New Provincial Contract.

Ordering that the Government of India be telegraphed to accepting its proposals subject to remarks on heads other than Land Revenue and Excise already communicated, and asking for information as regards the figures proposed under those two heads.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following paper :—

G.O., Nos. 904, 905, Financial, dated 29th December 1896.

ABSTRACT—Addressing the Government of India regarding the terms of the Provincial Contract between the Government of India and the Madras Government for the five years commencing the 1st April 1897.

READ—also the following paper :—

From J. F. FINLAY, Esq., Secretary to the Government of India, Finance and Commerce Department, to the Chief Secretary to the Government of Madras, dated Calcutta, the 22nd December 1896, No. A.—5435.

My telegram of the 18th December 1896 stated the proposals of the Government of India with reference to your letter, No. 820, dated 27th November 1896, in which it was suggested that the settlement of the Provincial Contract with Madras should be postponed for a year. I am now to explain those proposals more fully and the grounds on which they are based.

2. In the first place I am to say that the existence of a contract is, in the opinion of the Government of India, a necessary condition of the exercise by the Local Government of its financial administrative powers, and the Government of India are unable to accept the invitation of the Government of Madras to take over from the Provincial Government the direct administration of the finances of the province. It is, therefore, necessary that standards of revenue and expenditure should be established for the purpose of the settlement of the contract, however limited in duration the contract may be.

3. The Government of India consider that, with very few exceptions, there is nothing in the present state of circumstances which will prevent the resumption, after distress and famine had at present to be provided for, and that no advantage will be obtained, and no additional information bearing on the question would become available, by waiting for a year before settling those standards.

4. Heads of revenue which will be largely affected by the scarcity must, however, be treated as exceptions to the above statement, and the Government of India are of opinion that, in the special circumstances of the case, the best arrangement will be to omit from the contract for the year 1897-98 such heads of revenue by taking their Provincial shares at fixed amounts and by treating as Imperial any variations in the actuals from the amounts so fixed. The settlement of the contract figures under these heads would, by this means, be postponed till the cold weather of 1897-98. The heads of revenue which it is proposed to treat exceptionally in this manner in the case of Madras are the heads of "I.—Land Revenue" and "V.—Excise."

5. In paragraph 3 of your letter quoted above, reference is made to an expected increase of expenditure under the heads "Police," "Jails" and "Law and Justice" on account of the scarcity. I am to say that, in the opinion of the Government of India, it will be convenient to consider any such temporary excess of expenditure in connection with the question of the opening balance of the Provincial Government under the new contract. The Government of India recognise that it will be necessary, after the extraordinary expenditure on the famine is over, to re-examine the condition of the Provincial and Local accounts in order to start them, if their balances are exhausted, with a working balance, and it may be necessary in order to secure that working balance that the Imperial revenues should bear some of the expenditure caused by famine and scarcity. The question as to how much of the famine-relief expenditure to be incurred this year and next will be treated as Imperial will be left over for consideration either in February or March next, or at the same time as the figures for the last four years of the contract under the excepted heads are settled.

6. I am to request that, subject to the modifications now explained, the terms of the new contract as proposed in my letter, No. 4420-A., dated 15th October 1896, may be given early consideration, and that the views of His Excellency the Governor in Council on the proposals may be communicated to the Government of India at an early date.

7. I am to add that arrangements similar to those now proposed for Madras have been agreed to by the Administrations of the Central Provinces and the North-Western Provinces and Oudh, both of which are even more affected, in respect of their financial arrangements, than the province of Madras, and I enclose, for your information, copies of letters to the Governments of the North-Western Provinces and Oudh and of the Central Provinces which explain the proposals in detail.

ORDER—No. 25, Financial, dated 12th January 1897.

The following telegram will be despatched to the Government of India, Finance and Commerce Department :—

13. "Your telegram 18th and letter No. 5435-A., 22nd December. Proposals accepted subject to remarks on heads other than Land Revenue and Excise already communicated in letter No. 905. Letter follows. Please telegraph proposed figures under those two heads."

2. It is presumed that the Accountant-General will arrange to maintain separate accounts under Famine-relief expenditure, in accordance with the recent instructions of the Government of India on the subject, so that a consolidated statement similar to that in G.O., No. 985, Financial, dated 5th October 1893, may be prepared immediately after the close of relief operations.

B1

FINANCIAL DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
FINANCE AND COMMERCE DEPARTMENT.

SIR,

In confirming my telegram, No. 13, of this day, regarding the terms of the temporary Provincial Contract for 1897-98, I am directed to point out that there is a misconception in paragraph 2 of your letter, No. 5435-A., dated 22nd December 1896. All that His Excellency the Governor in Council intended to convey in the concluding portion of paragraph 5 of Mr. Arundel's letter, No. 820, dated 27th November 1896, was that the Government of India, when criticising and passing the budget for 1897-98, would have it in its power to regulate the finances of this province in such a manner as to prevent this Government from exhausting its available balance and from placing itself in such a position of poverty by the time the settlement of the new contract, if postponed for a year, took place as to compel the Government of India to grant better terms than would otherwise have been necessary—in other words, the object was to secure the interests of Imperial funds without causing undue embarrassment to this Government.

2. As regards the proposal to adopt a fixed amount under I.—*Land Revenue* for 1897-98, I am to request that the fact that the budget estimate of 539.04 lakhs for 1897-98 includes 18.32 representing postponements of collections falling due in the current year, and allows for advance collections to the extent of a net estimated sum of (2.62—1.57 or) 1.05, may be taken into consideration.

3. Subject to this consideration and the remarks in Mr. Arundel's letter, No. 905, Financial, dated 29th December 1896, as regards other heads, I am to say that His Excellency the Governor in Council accepts the proposals in your telegram and letter under reply.

I have the honour to be,
Sir,

Your most obedient Servant,

FORT ST. GEORGE,
12th January 1897.

J. F. PRICE,
Chief Secretary.

Exd. A. Raitt.

NOTES CONNECTED WITH G.O., Nos. 25, 26, FINANCIAL, DATED
12TH JANUARY 1897.[SUBJECT.—*Provincial Contract.*]

Telegram from the Government of India, Finance and Commerce Department,
dated 18th December 1896.

Your letter No. 820 of November 27th. Government of India consider that if provision is made to eliminate from provincial contract so far as 1897-98 is concerned the heads which are mainly affected by famine there is no reason why the contract should not be settled in usual course as regards other heads it will be proposed accordingly to exclude from contract for next year land revenue and excise receipts leaving the figures for them for remaining four years to be settled next year but to settle the contract in other respects. Letter follows.

From the Government of India, Finance and Commerce Department, No. A-5435,
dated 22nd December 1896.

Chief Secretary—

FINANCIAL DEPARTMENT.

The letter from India promised in its telegram of the 18th instant is submitted. It will be seen that the proposal is to take the assignments under I. *Land Revenue* and V *Excise* at fixed amounts for 1897-98 only. What these amounts will be the Government of India does not state, but Imperial will bear any difference between the actuals and the amounts so fixed—whether this difference represents a loss or a gain.

2. India is also willing to make good any temporary excesses of expenditure under, "Police," "Jails" and "Law and Justice" on account of scarcity. It will not be an easy matter to gauge such expenditure, but instructions will be issued to heads of departments and the Accountant-General to keep an account of such excesses.

3. The contract letter,* which has been ready for despatch (except for information on a point raised by the Honourable Member which has been referred to the Revenue department and to which a

* G.O., No. 905, Financial, dated 29th December 1896.

reply has just been received) will now issue.

C. M. SCHMIDT—28-12-96.

Hon'ble Mr. Grose, C.I.E.
His Excellency the Governor.

