Order—No. 2368 L., dated 14th December 1896.

The administration reports of the district boards for the year 1895–96 having been separately reviewed in the orders read above, the Government will now deal with them collectively.

2. It is satisfactory to observe that these reports were received, on an average, only three days after the prescribed date, against eleven and fourteen days, respectively, in the preceding two years. It is, however, a matter for regret that the statements which should have accompanied the South Arcot report were received only after a delay of 37 days. The reports and the accompanying statements, except those from Gódávari, were prepared with greater care than in the previous year. Those from Cuddapah and Gódávari contained the largest number of discrepancies, errors and omissions, while those from Kurnool, North Arcot, Trichinopoly, Anantapur and Nilgiris were the least inaccurate. The Cuddapah report and statements have now for the last five years in succession been the most inaccurate.

I.—GENERAL.

3. *Administration.*—During the year under review, the taluk boards of Anantapur and Penukonda, in the Anantapur district, were reconstituted owing to the formation of the Kalyandrug sub-division of the Dharmavaram taluk as a new revenue taluk and its transfer from the Head Assistant Collector's to the Head-quarter Deputy Collector's division; the taluk board of Satyamangalam was amalgamated with that of Coimbatore in consequence of a change in the revenue divisional charges; the taluk boards of Dindigul, Palni and Periyakulam, in the Madura district, were combined into one under the designation of the Dindigul taluk board, all the three taluks being included in the Sub-Collector's division; and the jurisdiction of three out of the four taluk boards in Nellore was altered owing to a redistribution of the revenue divisional charges. Thirteen new unions were formed in the districts of South Arcot (3), Ganjám (1), Gódávari (3), Salem (1), Tinnevelly (3), Trichinopoly (1), and Vizagapatam (1), while four of the existing unions in the district of Coimbatore were abolished. With these alterations, the system of local fund administration remained the same as in previous years.

4. *District Boards.*—The constitution of the 21 district boards on the 31st March 1896 and the average attendance of the members at the meetings held by them are shown in Appendix I. On that date there were 53 vacancies on these boards against 42 in the previous year, and in consequence of this, the number of official members on the district boards of Anantapur, South Arcot, Bellary, Coimbatore, Ganjám, Malabar, Nellore, Trichinopoly and Vizagapatam exceeded the maximum limit of one-fourth prescribed by the Local Boards Act. The proportion of nominated official members, including *ex-officio* members, to the total strength, was 25·0 per cent. against 25·2 in 1894–95, and that of the elected members 46·2 against 46·0. Under the existing rules, one-half of the number of members sanctioned for each district board were elected by the taluk boards in all the districts except Nilgiris, in which there are no taluk boards. At the end of the year, only the district boards of North Arcot, South Arcot, South Canara, Chingleput, Cuddapah, Kurnool, Salem and Tanjore had the full proportion of elected members. The district boards held altogether 249 meetings against 236 in 1894–95, and five others were adjourned for want of a quorum against two in that year. There was a decrease in the number of meetings held by the Anantapur, Bellary and Gódávari boards, and in these districts, as well as in Cuddapah, Nilgiris, Trichinopoly and Vizagapatam, the number was less than twelve. The average attendance of members at each meeting was sixteen (five officials and eleven non-officials) against seventeen (five officials and twelve non-officials) in 1894–95, the average strength of each board being 31 in both years. There was an improvement in North Arcot, Chingleput, Coimbatore, Ganjám, Gódávari, Kistna, Nellore, Tanjore and Tinnevelly. The attendance of both classes of members in Anantapur, Coimbatore, Gódávari, Nilgiris, Tanjore and Tinnevelly was fair, but that of the officials in Ganjám, Kistna, Madura, Malabar, Nellore and Vizagapatam was poor, being between 30 and 40 per cent. of their number.

5. *Taluk Boards.*—Appendix II shows the constitution and attendance of the taluk boards, of which there were 82 against 85 in 1894–95. On the 31st March 1896 there were 45 vacancies on these boards, against 68 in the previous year, and owing to this eleven of them had less than the minimum number of members (12) prescribed by the Local Boards Act. The taluk boards held in the aggregate, 1,088 meetings against 1,139 in 1894–95, while 27 meetings were adjourned for want of a quorum against 21. The Bezwada and Sérmádévi Boards alone failed to meet once a month as required by section 28 of the Act, but no explanation of this irregularity has been furnished. Taking the taluk boards of each district together, North Arcot and Tanjore headed the list with an average of fifteen meetings, while the average in no district was less than twelve. Compared with the previous year, there was an advance in four districts and a decline in seven others. The average attendance declined from 56·2 to 55·6 per cent. of the total strength of the boards. The attendance of the official members in Bellary, Malabar, Salem and Tanjore, and of the non-officials in Anantapur, South Arcot, South Canara, Coimbatore, Cuddapah, Nellore, Salem and Vizagapatam, was good, being about 60 per cent. of their strength. On the other hand, the official members in Kistna, Kurnool and Madura, and the non-officials in Madura and Trichinopoly, were not regular in their attendance. The worst instances of remissness in this respect have already been noticed in the individual reviews. The taluk boards continued to work, on the whole, satisfactorily.

6. *Union Panchayats.*—There were 361 union panchayats at work at the end of the year, against 352 in 1894–95, and their constitution and the number of meetings held by them are shown in Appendix III. In consequence of the vacancies which occurred towards the end of the year, the panchayats of Uravakonda in Anantapur, Chettipalayam and Kurichi in Coimbatore, Ichchápuram in Ganjám, Avanigadda, Challapalle, Nuzvid, Krosuru, Mangalagiri, Tenali, Vétapálemu and Vinukonda in Kistna, and Chandrapatti in Salem, had less than the minimum number of members (5) fixed by the Act, and the number of official members exceeded that of the non-officials in the panchayats of Pulivendla (Cuddapah), Avanigadda (Kistna), Répalle (Kistna), Krosuru (Kistna), Vétapálemu (Kistna), Rasipuram (Salem), Tammampatti (Salem), Védáraniyam (Tanjore) and Virudupatti (Tinnevelly), while in the eight panchayats noted in the margin, which had the full sanctioned strength, the number of official members exceeded that of the non-officials. The necessary steps to remove this preponderance of the official element have already been taken or directed to be taken. The union panchayats met altogether 4,868 times against 4,798 in 1894–95, the average being 13 against 14 in that year. Excluding the panchayats newly constituted during the year, 62 of them failed to meet once a month as required by section 129 of the Act. In reviewing the individual reports, the attention of the Presidents of the taluk boards concerned has been drawn to this irregularity, and the Government trusts that there will be less cause of complaint in this respect in the current year.

Mannárgudi	(South Arcot).
Madanapalle	(Cuddapah).
Purushottapur	(Ganjám).
Jagapatinagaram	(Gódávari).
Solavandan	(Madura).
Námakkal	(Salem).
Dharmapuri	(Salem).
Melaseval	(Tinnevelly).

The administration of the union panchayats in Nellore, which, in the previous year, was unfavourably remarked upon in all but four of them, improved, and was, on the whole, not unsatisfactory. In the other districts, their working is reported to have been generally good, except in Dharmavaram in Anantapur, Arni in North Arcot, and Achanta in Gódávari, in the last of which the factious spirit which existed in 1894–95 still continued. On the whole, the Chairmen and members of the union panchayats appear to have exhibited a considerable amount of zeal, interest and intelligence in the discharge of the duties entrusted to them, and there is every indication that these institutions are yearly being better appreciated by the people. The ward system of supervision, which was adopted in all the districts, but not in all the unions, is reported to have worked fairly well in most cases. The Government trusts that the panchayats will endeavour to make the system a success. Early steps should be taken to introduce it in the unions to which it has not been yet extended. The private scavenging system continued to be in operation in the unions of Tadpatri (Anantapur), Hindupur (Anantapur), Chingleput, Méttupálaiyam and Dhárápuram (Coimbatore), Russellkonda (Ganjám), Nandyal (Kurnool), Hosúr and Rasipuram (Salem), Musiri, Kulittalai and Turaiyúr (Trichinopoly) and Melaviraraghavapuram and Kilaviraraghavapuram (Tinnevelly). In the unions of Satyamangalam (Coimbatore) and Uttamapálaiyam and Sivaganga (Madura) the experiment proved a failure and had to be discontinued. During the year under review, it was extended to the Ránipéttai, Kálahasti, Arkonam, Arni, and Polur unions in North Arcot, Yemmiganúru in Bellary, Uttramerur in Chingleput and Pettai in Tinnevelly. On the whole, it appears to have worked with a fair amount of success, though in a few cases the result was not gratifying.

