GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

From the Director of Public Instruction, dated 30th October 1895, submitting budget estimate of receipts under XIX. Education for 1896–97.

Memorandum No. 2628, Financial, dated 2nd November 1895.

From the Director of Public Instruction, No. 12110, dated 11th November 1895.

With reference to Official Memorandum No. 2628, Financial, dated 2nd instant, I have the honour to return the Educational budget estimate of Revenue and Receipts for 1896–97, with the required actuals duly entered. It was originally intended that the Law College should, like all other Government Colleges, carry on its work between the hours of 10 A.M. and 5 P.M. Hitherto it has not been found practicable to give effect to the above arrangement for want of suitable accommodation. The new buildings will, no doubt, afford ample accommodation, but the College Council, in its resolution passed on the 14th ultimo, to be submitted to Government in a separate communication, has recorded that it will not be possible to give effect to the scheme even after the removal of the College to the new buildings owing to the impracticability of obtaining the services of an efficient staff during court hours under the present or similar terms of remuneration. As no change in the existing system of working is contemplated, it is not likely that there will be any appreciable increase in the strength and consequently in the fee income owing to increased accommodation. Even if the College hours be changed, it is very doubtful whether there will be any accession to the present strength. It does not seem therefore safe to increase the estimated fee income of the Law College for 1896–97.

Order—No. 929, Financial, 27th November 1895.

The estimates are accepted.

EXPLANATORY REMARKS.

(a) In the printed Civil Budget Estimate for 1895-96 the entries relating to fees in Government schools, General and Special, have by mistake been interchanged and they have been correctly shown here.

(b) The increase over the budget and revised estimates is due to the collection of fees at enhanced rates throughout 1896-97 according to the fee notification to come into force from the 1st January 1896.

(c) Calculated with reference to the actuals and the present strength.

(d) Fixed with reference to the actuals and the reduced rate of fees sanctioned for the Engineer classes.

* Includes farm and other receipts.

(e) Fees in Practising schools are included under this head.

From the D. P. I. No 12-110 of 11th November 1895

~~SIR,~~

With reference to Official Memorandum no. 2628, Financial, dated 2nd instant, I have the honour to return the Educational Budget Estimate of Revenue and Receipts for 1896-97, with the required actuals duly entered. It was originally intended that the Law College should, like all other Government Colleges, carry on its work between the hours of 10 A.M. and 5 P.M. Hitherto it has not been found practicable to give effect to the above arrangement for want of suitable accommodation. The new building will, no doubt, afford ample accommodation, but the College Council, in its resolution passed on the 14th ultimo, to be submitted to Government in a separate communication, has recorded that it will not be possible

to

to give effect to the scheme even after the removal of the College to the new buildings owing to the impracticability of obtaining the services of an efficient staff during Court hours under the present or similar terms of remuneration. As no change in the existing system of working is contemplated it is not likely that there will be any appreciable increase in the strength and consequently in the fee income owing to increased accommodation. Even if the College hours be changed, it is very doubtful whether there will be any accession to the present strength. It does not seem therefore safe to increase the estimated fee income of the Law College for 1896-97.

I have the honour to be,
Sir,
Your most obedient Servant,

D. Duncan
Director of Public Instruction

From the Director of Public Instruction, dated 30th October 1895, submitting budget estimate of receipts under XIX. Education for 1896-97.

Memorandum No. 2628, Financial, dated 2nd November 1895.

Read—the following paper :—

From the Director of Public Instruction, No. 12110, dated 11th November 1895.

With reference to Official Memorandum No. 2628, Financial, dated 2nd instant, I have the honour to return the Educational budget estimate of Revenue and Receipts for 1896-97, with the required actuals duly entered. It was originally intended that the Law College should, like all other Government Colleges, carry on its work between the hours of 10 A.M. and 5 P.M. Hitherto it has not been found practicable to give effect to the above arrangement for want of suitable accommodation. The new buildings will, no doubt, afford ample accommodation, but the College Council, in its resolution passed on the 14th ultimo, to be submitted to Government in a separate communication, has recorded that it will not be possible to give effect to the scheme even after the removal of the College to the new buildings owing to the impracticability of obtaining the services of an efficient staff during court hours under the present or similar terms of remuneration. As no change in the existing system of working is contemplated, it is not likely that there will be any appreciable increase in the strength and consequently in the fee income owing to increased accommodation. Even if the College hours be changed, it is very doubtful whether there will be any accession to the present strength. It does not seem therefore safe to increase the estimated fee income of the Law College for 1896-97.

Order—No. 929 Financial, 27th November 1895.

The estimates are accepted, ~~as shown in the app~~ ~~endix~~ to their proposal.

Chief Secretary.

Rather leave the entry for Law College receipts alone; Recollect it on this budget that ~~the next entrant~~ will be raised, & receipts should not be viewed in too sanguine a spirit. 23/11/95