J. G. [ROSE]—29-12-96.

A. T. ARUNDEL—29-12-96.

Before accepting the arrangement we must know what fixed amounts should be taken as provincial shares of the Land Revenue and Excise. If a low figure is adopted it may be exceeded by the actual receipts, and then India would take the whole of the excess, instead of only three-fourths of it. I think we should propose, by telegraph, a good high figure, sufficient to meet all the reasonable extra income we shall want to cover the higher public works expenditure proposed in the letter on the contract proposals, and to cover the famine expenditure.

2. For my own part, I should like the Forest revenue and expenditure to be completely provincialized and I would offer to forego, from our share of the Land Revenue, a sum equal to the imperial share of the estimated profits of the Forest department.

A. E. H. [AVERLOCK]—30-12-96.

A—I agree.

B—I don't think any proposal of this kind is likely to be accepted.

J. G[ROSE]—30-12-96.

Chief Secretary—

It is submitted that India presumably proposes—

(1) to fix the contract as usual on what may be agreed upon as the normal standard for the next quinquennium; that is, on the lines of the figures in appendix C to letter No. 905, Financial, dated 29th December 1896;

(2) to retain unaltered throughout the next quinquennium the *adjusting contribution or contract assignment* thus arrived at (something between 8.43 lakhs and 28.60 lakhs);

(3) to make special adjustments for 1897-98 on account of I. *Land Revenue*, V. *Excise*, 19 A. *Law and Justice*, 20. *Police* and 33. *Famine Relief*, so as to save both Imperial and Provincial from losses due to the adoption during that year of what the Government of India terms fixed amounts; and

(4) to make similar adjustments for the last four years on the basis of the more accurate information which will be available in the cold weather of 1897-98.

2. As regards the determination of the normal standard, the figures which this Government would adopt are those in Appendix C to letter No. 905, Financial, dated 29th December 1896. For the fixed amounts under the specially accepted heads of *Land Revenue* and *Excise* the best course would, it is submitted, be to adopt the budget estimates for 1897-98 as ultimately fixed. The budget figure under I. *Land Revenue* for 1897-98 is 539.04 lakhs and includes a sum of 18.32 lakhs which represents postponed collections (paragraph 14 of G.O., No. 58, Revenue, dated 29th December 1896). Excluding these postponed collections the balance (520.72) approximates closely to the normal standard (522) reported in this Government's letter No. 905, Financial, dated 29th December 1896.

3. India "proposes to treat as Imperial any variations in the actuals from the amounts so fixed" apparently intending in case the actuals exceed the "fixed amounts" to credit Imperial with the whole of the excess instead of with only its three-fourths share under *Land Revenue*. As stated above the budget estimate for 1897-98 includes postponed collections and it is but fair that Provincial should not lose its share of this postponed revenue.

I am not sure that this matters. The existence of this postponed revenue affects our balance on 31st March 1897, which is an element in the contract which India will certainly take into account. However, we might try to get our share of the postponed revenue, though I doubt if it will be of use to do so. In fact, in my view, we can hardly claim it with justice.

H. W. B[LISS].

4. His Excellency the Governor proposes to telegraph very high figures to India for adoption as the fixed amounts under *Land Revenue* and *Excise* in 1897-98, but it is submitted that the course suggested above, namely, to stand out for the budget estimates for 1897-98 under the accepted heads would be the most equitable. The Government of India does not appear to have contemplated that the collections might exceed the "fixed amounts". The fairest course would, it is submitted, be if the collections did exceed the fixed amounts under *Land Revenue* to let India take such excess as remained after the elimination of arrears, postponed collections, and other abnormal factors. It is improbable that the Government of India will accept high figures as the "fixed amounts", for it will be in confidential communication with the Accountant-General as regards the estimates until March and is unlikely to consent to any measure that will entail a certain loss to Imperial funds.

5. As regards the figure under V. *Excise*, this Government has accepted for the contract the amount proposed by the Government of India (150 lakhs). The revised estimate for the current year has been placed at 148 and the budget for 1897-98 at 153. These figures are lower than those originally estimated by the Board.

6. With reference to *Famine expenditure* the Accountant-General maintains a detailed account of such expenditure under each service head—please see G.O., No.

H.W.B.

983, Financial, dated 5th October 1893, and he may, it is submitted, be requested

to furnish a similar return as soon as possible after the close of the current year. It would be almost impossible to forecast the famine expenditure at the present moment and it will, it is thought, be much safer to work on the actuals. The Board of Revenue when asked early in December to give a forecast for the current and the next year was unable to do anything more than give a very rough estimate of two lakhs for each year. There is another aspect of the matter which it might be worthwhile to consider. When letter No. 820, Financial, dated 27th November 1896, was written, the season promised to be much more unfavourable than now appears likely to be the case, and it is thought that this Government would probably come best out of the matter by adhering to the figures proposed in appendix C to letter No. 905, Financial, dated 29th December 1896, as those to be adopted throughout the next quinquennium,

This might do, but it would be risky. Suppose the south-west monsoon of this year is a bad one, we should lose tremendously and India's making up our famine expenditure would not compensate us for loss of income.

H.W.B.

no fixed amounts under *Land Revenue* and *Excise* being asked for, but India's offer as regards the recoupment of famine expenditure being accepted. If this were done and the budget estimate for 1897-98 under *Land Revenue* 539.04 (Provincial share 134.76) were realized, this Government would get the whole of the excess over the 130.50 which has been proposed as the contract estimate and there would be no question of Imperial appropriating this Provincial share.

7. His Excellency the Governor [is in favour of foregoing a proportionate share of income under *Land Revenue* in order to obtain for Provincial the entire receipts under IX. *Forest*. Attention is invited to paragraph 24 of the contract note *

I don't think we could ask this.

H.W.B.—7-1-97.

* G.O., No. 904-5, Financial, dated 29th December 1896.

(page 17) from which it will be seen that the revenue was originally wholly Provincial. India resumed half as Imperial in accordance with the practice in the other Presidencies. It is submitted that India is not at all likely to give up such a source of steady profit, however slow. From the figures on page 2 of appendix A to the contract note, it will moreover be seen that while the Provincial share of *Land Revenue* has risen from 117.79 lakhs in 1882-83 to 133.16 in 1895-96, that under *Forest* has risen from 9.07 to 21.10.

C. M. SCHMIDT—6-1-97.

Honourable Member and Circulation.

J. F. PRICE—6-1-97.

In replying to India, the first thing to be done is to point out the misconception in paragraph 2 of its letter of 22nd December 1896. The meaning of the last sentence of paragraph 5 of our letter No. 820, Financial, dated 27th November 1896, merely was that, when criticising and passing our budget, India had it in its power to prevent our so exhausting such a balance as we may have at the end of 1896-97 as to place ourselves, by the time the new contract would have to be settled, if now postponed for a year, in such a position of poverty that India would then be compelled to grant us better terms than would otherwise have been reasonable—nothing more.

2. As to the proposal now made, I do not see the advantage of asking for high figures for *Land Revenue* and *Excise* for the year 1897-98. To begin with India would not give them. In the second place, if it did, it would correspondingly reduce the fixed assignment under *Land Revenue*, so that we should gain nothing, but rather, as that assignment is (as I take it) to be maintained during the coming quinquennium, should lose, perhaps, heavily. It will be far better for us to get (for the present and in future) the lowest possible figures under *Land Revenue* and *Excise*, for the lower they are, the higher must be the fixed assignment under *Land Revenue* on which we have to live during the next five years. Subject, of course, to our remarks in our letter No. 905, Financial, dated 29th December 1896, on matters other than *Land Revenue* and *Excise*, India's proposal now made seems to me, as far as I can understand it to be a fair one; and I should accept it.

H. W. B[LISS].

On reconsideration I think the proposals of the Government of India should be accepted.

