly cost.
	Number of					Number of						
	Postmasters.	Clerks.	Postmen.	Village postmen.	Cost.	Runners.	Overseers.	Boatmen.	Cost.

1894–95	15	1 App. / 1 Ins.	2	18	363	35	1	..	260	623	31 0 0	654 0 0

and the table below shows the grant, expenditure and income during each of the last two years. The grant was raised in 1894–95 to

Year.	Grant.	Expenditure.	Income.
	RS. A. P.	RS. A. P.	RS. A. P.
1893–94	9,100 0 0	8,670 3 10	5,663 3 1
1894–95	9,130 0 0	8,647 6 0	3,757 11 0

Rs. 9,130 from Rs. 9,100 in the preceding year and the expenditure was Rupees 8,647–6–0 against Rs. 8,670–3–10 of the previous year. But the income was only Rs. 3,757–11–0 against Rs. 5,663–3–1 of the previous year. The falling off in the revenue is due to the calculations made as stated in paragraph 4 of this report and also to the transfer of the remunerative Post office at Suntikoppa to the Imperial post. The expenditure was also less during the year owing to the transfer of the above-mentioned office to the Imperial post.

9. Appendix C shows the number of the several classes of articles that passed through the District post in the Madras Presidency and Coorg, both included, during the year under report and the previous year and the following is an abstract of the figures:—

Description.	Total number of articles posted for despatch.		Total number of articles received for delivery.		Total number of articles returned undelivered.

Total ..	1,235,196	1,293,635	2,698,863	2,731,812	170,639	156,684

There has been an increase in the number of money-orders issued and decrease in the number of money-orders paid as in the previous year. The proportion of unpaid letters to paid letters and post-cards this year is 1 to 6, and the percentage of articles returned undelivered is 5·73 against 6·32 in the previous year. The number of letters and post-cards received for delivery through the District post establishments is approximately double the number shown as posted for despatch as in the last year, which shows that the existing arrangements for posting correspondence are defective and that more village post offices and more letter boxes are required.

STATEMENT showing the distance over which mails were conveyed by mail carts, horses, camels, runners, boats and steamers during the year 1894–95, as compared with the previous year.

Copy of the Annual Report No 441 dated 3rd July 1895 from the Postmaster General, Madras, to the Director General of the Post Office of India.

I have the honor to submit the Annual Report on the administration of the District Post in the Madras Circle for the year 1894-95 with the prescribed appendices A, B and C.

2. When submitting the budget estimate of the Cost of District Post Establishments for the year 1894-95, application was made to the Government of Madras to provide Rs 1,03,748 for the year and it was pointed out that as the facilities for the collection and delivery of correspondence and the arrangements for the payment of Money Orders in villages where there are no Post Offices are most defective, proposals will be submitted for the opening of a number of petty Post Offices and the entertainment of additional village Postmen. But the Government did not consider that it was necessary to assign a larger amount than Rs 90,000 and stated that that sum would accordingly be entered in the budget for 1894-95. Only a few proposals the Cost of which would fall within the budget grant were therefore submitted during the year for the sanction of Government.

3. The following *statement shews the distribution of the District Post grant as it stood at the beginning of the year and at the close of the year, the establishment and charges stood

stood as they appear in the Statement below:-(vide Statement marked E)
The establishment and other fixed charges were at the beginning of the year Rs 85,014 and at its close Rs 87,900, and as there was again an allotment of Rs 1190 for travelling allowance and other fluctuating charges, the total charges at the close of the year, stood at Rs 89,090. But as most of the offices were newly opened only after the lapse of some months in the year, the actual cost as ascertained from the Accountant General was only Rs 84,905-12-9 against Rs 82,174-2-9 in the previous year. The expenditure fell short of the charges calculated at the rate at which they stood at the close of the year for the reasons stated in para 3 of my etc to 432 dated 6th July 1894 with which the Annual Report on the operations of the District Post for the year 1893-94 was submitted. It is under consideration to take over some of the lines now under the Control of the Agent to the Governor, Ganjam, and utilise the amount that can be spared from the Maliah Grant, for this purpose. The grant, expenditure and income during the last 5 years are shewn in the following table.

