Enclosure.

SIR,

With reference to the Mahamagam festival at Kumbakonum, I have the honour to advise that a Commissioned Medical Officer be placed at my disposal for superintending sanitary arrangements. To the District Medical and Sanitary Officer has been assigned the heavy medical and sanitary supervision of the outer Circle, that is, a radius of 7 miles from Kumbakonum. In the inner Circle, I consider it would be necessary to have the town divided into two areas - one of which I propose should be under the Deputy Sanitary Commissioner and the other under a Commissioned Medical Officer serving under my orders - leaving me free to make inspections and advise as to the three areas.

2. Under the above circumstances, I would recommend that Government will kindly depute under Article 95, Surgeon-Captain Vickers of the Kistna District to give me the aid required. I may state that I have consulted the Surgeon General with the Government before making this request, and that he has no objection to the arrangement, should Government decide to depute an Officer. The Medical Officer's services would be required from the 15th January to last day of February 1897.

Local and Municipal DEPARTMENT.

SIR,

In returning your endorsement no: 1513 dated the 19th December '96, I have the honor to state that I approve of the Sanitary Commissioner's suggestion to depute Surgeon Captain Vickers for special duty in connection with the Mahamagam festival if the Government considers that the superintendence of the Sanitary arrangement requires the services of a Commissioned Medical Officer.

2. If Government approves of his being so deputed, I would suggest that Surgeon Captain Macrae now acting District Medical and Sanitary Officer at Anantapur be sent to Kistna to act for Surgeon Captain Vickers and that the Assistant Surgeon be left in charge of Anantapur until the return of Surgeon Major Harkin, the permanent incumbent, from privilege leave about the 12th February 1897. On learning the wishes of Government in the matter, I shall duly obtain the approval of His Excellency the Governor through the proper channel regarding this.

If I need hardly point out that Surgeon-