J. G[ROSE]—7-1-97.

I am not convinced that the Hon'ble Mr. Bliss is right in assuming that the fixed assignments adopted for 1897-98 will be maintained throughout the quinquennium. It is stated in India's letter that the settlement of the contract figures under the heads of *Land Revenue* and *Excise* will be postponed until the cold weather of 1897-98, and it follows, as it seems to me, that the fixed assignment, which is made to bring up the estimated revenue to the estimated expenditure, can be finally settled only then. But I yield to the superior knowledge and experience, of these financial arrangements, which are possessed by my Honourable Colleagues and I defer to their conclusion that the offer of the Government of India should be accepted.

2. I am sorry that my Honourable Colleagues have not seen their way to accept my proposal as to the *Forests*. It was made with the purpose of obtaining, in the interests of the ryot class, greater freedom of action in administering the forests, than we now possess.

Chief Secretary—

A. E. H[AVELOCK]—8-1-97.

Draft order and letter are submitted.

C.M.S.—9-1-97.

Honourable Member.

His Excellency the Governor.

J. F. PRICE—9-1-97.

As to His Excellency's remarks of 8th January 1897 as to *Forests*, I feel sure that we can go as far, under existing arrangements, as we wish to in the direction of administering the forests, in the interests of the ryot class. The fact of the head being divided does not impair our power of control—witness the freedom with which we deal with *Excise*—and if we chose to relax our forests rules in the interest of the ryots it would not lie in the mouth of India to raise objection after their resolution of the autumn of 1894. I had a main part in preparing the contract of 1887--1892 under which *Forests* were wholly Provincial, and I feel sure that India would not repeat that arrangement, nor under my view that the whole of the revenue belongs to India, which assigns to the Provinces just such a share as it thinks needed to stimulate good and progressive administration, would it be right that it should do so.

H. W. B[LISS]—11-1-97.

GOVERNMENT OF INDIA.

FINANCE AND COMMERCE DEPARTMENT.

To

THE SECY. TO THE GOVT. OF THE N.-W. PROVINCES AND OUDH,
FINANCIAL DEPARTMENT.

Calcutta, the 21st December 1896.

SIR,

SINCE my letter No. 4277 A. of the 7th October 1896 was written, the subject of the Provincial Contract with the North-Western Provinces and Oudh for the five years commencing 1st April 1897 has been discussed by the Honourable Sir J. Westland in conference with His Honour the Lieutenant-Governor; and I am directed now to make the following proposals in supersession of those made in my letter of 7th October. They are in substance those which were settled at the conference.

2. In view of the effects on the Provincial finance of the scarcity or famine now prevailing in the Province, it is considered that a complete contract for five years cannot conveniently be settled at present, and that it is desirable to frame now a temporary contract for one year only.

3. The scarcity, however, does not affect all the heads of Revenue and Expenditure in such a manner as to render it difficult to settle now figures which will be suitable as the basis of a contract for the full ordinary period of five years; and the figures taken in the one year's contract for all heads except those selected for exceptional treatment, and named in the next paragraph of this letter, will, unless circumstances shew that the scale of Revenue or Expenditure has been permanently and materially affected, be continued without alteration in the contract which will be settled next year for the remaining four years of the quinquennial period.

4. The heads which will be treated exceptionally and, in effect, excluded from the contract for 1897-98 are—

I.—Land Revenue.

V.—Excise.

VI.—Provincial Rates.

1.—Refunds—Land Revenue, Excise and Provincial Rates Refunds.

XXIX.—Irrigation Major Works.

42.—Irrigation Major Works—Working Expenses.

For these heads fixed amounts will be taken as Provincial in 1897-98, and any variation from them will be treated as Imperial. The amounts are shown in the Statement appended to this letter separately for each head, but it will probably be convenient, in making any adjustment which this special condition may render necessary, to make one entry only under I.—Land Revenue for the variation of the total of all of them.

The amounts to be taken for these excepted heads for the contract for the four years from April 1, 1898, will be settled in the cold weather of 1897-98.

5. His Honour the Lieutenant-Governor expressed it as his opinion that the Contract figures should be based on the figures of the Budget Estimate of 1896-97, rather than on those of the Revised Estimate of 1895-96, as was proposed in my letter of the 7th October. The Government of India are willing to meet His Honour's wishes in this respect, and the figures entered in the

Statement appended to this letter have all been taken from the Budget Estimate of 1896-97, with the following exceptions: namely—

- (1) The amount taken in the Budget Estimate of 1896-97 under 2.—Assignments and Compensations was R3,20,000, and in the Revised Estimate of 1895-96 R2,07,000. His Honour the Lieutenant-Governor pointed out that the Revised Estimate was much lower than the normal, and the reply of the Accountant General to the inquiry mentioned in paragraph 15 (4) of my letter of 7th October showed that two sums of R37,000 payable in 1894-95 and in 1895-96 had not been drawn before March 31, 1896. The Budget Estimate of 1896-97 accordingly included a provision of R74,000 for the payment of those arrears. For the Contract figure it is necessary to deduct that sum from the Budget Estimate of 1896-97, and the sum of R2,46,000 has accordingly been taken for the head in the Statement appended to this letter.
- (2) The receipts and expenditure under XXX and 43.—Minor Irrigation Works are both higher than the normal in the Budget Estimate of 1896-97. The Governor General in Council is of opinion that R1,20,000 will be a fair figure to take as the normal net expenditure on those works: it is somewhat higher than the actuals of any of the four years 1892-93 to 1895-96: R1,80,000 and R3,00,000 have accordingly been entered under heads XXX and 43 in the Statement.
- (3) The Budget Estimate of 1896-97 does not make full provision for the expenditure required to complete the sanctioned scheme of police reforms, and it is understood that an additional sum of R3,64,000 is required for this purpose. R50,07,000 has accordingly been taken for the head 20.—Police.
- (4) It has been decided to take for Civil Works the amounts allowed in the contract of 1892, less the receipts and expenditure of the Thomason College which have since 1892 been transferred and are provided for under Education. The figures taken are accordingly—

	R	R	R
XXXII.—Civil Works	8,11,000	—20,000	=7,91,000
45.—Civil Works	29,50,000	—1,70,000	=27,80,000

- (5) His Honour the Lieutenant-Governor stated that the Budget Estimate for Jail expenditure is too low. The figures of past years have been examined, and the Governor General in Council agrees that some increase is required. He proposes the following figures for Jail expenditure (the figures of the Budget Estimate for receipts being accepted):—

	R
Jail Manufactures	3,10,000
Jails	12,60,000
TOTAL	15,70,000

With these amounts the Manufactures yield a net receipt of R1,50,000 and the expenditure on "Jails" is about R13,000 in excess of the average expenditure of the three years 1893-94 to 1895-96.

6. The foregoing remarks are sufficient to explain the figures entered in the Statement attached to this letter, which embodies the proposals the Government of India now make for the settlement of the Provincial Contract with the North-Western Provinces and Oudh for the year 1897-98, and shows which of the figures will be continued without alteration for the contract of the succeeding four years and which of them will be subject to revision next year.

7. In the year 1897-98 a special addition will be made to the Provincial assignment of the amount of expenditure which the Local Government will

incur in that year on the new Government House at Naini Tal. I am to request that the probable amount may be intimated.

8. At the end of 1896-97 or the beginning of 1897-98 an addition, estimated at four lakhs, will be made to the Provincial balance to enable the Local Government to start the new Local Fund scheme which was discussed in my letter No. 3888, dated the 10th September 1896, if the Local Government are in a position to carry these proposals into early effect.

9. It is convenient to mention here two matters: namely, the measures discussed in paragraphs 27, 28, and 30 of my letter of 7th October in connection with the opening balance of the Provincial Government under the new Contract and the arrears of Land Revenue which will remain to be collected after it has begun to run; and the question as to how much of the Famine Relief Expenditure to be incurred this year and next will be treated as Imperial. These matters will be held over for settlement in March next and in next cold weather, as the figures depend upon the outturn of the Revised Estimates as then settled.