Year	Grant	Expenditure	Income	Net revenue	Deficit
1890-91	10,7000	95,971 12 5	1,32,762 7 1	36,790 10 8	- - -
1891-92	10,7000	90,399	1,06,597 4 5	16,198 4 5	- - -
1892-93	10,7000	79,254 5 6	66,366 1 8	- - -	12,888 3 10
1893-94	90,000	82,174 2 9	67,147 9 9	- - -	15,026 9 0
1894-95	90,000	84,905 12 9	54,195 9 1	- - -	30,710 3 8

The expenditure was in excess of the income by Rs 30,710-3-8. In para 3 of your letter No $\frac{162^C}{DD\ 11-94}$ dated 20th April 1894 you remarked that the test of remunerativeness should be that given in your No $\frac{C}{1020}$ dated 3rd October 1890 wherein it was stated that an office should be considered as self supporting when its local cost (including the cost of any purely local line) is covered or even met by half the revenue from private and official paid unregistered Correspondence at 3/8 of an anna for each article received or despatched plus one third of the Money Order Commission on Money Orders issued. Calculated according to this test many of the District Post Establishments are unremunerative and the income also according to this test is lower than that of the previous year.

5. The following table furnishes details of the establishments as they stood at the close of each of the last three years:-

Year	Office Establishment: Number of: Postmasters	Clerks	Postmen	Village Postmen	Extra Hose peons	Cost	Road Establishment: Number of: Runners	Overseers	Branch	Cost	House rent and Contingencies	Total monthly Cost

6. Appendix A:-Twenty four new Post Offices were opened during the year in the following Districts:-

Bellary - 2.	Kurnool - 6
Coimbatore - 3	Malabar - 5
Ganjam - 2	and
Kistna - 5	South Canara 1.

The Post Office at Vayalur was transferred to the Imperial Post and the Post Offices at Pandikona and Jadangi in the Kurnool and Godavery Districts respectively were closed as there was

no one at either of these two places, Competent and willing to take charge of the offices. Four additional Village Postmen were entertained during the year (3 in the Coimbatore and 1 in the Ganjam Districts) and one village Postman in the Godavari District was transferred to the Imperial Post. There were thus 1762 Village Postmen at the close of the year against 1759 at its beginning. There was no change in the number of Postmen under the District Post. The number of Letter Boxes at the beginning of the year was 518 and at its close 510 or eight less which is due to the transfer of letter boxes from the District Post Branch to the Imperial Service.

4. Appendix B. — Appendix B shows that the length of the District Post Lines open within the Presidency at the close of the year was 1318 3/4 miles against a mileage of 1103 1/4 at the close of the previous year. The increase is due to the opening of lines to Connect the newly opened Post Offices with the existing ones.

5. The figures relating to Coorg Post which appear in Appendices A & B all for little Comment. The Post Office at Suntikoppa was transferred to the Imperial Post on 1st June 1894 as it was a paying office and the Imperial Post Office at Benjunad was transferred to the District Post on 1st December 1894 as it was not self-supporting; and the Branch Post Office at Somwarpett was made a Sub Office. There was thus an increase of one office under Sub Offices and a decrease of the same number under Branch Offices, the total number of District Post Offices in Coorg being the same as at the beginning of the year under review. Two Village Postmen attached to Suntikoppa were transferred to the Imperial Post and the runner at Sunpaji was made a Village Postman. The total numbers of Village Postmen and runners at the close of the year were therefore 18 and 35 respectively against 19 Village Postmen and 6 runners at the close of the previous year. An abstract of the Coorg

Coorg District Post establishments at the close of each of the last two years is given in the following table,

Year	Office Establishment: Number of: Postmasters	Clerks	Postmen	Village Postmen	Cost	Road Establishment: Number of: Runners	Overseers to Postmen	Cost	Total gross charges per month	Honorary, contingencies & extra allowances	Total monthly cost
1893-94	15	1 (4+4 Sundays)	2	19	375 . .	36	1 .	251 . .	626 . .	31 8 .	657 8 .
1894-95	15	1 (4+4 Sundays)	2	18	363 . .	35	1 .	260 . .	623 . .	31 . .	654 . .
	6	2 4	3	6	2 3 2	2	6		5	6	5

and the table below shows the grant, expenditure and income during each of the last two years. The grant was raised in 1894-95 to

Year	Grant	Expenditure	Income
1893-94	9100 . .	8670 3 10	5663 3 1
1894-95	9130 . .	8647 6 .	3757 11 .
		5	
	8	8	8

Rs 9130 from Rs 9100 in the preceding year and the expenditure was Rs 8647-6- against 8670-3-10 of the previous year. But the income was only Rs 3757-11- against 5663-3-1 of the previous year. The falling off in the revenue is due to the Calculations made as stated in para 4 of this report and also to the transfer of the remunerative Post Office at Suntikoppa to the Imperial Post. The expenditure was also less during the year owing to the transfer of the above-mentioned office to the Imperial Post.

