NOTE on the (Capital) Six months' estimate of the Máyavaram-Muttupet Railway for the year 1895–96.

The budget estimate has been increased from Rs. 38,000 to Rs 81,500; the excess of Rs. 43,500 is due to endeavours being made to complete the works necessary to bring the line to the proper standard of efficiency. The excess would have been larger but for the water coming down the channels earlier than usual and retarding the progress of work.

2. It is anticipated that the store balance of Rs. 1,500 at the end of 1894–95 will be cleared off during the year.

3. The additional funds required will be sanctioned by this Government in due course.

P.S.

This seems to me highly unsatisfactory — I understood that the Railway was completed, yet now, 18 months after it was opened for traffic, comes this large demand. What is the money wanted for? & how will the total expenditure compare with the Estimate if it is granted?

As regards the surrender by the P.W.D. of 1·99 what is the reason? I don't see much use in making handsome allotments to the P.W.D. if it doesn't spend them. I particularly asked when we settled the allotments for 95-96 whether they could be spent & was assured that they could be. Now, with the year only half spent here is the result. A full explanation should be called for

It is observed from the ~~six months' estimates~~ of the Mayavaram-Muttupet Railway ~~read above~~ that there will be increased expenditure in the current year under both the Capital and Revenue accounts to the extent of Rs. ~~65,500~~ 62000 as shown below:-

NOTE FOR THE HONORABLE MEMBER

MAYAVARAM-MUTTUPET RAILWAY

When the Budget for 1895-96 was prepared, the total outlay on construction up to end of 1893-94 amounted to 22.72 lakhs; the revised and budget estimates were taken at 1.28 and .38, making up a total of 24.38 against the estimate of 27.02 originally sanctioned

2. The actuals up to the end of 1894-95 amounted to 23.99 and, in making up the completion estimate, the P.W.D. found that "in order to bring the line up to the proper standard of efficiency" an outlay of 1.22 lakhs in excess of this 23.99 was necessary. The sanction of the Govt. of India was ~~obtained~~ obtained by the P.W.D. to this increased expenditure, which brings up the total cost to 25.21.

G.O.No. 493 R, dated 31st July 1895. in G.O.No.712 Finl, d/ 20-9-95.

3. Of the increased outlay, .82 will according to the present programme be incurred in this and .40 in the next year.

4. Half the amount will be paid by Local funds.

The figures given in the draft do not tally with those given in the enclosed d.o. from Mr. Upcott. They should be got right; and then, although he says that he is calling for an explanation, make sure of getting one by calling for it officially –

All this is beside the point, which is not that the money is not needed to complete the line, but that this demand has been sprung upon us in the middle of the year after the line was said to have been completed

(ii) PUBLIC WORKS DEPT. EXPENDITURE.

The following para. to be added to the draft is submitted for approval

"3. The large surrender now made by the P.W.D. is highly unsatisfactory. Before the allotments for 1895-96 were fixed, the P.W.D. applied for

NOTE on the (Capital) Six months' estimate of the Máyavaram-Muttupet Railway for the year 1895–96.

The budget estimate has been increased from Rs. 38,000 to Rs 81,500; the excess of Rs. 43,500 is due to endeavours being made to complete the works necessary to bring the line to the proper standard of efficiency. 2. It is anticipated that the store balance of Rs. 1,500 at the end of 1894–95 will be cleared off during the year.

ORDER—No. 926, Financial, dated 26th November 1895.

It is observed that there will be increased expenditure in the current year under both the Capital and Revenue Accounts of the Máyavaram-Muttupet Railway to the extent of ·62 lakh as shown below:—

| Heads of account. | Grant. | Expenditure. | Excess. |
|---|---|---|---|

| 38. State railways' working expenses .. .. | 1·40 | 1·60 | ·20 |
| Total .. | 1·78 | 2·40 | ·62 |

2. Full explanations should be obtained and furnished as to why the necessity for so large an increase was not foreseen earlier; it is now eighteen months since the line was opened for traffic.

3. In view, however, to meeting the excess expenditure a sum of ·62 lakh will be transferred to the Railway department from the surrender of 1·41 already resumed in G.O., No. 467 Financial, dated 22nd June 1895.

4. Before resuming the further surrender of 1·99 lakh now made in Proceedings No. 2592 W., dated 23rd October 1895, the Public Works Department will be requested to state whether the amount cannot profitably be spent during the current year. Every endeavour should be made to utilize it in full.