10. In taking the Budget Estimates of 1896-97 as the basis of the new Contract, Exchange Compensation Allowances have been calculated on an assumed market rate of 13½d. the rupee. The Local Government will be allowed the full benefit of this favourable assumption in 1897-98. But if the market rate continues to be materially higher, the Government of India will revise the figures taken for that expenditure when the figures for the excepted heads mentioned in paragraph 4 for the four years commencing April 1, 1898, come under settlement next cold weather.

I have the honour to be,

SIR,

Your most obedient Servant,

J. F. FINLAY,

Secretary to the Government of India.

FOR ORDERS.

Before accepting the arrangement, we must know what ^{fixed} amount ^{should} be taken as provincial share of the Land Revenue and Excise. If a low figure is adopted, it may be exceeded by the actual receipts, and then India would take the whole of the excess, instead of only three-fourths of it. I think we should propose, by telegraph, a good high figure sufficient to meet all the reasonable extra income we shall want to meet the higher P.W. expenditure proposed in the letter on the contract proposals, and to cover the farming expenditure.

For my own part, I should like the Fresh Rev. and Expenditure to be completely provincialized and I would offer to forego our share of the Land Revenue, a sum equal to the estimated imperial share of the estimated budget of the Forest Dept.

The letter from India promised in its telegram of the 18th instant is submitted. It will be seen that the proposal is to take the assignments under I Land Revenue and V Excise at fixed amounts for 1897 & only. What these amounts will be the Govt of India does not state but Imperial will bear any loss difference between the actual and the amounts so fixed - whether this difference represents a loss or a gain.

India is also willing to make good any temporary excess of expenditure under Police, 'Jails' & Law & Justice on account

H. E. THE GOVERNOR.

THE HON'BLE MR. BLISS, C.I.E.

THE HON'BLE MR. GROSE, C.I.E.

PROVINCIAL CONTRACT

FOR ORDERS.

In replying to India, the first thing to be done is to point out the misconception in para 2 of its letter of 22/12/96. The meaning of the last sentence of para 5 of our letter 3207, merely was that when considering the budget, India had to take into account the fact that its resources would be exhausted by the end of 1896-97 as to place ourselves, by the time the contract was settled, if we postponed for a year, in such a position of poverty that India would then be compelled to pay terms which would otherwise have been reasonable.

As to the proposal now made, I do not see the advantage of asking for high figures for Land Rev. & Excise for the year 1897-98. To begin with, India would not give them. In the second place, if it did, it would correspond to the value of the fixed assignment under Land Rev., so that we should be getting nothing, but rather, as that assignment is to be maintained during the coming quinquennium, should be, perhaps, heavily increased. It will be for better for us to get (for the present) the lowest possible figures for Land Rev. & Excise, for the lower they are the higher must be the fixed assignment under Land Rev. & Excise which we have to live during the next five years. Subject of course, to our remarks in our letter 9057 on matters other than Land Rev. & Excise, as far as I can see no more seems to be, as far as I can understand it (the letter which preceded India's letter has not been published), to be fair to me; and I should accept it.

On reconsideration I have two proposals of the 2 of 3 and be accepted.

I am not convinced that the Hon. Mr. Bliss is right in assuming

With reference to His Excellency's note of the 30th ultimo, it is submitted that India presumably proposes

(1) to fix the contract as usual on what may be agreed upon as the normal standard for the next quinquennium; that is on the lines of the figures in appendix to letter 9057 Finl., d/ 29th Decr. 1896;

(2) to retain unaltered throughout the next quinquennium the adjusting contribution or contract assignment that arrived at (something between 3.45 lakhs and 28.00 lakhs);

(3) to make special adjustments for 1897-98 on account of 1 Land Revenue, 2 Excise, 3 Law and Justice, 4 Police and 5 Famine Relief, so as to save both Imperial and Provincial from losses due to the adoption during that year of what the Govt. of India terms fixed amounts; and

(4) to make similar adjustments for the last four years on the basis of the more accurate information which will be available in the cold weather of 1897-98.

It has been suggested that the letter should be sent to the Hon. Mr. Bliss with the letter of the 29th inst.

2. As regards the determination of the normal standard, the figures which this Govt. would adopt are those in appendix C to letter No. 905 Finl., d/ 29th Decr. 1896. For the fixed amounts under the specially accepted heads of Land Revenue and Excise, the best course would, it is submitted, be to adopt the budget estimates for 1897-98 as ultimately fixed. The budget figure under Land Revenue for 1897-98 is 539.04 lakhs and includes a sum of 15.32 lakhs which represents postponed collections (para 14 of G.O. No. 153 Rev., d/ 29th Decr. 1896). Excluding these postponed collections the balance (523.72) approximates closely to the normal standard (523) reported in this Govt.'s letter No. 905 Finl., d/ 29th Decr. '96.

3. India proposes "to treat as 'Imperial any variations in the actuals' from the amounts so fixed" apparently intending in case ~~the~~ actuals exceed the "fixed amounts" to credit Imperial with the whole of the excess instead of only its three-fourths share under Land Revenue. As stated above the budget estimate for 1897-98 includes postponed collections and it is but fair that Provincial should not lose its share of this postponed revenue.

4. H.E. the Governor proposes to telegraph very high figures to India for adoption as the fixed amounts under Land Revenue and Excise in 1897-98, but it

assuming that the fixed assignment ~~applied~~ for 1897-98 will be maintained ~~throughout~~ the quinquennium. It is stated in India's letter that the settlement of the Contract figures under the heads of Land Revenue and Excise will be postponed until the cold weather of 1897-98, and it follows, as it seems to me, that the fixed assignment, which is made to bring up the ~~estimated~~ Revenue to the estimated

expenditure, can be finally settled only then.

But, I yield to the superior knowledge and experience of these financial

amongments, which are possessed by my Hon. Colleagues; and I ~~submit~~ ^{report} their conclusion that the offer of the Govt. of India should be accepted.

I am very glad my Hon. Colleagues have not seen their way to accept my proposal of

I cannot see that this matter - ~~the~~ ^{the} ~~of this postponed revenue affects our balance on 31/3/97, which is an element in the Contract which India will certainly take into account. However, we might try to get some share of the postponed revenue, though I admit it will be of use to do so - in fact, in my view, we can hardly claim it with justice.~~

X + ask the 'Trusts'. It was made with the purpose of obtaining, in the interests of the 1st class, greater freedom of action in administering the Forests, than we now possess.

A.H. 8.1.97

it is submitted that the course suggested above namely to stand out for the budget estimates for 1897-98 under the accepted heads would be the most equitable. The Govt. of India does not appear to have contemplated that the collections might exceed the "fixed amounts". The fairest course would, it is submitted, be if the collections did exceed the fixed amounts under Land Revenue to let India take such excess as remained after arrears, postponed collections and other abnormal factors had been eliminated. It is ~~improbable~~ ^{unlikely} that the Govt. of India will accept high figures as the "fixed amounts" for it will be in confidential communication with the Acct. Genl. as regards the estimates until March and is unlikely to consent to any measure that will entail a certain loss to Imperial funds.

5. As regards the figure under Excise, this Govt. has accepted for the contract the amount proposed by the Govt. of India (150 lakhs). The revised estimate for the current year has been placed at 146 and the budget for 1897-98 at 153. These figures are lower than those originally estimated by the Board.