9. Appendix C shows the number of the several classes of artic

articles that passed through the District Post in the Madras Presidency and Coorg, both included, during the year under report and the previous year and the following is an abstract of the figures:—

1:5 in 1893-4

There has been an increase in the number of Money Orders issued and decrease in the number of Money Orders paid as in the previous year. The proportion of unpaid letters to paid letters and postcards this year is 1 to 6, and the percentage of articles returned undelivered is 5.73 against 6.32 in the previous year. The number of letters and postcards received for delivery through the District Post establishments is approximately double the number shewn as posted for despatch as in the last year, which shows that the existing arrangements for posting Correspondence are defective and that more village Post Offices and more letter Boxes are required.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper:—

From W. J. HAM, Esq., Officiating Postmaster-General, Madras, to the Chief Secretary to Government, dated 13th July 1895, No. 11101—D.P. 8 No. 1.

I have the honour to submit, for the information of Government, a copy of the annual report (No. 441, dated 3rd July 1895) on the operations of the District post in the Madras Circle during the year 1894–95, with copies of the appendices marked A, B and C therein referred to.

ENCLOSURE.

COPY of the annual report No. 441, dated 3rd July 1895, from the Postmaster-General, Madras, to the Director-General of the Post Office of India.

I have the honour to submit the annual report on the administration of the District post in the Madras Circle for the year 1894–95, with the prescribed Appendices A, B and C.

S.O. 985/5.10.95.

2. When submitting the budget estimate of the cost of District post establishments for the year 1894–95, application was made to the Government of Madras to provide Rs. 1,03,748 for the year and it was pointed out that as the facilities for the collection and delivery of correspondence and the arrangements for the payment of money-orders in villages where there are no post offices are most defective, proposals will be submitted for the opening of a number of petty post offices and the entertainment of additional village postmen. But the Government did not consider that it was necessary to assign a larger amount than Rs. 90,000 and stated that that sum would accordingly be entered in the budget for 1894–95. Only a few proposals, the cost of which would fall within the budget grant, were therefore submitted during the year for the sanction of Government.

3. The following statement (*vide* statement marked D) shows the distribution of the District post grant as it stood at the beginning of the year, and at the close of the year the establishment and charges stood as they appear in the statement below (*vide* statement marked E). The establishment and other fixed charges were at the beginning of the year Rs. 85,014 and at its close Rs. 87,900, and as there was again an allotment of Rs. 1,190 for travelling allowance and other fluctuating charges, the total charges at the close of the year stood at Rs. 89,090. But as most of the offices were newly opened only after the lapse of some months in the year, the actual cost as ascertained from the Accountant-General was only Rs. 84,905–12–9 against Rupees 82,174–2–9 in the previous year. The expenditure fell short of the charges calculated at the rate at which they stood at the close of the year for the reasons stated in

paragraph 3 of my No. 432, dated 6th July 1894, with which the annual report on the operations of the District post for the year 1893–94 was submitted. It is under consideration to take over some of the lines now under the control of the Agent to the Governor, Ganjám, and utilize the amount that can be spared from the Maliah grant for this purpose.

4. The grant, expenditure and income during the last five years are shown in the following table:—

Year.	Grant.	Expenditure.	Income.	Net revenue.	Deficit.
	Rs.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
1890–91	1,07,000	95,971 12 5	1,32,762 7 1	36,790 10 8	....
1891–92	1,07,000	90,399 0 0	1,06,597 4 5	16,198 4 5	....
1892–93	1,07,000	79,254 5 6	66,366 1 8	....	12,888 3 10
1893–94	90,000	82,174 2 9	67,147 9 9	....	15,026 9 0
1894–95	90,000	84,905 12 9	54,195 9 1	....	30,710 3 8

The expenditure was in excess of the income by Rs. 30,710–3–8. In paragraph 3 of your letter No. 162-C—D.D. 1 No. 4, dated 20th April 1894, you remarked that the test of remunerativeness should be that given in your No. C.-1020, dated 3rd October 1890, wherein it was stated that an office should be considered as self-supporting when its local cost (including the cost of any purely local line) is covered or even met by half the revenue from private and official-paid unregistered correspondence at three-eighth of an anna for each article received or despatched *plus* one-third of the money-order commission on money-orders issued. Calculated according to this test many of the District post establishments are unremunerative and the income also according to this test is lower than that of the previous year.

