From W. J. H. LE FANU, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 21st September 1895, No. 1532.

In pursuance of the circular official memorandum, in the Public Department, No. 2024, dated 17th October 1879, recorded in G.O., No. 1744 W., dated 15th July 1895, indents are being received from the officers of the Public Works Department for a large number of rubber stamps of the descriptions noted in the margin. It appears to me that there is no necessity for the supply of stamps other than Nos. 1 to 4. The addresses on covers may be written by the despatching clerks, as is done in all other departments. If such stamps are required to be supplied, there will be heavy expenditure, not only for making them, but also for repairing them from time to time. I have, therefore, the honour to request that I may be favoured with the orders of Government on this subject.

10. To the Overseer in charge, Canal.
11. To the Officer in charge of Treasury, Kistna.
12. To the Tahsildar.
13. Sets of rubber types or dies to compose several addresses.

ORDER—No. 750, Financial, dated 1st October 1895.

The Government agrees generally with the Superintendent of Stationery and considers, moreover, that the stamps of each description should be so designed as to be of use in any office of the Public Works Department. There is no necessity for supplying each office with a different stamp containing its name. Stamps of the pattern shown in the margin will be supplied to such head offices of the department as require them, and the Public Works Department will be requested to arrange for a consolidated indent for the same being forwarded to the Superintendent of Stationery.

From M.R.Ry. S. SOUNDRARAJA AIYANGAR Avergal, Deputy Collector in Charge of Press, Coimbatore, to the Superintending Engineer, IV Circle, dated 22nd April 1895, No. 12 P.

With reference to your letter No. 151 M., dated 10th April 1895, I regret to have to inform you that as G.O. No. 10 of 5th January 1882, prohibits the printing of covers, I am unable to print the same.

As for the other four forms, I have the honour to inform you that it will take at least a month before they can be printed, as the press is now fully occupied in printing urgent Forest and other notifications and forms.

No. 172 W.

Copy submitted to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to get the covers printed locally as usual.

(Signed) J. HANNAN,
Suptg. Engineer, IV Circle.

No. 1797 C.

The Superintending Engineer is requested to report why the sanction of Government is required. G.O. No. 2453 W., dated 3rd September 1892, apparently covers the case.

11th May 1895.

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 15th May 1895, No. 198 W.

Adverting to your memo. No. 1797 C., dated 11th May 1895, I have the honour to inform you that agreeably to the orders contained in G.O. No. 464 W., dated 26th February 1895, the Deputy Collector in charge of District Gazette Press, Coimbatore, was asked to print certain forms and covers and, in the event of his being

unable to comply with the request, to furnish me with the required declaration to enable me to get the same printed by a private press. In his letter No. 12, dated 22nd April 1895, the Deputy Collector wrote to say that G.O. No. 10 of 5th January 1882, prohibits the printing of covers in the District Press and that the other forms will be printed in due course.

2. The G.O. No. 2453 W., dated 3rd September 1892, quoted in your memorandum under reply appears to have been superseded by G.O. No. 464 W., dated 26th February 1895, according to which printing work cannot be entrusted to private presses in the absence of declaration signed by the Superintendent, Government Press, or other responsible officer to the effect that the work could not have been undertaken at the station without inconvenience to the interests of the public service.

Order—dated 10th June 1895, No. 1370 W., Public Works.

Paragraph 2 of G.O., dated 15th February 1895, No. 160, Financial, does not supersede G.O. No. 2453 W., dated 3rd September 1892, so far as to require the sanction of Government to the execution of official printing at private presses. If the declaration prescribed in paragraph 2 of the first-mentioned order can be obtained, the charges for printing can be authorized by the Superintending Engineer under paragraph 37, chapter VI, Volume I, Public Works Code.

2. As however the printing at Government presses of superscriptions on official covers is prohibited by circular memo., dated 17th October 1879, No. 2024, Public, and G.O., dated 5th January 1882, No. 10, Public, the propriety of declaring paragraph 2 of G.O., dated 15th February 1895, No. 160, Financial, to be inapplicable to the printing of covers at private presses, will be considered in the Financial Department.

(True Extract.)

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

Order—dated 28th June 1895, No. 494, Financial.

Paragraph 2 of G.O., dated 15th February 1895, No. 160, Financial, relates to work that should properly be done at a Government press. It is inapplicable to the printing of covers which has been prohibited at Government presses and therefore *a fortiori* should not be done at Government expense at private presses. It is not understood why the course suggested in official memo., dated 17th October 1879, No. 2024, Public, should not be adopted by the Superintending Engineer. India rubber stamps are suitable for the purpose.

CIRCULAR OFFICIAL MEMORANDUM.

It having been brought to the notice of Government that the time of the Government press is unnecessarily occupied in printing the superscriptions on official covers, the undersigned is directed to state that henceforth such work will not be done at the press and that each office should provide itself with a stamping die or dies for stamping by hand the necessary particulars. The work of cover-making and stamping,

when such instruments have been procured, may be performed by the peons or other inferior servants attached to the office. The cost of such dies will be trifling, and may be charged to contingencies.