6. With reference to Famine Expenditure the Acct. Genl. maintains a detailed account of such expenditure under each service head - please see G.O. No. 933 Finl., d/ 5th Octr. 1896 and he may, it is submitted, be requested to furnish a similar return as soon as possible after the close of the current

year.

almost
year. It would be impossible to fore-
cast the famine expenditure at the present
moment and it will, it is thought, be
much safer to work on the actuals.
The Board of Rev: when asked early
in Decr. to give a forecast for
the current year and the next year
was unable to do anything more than
give a very rough estimate of two lakhs
for each year. There is another aspect
of the matter which it might be worth
while to consider. When letter No. 820
d/ 27th Novr. 1896, was written, the
season promised to be much more un-
favourable than now appears likely
to be the case and it is thought that
this Govt. would probably come best out
of the matter by adhering to the figures
proposed in appendix C to letter No.
905 Finl., d/ 29th Decr. 1896 as those
to be adopted ^{throughout} ~~during~~ the next quin-
quennium, no fixed amounts under Land
Revenue and Excise being asked for,
but India's offer as regards the recoup-
ment of famine expenditure being accept-
ed. If this were done and the budget
estimate for 1897-98 under Land Rev:
539.04 (Provincial share 134.76) were
realized, this Govt. would get the whole
of the excess over the 150.50 which
has been proposed as the contract
estimate and there would be no question
of Imperial appropriating this Provin-
cial share.

H.E. is in favour of fore-
going a proportionate share of the
Provincial

*This might do. But it would be risky.
Suppose the S.W. monsoon of this year is a
bad one, we should be tremendously & India's
making up our famine expenditure w/out
compensation for loss of income.*

I don't think we could ask this -

7/1/97

Provincial income under Land Revenue
in order to obtain for Provincial the
entire receipts under IX Forest. Atten-
tion is invited to para 24 of the contract
note (page 17) from which it will be
seen that the revenue was originally
wholly Provincial, and that India resumed
half as Imperial in accordance with the
practice in the other Presidencies. It is
submitted that India is not at all likely
to give up such a source of steady profit
however slow. From the figures on page 2
of appendix ^A ~~VIII~~ to the contract note, it
will moreover be seen that while the
Provincial share of Land Revenue has risen
from 117.79 lakhs in 1862-63 to 153.16 in
1895-96, that under Forest has risen from
9.07 to 21.10

ORDER. No: 25 of 12-1-97

The following telegram will be despatched to the Govt. of India, Finance and Commerce department.

13. "Your telegram 18th and letter No. 5435 A, 22nd December, Proposals accepted conditionally, letter follows. Please intimate proposed figures under special-ly excepted heads".

2. It is presumed that the Accountant-General will arrange to maintain separate accounts under Famine relief expenditure, in accordance with the recent instructions of the Govt. of India on the subject, so that a consolidated statement similar to that in G.O.No.985 Financial, dated 5th Oct. 1893 may be prepared immediately after the close of relief operations.

Note. Submitted that this word be inserted for the reasons given in paras. 2 & 3 of the draft letter put up. It will throw the responsibility of "fixing the amounts" on India itself.

Should alter the telegram as shown in red ink and should omit para 2(ii) of the letter, which seems unnecessary, if not meaningless, because the essence of the proposal made by India is that if we get a fall of

The Revenue Dept. 6
Accountant-General.
in 1897-98, India will stand the cost of the famine.

Letter:-

LETTER:-

N^o 26.

To

The Secretary to the Govt. of India,
Finance and Commerce Dept.

SIR,

In confirming my telegram, regarding the terms of the temporary Provincial contract for 1897-98, I am directed to point out that there is a misconception on para. 2 of your letter No. 5435 A, dated 22nd December 1896. All that His Excellency the Governor in Council intended to convey in the concluding portion of para. 5 of Mr. Arundel's letter No. 820, dated 27th November 1896 was that the Govt. of India, when ~~on~~ criticising and passing the budget for 1897-98, would have it in its power to regulate the finances of this province in such a manner as to prevent this Govt. from exhausting ~~its~~ ^{its} balance ~~as might be~~ ^{as might be} available on the 1st April 1897 and from placing itself in such a position of poverty by the time the ^{Settlement of the} new contract ^{took place} would have been settled - if postponed for a year - as to compel the Govt. of India to grant better ^{terms} ~~times~~ than would otherwise have been necessary - in other words the object was to secure the interests of ^{the} Imperial Govt. without causing undue embarrassment to this Govt. ~~and nothing more.~~

2. As regards the proposal to adopt a fixed amount under I Land Rev.

No. , dated Jan'y. 1897.

* *Splice in margin*

(or further matter of that the N.E. monsoon) of 1897-98 should fail, it will be India that will lose, not we. In this view the letter should be altered as shown below in red ink.

As to H.E.'s remarks of 8/1/97 as to forests, I feel sure that we can go as far as, under existing arrangements, as we wish to in the direction of administering the forests in the interests of the ryot class. The fact of the heart being divided does not impair our power of control - witness the freedom with which we deal with ~~Abkari~~ Excise - and if we chose to relax our forest rules in the interests of the ryots it would not ^{lie} in the mouth of India to raise objections after their resolution of the autumn of 1894. I had again put him preparing the Contract of 1887-92 under which forests were wholly provincial & I feel sure that India would repeat that arrangement. ~~But~~ Not, under my view that

for 1897-98 I am to request that the following ~~disturbing~~ elements, which may tend to vitiate the final results, may be taken into consideration ^{fact that}

(i) the budget estimate of 539.04 lakhs for 1897-98 includes 18.32 representing postponements of collections falling due in the current year and allows for advance collections to the extent of a net estimated sum of (2.62-1.57 or) 1.05 ^{might be taken into consideration}.
(ii) In ~~case~~ ^{the event of the failure of} the South West monsoon ^{will} ~~should fail~~ this year this Govt. ~~would~~ ^{probably} be involved ^{in a} heavy loss of revenue which ^{can} ~~could~~ not be compensated by the recoupment of famine expenditure so generously undertaken by the Govt. of India.

3. Subject ~~therefore~~ to these considerations and to the remarks in Mr. Arundel's letter No. 905 Financial, dated 29th December 1896 as regards other heads, I am to say that His Excellency the Governor in Council accepts the proposals in your telegram and letter under reply.

NOTES CONNECTED WITH G.O., Nos. 25, 26, FINANCIAL, DATED
12TH JANUARY 1897.

[SUBJECT.—Provincial Contract.]

His Excellency the Governor

The letter from India promised in its telegram of the 18th instant is submitted. It will be seen that the proposal is to take the assignments under I. Land Revenue and V Excise at fixed amounts for 1897-98 only. What these amounts will be the Government of India does not state, but Imperial will bear any difference between the actuals and the amounts so fixed—whether this difference represents a loss or a gain.

2/ India is also willing to make good any temporary excesses of expenditure under, "Police," "Jails" and "Law and Justice" on account of scarcity. It will not be an easy matter to gauge such expenditure, but instructions will be issued to heads of departments and the Accountant-General to keep an account of such excesses.

3/ The contract letter, which has been ready for despatch (except for information on a point raised by the Honourable Member which has been referred to the Revenue department and to which a reply has just been received) will now issue.

C. M. SCHMIDT—28-12-96.

A. T. ARUNDEL—29-12-96.

J. G. [ROSE]—29-12-96.

Before accepting the arrangement we must know what fixed amounts should be taken as provincial shares of the Land Revenue and Excise. If a low figure is adopted it may be exceeded by the actual receipts, and then India would take the whole of the excess, instead of only three-fourths of it. I think we should propose, by telegraph, a good high figure, sufficient to meet all the reasonable extra income we shall want to cover the higher public works expenditure proposed in the letter on the contract proposals, and to cover the famine expenditure.

1/ B { 2/ For my own part, I should like the forest revenue and expenditure to be completely provincialized and I would offer to forego, from our share of the Land Revenue, a sum equal to the imperial share of the estimated profits of the Forest department.

A. E. H. [AVELOCK]—30-12-96.

The Hon'ble Mr. Grose, C.I.E., again with reference to His Excellency's note.

A.T.A.—30-12-96.

A—I agree.

B—I don't think any proposal of this kind is likely to be accepted.

J.G.—30-12-96.