7. *District, Taluk and Union Funds.*—The receipts and charges of the several local boards and union panchayats are shown in detail in Appendices IV, V and VI, furnished by the Accountant-General, while their financial position is exhibited in Appendix VII. The following statement compares the total figures with those of the previous year:—

—	1894–95.				1895–96.			
	District funds.	Taluk funds.	Union funds.	Total.	District funds.	Taluk funds.	Union funds.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Opening balance	8,01,776	9,63,544	1,00,218	18,65,538	9,95,608	9,34,418	1,39,838	20,69,864
Receipts	44,43,283	33,35,789	3,86,103	81,65,175	42,98,693	33,54,427	4,30,094	80,83,214
Repayment of loan from district to taluk funds ..	— 5,000	+ 5,000	..	..	— 5,000	+ 5,000	..	..
Interest on loan from district to taluk funds ..	— 500	+ 500	..	..	..	..	..	
Allotments from district to taluk funds	—5,59,595	+5,59,595	..	..	—6,61,758	+6,61,758	..	..
Allotments from taluk to district funds	+ 33,358	— 33,358	..	..	+ 38,542	— 38,542	..	..
Allotments from taluk to union funds	..	—2,00,172	+2,00,172	..	..	—1,63,001	+1,63,001	..
Allotments from union to taluk funds	..	..	..	..	..	+ 4,360	— 4,360	..
Total assets ..	47,13,322	46,30,898	6,86,493	1,00,30,713	46,66,085	47,58,420	7,28,573	1,01,53,078
Total expenditure ..	37,17,714	36,96,480	5,46,655	79,60,849	36,79,673	38,84,749	5,79,693	81,44,115
Closing balance ..	9,95,608	9,34,418	1,39,838	20,69,864	9,86,412	8,73,671	1,48,880	20,08,963

The opening balance of the year was Rs. 20,69,864 against Rs. 18,65,538 in 1894–95. Excluding debt heads (Rs. 3,81,361) and contributions from one district board to another (Rs. 2,160), the actual receipts amounted to Rs. 76,99,693 against Rs. 77,63,701 in the previous year, and the charges, excluding debt heads (Rupees 3,46,928) and contributions from one district board to another (Rs. 2,160), to Rupees 77,95,027 against Rs. 76,38,739. Thus the year closed with a balance of Rupees 20,08,963, of which, however, Rs. 4,96,563 appertained to endowed institutions in charge of the local boards, and Rs. 1,15,764 to the Railway Guarantee Fund in Tanjore, leaving Rs. 13,97,636, or 18 per cent. of the receipts, available for general purposes. The principles upon which the receipts and charges were distributed among the local boards and union panchayats continued to be the same as in previous years.

8. *Incidence of Taxation.*—The incidence of local fund taxation per head of the population in each district according to the census of 1891 is shown in Appendix VIII. The average for the presidency was As. 3 including, and As. 2–8 excluding, tolls, against As. 3 and As. 2–7, respectively, in the previous year. Including tolls, the incidence was low in Malabar (As. 2–2), Coimbatore (As. 2–4) and Salem (As. 2–4), and was, as usual, very high in the Nilgiri district (As. 10–4), the circumstances of which, however, are exceptional. It was below As. 4 in the other districts, except Kistna (As. 4–10) and Gódávari (As. 4–7).

II.—RECEIPTS.

9. *Receipts.*—The receipts of all local boards and union panchayats under the several heads are compared with the corresponding figures for the previous year in Appendices IV and IX. The year opened with a balance of Rs. 20,69,864 against Rs. 18,65,538 in 1894–95. The increase was the net result of an increase of Rupees 3,48,241 in fourteen districts and a decrease of Rs. 1,43,915 in the remaining seven. The actual receipts amounted to Rs. 76,99,693 against Rs. 77,63,701 in the previous year.

10. *Land-cess.*—This tax was levied at two annas per rupee of the land assessment in Malabar and Nilgiris (excepting South-east Wynaad), at one anna and six pies in South Canara, and at one anna in South-east Wynaad and the remaining districts. In Tanjore a fourth of the income under this head was, as before, reserved for railway operations. Appendix X shows the demand, collection and balance of the cess. The current demand was less than in the previous year by only Rs. 3,610. The collections amounted to Rs. 49,71,193 against Rs. 49,59,997 in 1894–95, the proportion they bore to the total demand (current and arrears) in both years being 95 per cent. In Nilgiris the collections exceeded the demand by 24 per cent., the increase being due chiefly to the enhancement of the rate. They were excellent in South Arcot, Nellore and Tanjore, where more than 99 per cent. of the demand was realised,

good in South Canara (98 per cent.), Gódávari (98), Madura (98), Salem (98), Anantapur (91), Kistna (97), and Chingleput (96), and bad in Ganjám (77). The poor result in the last case has not been explained.

11. *Tolls.*—From Appendix XI, which shows the statistics of tolls, it will be seen that an additional toll-gate was established in Madura and another in Malabar, while in South Canara one of the existing gates was abolished. The position of some of the gates in North Arcot (2), Bellary (1), Chingleput (2), Madura (1), Salem (2), and Trichinopoly (1), having favoured evasion of tolls, they were transferred to other sites and in Chingleput the establishment of an additional subsidiary gate was sanctioned. There were thus 277 gates at the close of the year in all the districts except Gódávari against 276 in 1894–95. The maximum rates were levied at 99 gates and half rates at the remaining 178. The usual arrangements, under which tolls on certain roads under the control of the Public Works department or municipal councils were collected by the district boards, were continued. The collections under this head amounted to Rs. 7,64,485 against Rs. 7,35,112 in 1894–95, and of this sum Rupees 6,42,038 were realised at the district board toll-gates and Rs. 1,22,447 were contributed by municipal councils as the local fund share of the tolls collected by them, the corresponding figures for the previous year being Rs. 6,15,662 and Rs. 1,19,450. The increase in the former case was due to the establishment of additional toll-gates, transfer of some of the toll-gates to other sites, and brisk competition at the sales of the farms. On the other hand there were large decreases in Ganjám and Vizagapatam, caused by apprehensions as to the effect of the opening of the East Coast Railway. The increase of Rs. 2,997 in the contributions received from municipalities occurred chiefly in Kistna and Tinnevelly. The whole of the demand under local fund tolls was realised in Bellary, South Canara, Chingleput, Coimbatore, Kurnool, Nilgiris, Salem and Vizagapatam. In North Arcot, Madura, Malabar, Tanjore and Trichinopoly the collections were also good; but in Nellore they amounted to only 80 per cent. of the demand. The whole of the current demand in this district was, however, realised, and suits were filed for the recovery of the arrear demand, and decrees obtained in the board's favour. Excluding the contributions paid to Provincial and Municipal funds and the charges for establishments and contingencies, the net revenue from tolls was 31 per cent. of the expenditure on roads. In South Canara, the proportion was as much as 76 per cent.

12. *House-tax.*—The tax on houses was levied in all the unions except two in the districts of North Arcot and Tinnevelly. The maximum rates were in force in 202 unions, three-fourths rates in 34, two-thirds rates in 7, half rates in 113, and one-third rates in the remaining three. The collections amounted to Rs. 3,63,145 against Rs. 3,26,890 in 1894–95, the proportion they bore to the total demand (current and arrears) in both years being 92 per cent. The tax was most productive in Tinnevelly where Rs. 56,754 were collected in 28 unions, and least so in Nellore where in 14 unions only Rs. 7,843 were realised. The collections were good in Chingleput, North Arcot, Salem, Trichinopoly, Kurnool and Madura, where more than 95 per cent. was realised, and in the other districts they did not fall below 84 per cent. The incidence of this tax and other particulars connected with it are shown in Appendix XIII. From this it appears that the total number of houses in the unions, according to the census of 1891, was 548,234 with a population of 2,771,372. As the number of houses actually assessed was 600,654, it may be presumed that due care was generally taken to prevent evasion of the tax. In the 24 unions marginally named, however, more than 25 per cent. of the number of houses remained untaxed. No explanation of this has been offered in the district reports, except in the case of Achanta in Gódávari. In a certain proportion of these cases, this was apparently due to exemptions granted on the score of poverty. It is the duty of Presidents

of taluk boards to satisfy themselves, as directed in paragraph 11 of G.O., No. 2323 L., dated 29th November 1895, that no houses which are liable escape taxation. Information on this point should always be furnished in the district boards' reports. The average incidence per house taxed was As. 9–10, against As. 9–3 in the previous year, and ranged from Rs. 3–0–4 in Kodaikánal (Madura) to As. 2–7 in Pórumámilla (Cuddapah). The number of distress warrants issued for the collection of the tax was 18,766 against 21,020 in the previous year; but the number of cases in which property was sold was only 342 and the amount involved Rs. 200, the corresponding figures for that year being 428 and Rs. 240. The tax-payers appear to have generally paid their dues without difficulty. The contributions made from taluk to union funds were in many cases largely in excess of the lighting charges which the taluk boards have to meet under section 142 of the Local Boards Act. It is not however fair that the funds raised from the general district population should be spent for the benefit of the people living within the union limits, and the taluk boards should consider whether the rate of house-tax which is now levied in some of the unions under their control at less than the maximum rates should not be raised, so as to make the unions more nearly self-supporting.

