TOTAL ..	17,000	16,600	132,000	1,61,825

Explanatory Remarks.

(a) These figures differ from the amounts entered in the printed budget owing to changes in the classification of registration receipts since sanctioned by the Accountant General.

(b). The estimate sanctioned in G.O. No 1045. Financial, dated 30th November 1894. was Rs 12,50,000. In the estimates finally passed by Government, it was reduced to Rs 12,20,000. In distributing the difference, the whole amount was deducted from the item "Miscellaneous" instead of from the head "Fees for registering documents" which is the main head. Hence the apparent decrease in the amount of revised estimate under the latter head and there is a corresponding increase under "miscellaneous."

(c) This amount was included under the head "Fees for copies of registered documents" in the sanctioned budget.

That item has now been transferred to "Miscellaneous" with reference to the revised classification of registration receipts.

(d) The revised estimate has been based upon the actuals of the first 6 months of the current year which show an increase of about Rs 24,000 over the collections of the corresponding period of 1894-95. There have been good rains in the months of September and October throughout the Presidency and ~~considerable~~ considerable damage was caused by excessive rains in the Krishna and Godavari districts. There may be slight fall in registrations on account of heavy rains in the months of October, November and December, but it is expected that the deficiency will be made good in the last 3 months of the year. The revised estimate can, in my opinion, safely be placed at Rs 124,000.

(e) I have fixed the estimate for 1896-97 at Rs 20,000 more than the revised estimate. Owing to successive good seasons coming

after a adverse seasons, the increase in revenue was temporarily checked during the past two years, and if the season of 1896-97 turns out to be also a good one, a normal increase of Rs 20,000 may fairly be expected. If the season be adverse the increase will be much more.

Trichinopoly.
31 October 1895

Shri Ram Narayan
Inspector General of Registration

Certified that the total amount viz Rs 12,16,407 entered in the Budget as the actuals of 1894-95 is the amount shown in the departmental accounts, and the figures have been verified with the statement furnished by the Accountant General and all discrepancies noticed have been duly pointed out to him. Owing to a change in the classification of receipts sanctioned by the Accountant General and adopted in the course of the year, the figures under the minor heads had to be re-adjusted; they consequently differ from those entered in the Accountant General's book in which the necessary adjustments could not be made. The figures entered as actuals in the detailed accounts Z.A and Z.B are not the actual remittances under the several

items, but represent the collections roughly approximated with reference to the total amount of remittances. It is not possible to give actuals of remittances within the year in the details entered in the "detailed accounts IA and IB" in the Budget forms provided, as the necessary details are not available in the Treasury accounts.

EXPLANATORY REMARKS.

(a) These figures should be altered to Rs. 25,000 and Rs. 1,32,000, respectively, owing to changes in the classification of registration receipts since adopted by the Accountant-General.

(b) The estimate sanctioned in G.O. No. 1015, Financial, dated 30th November 1894, was Rs. 12,50,000. In the estimates finally passed by Government, it was reduced to Rs. 12,20,000. In distributing the difference, the whole amount was deducted from the item "Miscellaneous" instead of from the head "Fees for registering documents," which is the main head. Hence the apparent decrease in the amount of revised estimate under the latter head. There is a corresponding increase under "Miscellaneous."

(c) The revised estimate has been based upon the actuals of the first six months of the current year, which show an increase of about Rs. 22,000 over the collections of the corresponding period of 1894-95. There have been good rains in the months of September and October throughout the Presidency and considerable damage was caused by excessive rains in the Kistna and Godavari districts. There may be slight fall in registrations on account of heavy rains in the months of October, November and December, but it is expected that the deficiency will be made good in the last three months of the year. The revised estimate can, in my opinion, safely be placed at Rs. 12,40,000.

(d) The estimate for 1896-97 has been fixed at Rs. 20,000 more than the revised estimate. Owing to successive good seasons coming after adverse seasons, the increase in revenue was temporarily checked during the past two years, and if the season of 1896-97 turns out to be also a good one, a normal increase of Rs. 20,000 may fairly be expected. If the season be adverse the increase will be much more. The actuals of the total receipts for the first six months of each of the following years were:—

1892-93	Rs. 7,25,316
1893-94	6,85,412
1894-95	6,42,892
1895-96	6,64,662

In 1892-93 large amounts were credited to "Registration" by book adjustment on account of fees for searches made in connection with applications for loans under the Land Improvement and Agriculturists' Loans Acts.

(e) A sum of Rs. 10,000 was included under the head "Fees for copies of registered documents" in the sanctioned budget. That item has now been transferred to "Miscellaneous" with reference to the revised classification of registration receipts.

EXPLANATORY REMARKS.

(a) These figures should be altered to Rs. 25,000 and Rs. 1,32,000, respectively, owing to changes in the classification of registration receipts since adopted by the Accountant-General.

(b) The estimate sanctioned in G.O., No. 1045, Financial, dated 30th November 1894, was Rs. 12,50,000. In the estimates finally passed by Government, it was reduced to Rs. 12,20,000. In distributing the difference, the whole amount was deducted from the item "Miscellaneous" instead of from the head "Fees for registering documents," which is the main head. Hence the apparent decrease in the amount of revised estimate under the latter head. There is a corresponding increase under "Miscellaneous."

(c) The revised estimate has been based upon the actuals of the first six months of the current year, which show an increase of about Rs. 22,000 over the collections of the corresponding period of 1894-95. There have been good rains in the months of September and October throughout the Presidency and considerable damage was caused by excessive rains in the Kistna and Gódvári districts. There may be slight fall in registrations on account of heavy rains in the months of October, November and December, but it is expected that the deficiency will be made good in the last three months of the year. The revised estimate can, in my opinion, safely be placed at Rs. 12,40,000.

(d) The estimate for 1896-97 has been fixed at Rs. 20,000 more than the revised estimate. Owing to successive good seasons coming after adverse seasons, the increase in revenue was temporarily checked during the past two years, and if the season of 1896-97 turns out to be also a good one, a normal increase of Rs. 20,000 may fairly be expected. If the season be adverse the increase will be much more. The actuals of the total receipts for the first six months of each of the following years were:—

	RS.
1892-93	7,25,316
1893-94	6,85,412
1894-95	6,42,892
1895-96	6,64,662

In 1892-93 large amounts were credited to "Registration" by book adjustment on account of fees for searches made in connection with applications for loans under the Land Improvement and Agriculturists' Loans Acts.

(e) A sum of Rs. 10,000 was included under the head "Fees for copies of registered documents" in the sanctioned budget. That item has now been transferred to "Miscellaneous" with reference to the revised classification of registration receipts.