81 With reference to His Excellency's note of the 30th ultimo, it is submitted that India presumably proposes—

(1) to fix the contract as usual on what may be agreed upon as the normal standard for the next quinquennium; that is, on the lines of the figures in appendix C to letter No. 905, Financial, dated 29th December 1896;

(2) to retain unaltered throughout the next quinquennium the adjusting contribution or contract assignment thus arrived at (something between 8.43 lakhs and 28.60 lakhs);

(3) to make special adjustments for 1897-98 on account of I. Land Revenue V Excise, 19 A. Law and Justice, 20 Police and 33. Famine Relief, so as to save both Imperial and Provincial from losses due to the adoption during that year of what the Government of India terms fixed amounts; and

(4) to make similar adjustments for the last four years on the basis of the more accurate information which will be available in the cold weather of 1897-98.

Submitted to C.A. for

2. As regards the determination of the normal standard, the figures which this Government would adopt are those in Appendix C to letter No. 905, Financial, dated 29th December 1896. For the fixed amounts under the specially accepted heads of *Land Revenue* and *Excise* the best course would, it is submitted, be to adopt the budget estimates for 1897-98 as ultimately fixed. The budget figure under I. *Land Revenue* for 1897-98 is 539.04 lakhs and includes a sum of 18.32 lakhs which represents postponed collections (paragraph 14 of G.O., No. 58, Revenue, dated 29th December 1896). Excluding these postponed collections the balance (520.72) approximates closely to the normal standard (522) reported in this Government's letter No. 905, Financial, dated 29th December 1896.

3. India "proposes to treat as Imperial any variations in the actuals from the amounts so fixed" apparently intending in case the actuals exceed the "fixed amounts" to credit Imperial with the whole of the excess instead of with only its three-fourths share under *Land Revenue*. As stated above the budget estimate for 1897-98 includes postponed collections and it is but fair that Provincial should not lose its share of this postponed revenue.

I am not sure that this matters. The existence of this postponed revenue affects our balance on 31st March 1897, which is an element in the contract which India will certainly take into account. However, we might try to get our share of the postponed revenue, though I doubt if it will be of use to do so. In fact, in my view, we can hardly claim it with justice. [list] H.W.B.

8

4. His Excellency the Governor proposes to telegraph very high figures to India for adoption as the fixed amounts under *Land Revenue* and *Excise* in 1897-98, but it is submitted that the course suggested above, namely, to stand out for the budget estimates for 1897-98 under the accepted heads would be the most equitable. The Government of India does not appear to have contemplated that the collections might exceed the "fixed amounts". The fairest course would, it is submitted, be if the collections did exceed the fixed amounts under *Land Revenue* to let India take such excess as remained after arrears, postponed collections, and other abnormal factors had been eliminated. It is improbable that the Government of India will accept high figures as the "fixed amounts", for it will be in confidential communication with the Accountant-General as regards the estimates until March and is unlikely to consent to any measure that will entail a gain loss to Imperial funds.

5. As regards the figure under *V. Excise*, this Government has accepted for the contract the amount proposed by the Government of India (150 lakhs). The revised estimate for the current year has been placed at 148 and the budget for 1897-98 at 153. These figures are lower than those originally estimated by the Board.

6. With reference to *Famine Expenditure* the Accountant-General maintains a detailed account of such expenditure under each service head—please see G.O., No. 983, Financial, dated 5th October 1893, and he may, it is submitted, be requested to furnish a similar return as soon as possible after the close of the current year. It would be almost impossible to forecast the famine expenditure at the present moment and it will, it is thought, be much safer to work on the actuals. The Board of Revenue when asked early in December to give a forecast for the current and the next year was unable to do anything more than give a very rough estimate of two lakhs for each year. There is another aspect of the matter which it might be worthwhile to consider. When letter No. 820, dated 27th November 1896, was written, the season promised to be much more unfavourable than now appears likely to be the case, and it is thought that this Government would probably come best out of the matter by adhering to the figures proposed in appendix C to letter No. 905, Financial, dated 29th December 1896, as those to be adopted throughout the next quinquennium, no fixed amounts under *Land Revenue* and *Excise* being asked for, but India's offer as regards the recoupment of famine expenditure being accepted. If this were done and the budget estimate for 1897-98 under *Land Revenue* 539.04 (Provincial share 134.76) were realized, this Government would get the whole of the excess over the 130.50 which has been proposed as the contract estimate and there would be no question of Imperial appropriating this Provincial share.

7

This might do. But it would be risky. Suppose the south-west monsoon of this year is a bad one, we should lose tremendously and India's making up our famine expenditure would not compensate us for loss of income.

H.W.B.

7. His Excellency is in favour of foregoing a proportionate share of the Provincial income under Land Revenue in order to obtain for Provincial the entire receipts under IX. Forest. Attention is invited to

paragraph 24 of the contract note (page 17) from which it will be seen that the revenue was originally wholly Provincial. India resumed half as Imperial in accordance with the practice in the other Presidencies. It is submitted that India is not at all likely to give up such a source of steady profit however slow. From the figures on page 2 of appendix A to the contract note, it will moreover be seen that while the Provincial share of Land Revenue has risen from 117.79 lakhs in 1882-83 to 133.16 in 1895-96, that under Forest has risen from 9.07 to 21.10.

C.M.S.—6-1-97. J. F. PRICE—6-1-97.

In replying to India, the first thing to be done is to point out the misconception in paragraph 2 of its letter of 22nd December 1896. The meaning of the last sentence of paragraph 5 of our letter No. 820, Financial, dated 27th November 1896, merely was that, when criticising and passing our budget, India had it in its power to prevent our so exhausting such a balance as we may have at the end of 1896-97 as to place ourselves, by the time the new contract would have to be settled, if now postponed for a year, in such a position of poverty that India would then be compelled to grant us better terms than would otherwise have been reasonable—nothing more.

2/ As to the proposal now made, I do not see the advantage of asking for high figures for Land Revenue and Excise for the year 1897-98. To begin with India would not give them. In the second place, if it did, it would correspondingly reduce the fixed assignment under Land Revenue, so that we should gain nothing, but rather, as that assignment is (as I take it, to be maintained during the coming quinquennium, should lose, perhaps, heavily. It will be far better for us to get (for the present and in future) the lowest possible figures under Land Revenue and Excise, for the lower they are, the higher must be the fixed assignment under Land Revenue on which we have to live during the next five years. Subject, of course, to our remarks in our letter No. 905, Financial, dated 29th December 1896, on matters other than Land Revenue and Excise, India's proposal now made seems to me, as far as I can understand it (the telegram), to be a fair one; and I should

It has gone to press to be printed with letter 905. It contained nothing that the letter does not. C.M.S. which preceded India's letter has not been put up, to be a fair one; and I should accept it.

H. W. B[LISS].
On reconsideration I think the proposals of the Government of India should be accepted. J.G.—7-1-97.

I am not convinced that the Hon'ble Mr. Bliss is right in assuming that the fixed assignments adopted for 1897-98 will be maintained throughout the quinquennium. It is stated in India's letter that the settlement of the contract figures under the heads of Land Revenue and Excise will be postponed until the cold weather of 1897-98, and it follows, as it seems to me, that the fixed assignment, which is made to bring up the estimated revenue to the estimated expenditure, can be finally settled only then. But I yield to the superior knowledge and experience, of these financial arrangements, which are possessed by my Honourable Colleagues and I defer to their conclusion that the offer of the Government of India should be accepted.

2/ I am sorry that my Honourable Colleagues have not seen their way to accept my proposal as to the "Forests." It was made with the purpose of obtaining, in the interests of the ryot class, greater freedom of action in administering the Forests, than we now possess.

A.E.H.—8-1-97.

