With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical-subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.

READ—the following papers :—

From the Controller of Military Accounts, Madras Command, to the Chief Secretary to Government, dated Madras, the 19th of June 1895, No. 468-G.

I have the honour to bring to the notice of Government that a sum of Rupees 21-10-8 is debited to the Military Department monthly through the Civil Exchange Accounts, Madras, on account of allowances to the Railway apothecaries at Jalarpet, Raichur and Arkónam for affording medical aid to Military Government servants residing at those stations with reference to Proceedings of Government, Financial Department, No. 1708, dated 21st September 1876.

2. The above rest-camps were closed in 1882, 1883 and 1894, respectively, with reference to the Proceedings of Government in the late Military Department marginally noted.

" " 555 "	29th January 1883.
" " 6745 "	31st October 1894.

3. As the original order fixing the rates of remuneration to be granted to Railway apothecaries was passed in the Financial Department on the condition that both Civil and Military Government servants would be treated and that the Military Department should bear one-third of the cost, it is for the consideration of Government whether these rates should not now be modified as no Military Government servants are at present attended to at Jalarpet, Raichur and Arkónam.

4. The favour of a very early reply is requested.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st August 1895, No. T-523.

With reference to your memorandum, dated the 24th instant, I have the honour to state that the question relating to the allowance to Railway apothecaries will be disposed of as soon as a copy of G.O., No. 82, dated the 8th February 1890, Financial, which has been applied for separately, is received.

With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.

With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.

I have the honour to bring to the notice of Government that a sum of Rupees 21-10-8 is debited to the Military Department monthly through the Civil Exchange Accounts, Madras, on account of allowances to the Railway apothecaries at Jalarpet, Raichur, and Arkónam for affording medical aid to Military Government servants residing at those stations with reference to Proceedings of Government, Financial Department, No. 1708, dated 21st September 1876.

2. The above rest-camps were closed in 1882, 1883 and 1894, respectively, with reference to the Proceedings of Government in the late Military Department marginally noted.

" " 555 " 29th January 1883.

3. As the original order fixing the rates of remuneration to be granted to Railway apothecaries was passed in the Financial Department on the condition that both Civil and Military Government servants would be treated and that the Military Department should bear one-third of the cost, it is for the consideration of Government whether these rates should not now be modified as no Military Government servants are at present attended to at Jalarpet, Raichur and Arkónam.

4. The favour of a very early reply is requested.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st August 1895, No. T-523.

With reference to your memorandum, dated the 24th instant, I have the honour to state that the question relating to the allowance to Railway apothecaries will be disposed of as soon as a copy of G.O., No. 82, dated the 8th February 1890, Financial, which has been applied for separately, is received.

With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.

READ—the following papers :—

From the Controller of Military Accounts, Madras Command, to the Chief Secretary to Government, dated Madras, the 19th of June 1895, No. 468-G.

I have the honour to bring to the notice of Government that a sum of Rupees 21-10-8 is debited to the Military Department monthly through the Civil Exchange Accounts, Madras, on account of allowances to the Railway apothecaries at Jalarpet, Raichur and Arkónam for affording medical aid to Military Government servants residing at those stations with reference to Proceedings of Government, Financial Department, No. 1708, dated 21st September 1876.

2. The above rest-camps were closed in 1882, 1883 and 1894, respectively, with reference to the Proceedings of Government in the late Military Department marginally noted.

3. As the original order fixing the rates of remuneration to be granted to Railway apothecaries was passed in the Financial Department on the condition that both Civil and Military Government servants would be treated and that the Military Department should bear one-third of the cost, it is for the consideration of Government whether these rates should not now be modified as no Military Government servants are at present attended to at Jalarpet, Raichur and Arkónam.

4. The favour of a very early reply is requested.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st August 1895, No. T-523.

With reference to your memorandum, dated the 24th instant, I have the honour to state that the question relating to the allowance to Railway apothecaries will be disposed of as soon as a copy of G.O., No. 82, dated the 8th February 1890, Financial, which has been applied for separately, is received.

With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.

3. As the original order fixing the rates of remuneration to be granted to Railway apothecaries was passed in the Financial Department on the condition that both Civil and Military Government servants would be treated and that the Military Department should bear one-third of the cost, it is for the consideration of Government whether these rates should not now be modified as no Military Government servants are at present attended to at Jalarpet, Raichur and Arkónam.

4. The favour of a very early reply is requested.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st August 1895, No. T-523.

With reference to your memorandum, dated the 24th instant, I have the honour to state that the question relating to the allowance to Railway apothecaries will be disposed of as soon as a copy of G.O., No. 82, dated the 8th February 1890, Financial, which has been applied for separately, is received.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government (through the Accountant-General), dated Ootacamund, 20th August 1895, No. T-624.

With reference to your endorsement, No. 1475, dated the 26th June 1895, Financial, herewith returned as requested, I have the honour to state that provision has been made in the budget estimate of the Medical Department for two-thirds of the amount of the remuneration to Railway apothecaries stationed at Jalarpet, Raichur and Arkónam for affording medical aid to Government servants and that payments are still disbursed to them by the Accountant-General in accordance with G.O., No. 82, dated the 8th February 1890, Financial.

2. As the Controller of Military Accounts now reports that the rest-camps at these localities were abolished and that there are no Military Government servants stationed thereat, the proportion of one-third cost hitherto charged to the Military Department may either be remitted or reduced to one-fourth to meet any future demands on the services of Railway medical subordinates for treatment of Military Government servants who may hereafter happen to reside at those stations.