13. *Educational.*—The receipts under this head fell from Rs. 2,30,265 to Rupees 2,27,111, the decline being the net result chiefly of a decrease of Rs. 4,004 under contributions from private individuals and Rs. 3,052 under sale-proceeds of books, and an increase of Rs. 4,052 under school fees. The decrease under the first head occurred in Kistna, where the actuals of the previous year included the sale-proceeds of Government promissory notes appertaining to the Jubilee Fund, while the decline in the second was spread over many districts. The increase under school fees was owing to the improvement in the attendance at board schools.

14. *Medical.*—The income under this head amounted to Rs. 22,712 against Rs. 20,146 in 1894–95. The increase, which occurred chiefly under income from endowments in Tanjore, was due to the receipt from the Negapatam municipality of the accumulated proceeds of the Puttur inam which have been transferred to the district board by Government as a contribution towards the maintenance and improvement of the Rajamirasidar hospital.

15. *Interest.*—The total amount invested by the local boards in favour of the endowed institutions in their charge and inclusive of the Railway Guarantee fund in Tanjore was Rs. 11,35,912 against Rs. 12,36,342 in the previous year, and the interest derived therefrom was Rs. 40,470 against Rs. 54,098, as shown in Appendix XIV.

16. *Miscellaneous.*—The income derived from choultries, markets, bungalows, and other miscellaneous sources as detailed in Appendix IX, was almost the same as in the previous year* though there were noteworthy variations under some of the individual items and amounted to Rs. 9,17,739.

(*a*) *Choultry Rents.*—The receipts under this head amounted to Rs. 2,48,679 against Rs. 2,67,033 in the previous year, the decrease, which occurred mainly in Tanjore, being due, apparently, to the absence of large arrears as in that year.

(*b*) *Market Rents.*—There were 552 markets under the control of the local boards against 534 in the previous year, and fees were levied in 491 of them against 479. The income derived from these institutions rose from Rs. 1,40,952 to Rs. 1,56,393 and the charges connected with them from Rs. 1,53,108 to Rs. 1,68,636. The markets are reported to have been, on the whole, in good condition and freely resorted to by the people, but, as in previous years, there was a large balance of Rs. 2,17,801 to their credit at the end of the year. Little or no attention appears to have been paid in many districts to the repeated orders of Government regarding the utilisation of this balance. This is most unsatisfactory. Immediate steps should be taken to spend such accumulations on the improvement of the markets and the construction and repair of roads leading to them.

(*c*) *Bungalow Fees.*—The number of bungalows under the management of the local boards was 404 against 399 in the previous year, and they are reported to have been maintained, on the whole, in good condition.

* The sum of Rs. 9,27,013 shown in the last General Review included Rs. 9,981, being fishery rents collected by the Public Works Department which are now shown in Appendix IV under Public Works.

(*d*) *Ferry Rents.*—The income under this head rose from Rs. 1,78,801 to Rupees 1,94,288, the increase, which occurred chiefly in Gódávari, being due to keen competition at the sale of some of the ferries, the establishment of the ferry at Narsapur, and the enhanced receipts at the Rajahmundry steam-ferry.

(*e*) *Fishery Rents.*—The receipts amounted to Rs. 1,14,559, or Rs. 1,281 less than in the previous year. Of this sum Rs. 1,06,282 were realized by the Revenue department and Rs. 8,277 by the Public Works department.

(*f*) *Avenues.*—Appendix XV shows the statistics of avenues in the several districts. Of the 26,504 miles of roads in charge of the local boards, 17,036 were provided with avenues, the corresponding figures for the previous year being 26,385 and 16,737. This continued increase is satisfactory, but as the total number of trees at the end of the year was only 2,889,821, or 170 per mile of road planted, against 169 in 1894–95, there is still considerable scope for the extension of operations. It is noted that the number of trees which perished during the year in South Arcot, Bellary, Kistna and Tinnevelly exceeded the number planted, and that in Nellore no trees at all were put down while 295 perished. It is to be regretted that the receipts from avenues again fell, the decline being from Rs. 1,16,861 to Rs. 93,422, and being considerable in Salem and South Arcot. In Salem it is ascribed to a fall in the market price of tamarind and to the scanty produce expected at the time of the leases. In South Arcot it is attributed to a general failure of avenue produce, owing to over production in the previous year. The expenditure incurred on the plantation and maintenance of avenues amounted to Rs. 1,02,751 against Rs. 86,875 in 1894–95. The condition of the avenues is reported to have been, on the whole, good.

17. *Contributions from Provincial Funds.*—The receipts under this head amounted to Rs. 3,25,461 against Rs. 3,17,220 in 1894–95, as shown below :—

	1894–95.	1895–96.
	Rs.	Rs.
(1) Public Works	1,49,171	1,62,560
(2) Schools	95,817	1,03,391
(3) Hospitals and dispensaries	6,126	5,326
(4) Choultries	32,106	36,007
(5) General purposes	18,000	18,177
(6) Famine-relief works	16,000	..
Total ..	3,17,220	3,25,461

The increase under Public Works was due chiefly to the receipt of a contribution of Rs. 10,800 by the South Arcot District Board towards the construction of the Uppanar bridge, an additional grant of Rs. 7,000 by the Nilgiri District Board and an additional profit of Rs. 15,363 realized by the Tanjore District Board from the working of the Máyavaram-Muttupet railway. The increase under grants for schools occurred chiefly in North Arcot, Gódávari, Madura, Tanjore and Vizagapatam. In Gódávari the arrears of grants in certain schools under the Ellore Taluk Board were adjusted and better results were attained in some of the schools. The increase in the other districts, as well as the large decrease noticeable in Bellary, has not been explained.

18. *Contributions from Special Funds.*—The sum of Rs. 371 shown under this head was the proportionate cost of the travelling allowance of the local audit clerks recovered from special funds.

19. *Contributions from Municipalities.*—These amounted to Rs. 10,509, against Rs. 16,344 in the previous year, as shown below :—

	1894–95.	1895–96.
	Rs.	Rs.
Education	1,786	1,471
Medical	4,577	4,946
Public Works	9,679	3,602
Miscellaneous	302	490
Total ..	16,344	10,509

The decrease under the third head occurred chiefly in Kistna and Madura. It was due in Kistna to the receipt of a sum of Rs. 4,124 in 1894–95 from the Bezwada and Masulipatam municipal councils towards the construction of certain roads and the Arundel chattram, and in Madura to the payment in that year of Rs. 2,000 by the Periyakulam municipal council as the first instalment of its promised contribution towards the construction of a bridge over the Varahanadi.

III.—EXPENDITURE.

20. Excluding debt heads (Rs. 3,46,928) and contributions from one district board to another (Rs. 2,160), the total charges amounted to Rs. 76,38,739 in the previous year. The increase occurred under all the grants except Grant 4, and under Investments. Appendices V and XVI show the total charges under the several heads as compared with those of the year 1894–95. The expenditure under each Grant and the proportion it bore to the total outlay are exhibited in the following abstract:—

Grants.	1894-95.	1895-96.	Percentage.	
			1894-95.	1895-96.
	Rs.	Rs.		
Grant 1, Public Works	42,95,355	43,17,310	56	55
,, 2, Education	11,43,293	11,68,462	15	15
,, 3, Medical and sanitation	14,23,330	14,73,092	19	19
,, 4, Public and charitable institutions	3,10,627	3,09,964	4	4
,, 5, Supervision and management	4,65,484	4,79,685	6	6
Investments in Government securities	650	46,514	..	1
Total expenditure ..	76,38,739	77,95,027	100	100

Grant 1.—Public Works.

21. Appendix XVII shows the particulars of the outlay on public works and the cost of the engineering establishments including contingencies and tools and plant. The total expenditure on public works rose from Rs. 32,98,829 to Rs. 35,33,013, the increase appearing chiefly in South Canara, Gódávari, Kistna, Madura, Nellore and Trichinopoly. This sum represents 46 per cent. of the year's receipts and 45 per cent. of the total expenditure, and it was spent by the several agencies as shown below:—

	1894-95.	1895-96.
	Rs.	Rs.
By the engineering establishments employed by the local boards	31,65,714	33,70,256
By the Revenue department	1,02,871	1,82,075
By the Public Works department	30,244	30,682
Total ..	32,98,829	35,33,013

Of the total amount, Rs. 30,66,837, or 89 per cent. of the allotment, were spent on communications, against Rs. 28,31,026 or 89 per cent. in 1894–95. Of this, an expenditure of Rs. 30,36,252 was incurred by the Local Fund engineering establishments and the Revenue department, and Rs. 30,585 by the Public Works department. The principal works executed by the last mentioned department were the construction of an iron girder bridge at the 34th mile of the Masulipatam canal, the widening of the right bank of the West Delta main channel and certain petty works in the Kistna district, improvements to the Kumattittadal village road in Tanjore, and the maintenance of roads on tank, canal and channel banks in the districts of North Arcot, South Arcot, Ganjám, Gódávari, Kistna, Nellore, Tanjore and Trichinopoly. The outlay on the construction and repair of school-houses, hospitals, dispensaries, bungalows, choultries, &c., was Rs. 2,06,473, or Rs. 6,697 more than in the previous year. On miscellaneous public improvements, such as the planting and maintenance of avenues and the construction and repair of markets, tanks and wells, the expenditure was Rs. 2,59,703 against Rs. 2,68,027 in 1894–95. Of this sum, Rs. 97 were spent by the Public Works department on the repair of the fresh-water channel at Nizampatam, in the Kistna district.