Chief Secretary

Draft the order + letter are submitted

C.M.S. 9-1-97

J.F. Price—9-1-97

7th Dec 1897
4
As to His Excellency's remarks of 8th January 1897 as to Forests, I feel sure that we can go as far, under existing arrangements, as we wish to in the direction of administering the Forests in the interests of the ryot class. The fact of the head being divided does not impair our power of control—witness the freedom with which we deal with excise—and if we chose to relax our Forest rules in the interest of the ryots it would not lie in the mouth of India to raise objection after their resolution of the autumn of 1894. I had a main part in preparing the contract of 1887—1892 under which Forests were wholly Provincial, and I feel sure that India would not repeat that arrangement, nor under my view that the whole of the revenue belongs to India, which assigns to the Provinces just such a share as it thinks needed to stimulate good and progressive administration, would it be right that it should do so.

H.W.B. 11-1-97.
A.E.H. 11-1-97.

8
"Paragraph 1 of Draft Order"
Submitted that the word "Conditionally" be inserted for the reasons given in paragraphs 2 and 3 of the draft letter put up. It will throw the responsibility of "fixing the amounts" on India itself.

C.M.S. 9-1-97

J.F.P. 9-1-97

I should alter the telegram substituting the words subject to remarks on heads other than Land Revenue and Excise already communicated in letter No. 905, for "conditionally", and should omit paragraph 2 (ii) of the letter, which seems to me unnecessary, if not meaningless, because the essence of the proposal made by India is that, if we have a fall of revenue under Land Revenue and Excise in 1897-98, India will stand the test. If therefore the south-west monsoon (or for the matter of that the north-east monsoon) of 1897-98 should fail, it will be India that will lose, not we. In this view the letter should be altered as shown below in red ink.

H.W.B. 11-1-97.
A.E.H. 11-1-97.

See that nothing which is written in red ink is altered?

Madras, 13th Jan 1897.

OFFICE NOTE.

CHIEF SECRETARY
14 JAN 1897
GOVERNMENT OF MADRAS

To

2A
The Chief Secretary

Your telephone
message of 11th inst.

Will you please
say what has been the
grant for works in charge
of Civil Officers during the
last two or three years, and
what grant has been fixed
for 1897-98.

*i.e. the sanctioned
budget grant -
not actual expenditure -*

J. M. Parnell Colonel R.E.
Secy to Govt.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read Proceedings of the Financial

Department, No. 11, dated 6th January 1897.

Order thereon, No. 143 Mis, d/11th January 1897.

In preparing the Revised Estimates for the current year and the Budget estimates for 1897-98 under I Land Revenue, V Excise, VI Provincial Rate, and IX Forests, sufficient allowance was made for the probable decrease in consequence of the prevailing scarcity. The figures already accepted by the Financial Department under these heads do not therefore require any alteration.

2. In regard to 35 "Famine Relief", the Board will be requested to furnish the information called for in paras 1(i), 1(ii) and 2 of the Accountant General's letter at a very early date.

RESOLUTION.

Calcutta, the 29th December 1896.

READ—

Letter from the Government of Bengal, No. 4865 Mis., dated the 4th September 1896, forwarding the annual reports on the administration of the Stationery Departments in Madras, Bombay, and Bengal for the year 1895-96.
Endorsement from the Government of Madras, No. 521, dated the 26th August 1896,
Letter from the Government of Bombay, No. 3727, dated the 3rd November 1896,

RESOLUTION.—The value of stocks, receipts, and issues of the three Stationery Offices for the year 1895-96 compares as follows with the value in 1894-95 :—

	1894-95. R	1895-96. R
Value of stores in hand at the beginning of the year (at the valuation of the year) .	13,33,744	15,02,422
Value of stores received or credited during the year	33,90,370	35,77,263
TOTAL .	47,24,114	50,79,685
Value of stores issued during the year . .	32,93,229	36,78,131
Balance at the close of the year .	14,30,885	14,01,554

2. These amounts are distributed between the three Stationery Offices as noted below :—

	Opening balance.		Receipts.		Issues.		Closing balance.	
	1894-95. R	1895-96. R	1894-95. R	1895-96. R	1894-95. R	1895-96. R	1894-95. R	1895-96. R
Calcutta .	6,63,454	8,11,377	23,57,947	25,56,706	22,81,561	25,97,305	7,39,840	7,70,778
Madras .	3,83,703	3,68,896	5,61,059	6,27,691	5,75,866	6,48,940	3,68,896	3,47,647
Bombay .	2,86,587	3,22,149	4,71,364	3,92,866	4,35,802	4,31,886	3,22,149	2,83,129
TOTAL .	13,33,744	15,02,422	33,90,370	35,77,263	32,93,229	36,78,131	14,30,885	14,01,554

3. The closing balances of the Madras and Bombay Stationery Offices have been reduced in accordance with the suggestion made in paragraph 3 of the Resolution in this Department, No. 5287 S. R., dated the 5th November 1896.

180 917
22-11-95

1895, and in Bengal efforts are being made in the same direction.

4. The aggregate value of stores issued by the three Stationery Offices in 1895-96 was higher than in the preceding year by R3,84,902, the increase being in the Calcutta and Madras Offices.

5. There was a satisfactory increase, as shewn in the following table, in the purchase of articles made in India in substitution for stores of European manufacture during 1895-96. The substitution is reported to have secured a saving of R3,80,038 :—

	1891-92.	1892-93.	1893-94.	1894-95.	1895-96.
	R	R	R	R	R
Calcutta . . .	17,64,461	18,49,597	18,50,817	17,70,657	19,62,036
Madras . . .	1,74,034	2,53,632	2,53,363	2,88,668	3,36,910
Bombay . . .	2,44,212	2,68,053	2,66,976	3,44,456	2,67,224
TOTAL . . .	21,82,707	23,71,282	23,71,156	24,03,781	25,66,170

These stores consist mainly of paper made at the Indian mills. The value of such paper has been as follows in the last five years :—

	Calcutta.	Madras.	Bombay.
	R	R	R
1891-92 . . .	16,61,905	1,49,878	2,28,508
1892-93 . . .	17,19,192	2,22,388	2,53,192
1893-94 . . .	17,14,772	2,21,991	2,46,862
1894-95 . . .	16,26,630	2,51,741	3,37,421
1895-96 . . .	17,96,650	3,28,843	2,42,992

6. The supply of newspapers and periodicals through the Calcutta Stationery Office to offices in the Bengal Presidency continues to work well. The Governor General in Council is also pleased to observe that the working generally of all three Stationery Offices is satisfactory.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Madras, Bombay, and Bengal.

Cost of supplying copies of Land Acquisition Proceedings.

Passing orders in regard to the recovery and debit of the —.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

G.O., Mis. No. 4500, Revenue, dated 12th November 1896.

Read—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), Mis. No. 4729, dated 19th October 1896.

Read—the following letter from F. C. HARRISON, Esq., Officiating Accountant-General, to the Secretary to the Commissioners of Land Revenue, dated Fort St. George, 29th September 1896, No. 3040:—

I have the honour to state that the Collector of Nellore has passed an order that the amount of a bill for remuneration to copyists and examiners presented by the Special Deputy Collector, Bezwada-Madras State Railway, Pennar division, should be debited to "3. Land Revenue" in the treasury accounts, treating the Special Deputy Collector as a Divisional officer for the purpose of granting copies of documents.

A reference was also made to me recently by the Examiner of Accounts, Bezwada-Madras State Railway, in connection with a bill presented to him for payment by the Special Deputy Collector of the Bapatla division of the railway.

In both cases the system of copy-stamped papers sanctioned in G.O., No. 181, Revenue, dated 25th February 1892, was adopted. But under Board's Proceedings, No. 592, dated 13th October 1893, the officers empowered to grant copies of documents on such papers are Collectors, Divisional officers, Tahsildars and Deputy Tahsildars.

The order clearly refers to Revenue officers only, and I am doubtful whether it was intended to apply to officers who are on special duty in the Public Works Department for acquisition of lands, &c.

