Sir,

With reference to the demand for 20 cwt of tin for making type metal, in the indent for stores for the Government Press, Madras, transmitted with your letter No. 2 dated 2nd January 1895, I have the honour to inform you that tin in ingots is obtained locally by the Ordnance Departments in India, and I suggest for your consideration whether the same mode of supply might not, with advantage, be resorted to in future in the case of the Government Press.

I may add that I have ordered the 20 cwt now required, at a cost of £ 3.2.5 per cwt.

I have the honour to be, Sir,

Your obedient Servant,

J. Sturges

Director General of Stores.

OFFICE NOTE.

In reply to endorsement, No. 744, dated 4th April 1895, on letter S.O.C. 555, dated 15th March 1895, from the Director General of Stores, London, herewith returned, the Superintendent, Government Press, submits that he has made enquiries from the several Officers quoted in the margin who require tin for their work, and obtain their supplies by local purchase. The undersigned will in future purchase block tin locally, as there is a small saving in its price, and he will accordingly arrange to transfer in the next Budget the necessary amount from the cost of Europe stores to the local purchases.
