ABSTRACT.—Submitting budget estimates of Presidency hospitals for 1896–97.

MEMORANDUM.

No. 2695.

Proof of the budget estimate of Presidency hospitals and dispensaries is forwarded to the Surgeon-General for check, completion with reference to the following remarks and very early return.

2. The instructions in the rules circulated with G.O., No. 602, Financial, dated 20th August 1895, have not been observed, and the estimates are entirely devoid of explanatory remarks.

3. Rule 33 of those instructions requires that variations in the columns of numbers should be explained. Under *General hospital—Salaries* and *Establishments*, no explanation has been afforded beyond the reference to G.O., No. 759, Public, dated 9th September 1895, and the mention of the fact that provision has been made for the combined establishments of the two hospitals. The Surgeon-General is requested to furnish a clear statement in the column of "explanatory remarks" comparing the former establishments of (1) the General hospital and (2) the Women and Children's hospital with (3) that of the combined hospital and showing clearly and in detail the various changes proposed in the establishment, stating which of these have been sanctioned and which still await sanction.

4. Full explanations should also be furnished in the column of "explanatory remarks" for each of the following increases over the sanctioned grants of the current year.

5. Details should be furnished for the provision of Rs. 1,500 under *sanitary contingencies* in the General hospital as well as for the *sanitary and other contingencies* shown under the Lying-in hospital.

6. The absence of any provision in 1896–97 for the removal of night-soil from the Leper hospital should be explained.

7. Details of the items *Funeral expenses and other contingencies* under the Voluntary Venereal hospital should be given.

To the Surgeon-General.

From the Surgeon-General, No. 528, dated 29th November 1895.

Abstract.—Resubmitting the above estimates.

Order—No. 997, Financial, dated 12th December 1895.

The Surgeon-General's estimate for the establishment of the General hospital will be accepted pending final orders on the scale to be adopted. The full expenditure on account of the nursing establishment should not, however, be incurred until the rules for the promotion of nurses called for in paragraph 14 of G.O., No. 439, Public, dated 31st May 1895, have been sanctioned.

2. In view of falling prices and of the greater economy of providing bedding and clothing in a single large institution, the allotments for "diet of patients" and "bedding and clothing" in the General hospital will be reduced to Rs. 50,000 and Rs. 7,500, respectively. With the considerable additions recently made to the establishment a sum of Rs. 2,500 should suffice for extra servants. The service postage charges have also been over-estimated and will be reduced to Rs. 150.

3. The allotments for "diets of patients" have, in face of the steady fall in prices, been placed too high in the following hospitals and will be reduced:—

	Surgeon-General's provision.	Reduced provision.
	Rs.	Rs.
Lying-in hospital	15,000	14,500
Ophthalmic do.	6,000	5,000
Voluntary Venereal hospital	5,500	5,000

4. A lump sum of Rs. 5,000 will, with reference to the proposals at present under consideration in connection with the nursing staff of the Lying-in hospital, be added to the provision made for the establishment of that hospital.

5. As directed in paragraph 9 of G.O., No. 953, Financial, dated 4th December 1895, the Surgeon-General will arrange for averages and actuals being shown against *each* item under *Allowances, Supplies and Services* and *Contingencies* in future estimates as well as for complete details being furnished in every case in which the revised estimate exceeds the budget estimate for the year.

6. The estimates as accepted are shown in Appendix A to these proceedings.

Explanatory Remarks.

(a) Shown under General Hospital.

(b) Provision for the combined hospitals (General and Women and Children) is made in accordance with G.O., No. 759, Public, dated the 9th September 1895. A comparative statement of the establishment of the combined and of the separate institutions is given in Appendix B.

Average.	Actuals.		
	1894–95.	1893–94.	1892–93.

336	346	315	347
94,452	86,160	1,07,769	89,428

(c) *Diets of patients and bedding and clothing.*—The actual expenditure for the combined hospital during the last seven months (*i.e.*, March to September) under these items amounted to Rs. 25,343 and Rs. 4,188, respectively, the average daily sick for the period being 385·26. The combined hospital provides accommodation for 500 beds.

(d) *Medicines.*—In the sanctioned estimate of 1895–96, a larger provision was made under this head following the debits in the Accountant-General's books in which the cost of stores supplied to all departments in the presidency towns was shown under Presidency Hospitals. The amount has been curtailed to meet the actual requirements of the hospital.

(e) *Sanitary charges.*—The amount shown under this head includes the charges of various small repairs executed departmentally all over the hospital. No detailed expenditure for next year can be given as it is at present unknown what will be necessary to spend from this source. The Madras Municipality has under consideration the question of removing night-soil free of charge in all Presidency Hospitals.