The expenditure on public works executed by the Local Fund engineering establishments amounted to 85 per cent. of the sanctioned allotment, against 84 per cent. in the previous year. The proportion was high in Anantapur (98 per cent.), Trichinopoly (98), Kistna (97), Chingleput (96) and Nilgiris (96), and low in Nellore (50), South Canara (70), Salem (75) and Kurnool (79). The explanations given for the short outlay are summarised in the last column of Appendix XVII. These have not been accepted by Government as satisfactory, except in the case of South Canara.

22. *Roads.*—The statistics of roads in the several districts, excluding certain main lines of communication in Malabar and Nilgiris, which continued to be in charge of the Public Works department, are shown in Appendix XVIII. There was an increase of 235 miles in the length of roads actually maintained by the local boards and union panchayats, the greater portion of which occurred in Nellore, Cuddapah and South Canara. The outlay on new roads, including those in progress but not yet completed, was again large in Kistna, being 37 per cent. of the total expenditure in all districts. In Tanjore, Ganjám, Gódávari and Vizagapatam, it varied from Rupees 10,000 to Rs. 17,000 and in the remaining districts it was below Rs. 10,000. The average cost of maintaining each mile of road was Rs. 111, or Rs. 7 more than in the previous year. It was high in Kistna (Rs. 274), Chingleput (Rs. 177), Nellore (Rs. 175), Gódávari (Rs. 169), and low in Anantapur (Rs. 49), Kurnool (Rs. 55) and South Canara (Rs. 58). The average exceeded that of the previous year in twelve districts and fell below it in seven, while in Chingleput and Malabar it was stationary.

A comparative statement has been appended (Appendix XVIII-A) showing for each district the percentage which the expenditure during the year on communications bears to the net income from tolls *plus* half the receipts from the land-cess. The only districts in which the expenditure reached the prescribed proportion were South Canara (103·5), Chingleput (106·7), Gódávari (136·8), Kistna 100·5), Madura (106) and Nilgiris (236). Of these, however, the Nilgiri district received the very large contribution of Rs. 74,000 from Provincial revenues, while Chingleput was granted Rs. 15,000 and Gódávari Rs. 600. The other districts aided from the Provincial budget were South Arcot (Rs. 11,148), Bellary (Rs. 4,700) and Ganjám (Rs. 10,000). The districts which were least successful in attaining the prescribed proportion were Anantapur (74·4), Cuddapah (73) and Kurnool (69·1).

The roads in Anantapur, Malabar, Nilgiris and Trichinopoly, and with certain exceptions those in North Arcot, South Canara, Chingleput, Coimbatore, Kurnool and Vizagapatam, are reported to have been in fair order, while in Kistna and Tinnevelly there was considerable improvement. In Ganjám, the roads in the northern portion continued to be bad, while in the southern portion they remained fair; in South Arcot, Bellary, Cuddapah, Madura and Salem, their condition was, except in a few cases, far from satisfactory, and in Gódávari, Nellore and Tanjore it was bad. The increased allotments which have been provided in the budgets for the current year, with reference to the instructions issued in G.O., No. 1686 L., dated 14th September 1895, should enable the Boards to effect a general improvement throughout the presidency. The roads in Malabar, with one exception, continued to be maintained on what is known as the A system of contracts and with good results. This system was introduced in South Arcot during the year under review, but owing to the want of trustworthy contractors it proved a failure.

23. *Establishments, &c.*—The district boards maintained, as usual, their own engineering establishments for the execution of public works, the cost of which was generally met from the district and taluk funds in proportion to the expenditure incurred from each. The construction of important bridges and the maintenance of roads on tank, canal and channel banks were, however, entrusted to the Public Works department. As in previous years, the Local Fund engineering establishments worked directly under the district boards and their cost amounted to Rupees 5,71,992 or 17 per cent. of the expenditure on works executed by them, against Rs. 5,64,046 or 18 per cent. in 1894–95, the maximum fixed by Government being 20 per cent., and the charge payable to the Public Works department for the execution of local fund works, 23 per cent. The maximum limit was again exceeded in

Anantapur, Kurnool and Cuddapah by 4, 4 and 3 per cent., respectively, in consequence chiefly of the small outlay on works. As the allotment for communications will be gradually raised with reference to G.O., No. 1686 L., dated 14th September 1895, it is hoped that the cost of the engineering establishment in these districts will be eventually brought down to the prescribed limit. On the other hand, the percentage was low in Gódávari (13), Trichinopoly (14), Chingleput (15), Kistna (15), Madura (15) and Tanjore (15). A sum of Rs. 2,184 was contributed to the Public Works department for the execution of local fund works in Gódávari, Kistna and Nellore, and Rs. 12,282 for the scrutiny of plans and estimates for local fund works at the rate of $2\frac{1}{2}$ per cent. on the total of the estimates.

The cost of toll and ferry establishments was Rs. 4,683, or Rs. 2,482 more than in the previous year, the increase, which occurred chiefly in Gódávari and Trichinopoly, being due, in the first case, to the establishment entertained for the Narsapur steam-ferry, and, in the second, to the departmental management of three of the toll-gates which in 1894–95 had been leased out.

The expenditure on tools and plant by the Local Fund engineering establishment amounted to Rs. 31,623 or 0·9 per cent. of the outlay on works executed by it against 0·7 per cent. in the previous year, the maximum limit prescribed by Government for all districts, except Nilgiris, being one per cent. In South Canara, Gódávari, Kurnool, Salem, Tanjore and Trichinopoly, however, the maximum limit was exceeded, the excess being particularly large in Salem and Kurnool, where it was 3·2 per cent. and 2·9 per cent., respectively. The increase in Salem was due to large purchases on the abolition of the contract system of spreading materials, while in Kurnool it was ascribed chiefly to the debit to this head instead of to "Contingencies", of the cost of tents supplied to the Local Fund engineer, and to the replacement of unserviceable tools. There was in addition an expenditure of Rupees 22,557 on tools required for works undertaken by the agency of the Public Works department.

24. *Contributions.*—The amount contributed to Provincial and Municipal funds and to private individuals was Rs. 1,28,526 against Rs. 3,86,269 in 1894–95. The decrease occurred chiefly in Tanjore, where only Rs. 63,342, against Rs. 3,19,964 in the previous year, were paid to Provincial funds, being a moiety of the expenditure incurred by the Public Works department on the construction of the Máyavaram-Muttupet Railway in 1894–95.

Grant 2.—Education.

25. There was no change in the lines on which the educational operations of local boards were conducted. Excluding Rs. 37,457 spent on school buildings and debited to Grant 1, the total expenditure on education amounted to Rs. 11,68,462, or Rs. 25,169 more than in the previous year, the increase occurring chiefly under inspection, training schools and board secondary schools. The receipts and charges of the board and aided schools are shown in appendices XIX to XXI, which do not include the receipts from the sale of books and contributions from municipalities and the charges incurred on the purchase of books and other miscellaneous items.

26. *Inspection.*—There were 195 inspecting schoolmasters in the service of the district boards against 190 in 1894–95, and they visited 23,680 villages * and prepared 20,936 * schools for examination against 21,744 and 20,384, respectively, in that year. These officers are reported to have worked, on the whole, satisfactorily. The charges on their account rose from Rs. 91,215 to Rs. 97,823, the increase occurring chiefly in Ganjám, Gódávari, Kistna and Malabar. In Ganjám and Malabar it was due to the payment of the arrears of pay and travelling allowance of the previous year and in Gódávari to the entertainment of two additional inspecting schoolmasters. No explanation has been offered of the increase in Kistna.

27. *Training Schools.*—In Madura and Tinnevelly, the district boards had their own training schools, while in Malabar there were three such preparatory schools

* The statistics for 1895–96 not having been furnished in the case of the Narsapur range of the Gódávari district, the figures of the previous year have been adopted.

for Mappilas under the district board. There was a further decline from 45 to 41 in the attendance in the Normal department of the Technico-Normal Institute at Madura. Including some of the students trained in the previous year, 46 appeared for examination, of whom 39 were successful, but only two passed out of ten examined in the practical portion of the lower secondary grade. In the training school at Melaviraraghavapuram (Tinnevelly), 33 students were trained against 39 in the previous year. Of these, 30 appeared for examination, the results of which, however, have not been reported. In the three preparatory training schools for Mappilas in Malabar, 36 students, or two more than in the previous year, were trained, and of these 34 appeared for and 26 passed the Primary examination.