5. The following table furnishes details of the establishments as they stood at the close of each of the last three years:—

Year.	Office establishment.						Road establishment.				House-rent and contingencies.	Total monthly cost.
	Number of					Cost.	Number of			Cost.

6. *Appendix A.*—Twenty-four new post offices were opened during the year in the following districts:—

Bellary	2	Kurnool	6
Coimbatore	3	Malabar	5
Ganjám	2	South Canara	1
Kistna	5		

The post office at Vayalur was transferred to the Imperial post and the post offices at Pandikona and Jadangi in the Kurnool and Gódávari districts respectively were closed as there was no one at either of these two places competent and willing to take charge of the offices. Four additional village postmen were entertained during the year (three in the Coimbatore and one in the Ganjám districts) and one village postman in the Gódávari district was transferred to the Imperial post. There were thus 762 village postmen at the close of the year against 759 at its beginning. There was

no change in the number of postmen under the District post. The number of letter-boxes at the beginning of the year was 518 and at its close 510, or 8 less, which is due to the transfer of letter-boxes from the District Post branch to the Imperial service.

7. *Appendix B.*—Appendix B shows that the length of the District post lines open within the Presidency at the close of the year was 1,318¾ miles against a mileage of 1,103¼ at the close of the previous year. The increase is due to the opening of lines to connect the newly opened post offices with the existing ones.

8. The figures relating to Coorg post which appear in Appendices A and B call for little comment. The post office at Suntikoppa was transferred to the Imperial post on 1st June 1894 as it was a paying office and the Imperial post office at Bengunad was transferred to the District post on 1st December 1894, as it was not self-supporting, and the branch post office at Somwarpett was made a sub-office. There was thus an increase of one office under sub-offices and a decrease of the same number under branch offices, the total number of District post offices in Coorg being the same as at the beginning of the year under review. Two village postmen attached to Suntikoppa were transferred to the Imperial post and the runner at Sumpaji was made a village postman. The total numbers of village postmen and runners at the close of the year were therefore 18 and 35 respectively against 19 village postmen and 36 runners at the close of the previous year. An abstract of the Coorg District post establishments at the close of each of the last two years is given in the following table:—

Year.	Office establishment.					Road establishment.				Total fixed charges per month.	House-rent, contingencies and torch allowance.	Total monthly cost.
	Number of				Cost.	Number of			Cost.			
	Postmasters.	Clerks.	Postmen.	Village postmen.		Runners.	Overseers.	Boatmen.				
					Rs.				Rs.	Rs.	Rs. A. P.	Rs. A. P.
1893–94	15	1 App. 1 Ins.	2	19	375	36	1	..	251	626	31 8 0	657 8 0
1894–95	15	1 App. 1 Ins.	2	18	363	35	1	..	266	623	31 0 0	654 0 0

and the table below shows the grant, expenditure and income during each of the last two years. The grant was raised in 1894–95 to

Year.	Grant.	Expenditure.	Income.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
1893–94	9,100 0 0	8,670 3 10	5,663 3 1
1894–95	9,130 0 0	8,647 6 0	3,757 11 0

Rs. 9,130 from Rs. 9,100 in the preceding year and the expenditure was Rupees 8,647–6–0 against Rs. 8,670–3–10 of the previous year. But the income was only Rs. 3,757–11–0 against Rs. 5,663–3–1 of the previous year. The falling off in the revenue is due to the calculations made as stated in paragraph 4 of this report and also to the transfer of the remunerative Post office at Suntikoppa to the Imperial post. The expenditure was also less during the year owing to the transfer of the above-mentioned office to the Imperial post.

9. Appendix C shows the number of the several classes of articles that passed through the District post in the Madras Presidency and Coorg, both included, during the year under report and the previous year and the following is an abstract of the figures:—

Description.	Total number of articles posted for despatch.		Total number of articles received for delivery.		Total number of articles returned undelivered.

Total ..	1,235,196	1,293,635	2,698,863	2,731,812	170,639	156,684

There has been an increase in the number of money-orders issued and decrease in the number of money-orders paid as in the previous year. The proportion of unpaid letters to paid letters and post-cards this year is 1 to 6, and the percentage of articles returned undelivered is 5·73 against 6·32 in the previous year. The number of letters and post-cards received for delivery through the District post establishments is approximately double the number shown as posted for despatch as in the last year, which shows that the existing arrangements for posting correspondence are defective and that more village post offices and more letter boxes are required.
