PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings

of the Board of Revenue, Land Revenue, Dated 15th January 1895 & to 120 in the following:

(1) Board's Proceedings Dated 23rd November 1894 & to 513, Communicating to all Collectors G.O. on Board's Estimates of land revenue receipts for the current and ensuing years and requesting them to submit a report regarding the alterations to be made in those Estimates so as to reach this office on or about the 15th December.

(2) Letter from J. W. Rawlinson Esq., Accountant General, Madras Dated 21st 12 94 & to 383, requesting to be informed if the Civil Estimates for the current and ensuing years require any modifications with reference to the results of north East Monsoon.

(3) file of replies to Board's Proceedings Dated 23rd November 1894 & to 513.

Resolution

With reference to the Government order recorded in the first paper read above the Board begs to state that the Collectors of Cuddalore, North Arcot and Coimbatore suggest slight reductions in the Estimates for

this District to the aggregate amount of 1 1/2 lakhs, while in Tanjore the arrear balance on 1st September 1874 as adopted in October last has since been raised by 1 lakh and the probable current demand for fasli 1304 has also to be enhanced by an equal amount with reference to the settled demand of fasli 1303 since ascertained. In the Decan and Southern Districts also the season has been indifferent of late, but though in certain of these districts viz Kinnool, Trichinopoly and Tinnevely the estimated demand appears to be high when compared with the settled demand of fasli 1303 since ascertained, in Chandaipur and Madurai it is found to be too low. The Board therefore considers that taking one District with another and considering also the increases in the Tanjore District above referred to, the estimates already framed by Government may be left unaltered.

Order thereon, dated 21st January 1875, 2497 His