28. *Sessional Schools.*—Eighty-three schools of this class were maintained for three or four months each in all the districts except Nilgiris, against 70 in the previous year and the number of students trained in them rose from 987 to 1,004.

The progress of these schools continued to be, on the whole, fair. Of 26,988 * teachers employed in the districts, only 13,752 * were in any way qualified against 26,305 and 12,712, respectively, in 1894–95. The increase is so far satisfactory, but as nearly 50 per cent. of the total number of teachers were unpassed, earnest steps should be taken to reduce the number, additional sessional schools being opened where necessary, and grants to unpassed men being reduced or refused with more strictness than appears to have been hitherto the case. This policy should be steadily pursued in fairness both to pupils and their parents. Children for whom schools are provided in which the teachers are unqualified are placed at a very serious disadvantage which is likely to prejudice their future prospects in life.

Number holding Trained Teachers' certificates	4,015
Number holding Untrained Teachers' certificates	898
Number holding General Education certificates	8,839
Total ..	13,752

29. *Technical Schools.*—The industrial school at Bezwada (Kistna), which was transferred from Masulipatam in the middle of the year under review, was attended by nineteen pupils on the 31st March 1896 against thirty in 1894–95, and instruction was imparted to them in carpentry and rattan work. From this school 22 students appeared for the carpentry examination and sixteen were successful, but only three students passed out of nine presented for the fifth standard examination. The industrial department of the Technico-Normal Institute at Madura, which had 126 students against 108 in 1894–95, made good progress, 66 having passed out of 89 examined in the different subjects. In the agricultural department of this institution there were eight students against seven in the previous year, but the results of the annual examination have not been reported. An industrial class was opened in the training school at Melaviraraghavapuram (Tinnevelly) during the year and it was attended by 28 students who appear to have made fair progress.

30. *Secondary Schools.*—The number of board secondary schools fell from 130 † with an attendance of 11,411 † pupils to 129 with 11,929 pupils. Nine new schools were opened in the districts of Coimbatore (1), Gódávari (3), Kistna (2), Madura (2) and Tanjore (1), while ten of those in North Arcot (1), Kistna (1), Kurnool (4) and Vizagapatam (4) were closed. Ten of these schools were of the upper secondary and the rest of the lower secondary grade. Out of 108 students who appeared for the Matriculation examination, 43 were successful against 96 and 27, respectively, in the previous year. The upper secondary schools at Chittoor, Coondapoor, Dharapuram, Udamalpet, Amalápuram, Tiruválúr and Yellamanchili obtained fair results, while those at Námakkal and Harpanahalli fared badly, only two out of nine sent up from the former and none out of two from the latter being successful. The school at Harpanahalli has been doing badly for three years in succession, a result which is ascribed to the fact that the trained science graduate who was posted as headmaster in 1895–96 did not join the appointment. From the lower secondary

* The figures for 1894–95 have been adopted in the case of Kistna in the absence of information for 1895–96.
† These figures differ from those given in the corresponding paragraph of the General Review for 1894–95, revised figures having been adopted with reference to information received from Kistna.

schools and the lower secondary departments of the upper secondary schools, 805 students were presented for the Lower Secondary examination, of whom 522 or 65 per cent. passed; in the previous year 801 students were presented, of whom 47 per cent. passed. The results achieved by the Pollachi, Bhaváni, Tenali, Betutnad and Cherpalcheri schools were excellent, all the students presented for examination having passed. On the other hand in Arni, Vriddhachalam, Porto Novo, Coondapoor, Udamalpet, Kottapeta, Répalle, Kollúru, Angadipuram, Alattúr, Koduvayur, Kottai, Badagara, Dharmapuri, Kulittalai, Yellamanchili, Narasapatnam and Palkonda the results were unsatisfactory. All the upper secondary schools were maintained on the salary system and the average net cost of educating each pupil in the upper secondary schools and departments again fell, the decline being from Rs. 11-7-6 to Rs. 6-11-3. The schools in South Canara and Gódávari were worked at a profit of Rs. 288 and Rs. 236, respectively. On the other hand, the net cost of each pupil was high in Vizagapatam (Rs. 19-11-10) and Tanjore (Rs. 17-10-4), although in the case of the former there was a satisfactory decrease as compared with the previous year (Rupees 33-13-4). The net cost of each student in the lower secondary schools and departments on the salary system also fell from Rs. 5-8-11 to Rs. 4-1-10. The Local Boards of North Arcot, South Canara, Coimbatore, Malabar and Tanjore worked their schools at a profit of Rs. 127, Rs. 704, Rs. 615, Rs. 1,624 and Rs. 1,392, respectively. The net cost of each pupil was *nil* in Kurnool and low in Trichinopoly (As. 12-3) and Salem (Rs. 2-7-7), but high in Bellary (Rs. 25-6-10) and Nellore (Rs. 15-15-1). The net cost of each pupil in the lower secondary schools and departments on the salary-result system also declined from Rs. 13-6-9 to Rs. 11-9-3, though it was very high in Salem (Rs. 21-13-0), Vizagapatam (Rs. 21-9-4), Ganjám (Rs. 17-11-6), Madura (Rs. 16-5-4), Gódávari (Rs. 15-1-11) and Kistna (Rs. 15-0-1). The local boards of the districts in which the net cost was high should make every endeavour to reduce it as soon as possible.

31. *Primary Schools.*—There were 3,020 board primary schools with an attendance of 125,600 pupils against 3,075* with 123,387* pupils in 1894-95. The decrease which occurred chiefly in Malabar and North Arcot was due to the suspension of certain schools owing to financial demands under Grant 1. Taking the upper and lower primary departments of these schools separately, the net cost of educating each pupil in the former was either *nil* or very low in the districts of South Canara, Kurnool and Malabar, while in Anantapur, Bellary, Ganjám, Nellore, Nilgiris and Vizagapatam it was high, being more than Rs. 10 per pupil. The net cost of the lower primary schools and departments was not high except in Nellore, where it amounted to Rs. 11-12-6 per pupil. Prompt measures should be adopted to reduce the high cost in these cases. From the primary schools and the primary departments of secondary schools, 81,942 pupils appeared for the several standard examinations, and of these 59,198 were successful as compared with 82,341 and 59,597, respectively, in the previous year, the percentage of success in both years being 72. The progress of these schools is considered to have been, on the whole, satisfactory. In all districts, except Anantapur, Gódávari, Kistna and Nellore, regarding which no information has been furnished, the local boards maintained schools for the exclusive benefit of Panchamas and other backward classes. There was a large number of such schools in the districts of Cuddapah (26), Madura (33), Salem (45) and Vizagapatam (20), while the progress made by them was most marked in North Arcot, Chingleput, Malabar and Trichinopoly. The education of these classes demands, however, the closer attention of the local boards, and the attendance and progress of the schools should receive fuller notice in future reports.

32. *Aided Schools.*—The number of schools aided by the local boards rose from 8,318* with 213,706* pupils to 8,497 with 216,544 pupils and the expenditure incurred on them was 94·0 per cent. of the sanctioned allotments against 88·4* per cent. in the previous year. In Anantapur, Bellary, Ganjám, Malabar and Trichinopoly, the allotment was exceeded, owing apparently to the payment of arrears of the previous year and an improvement in the results of some of the schools. On the other hand, in

* These figures differ from those given in the corresponding paragraph of the General Review for 1894-95, revised figures having been adopted with reference to information received from Kistna.

Gódávari, South Arcot and Nellore, as much as 30, 28 and 18 per cent., respectively, of the allotments was allowed to lapse. The short outlay in Gódávari is ascribed to a decrease in the number of aided schools and to the certifying memoranda having been issued too late in the year to admit of their encashment before its close, in South Arcot to the inability of managers of private schools to comply with the new rules for recognition and consequent fall in the number of schools eligible for grant, and in Nellore to the late examination of some of the schools and the non-payment of certifying memoranda in some cases.

33. *General Educational Results.*—There were at the end of the year under review 3,149 board schools attended by 137,529 pupils, the corresponding figures for the previous year being 3,205* schools and 134,798* pupils. Some of these schools were for girls only, while in many of the others both boys and girls were admitted. The total net expenditure incurred by the local boards on education was 11·5 per cent. of their current income against 10·9 per cent. in the previous year. The percentage was high in Anantapur (15·2), Bellary (15·1) and Ganjám (14·5) and low in Tanjore (5·7), Trichinopoly (8·5), Chingleput (9·4) and Coimbatore (9·8). The total number of girls educated by the local boards was 18,388 against 17,725* in 1894-95. The total number of boys receiving instruction in the board and aided schools was 320,805, or 13·3 per cent. of the male population of school-going age, against 317,355* or 13·1* per cent. in the previous year, the increase occurring in fourteen districts and chiefly in Nilgiris (1·6), South Canara (1·5), Tinnevelly (1·4) and Tanjore (1·0). The proportion continued to be good in Nilgiris (22·5), Tinnevelly (20·3) and Bellary (18·1) and fair in the remaining districts, except Cuddapah where it has been less than ten per cent. for three years in succession.

