(1) The original of the last year's budget also on the Imprecise Langarkhane grant will show that in all such cases, when Govt gives grants - in aid in addition to the income derived from private sources, it was proposed to make it the rule to call for a full statement of private income & expenditure. You said it should be done this year - I therefore proposed to deal with it separately & calling for the report for 1904-5.

We did it last year if you had not said of

Chandrasekhar we might have done it more was done in 1904-5

(2) I meant that the charge of Rs 50 in the annual of paupers referred only to the Madras district, & that similar charges in other districts were to be added & a lump provision made as usual - This is done by the Af. in his Memorandum Budget. No national party items are amounting to a full detailed head, which could be looked anywhere by the Af. or by us.

Final Report

In any case, the estimate of the Govt workhouse is quite separate & had better issue as a stand.

Doubtless it is but the two have come up together & must be disposed of - I can't have current party dropped - Give the grant & call for the information but don't delay budget - The grant can be cut down if necessary - as a result of the statement discrepancies noticed have been duly pointed