If any extension in this direction is allowed, the question will arise as to what department should bear the charges for remuneration to copyists. It will not be correct to debit Land Revenue with them since the charges were not incurred in that department. On the other hand, the Examiner contends that, as the sale-proceeds of the copy-stamped papers are credited in the accounts of the Civil department under Stamps, the charges incurred in connection with the preparation of copies on such papers should be debited to that department.

To avoid any complication it seems to me that the simplest plan would be to rule that, in cases like the present, the copying fees should be paid in cash. If the Board concurs in this view, I request that the necessary orders may be issued.

Resolution—Mis. No. 4729, dated 19th October 1896.

Special Deputy Collectors for the acquisition of lands for railway purposes have been declared to be Divisional officers for the purpose of the grant of copies under Standing Order, No. 226 (Old Edition). There will accordingly be no objection in future to their levying copying fees in the shape of copy-stamped papers under G.O., No. 1178, Revenue, dated 9th December 1891.

2. In order to meet the difficulty pointed out by the Accountant-General in regard to the department to which the charges for remuneration to copyists should be debited, the Board has already suggested to Government that the sale-proceeds of copy

stamped papers should be credited in future to Land Revenue or other appropriate departmental head—*vide* paragraph 2 of Board's Proceedings, Mis. No. 3962, dated 29th August 1896.

(True Extract.)

(Signed) R. C. C. CARR,
Ag. Secretary.

Order—Mis. No. 4500, Revenue, dated 12th November 1896.

Recorded.

(True Extract.)

(Signed) LIONEL DAVIDSON,
Ag. Under Secretary to Government.

To the Board of Revenue (Land Revenue).
Copy to the Financial Department.

Note by the Examiner of Railway Accounts, dated 3rd December 1896.

Copies of land acquisition proceedings are supplied, not for the benefit of the railway acquiring the land, but for the benefit of private individuals, who are required to pay for the cost of the same in the shape of fees for stamped papers.

If the fees are properly fixed, there is no actual expense either to Government or to the railway in connection with the furnishing of copies of land acquisition proceedings to the parties interested.

If, however, the fees levied are credited to some Civil department head of Revenue, while the railway is charged with the cost of copying, the railway capital account will be unduly and unfairly swollen by some fictitious expenditure which has not actually been incurred in connection with land acquisition.

For this reason I am of opinion that the Accountant-General's suggestion, that the cost of supplying copies of proceedings should in these cases be recovered in cash, should be adopted.

ORDER—No. 34, Financial, dated 15th January 1897.

As suggested by the Accountant-General and the Examiner of Railway Accounts, the cost of supplying copies of papers in cases such as those dealt with in the correspondence read above will, in future, be recovered in cash.

2. The expenditure in the cases mentioned in the Accountant-General's letter, No. 3040, dated 29th September 1896, will, however, be booked in the accounts of the railways, to which the salaries of the Deputy Collectors on special duty in the Public Works Department are, under section 1203 of the Civil Service Regulations, also debited.

Financial DEPARTMENT.
C. No. 3006.

By order of the Railway Secy.
The Examiner of Public Works

Accounts contends that because the sale proceeds of copy-stamped papers are credited to IV Stamps in the Civil department, the charges on account of remuneration to copyists incurred by Deputy Collectors on special duty in the Public Works Department for the acquisition of lands for Railway purposes should also be debited to the Civil department. The Accountant-General rightly holds that such charges are not debitable to 3 Land Revenue. The Board of Revenue imagines that the difficulty will be surmounted by the proposal now before the Government of India to transfer the receipts from IV Stamps to another head of accounts. But it is clear that to whatever head the receipts may be credited, the question of the incidence of the expenditure on account of remuneration to copyists should follow the general principle that the

department for whose benefit the charge is incurred should always retain the debit in its own accounts - art. 1006, 773(b), (c) of the Civil Account Code, art. 1295 of the Civil Service Regulations &c.

Submitted that the following order may issue.

O R D E R :-

The Govt. considers that, independently of the head to which the sale proceeds of copy-stamp paper are credited, the expenditure incurred on remuneration to copyists by Deputy Collectors on special duty in the P.W.D. ~~must~~ be booked in ~~the~~ accounts ~~other~~ than those ~~concerning~~ to the Railways, to which ~~also~~ the salaries of the Deputy Collectors in question are, under art. 1203 of the C.A.C. ^{also} debited.

Loan of Mr. Nowroji's services to the Pudukkottai State.

Placing, with remarks, the services of Mr. Hormusji Nowroji, the Assistant Sanitary Engineer, temporarily at the disposal of the Pudukkottai Darbar for the purpose of preparing a water-supply scheme for that town.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From J. K. BATTEN, Esq., Political Agent for Pudukkottai, to the Chief Secretary to Government, dated Trichinopoly, 24th October 1896, Ref. on Cur. No. 344-O—Pol.

With reference to G.O., No. 343, dated 1st October 1896, communicating to me the Order, Mis. No. 1729 L., dated 23rd September 1896, I have the honour to report that the Pudukkottai Darbar wishes to avail itself of the services of Mr. Hormusji Nowroji and agrees to pay him at the rate of Rs. 30 per diem during such time as he may be absent from his duty in the British territory and half of it when he may be preparing estimates, &c., as proposed by the Sanitary Engineer to Government in his letter to Government, No. 2153, dated 10th July 1896.

No. 2249.

Transferred to the Local and Municipal Department.

FORT ST. GEORGE,
3rd November 1896.

(Signed) A. L. HANNAY,
Ag. Asst. Secretary.

From F. C. HARRISON, Esq., Officiating Accountant-General, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 30th November 1896, No. I.A.E.—275-C.

With reference to your endorsement, No. 1301, dated the 13th of November 1896, referring to me, for remarks, letter, No. 344-O—Pol., dated 24th October 1896, from the Political Agent for Pudukkottai, in which he reports that the Pudukkottai Darbar wishes to avail itself of the services of Mr. Hormusji Nowroji, Assistant to the Sanitary Engineer to Government, in the place of Mr. Minchin, who has since resigned the service of Government for employment in the Travancore Public Works Department, and that it agrees to pay him at the rate of Rs. 30 per diem during such time as he may be absent from his duty in British territory and half this sum when he may be preparing estimates, &c., I have the honour to make the following remarks.

As Mr. Nowroji is to be transferred to the Pudukkottai State for a special temporary duty lasting only for a few days, the condition as to ten years qualifying service laid down in Article 806 of the Civil Service Regulations need not be applied to his case and no contribution need be levied from him for the period of transfer (*vide* Article 815 of the Civil Service Regulations).

As regards the remuneration proposed to be paid to him, I have to invite the attention of Government to clause 1 of Article 806 (iv) of the Civil Service Regulations, from which it will be seen that his remuneration should not exceed Rs. 587-8-0 per mensem, his present pay under Government being only Rs. 470. If the transfer take place from and after 1st December 1896, his pay under Government will be Rs. 500, and his remuneration in the Pudukkottai State should not therefore exceed Rs. 625 a month. The grant of pay in excess of these amounts requires the sanction of the Government of India in the Foreign Department under Article 806 (ii) (a).

During the period when Mr. Nowroji is required to prepare estimates, &c., while doing duties of his office under Government, his case will be governed by Article 91, clauses (a), (b), (c), if he is considered not to be in foreign service, and the Government may pay him any remuneration it thinks fit under that article.

ORDER—No. 2370 L., dated 14th December 1896.

The services of Mr. Hormusji Nowroji, the Assistant Sanitary Engineer, will be placed temporarily at the disposal of the Pudukkottai Darbar for the purpose of preparing a water-supply scheme for that town. He will be allowed to draw pay at the rate of Rs. 20-13-4 a day for the days he is actually on duty at Pudukkottai and he will be permitted to accept for the period he may be employed in preparing the plans and estimates, in addition to his ordinary duties, a fair and reasonable bonus, to be paid by that State, the amount of which will be fixed by Government after the completion of the work.