Grant 3.—Medical Services, Vaccination and Sanitation.

34. *Hospitals and Dispensaries.*—Appendix XXIII shows the statistics relating to the hospitals and dispensaries maintained by the local boards, of which there were 131 of the former and 238 of the latter against 132 and 239, respectively, in the previous year, the decrease being the net result of the conversion of a hospital in Chingleput and of another in Vizagapatam into dispensaries, and of two dispensaries in Gódávari into hospitals, the abolition of a dispensary in Kurnool, and the transfer to the newly-formed municipal council of the hospital at Srívilliputtúr in Tinnevelly. The taluk boards in the district last named also aided nine dispensaries, of which seven were managed by mission and two by private agencies.

The total number of patients treated in the boards' hospitals and dispensaries rose from 2,427,971 to 2,486,530 and was 7·7 per cent. of the population against 7·5 in the previous year. There was an increase in twelve districts and a decrease in six others, while in the remaining three the attendance was stationary. The fall in the percentage was lowest in South Canara and Cuddapah, being 0·8 in each case. The decrease in South Canara is ascribed chiefly to the absence of the medical subordinates on other duty or on leave, and to the fact that malarial fevers were less prevalent. The decline in Cuddapah was due partly to the opening of mission hospitals in two localities and partly to the year being healthy. On the other hand, the rise was largest in Coimbatore, being 0·8 per cent., while Malabar followed next with 0·7 per cent. The proportion was below 6 per cent. in Cuddapah (5·5), Gódávari (5·6) and Malabar (4·9), and in the other districts it ranged from 6·1 in Ganjám to 12·4 in Nilgiris. The number of beds available for in-patients rose slightly from 1,492 to 1,503.

	In-patients.	Out-patients.
1894-95	15,787	2,412,184
1895-96	16,163	2,470,367

The net cost of the maintenance of hospitals and dispensaries, excluding charges on account of midwives and midwifery pupils, was Rs. 5,55,419 or Rs. 7,823 more than in 1894-95, but the average cost of treating each patient was As. 3-7 as in that year. The cost was again in excess of this in Nilgiris (As. 5-6), Cuddapah (As. 5-5),

* These figures differ from those given in the corresponding paragraph of the General Review for 1894-95, revised figures having been adopted with reference to information received from Kistna.

Kistna (As. 5–5), Gódávari (As. 5–3), Bellary (As. 5–1), Malabar (As. 5–1), South Canara (As. 4–8) and Anantapur (As. 4–1). In the remaining districts, it was between As. 4 and As. 2–3, being particularly low in Trichinopoly as in 1894–95.

35. *Medical Schools and Medical Pupils.*—As in previous years, the District Boards of Nellore and Tanjore maintained each a medical school of its own. In the Nellore school, 29 students were under training, of whom 23 were in the third year's and the remaining six in the second year's course. Of these, 22 appeared for the hospital assistants' examination and all of them were successful. Six out of the fifteen students under training in the Prince of Wales' Medical School at Tanjore appeared for the inal examination, and all of them passed. The results in both the schools were thus very creditable to the teachers. As many as eighteen students were sent from Bellary, South Canara, Ganjám, Gódávari, Madura and Vizagapatam for training to the Madras Medical College at the cost of the local boards.

36. *Midwives.*—With the exception of Nilgiris, the local boards in all the districts had 195 trained midwives in their service against 187 in the previous year. The number was again large in Nellore (23) and Madura (21), and small in Cuddapah (1), Ganjám (2) and Kurnool (3). In Cuddapah, however, there were twelve nurses who attended 783 cases of labour, the corresponding numbers for 1894–95 being eleven nurses and 604 cases. The total number of labour cases attended by the trained midwives was 14,111 against 13,625 in the previous year, the average being six cases each per mensem as in that year. The midwives in Bellary attended on an average twelve cases each per mensem; but the outturn in North Arcot and Salem was very poor.

37. *Medical Training of Women.*—The information received from the districts on this subject is summarised in Appendix XXIV. The local boards in Bellary, Coimbatore, Cuddapah, Ganjám, Gódávari, Kistna, Kurnool, Madura, Nellore, Salem, Tanjore, Tinnevelly, Trichinopoly and Vizagapatam either gave scholarships to female medical pupils, or employed those who had been trained at their cost or with the aid of the Countess of Dufferin Fund. In South Canara, provision has been made in the current year's budget for the training of a female pupil for the apothecary grade. On the other hand, in Chingleput it is considered that there is not the same pressing necessity as elsewhere to undertake the medical training of women, owing to the proximity of the district to the female hospitals of the Presidency town. No information has been furnished regarding the steps, if any, taken by the local boards in North Arcot and South Arcot, while want of funds prevented the boards in Anantapur and Nilgiris from taking any action in the matter.

38. *Vaccination.*—This subject has been fully dealt with in G.O., No. 1346 L., dated 27th July 1896, reviewing the report of the Inspector of Vaccination for 1895–96. As the total number of operations performed by local fund vaccinators, as given by the Presidents of District Boards, differs, as shown below, from the figures appearing in Statement I appended to the vaccination report, the Sanitary Commissioner will be requested to explain the discrepancies:—

Districts.	Number of operations performed by local fund vaccinators.		Number of successful operations.	
	As in the President's report.	As in the Vaccination report.	As in the President's report.	As in the Vaccination report.
Coimbatore	78,399	78,241	71,303	71,212
Gódávari	54,960	50,017	46,577	41,634
Madura	86,712	86,809	73,723	73,798
Tinnevelly	73,740	73,168	70,569	70,007

The district boards employed in all 49 Deputy Inspectors of Vaccination and 686 vaccinators including probationers, who performed 1,017,820 operations against 1,009,989 in 1894–95. The reported percentage of success, however, fell from 91 to 90, the decrease being apparently the result of more careful supervision. The average

outturn for each vaccinator also fell from 1,528 to 1,517. It was very good in Trichinopoly (2,817 cases), Tinnevelly (2,152), Madura (2,067), and Coimbatore (2,006), and fair in the remaining districts, except Gódávari and Nellore, where it was below 1,000. Compared with the previous year, there was an increase in twelve districts, notably in Chingleput and Kurnool, and a decrease in nine others, owing apparently to insufficient supervision by the Deputy Inspectors of Vaccination.

The average cost of each successful operation by local fund vaccinators was As. 3–6, or one pie more than in the previous year. It was very high in Nilgiris (As. 6–10), Nellore (As. 6–8), Cuddapah (As. 5–5), Anantapur (As. 5–4), Gódávari (As. 5–2), and Bellary (As. 5–1), and low in Trichinopoly (As. 1–11), Salem (As. 2–1), Coimbatore (As. 2–4), Tinnevelly (As.2–5), Madura (As. 2–6), Chingleput (As. 2–10), and Tanjore (As. 2–10). There was an increase in nine districts and a decrease in seven others, the reduction being large in Ganjám (As. 2) and Kurnool (As. 1–11).

Including the work done by the medical subordinates attached to local fund hospitals and dispensaries, the total number of successful operations was 938,315 against 937,910, the proportion per mille of the population continuing to be 29·1. The best results were achieved in Nilgiris (50·7 per mille) and Chingleput (41·2). In South Arcot, Bellary, Coimbatore, Kistna, Kurnool, Salem, Tinnevelly and Trichinopoly the proportion was fair, ranging between 30 and 40 per mille, but it was bad in Malabar (15·7 per mille), Nellore (17·2), and Ganjám (19·7). In Malabar and Nellore steps are reported to have been taken for improving the work of the vaccinators in the current year and in Ganjám there was considerable improvement as compared with the previous year. Infantile vaccination, however, showed steady progress, the total number of successful operations on children under one year being 253,172 or 7·9 per mille, against 236,995 or 7·4 per mille in the previous year. Chingleput again headed the list with a ratio of 20·3 per mille, and Coimbatore and Bellary followed next with ratios of 18·5 and 15·4, respectively. On the other hand, the work done in Malabar (0·4) and Ganjám (1·7) was very unsatisfactory. The attention of these district boards has been drawn in the individual reviews to the necessity for effecting an improvement in this respect.

Vaccination was conducted exclusively with animal lymph in all districts except Gódávari and Nellore, where human lymph was used in 16 and 3 per cent., respectively, of the total number of operations. The number of cases in which human lymph was used, as given in paragraph 23 of the Vaccination report for 1895–96, however, differs, as shown below, from that reported by the Presidents of District Boards, and the Sanitary Commissioner will be requested to explain the discrepancies:—

Districts.	Number of operations.		
	As in the President's report.	As in the Vaccination report.	
Gódávari	9,208	973	+ 153 cases by medical subordinates.
Anantapur	..	17	
Nellore	946	..	

