GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From the Sanitary Commissioner, dated 14th October 1895, No. 1850.

ABSTRACT.—Submitting the budget estimate of the Sanitary and Vaccination Departments for 1896-97.

From the Sanitary Commissioner, dated 6th November 1895, No. 1958.

ORDER—No. 914, Financial, dated 22nd November 1895.

The actual salary which the Sanitary Commissioner will draw on the 1st April next should have been inserted in the budget in accordance with rule 58 of the instructions circulated with G.O., No. 602, Financial, dated 20th August 1895, and the averages and the actuals of the past three years should have been given in all cases against *Allowances*, *Supplies and Services* and *Contingencies* as required by rules 38 and 39.

2. The provisions made by the Sanitary Commissioner under *Allowances* and *Contingencies* have in some cases been reduced with reference to past actuals. Entries such as "unusual charges" cannot be admitted.

3. Allotments of Rs. 2,000 and Rs. 200 on account of the purchase of scientific apparatus and standard works, respectively, will be entered in the budget. The Government does not consider that the extra clerk on Rs. 35 is needed, nor has sufficient reason been adduced for the entertainment of the proposed temporary establishment for arranging records. The existing establishment, which should not have allowed the records to get into confusion, should be required to work extra hours, if necessary, in order to arrange them properly and select what has to be destroyed.

4. The estimate as passed is shown in the appendix to these proceedings.

(True Extract.)

Sanitary Commissioner for Madras,

Financial Department

Enclosure.

Sir,

With reference to my letter No. 1850/S dated 14th October 1895, forwarding my budget for 1896-97, I have the honor to request that Government will be pleased to permit the following concessions:-

(1) The allowance hitherto made of Rs 200 for the purchase of standard works on Hygiene and allied sciences.

(2) A grant of Rs 2000 for the purchase of suitable microscopical and bacteriological apparatus, for the use of the Sanitary and Deputy Sanitary Commissioner- there being no scientific apparatus of any description available in the office up to date.

(3) The entertainment permanently of an extra clerk on Rs 35. The entertainment permanently of this clerk is regarded as necessary, with respect to the extra work entailed under G.O. No. 1502 dated

dated 19th October 1894, Local and Munici-pal. It is considered that the better supervision of the work fulfilled by Municipalities under compulsory vac-cination than it is at present feasible would thus be brought about, and would be of much practical value. It is im-possible for the present staff to cope with the additional work involved correctly.

(4) The temporary entertainment of a Clerk on Rs 45 per mensem, aided by an attender on Rs 10, for six months with the object of securing the better arrangement of records in this office than is at present the case. These re-cords have for many years past been in an unsatisfactory condition, owing to the small staff available, and, in spite of efforts to the opposite, it is impossible that the whole should be examined and a correct system be introduced without extraneous aid. Moreover, there are a very large num-ber of records that are no longer of utility, and require assortment and destruction. It is considered that the salary named would be the least that would secure a Clerk with the requisite

intelligence.

No. 914, Financial, 22 November 1895.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

From the Sanitary Commissioner, dated 14th October 1895, No. 1850.

Abstract.—Submitting the budget estimate of the Sanitary and Vaccination Departments for 1896-97.

From the Sanitary Commissioner, dated 6th November 1895, No. 1958.

Order—No. 914, Financial, dated 22 November 1895.

The actual salary which the Sanitary Commissioner will draw on the 1st April next should have been inserted in the budget in accordance with rule 58 of the instructions circulated with G.O., No. 602, Financial, dated 20th August 1895, and the averages and the actuals of the past three years should have been given in all cases against *Allowances*, *Supplies and Services* and *Contingencies* as required by rules 38 and 39.

2. The provisions made by the Sanitary Commissioner under *Allowances* and *Contingencies* have in some cases been reduced with reference to past actuals. Entries such as "unusual charges" cannot be admitted.

3. Allotments of Rs. 2000 and Rs. 2,000 on account of the purchase of standard works and scientific apparatus, respectively, will be entered in the budget. The Government does not consider that the extra clerk on Rs. 35 is needed, nor has sufficient reason been adduced for the entertainment of the proposed temporary establishment for arranging records. The existing establishment, which should not have allowed the records to get into confusion, should be required to work extra hours, if necessary to arrange the records properly and select what has to be destroyed.

4. The estimate as passed is shown in the appendix to these proceedings.

Abstract.—Submitting the budget estimate of the Sanitary and Vaccination Departments for 1896-97.

From the Sanitary Commissioner, dated 6th November 1895, No. 1958.

Order—No. 914, Financial, dated 22nd November 1895.

The actual salary which the Sanitary Commissioner will draw on the 1st April next should have been inserted in the budget in accordance with rule 58 of the instructions circulated with G.O., No. 602, Financial, dated 20th August 1895, and the averages and the actuals of the past three years should have been given in all cases against *Allowances*, *Supplies and Services* and *Contingencies* as required by rules 38 and 39.

2. The provisions made by the Sanitary Commissioner under *Allowances* and *Contingencies* have in some cases been reduced with reference to past actuals. Entries such as "unusual charges" cannot be admitted.

3. Allotments of Rs. 2,000 and Rs. 200 on account of the purchase of ~~works and standard~~ scientific apparatus, respectively, will be entered in the budget. The Government does not consider that the extra clerk on Rs. 35 is needed, nor has sufficient reason been adduced for the entertainment of the proposed temporary establishment for arranging records. The existing establishment, which should not have allowed the records to get into confusion, should be required to work extra hours, if necessary, in order to arrange them properly and select what has to be destroyed.

4. The estimate as passed is shown in the appendix to these proceedings.