(f) Provision for lime washing charges is made in accordance with G.O., No. 869, Public, dated the 18th October 1895.

* Provision for the combined hospitals (General and Women and Children) is made in accordance with G.O., No. 759, Public, dated the 9th September 1895.

EXPLANATORY REMARKS.

(b) Diets of Patients and Bedding and Clothing — The actual expenditure for the Combined hospital during the last seven months (ee) March to September under these items amounted to Rs 25343 and Rs 4188 respectively. the average daily sick for the period being 385.26 as the Combined hospital provides accomodation for 500 beds, the excess amounts were provided to suit the altered condition.

(c) Medicines — In the sanctioned Estimate of 1895-96, a larger provision was made under this head following the debits in the Accountant Generals books in which the cost of Stores supplied to all departments in the Presidency towns was shown under Presidency Hospitals, hence the amount has been curtailed to meet the actual requirements of the hospital.

(d) Rents rates and taxes — As the west wing of the station hospital has been handed over to the Civil, it is foreseen that the Municipality will raise the charges for House, water and lighting charges. The amount of Rs 5500 has been budgetted as it is hoped that the whole of the station Hospital may be handed over to the hospital authorities in 1896-97.

Hot weather Charges — This hospital paid only a moiety of the charges for punkah pulling before the west wing of the station Hospital was handed over and it is evident that the Public Works Workshop will charge the Civil Department the other moiety as well when the whole of the station hospital is handed over — hence an encrease almost double the actual paid under this head is applied for.

Service postage — The increase under this item is due to the steady increase in correspondence, which has to be sent by post

Sanitary Contingencies - The amount shown under this head includes the charges of various small repairs executed departmentally all over the hospital - No detailed Expenditure for next year can be given as it is at present unknown what will be necessary to spend from this source.

Proof of the budget estimate of Presidency Hospitals and Dispensaries is forwarded to the Surgeon General, for check, completion with reference to the following remarks and very early return.

2. The instructions in the rules circulated with G.O. No. 602 Finl., dated 20th August 1895 have not been observed and the estimates are entirely devoid of explanatory remarks

3. Rule 33 of the instructions requires that variations in the columns of numbers should be explained, under General Hospital - Salaries and Establishments, ~~but~~ no explanation has been afforded beyond the reference to G.O. No. 759, Public, dated 9th September 1895 and the mention of the fact that provision has been made for the combined establishments of the two hospitals. The Surgeon-General is requested to furnish a clear statement in the column of "explanatory remarks" comparing the former establishments of (1) the General Hospital and (2) the Women & Children's Hospital with (3) that of

the combined Hospital and showing clearly and in detail the various changes proposed in the establishment stating which of these have been sanctioned and which still await sanction.

4. Full explanations should also be furnished in the column of "explanatory remarks" for each of the following increases over the sanctioned grants of the current year.

Madras, 29th November 1895.

From

SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.
SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,

Madras,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,
Financial DEPARTMENT.

SIR,

With reference to official memorandum No. 2695 Financial dated the 8th November 1895, I have the honor to return herewith the proof copy of the Budget portion of the Presidency Hospitals with the information required therein inserted.

I have the honour to be,
Sir,
Your most obedient Servant,
D. Simpson M.B.
Captain
Surgeon ~~Major-General~~,
For Surgeon-General with the Govt. of Madras.

25 .S.G.—200—16-5-94.

Financial Dept.

Order No. 997 d/12 Dec 95.

The ~~Surgeon General's~~ estimate ~~account~~ of the establishment of the Combined General & Women & Children's hospital will be accepted pending final orders on the scale ~~of establishment~~ to be adopted. The full expenditure on account of the nursing establishment should not be incurred until ~~have been sanctioned~~ the rules for the promotion of nurses called for in para: 14 of G.O.(S) 31st May 1895. (No. 429, Public.) have been sanctioned

2. In view of falling prices and of the greater economy of providing bedding & clothing in a single large institution the provision on account of 'Diet of patients' and 'Bedding & Clothing' in the General Hospital will be reduced to Rs 50,000 and 7,500 respectively. allotment for

3. With the considerable addition

recently made to the establishment of the General Hospital ~~it is not~~ understood why so large a provision ~~as Rs 3200 should have been made~~ for "extra servants". ~~An~~ an allotment of Rs 2500 should suffice.