39. *Sanitation.*—In addition to an expenditure of Rs. 53,601 incurred on sanitary public works and debited to Grant 1, Rs. 4,98,029 were spent on sanitation, against Rs. 4,75,148 in the previous year, as shown below:—

	1894–95.	1895–96.
	Rs.	Rs.
Improvement of water-supply	90,631	93,703
,, of village-sites	44,681	39,665
Conservancy establishments	3,02,890	3,21,429
Arrangements at fairs and festivals	13,898	18,885
Other sanitary outlay	23,048	24,347
Total ..	4,75,148	4,98,029

Governor in Council, the administration of the local funds was, on the whole, satisfactory, and reflects credit on the members of the local boards and union panchayats who have devoted their time to the work in the public interests.

No large sanitary works were undertaken in the rural tracts, but many minor works, such as the improvement of water-supply and village-sites and the construction and repair of dust-bins, latrines, &c., were, as usual, carried out by the local boards and union panchayats. One hundred and eighty-six new wells were sunk and 1,254 existing sources of water-supply were repaired or otherwise improved against 198 and 1,114, respectively, in the previous year, while the number of village sites improved fell from 444 to 381. Out of 44,622 minor towns and villages in the Presidency, 916 (361 unions and 555 other villages) were provided with regular conservancy establishments, against 908 (352 unions and 556 other villages) in 1894–95. These establishments in non-union villages are in many cases not subject to proper supervision and where such is the case the outlay incurred on them might be better spent on the improvement of the water-supply.

As in the previous year, the proportion of the outlay on sanitation to the sanctioned allotment was 89 per cent. The percentage was fair in fourteen districts, being over 90. It was small in Gódávari and Kistna, where it was 71 and 77, respectively, and the explanation of the short outlay has been considered by Government to be either unsatisfactory or incomplete.

40. *Contributions.*—The contributions paid to Provincial and Municipal funds and to private individuals for medical and sanitary purposes amounted to Rs. 1,47,659 against Rs. 1,38,296 in the previous year, the increase occurring chiefly under contributions to municipalities and being counterbalanced in part by decreases under contributions to Provincial funds and to private individuals.

Grant 4.—Public and Charitable Institutions.

41. *Choultries.*—The number of choultries in charge of the local boards rose from 522 to 546, but the expenditure on them fell from Rs. 2,05,073 to Rs. 1,99,953, the decrease which occurred chiefly in Tanjore being apparently due in some measure to greater economy in the management of the institutions. Of these 243 had endowments attached to them, and in 51 of them 1,309,259 travellers were fed at a cost of Rs. 87,411 against 1,274,285 travellers fed at a cost of Rs. 82,734 in the previous year. The remaining choultries were mere rest-houses.

42. *Miscellaneous.*—An expenditure of Rs. 66,558, or Rs. 2,861 more than in the previous year, was incurred on lighting in all districts except Kurnool, Malabar and Nilgiris. It was generally confined to unions, but in Chingleput, Coimbatore, Gódávari, Salem, Tinnevelly and Trichinopoly some important roads and bridges were also lighted. During the year under review 9,464 lights were kept up in 287 localities as compared with 8,738 lights in 254 localities in the previous year. Notwithstanding the remarks of Government in paragraph 41 of the last General Review, there was an increase both in the number of lights and in the outlay on them, the increase in the latter case appearing in all districts except Anantapur, Coimbatore, Gódávari, Kistna and Salem.

Grant 5.—Supervision and Management.

43. *Supervision and Office Management.*—The total expenditure under this head amounted to Rs. 4,30,753 against Rs. 4,03,729 in the previous year and was 5·6 per cent. of the receipts and 5·5 per cent. of the charges against 5·2 and 5·3, respectively, in that year. The increase occurred chiefly under "Controlling establishments at the Presidency" and "Local Boards' office establishments," being due in the first case to the appointment of a senior and more highly-paid officer as Inspector of Local Fund Accounts and to larger outlay on travelling allowances, and in the second to the additional establishments sanctioned for some of the local boards and to the establishments entertained in the newly-constituted unions.

44. *Repayment of Loans, &c.*—The Chingleput and Malabar District Boards paid Rs. 16,202 as instalments of the principal and Rs. 2,540 as interest on account of the loans previously obtained by them from Imperial funds for the construction of the Kortalaiyar bridge and the completion of the Tamracheri and Periya ghât roads, respectively. The amounts still due from these boards are Rs. 35,692 and Rs. 9,313, respectively, which are expected to be repaid by the year 1898. In Tinnevelly the district board repaid Rs. 5,000, being the ninth and last instalment of the loan of Rs. 45,000 taken from the taluk endowment fund and Rs. 3,500, being the seventh instalment of the loan of Rs. 35,000 received from the Zamindar of Ettiyapuram, both for the construction of the Srívaikuntam bridge, and Rs. 843 the interest due on them. The Coimbatore District Board paid Rs. 1,440 as interest for three half-years on the debenture loan of Rs. 16,000 raised for the construction of the Pollachi market. In Ganjám a sum of Rs. 10,000 temporarily advanced from Provincial funds to cover deficits in previous years was repaid to Government during the year under review. The balance in favour of the Railway Guarantee fund in the Tanjore district at the beginning of the year was Rs. 4,21,000 in Government securities and Rs. 55,003 in cash. A sum of Rs. 63,342 was paid to Government, being a moiety of the expenditure incurred on the construction of the Máyavaram-Muttupet Railway in 1894–95, and Rs. 45,000 were invested in Government securities. The district board derived a net profit of Rs. 46,834 from the working of this railway during the twelve months ending December 1895, which represents 3·9 per cent. on the capital outlay. The balance to the credit of this fund at the close of the year was Rs. 4,66,000 in Government securities and Rs. 1,15,764 in cash.

IV.—ENDOWMENTS.

45. The number of endowed institutions, such as schools, hospitals and dispensaries, choultries, markets, &c., in charge of the local boards and union panchayats, is shown in appendix XXVIII and their financial transactions, in appendices XXIX and XXX furnished by the Accountant-General. Excluding Rupees 97,364 contributed or lent from general funds to meet the deficits with which some of the institutions would otherwise have closed the year, but taking into account Rs. 5,250 paid by the Tinnevelly District Board to the taluk boards in respect of the loan referred to in the preceding paragraph, the receipts of these institutions amounted to Rs. 5,20,878 and the charges to Rs. 4,82,590, against Rs. 5,06,429 and Rs. 4,70,605, respectively, in 1894–95. The opening balance in their favour being Rs. 4,58,275, the year closed with a balance of Rs. 4,96,563. The balance in Tanjore, Gódávari and Madura was again large. In Tanjore, no expenditure was incurred on the survey of the villages forming the endowments of the choultries, but it is expected that a considerable portion of the balance will be spent on that work in the current year. In the case of Gódávari and Madura, the Government has ordered in the individual district reviews that immediate steps should be taken to utilise the large balances on the improvement of the markets or on the construction of feeder roads and the like.

V.—GENERAL REMARKS.

46. *Local Fund Accounts.*—The arrangements for the audit and inspection of the accounts remained the same as in previous years. During the year under review, the accounts of 1894–95 and a portion of those for 1895–96 were examined in all districts except Ganjám and Malabar. The reports of inspection showed that the condition of the accounts in all districts except Ganjám and Kurnool was good. In Ganjám the defects noticed in previous years were not remedied, and in Kurnool the results were unsatisfactory.

47. *General Administration.*—Detailed remarks on the administration of each district having been already passed by Government in reviewing the individual reports, it will be enough to say here that, in the opinion of His Excellency the

APPENDIX II.

* The arrear demand as shown in this statement differs from the closing balance of 1894–95 given in the corresponding statement for that year, the difference being due to the adjustments made after the settlement of the jamabandi accounts.

† These figures include amounts collected in 1894–95 for 1895–96and exclude advance collections for 1896–97.

‡ In these cases the figures reported by the Presidents do not agree with those given in Appendix IV, for which the Accountant-General's explanation is awaited.

§ The increase over the demand in this case is due to the rate of landcess having been raised in the middle of the year.

APPENDIX XI.

STATEMENT showing the Statistics of tolls for 1895–96.

