Order 31st Oct 1895 No 850

The retention of the temporary establishment until the end of 1897-8 is sanctioned.

Proceedings, dated 5th October 1895,
No. 1834 L-Ins

Subject.

Establishment

Approving, with remark, the proposed retention of the temporary of the Sanitary Engineer's office for a further period of two years and transferring the papers on the subject to the Financial Department.

The papers are with the Under Secy (L & M).

The papers were obtained from the L & M only yesterday. They were not available until then.

WITH ORDER

To the Secy. Genl. (A)
L & M Dept. (9)
Sanitary Engineer. (9)

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Sanitary Engineer to Government, d/2nd. August 1895, No. 2139.

I have the honour to request that you will be good enough to obtain the sanction of Government for the retention for a further term of two years 1896-98 of the temporary

For the two years ending 31st. March 1898.

G. O. No. 570 d/9 July 1891 Financial.

2.

Since the date of that explanation the work of the sanitary has increased not decreased and as stated in many letters of late difficult to overtake.

Endorsement

Public Works Department.

Endorsement of the Public Works Department, d/19 September 1895, No. 1011 D.

Read. Memorandum in the Local and Municipal Department No. 1286, d/12 September 1895.

Note by the Chief Engineer, Public Works Department, No. 1010 D. d/19 September 1895.

I think the staff proposed by the Sanitary Engineer to be very moderate and by no means in excess of his requirements, with the exception of the accountants, concerning the necessity for whose entertainment I cannot give an opinion in the absence of information as to the manner in which the expenditure of the Sanitary Engineer is accounted for and audited.

2. If the accounts of all expenditure by his department have to pass through his office, there is probably ample work for them.

3. I would take this opportunity of supporting the Sanitary Engineer's view that the staff should be made permanent.

4. The extra cost of the claim to pension is a mere trifle as compared with the extra efficiency of permanent men, and the invariable experience of this Department is that it is a fatal mistake to employ temporary

temporary men except for work essentially temporary in character, which that of the Sanitary Engineer certainly is not.

No. 1011 D. d/19 September 1895.

Transferred to the Local and Municipal Department.

Order d/5 October 1895, No. 1834 L. M.S.

The retention of the temporary staff referred to for a further period of two years is approved and the papers will be transferred to the Financial Department.

2. Consideration of the recommendation of the Chief Engineer, Public Works Department that the staff should be made permanent will be deferred until orders are passed upon the proposal to amalgamate the Sanitary Engineer's Department with the Public Works Department.