4. The allotments for diets of patients in the following hospitals have, in face of the steady fall in prices, been placed too high and will be reduced ~~as shown~~ below:-

	Actuals 1894-95	Budget Provision for	Relevant Provision for
Lying-in Hospital	15,922	15,000	14,500
Opthalmic	5,870	6,000	5,000
Voluntary Venereal	5,965	5,500	5,000

5. As directed ~~by the~~ in para. of G.O. No. Fin. dt. 8 the Surgeon General will arrange for average and actuals being shown against each item under Allowances, Supplies & Services and Contingencies in future estimates as well as for complete details being furnished in every case in which the revised estimate exceeds the budget estimate for the year.

6. The estimates as accepted are shown in ~~the~~ appendix A to these proceedings.

(From Order) 20 12/12/95

5. A lump sum of Rs 5000. will be added to the provision made for the establishment of the Lying-in Hospital ~~in connection with the Medical College~~ with reference to the proposals at present under consideration in connection with the Nursing Staffs of the Lying-in Hospitals

The service postage charges have also been placed too high over estimated and will be reduced to Rs 167

Note As regards the combined establishment of the Genl. Hospital please see the comparative statements of the cost of the ~~two institutions~~ old and new institutions. As the new combined hospital provides for more beds than the two separate ones did, it seems safer to leave the S. G. to provision for supplies, services & contingencies as provisionally accepted. The scale of establishment may be provisionally accepted.

The provision for diets of patients" in the Leper & Voluntary Venereal hospitals compares with the actuals as follows:-

	Actuals 1894-5	BE 1896-7
Leper. Hospital	19,040	17,500
Voluntary Veny.	5,965	5,500

Any reduction would be unsafe, it is thought

There is a general fall in the provision for "Medicines"

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

From the Surgeon-General, No. 479, dated 1st November 1895.

Abstract.—Submitting budget estimates of Presidency hospitals for 1896–97.

Memorandum.

No. 2695.

Proof of the budget estimate of Presidency hospitals and dispensaries is forwarded to the Surgeon-General for check, completion with reference to the following remarks and very early return.

2. The instructions in the rules circulated with G.O., No. 602, Financial, dated 20th August 1895, have not been observed, and the estimates are entirely devoid of explanatory remarks.

3. Rule 33 of those instructions requires that variations in the columns of numbers should be explained. Under *General hospital—Salaries* and *Establishments*, no explanation has been afforded beyond the reference to G.O., No. 759, Public, dated 9th September 1895, and the mention of the fact that provision has been made for the combined establishments of the two hospitals. The Surgeon-General is requested to furnish a clear statement in the column of "explanatory remarks" comparing the former establishments of (1) the General hospital and (2) the Women and Children's hospital with (3) that of the combined hospital and showing clearly and in detail the various changes proposed in the establishment, stating which of these have been sanctioned and which still await sanction.

4. Full explanations should also be furnished in the column of "explanatory remarks" for each of the following increases over the sanctioned grants of the current year.

5. Details should be furnished for the provision of Rs. 1,500 under *sanitary contingencies* in the General hospital as well as for the *sanitary and other contingencies* shown under the Lying-in hospital.

6. The absence of any provision in 1896–97 for the removal of night-soil from the Leper hospital should be explained.

7. Details of the items *Funeral expenses and other contingencies* under the Voluntary Venereal hospital should be given.

Chief Secretary.

FORT ST. GEORGE,
8th November 1895.

To the Surgeon-General.

From the Surgeon-General, No. 528, dated 29th November 1895.

ABSTRACT.—Resubmitting the above estimates.

ORDER—No. 997, Financial, dated 12th December 1895.

The Surgeon-General's estimate for the establishment of the ~~Combined~~ General ~~and Women and Children~~'s hospital will be accepted pending final orders on the scale to be adopted. The full expenditure on account of the nursing establishment should not, however, be incurred until the rules for the promotion of nurses called for in paragraph 14 of G.O., No. 439, Public, dated 31st May 1895, have been sanctioned.

2. In view of falling prices and of the greater economy of providing bedding and clothing in a single large institution, the allotments for "diet of patients" and "bedding and clothing" in the General Hospital will be reduced to Rs. 50,000 and 7,500, respectively.

3. With the considerable additions recently made to the establishment ~~of the General Hospital~~ a sum of Rs. 2,500 should suffice for "extra servants." The service postage charges have also been over-estimated and will be reduced to Rs. 150.

4. The allotments for "diets of patients" have, in face of the steady fall in prices, been placed too high in the following hospitals and will be reduced:—

	Surgeon-General's provision.	Reduced provision.
	RS.	RS.
	15,000	14,500
Lying-in Hospital	6,000	5,000
Ophthalmic do.	5,500	5,000
Voluntary Venereal Hospital		

5. A lump sum of Rs. 5,000 will, with reference to the proposals at present under consideration in connection with the nursing staff of the Lying-in Hospital, be added to the provision made for the establishment of that hospital.