Districts.	Number of toll-gates.	Rate of tolls.	Receipts. Total demand.	Collection from Local Fund toll-gates. From gates under direct management.	From gates leased out.	Total.	Balance. APPENDIX XVII—*cont.*

Statement showing the particulars of the outlay on Public Works for 1895–96—*cont.*

Districts.	Percentage of outlay to allotment by Local Fund Engineering establishment.	Cost of Engineering establishment including contingencies.			Percentage of the cost of the Local Fund Engineering establishment to outlay on works executed by them.	Cost of tools and plants.			Percentage of the cost of tools and plant to outlay on works by Local Fund Engineering establishment.	Explanations given for short outlay in 1895-96.
		Local Fund Department.	Public Works Department.	Total.		Local Fund Department.	Public Works Department.	Total.		
	20	21	22	23	24	25	26	27	28	29
		Rs.	Rs.	Rs.		Rs.	Rs.	Rs.		
1. Anantapur	98	10,882	..	10,882	24	420	..	420	0·9	(*a*) Short outlay due to the failure of a contractor who was entrusted with more works than he could manage or had capital for.
2. Arcot, North	88	33,575	..	33,575	20	1,669	..	1,669	1·0	
3. Arcot, South	83	27,362	..	27,362	16	355	..	355	0·2	(*b*) Short outlay due to—
4. Bellary	91	17,828	..	17,828	19	275	..	275	0·3	(1) Non-commencement of road works during the first quarter of the year, pending the settlement of a proposal to introduce the tender system in the Local Fund Engineering department.
5. Canara, South (*a*)	70	21,715	..	21,715	17	1,496	..	1,496	1·2	(2) The re-organization of the Local Fund Engineering department, in consequence of which four out of the six overseers in the district were new hands and it took some time before they became acquainted with their work.
6. Chingleput	96	20,598	..	20,598	15	1,000	..	1,000	0·7	(3) The suspension of one of the overseers from October 1895 and his place having been left vacant for a long time for want of a proper substitute.
7. Coimbatore	91	30,005	..	30,005	18	1,218	..	1,218	0·7	
8. Cuddapah	89	19,423	..	19,423	23	760	..	760	0·9	
9. Ganjám	93	24,517	..	24,517	19	627	..	627	0·5	
10. Gódávari	81	50,154	469	50,623	13	4,380	22,445	26,825	1·2	(*c*) Short outlay due to—
11. Kistna	97	47,525	1,579	49,104	15	2,333	103	2,436	0·7	(1) Savings effected in estimates in which excessive provision had been made.
12. Kurnool (*b*)	79	13,949	..	13,949	24	1,707	..	1,707	2·9	(2) Spreading of metal over roads having been only partially carried out, owing to the late date at which contracts were given out for the collection of materials.
13. Madura	87	37,575	..	37,575	15	2,251	..	2,251	0·9	(3) Non-receipt of bills for certain works actually carried out during the year.
14. Malabar	89	36,318	..	36,318	18	399	..	399	0·2	(4) Stoppage of the work of constructing the choultry at Addanki, amounting to Rs. 7,700, till the alignment of the railway was settled.
15. Nellore (*c*)	50	21,663	136	21,799	19	17	9	26	0·02	(5) Stoppage of some works on the ground that they were undesirable.
16. Nilgiris	96	15,625	..	15,625	18	981	..	981	1·1	(*d*) Short outlay due to—
17. Salem (*d*)	75	27,119	..	27,119	18	4,823	..	4,823	3·2	(1) The incompetency of the Salem East overseer and delay on the part of the second personal assistant to the District Board Engineer in check measuring works.
18. Tanjore	84	36,073	..	36,073	15	2,595	..	2,595	1·1	(2) The disapproval of estimates relating to dispensary buildings and market sheds by the Sanitary Board, non-acquisition of sites for buildings in some cases and late sanction of allotments for works in some others.
19. Tinnevelly	84	31,584	..	31,584	18	1,219	..	1,219	0·7	
20. Trichinopoly	98	18,611	..	18,611	14	2,100	..	2,100	1·6	(3) The provision of lump sums in the budget without details as to the works on which they are to be spent.
21. Vizagapatam	95	29,891	..	29,891	20	998	..	998	0·7	
Total, 1895–96	85	5,71,992	2,184	5,74,176	17	31,623	22,557	54,180	0·9

This Appendix has been compiled from Statements I-A, I-B, IX and X, submitted with the District Boards' reports. The financial transactions shown herein do not, in some cases, agree with those given in Appendices IV and V.
* These figures do not agree with those given in the corresponding statement for 1894-95, as they have been revised with reference to information received from Kistna subsequently.

APPENDIX XXIII.

STATEMENT showing the working of the Local Fund Hospitals and Dispensaries for 1895–96.

Districts.	Number of hospitals and dispensaries maintained by Local Boards.			Number per 100,000 of the population.	Buildings in which they are held.			Number of in-patients for whom there is accommodation in the buildings.	Number of patients treated.			Net expenditure.*	Average net cost of treating each patient.	Percentage of the number treated to the total population.	Total cost of midwives.	Number of midwives employed by Local Boards.	Number of labour cases attended by the midwives during the year.	Average number of cases per mensem attended by each midwife.	Average cost per case.
	Hospitals.	Dispensaries.	Total.		Local Fund.	Rented, &c.			In.	Out.	Total.

* Excludes the cost of (1) medical practitioners employed on sanitary inspection, distribution of medicines, &c., (2) medical schools, (3) the District Medical and Sanitary Officers' establishments, (4) Medical pupils and (5) Midwives and midwifery pupils; but includes the pay of the medical subordinates in charge.

† Including the one at Tiruchuli which was abolished on 1st March 1896.

‡ Includes 783 cases attended by the nurses.

§ Including the three female hospitals at Vizagapatam, Vizianagram and Bobbili.

‖ Including 12 nurses.

APPENDIX XXIV.

A summary of the measures adopted in furtherance of female medical education in 1895–96.

Bellary.—A female student was undergoing training for the apothecary grade in the Madras Medical College at the cost of the district board.

Canara, South.—The board contributed Rs. 1,000 towards the women and children's hospital at Mangalore and has made provision in the current year's budget for the training of a female pupil for the apothecary grade.

Chingleput.—For want of funds, it was found impossible to undertake the medical training of women, for which, however, there is not much necessity in this district owing to its proximity to the female hospitals of Madras.

Coimbatore.—Two female apothecaries trained by the Countess of Dufferin Fund Committee at the cost of the district board continued to be in charge of the two dispensaries for women and children at Pollachi and Karúr.

Cuddapah.—A female hospital assistant trained by the Countess of Dufferin Fund Committee at the cost of the taluk board continued to work in the Madanapalle hospital.

Ganjám.—The two female apothecaries trained by the Countess of Dufferin Fund Committee on account of the district board worked during the year in the Municipal hospital at Chicacole and the Jubilee hospital at Berhampur.

Gódávari.—The dispensary for women and children maintained at Cocanada by the district board continued to be in charge of the female apothecary trained by the Countes of Dufferin Fund Committee.

Kistna.—The women and children's hospital at Masulipatam was in charge of the female apothecary, trained for the district board by the Countess of Dufferin Fund Committee, until about the end of the year, when she resigned her appointment. The district board granted a stipend of Rs. 25 per mensem to another female pupil who was undergoing training for the apothecary grade in the Madras Medical College.

Kurnool.—The district board sent a female medical pupil for training for the apothecary grade in the Madras Medical College.

Madura.—A contribution of Rs. 700 was paid to the Dindigul municipality for the maintenance of the women and children's hospital there, which was in charge of a female apothecary trained by the Countess of Dufferin Fund Committee on account of the district board.

Malabar.—No steps were taken towards the medical education of women, but the question of making provision for the training of a female hospital assistant will be considered in connection with the budget for 1897–98.

Nellore.—The two female hospital assistants trained by the Countess of Dufferin Fund Committee continued to work in the Municipal and the Jubilee hospitals at Nellore.

Salem.—The two female apothecaries trained at the cost of the district board continued to work in the district—one at Salem in charge of the Women's dispensary, and the other in the municipal hospital at Tiruppattúr where a separate Women's dispensary has since been opened.

Tanjore.—A female medical pupil was under training for the apothecary grade in the Madras Medical College at the cost of the district board. The question of founding scholarships under the Countess of Dufferin Fund Committee is under consideration.

APPENDIX XXIV—*cont.*

Tinnevelly.—The dispensary for women at Palamcottah continued to be in charge of the female apothecary trained by the Countess of Dufferin Fund Committee at the cost of the district board. Another female medical pupil was under training for the apothecary grade in the Madras Medical College also at the cost of the board.

Trichinopoly.—A female medical pupil was under training for the apothecary grade in the Madras Medical College at the cost of the district board under the supervision of the Dufferin Fund Committee.

Vizagapatam.—There were two hospitals and one dispensary solely intended for women and children under the charge of three female apothecaries trained on account of the district board by the Countess of Dufferin Fund Committee.

No steps were taken in the districts of Anantapur and Nilgiris for want of funds, and no information has been furnished regarding the steps, if any, taken by the District Boards of North Arcot and South Arcot.

In all districts, except Nilgiris, a number of trained midwives were employed (*vide* Appendix XXIII).

APPENDIX XXV.

STATEMENT showing the strength, cost and operations of the vaccine establishments for 1895–96.

Districts.	Establishment.			Total cost of vaccination.	Number of vaccine operations performed.			Number of successful cases.			Percentage of successful cases to total number.	Number of successful operations per mille of the total population.	Average cost of each successful case by Local Fund vaccinators.	Number of successful operations on children under one year of age.	Number of successful operations on children under one year per mille of the total population.	Vaccination with animal lymph.			
	Deputy Inspectors.	Vaccinators.	Probationers.		By Local Fund vaccinators.	By medical subordinates.	Total.	By Local Fund vaccinators.	By medical subordinates.	Total.						Number of months in which vaccination with animal lymph was conducted.	Number of persons vaccinated by this agency.	Number of successful cases.	Percentage of successful cases to number vaccinated.
