EXPLANATORY REMARKS.

Each item of the estimate under "Receipts" represents the sum of the actuals of the last seven months of 1894-95 and the first five months of the current year. The sanctioned estimate for 1895-96 was based on the actuals of 1893-94 which were abnormal—vide paragraph 6 of Board's Proceedings, No. 305, dated 20th August 1895.

(a) For details of establishment—*vide* separate statement attached. The estimates have been arrived at by distributing the total sanctioned charge between the Pound, the Irrigation Cess and the Village Service funds in the ratio of their receipts for the last normal year 1892-93, the ratio being determined and the distribution made separately for each district as the distribution of actual charges is made only on the district results.

(b) The estimates represent the average of the last three years.

(c) The estimates have been framed on a consideration of the Collectors' applications.

(d) The estimates represent the actuals of seven months of 1894-95 and of five months 1895-96.

(d) The estimates represent the actuals of seven months of 1894-95 and of five months 1895-96.

(c) The charge under this head will be provided for under "18A, and 18J, General and Miscellaneous," which have not furnished details under this head which have been called for.

Note.—No provision has been made for stationery and printing. The necessary provision is usually made under "Stationery supplied from central stores" and "Government Presses" under "30. Stationery and Printing." No charge on account of printing at private presses or of the purchase of stationery in the country is anticipated. Under "Adjusting heads" no provision is called for as the actuals for 1894-95 were only Rs. 19.