6. As directed in paragraph 9 of G.O., No. 953, Financial, dated 4th December 1895, the Surgeon-General will arrange for averages and actuals being shown against *each* item under *allowances, supplies and services* and *contingencies* in future estimates as well as for complete details being furnished in every case in which the revised estimate exceeds the budget estimate for the year.

7. The estimates as accepted are shown in Appendix A to these proceedings.

EXPLANATORY REMARKS.

(a) Shown under General Hospital.

(b) Provision for the combined hospitals (General and Women and Children) is made in accordance with G.O., No. 759, Public, dated the 9th September 1895. A comparative statement of the expenses of the combined and of the separate institutions is given in Appendix B.

(c) *Diets of patients and bedding and clothing.*—The actual expenditure for the combined hospital during the last seven months, (*i.e.*, March to September) under these items amounted to Rs. 25,343 and Rs. 4,188 respectively, the average daily sick for the period being 385·26. As the combined hospital provides accommodation for 500 beds, the excess amount, is provided to suit the altered condition.

(d) *Medicines.*—In the sanctioned estimate of 1895-96, a larger provision was made under this head following the debits in the Accountant-Generals's books in which the cost of stores supplied to all departments in the presidency towns was shown under Presidency Hospitals, hence the amount has been curtailed to meet the actual requirements of the hospital.

(e) *Rents, rates and taxes.*—As the west wing of the station hospital has been handed over to the Civil department, the municipality will raise the charges for house, water and lighting charges. The sum of Rs. 5,500 has been budgeted for, as it is expected that the whole of the station hospital will be handed over to the hosp ital authorities in 1896-97.

(f) *Hot-weather charges.*—This hospital paid only a moiety of the charges for punkah-pulling before the west wing of the station hospital was handed over. The Public Works Workshop will charge the Civil department the other moiety as well when the whole of the station hospital is handed over.

(g) *Service postage.*—The increase is due to the steady increase in correspondence, which has to be sent by post.

(h) *Sanitary contingencies.*—The amount shown under this head includes the charges of various small repairs executed departmentally all over the hospital. No detailed expenditure for next year can be given as it is at present unknown what will be necessary to spend from this source.

(i) Provision for lime washing charges is made in accordance with G.O., No. 869, Public, dated the 18th October 1895.

(j) The Madras Municipality has under consideration the question of removing night soil free of charge in all Presidency Hospitals.

EXPLANATORY REMARKS.

(a) Shown under General Hospital.

(b) *Diets of patients and bedding and clothing.*—The actual expenditure for the combined hospital during the last seven months, (*i.e.*,) March to September under these items amounted to Rs. 25,343 and Rs. 4,188 respectively, the average daily sick for the period being 385·26 as the combined hospital provides accommodation for 500 beds, the excess amount, are provided to suit the altered condition.

(c) *Medicines.*—In the sanctioned estimate of 1895–96, a larger provision was made under this head following the debits in the Accountant-Generals's books in which the cost of stores supplied to all departments in the presidency towns was shown under Presidency Hospitals, hence the amount has been curtailed to meet the actual requirements of the hospital.

(d) *Rents, rates and taxes.*—As the west wing of the station hospital has been handed over to the Civil department, the municipality will raise the charges for house, water and lighting charges. The sum of Rs. 5,500 has been budgeted for as it is expected that the whole of the station hospital will be handed over to the hospital authorities in 1896–97.

(e) *Hot weather charges.*—This hospital paid only a moiety of the charges for punkah-pulling before the west wing of the station hospital was handed over. The Public Works Workshop will charge the Civil department the other moiety as well when the whole of the station hospital is handed over.

(f) *Service postage.*—The increase is due to the steady increase in correspondence, which had to be sent by post.

(g) *Sanitary contingencies.*—The amount shown under this head includes the charges of various small repairs executed departmentally over the hospital. No estimated expenditure for next year can be given as it is at present unknown what will be necessary to spend from this source.

(4) The Madras Municipality has under consideration the question of removing night-soil free of charge in all Presidency Hospitals.

Details in the actuals not available.

Provision for linen washing charges is made in accordance with G.O., No. 869, Public, dated the 18th October 1895.

(a) The increase in the number of servants is due to the addition of a dispensary cooly and a massalchee sanctioned in G.O., No. 241, Financial, dated the 15th March 1895.
