Budget Estimates.

Accepting the — of the Commissioner of Government Examinations for 1898-99.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

G.O., No. 674, Educational, dated 23rd November 1897.

Read—the following paper:—

From the Acting Commissioner for Government Examinations, Madras, dated 15th September 1897, No. 197—1 D.

Order—No. 674, Educational, dated 23rd November 1897.

The receipts from examination fees for the year 1898-99 have been placed too high and will be reduced by '01, the reduction being made under *Upper and Lower Secondary Examinations*.

2. The provision made by the Commissioner under *Temporary Clerks in Secretary's Office* is excessive. The Government considers that a grant of Rs. 900 should suffice, and that amount will accordingly be entered in the estimate pending the receipt of a report from the Commissioner which has been called for separately.

3. The provision made on account of *Temporary Establishments under Primary Examination Boards* seems also to be excessive; but it will be allowed to stand, the Commissioner for Government Examinations being requested to explain the necessity for constituting thirty separate boards for the conduct of the examination.

4. The estimated charges on account of *Rewards to Examiners* will be reduced by '005 under each of the following heads:—*Special and Salt and Abkari Tests, Lower Secondary Examinations, Primary and Fifth and Sixth Standard Examinations*.

The provision for other petty charges under *Supplies and Services* is too large and will be reduced with reference to the actuals of past years.

5. The provision for *Travelling Allowances* has been placed somewhat too high when compared with the actuals of 1896-97 and the revised estimate for 1897-98; it will be reduced by '01.

6. Under *Contingencies* the estimate appears to be capable of reduction and will be reduced by Rs. 175.

7. In paragraph 3 of G.O., No. 688, Financial, dated 13th October 1896, the Commissioner was informed that the employment of permanent coolies from *Contingencies* was objectionable and he was requested to address Government should his establishment be insufficient. The Commissioner has taken no action in the matter but has made an increased provision for the purpose in the estimate for 1898-99. He will be requested to explain this.

8. The estimates on account of *Refunds and Printing at Private Presses* are accepted.

9. The estimates as modified by Government are shown in the appendix to these proceedings.

10. It is observed that the revised estimate of expenditure for the current year is placed at nearly Rs. 9,000 more than the budget estimate. The attention of the Commissioner will in particular be drawn to the large excesses under *Lower Secondary*

and *Primary Examinations*, and he will be requested to report in detail how these revised estimates have been calculated. He will also be requested to bear in mind that, under present financial circumstances, the expenditure for the year should be strictly confined to the budget provision.

EXPLANATORY REMARKS.

- (a) The revised estimate for 1897-98 has been fixed at Rs. 8,100 and the budget estimate for 1898-99 at Rs. 8,500, in view of the steady increase in the number of applicants during the past several years and of the growing popularity of the examinations.
- (b) & (c) The revised estimates for 1897-98 have been based upon the fees received for the examinations to be held during the year.
- (d) The revised estimate for 1897-98 has been arrived at on a calculation of the fees paid by the candidates for the ensuing examination. The budget estimate for 1898-99 has been fixed at Rs. 30,000, in view of the concession granted by Government in favour of General Test and Middle School candidates, of whom a larger number may be expected to come up next year.
- (e) It has been decided that there shall be no competitive examination this year. A sum of Rs. 300 is provided for 1898-99.
- (f) Pending the final orders of Government on certain proposals submitted by the Director of Public Instruction, in connexion with this examination, an entry of Rs. 400 is made, both under 'Revised Estimate for 1897-98' and under 'Budget Estimate for 1898-99.'
- (g) The revised estimate for 1897-98 has been calculated on the basis of the fees for the ensuing examination.
- (h) In view of an increase in the receipts under certificate fees, the revised estimate for the current year has been entered as Rs. 22,000, and the budget estimate for 1898-99 at a slightly higher figure, i.e., Rs. 22,200.

Budget Estimates.

Passing orders on the — of the Commissioner for Government Examinations for 1898-99.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Acting Commissioner for Government Examinations, Madras, dated 15th September 1897, No. 197—1 D.

ORDER—No. 674, Educational, dated 23rd November 1897.

The receipts from examination fees for the year 1898-99 have been placed too high and will be reduced by .01, the reduction being made under *Upper and Lower Secondary Examinations*.

2. The provision made by the Commissioner under *Temporary Clerks in Secretary's Office* is excessive. The Government considers that a grant of Rs. 900 should suffice, and that amount will accordingly be entered in the estimate pending the receipt of a report from the Commissioner which has been called for separately.

3. The provision made on account of *Temporary Establishments under Primary Examination Boards* seems also to be excessive; but it will be allowed to stand, the Commissioner for Government Examinations being requested to explain the necessity for constituting thirty separate boards for the conduct of the examination.

4. The estimated charges on account of *Rewards to Examiners* will be reduced by .005 under each of the following heads:—*Special and Salt and Abkari Tests, Lower Secondary Examinations, Primary and Fifth and Sixth Standard Examinations*.

The provision for other petty charges under *Supplies and Services* is too large and will be reduced with reference to the actuals of past years.

5. The provision for *Travelling Allowances* has been placed somewhat too high when compared with the actuals of 1896-97 and the revised estimate for 1897-98; it will be reduced by .01.

6. Under *Contingencies* the estimate appears to be capable of reduction and will be reduced by Rs. 175.

7. In paragraph 3 of G.O., No. 688, Financial, dated 13th October 1896, the Commissioner was informed that the employment of permanent coolies from *Contingencies* was objectionable and he was requested to address Government should his establishment be insufficient. The Commissioner has taken no action in the matter but has made an increased provision for the purpose in the estimate for 1898-99. He will be requested to explain this.

8. The estimates on account of *Refunds and Printing at Private Presses* are accepted.

9. The estimates as modified by Government are shown in the appendix to these proceedings.

10. It is observed that the revised estimate of expenditure for the current year is placed at nearly Rs. 9,000 more than the budget estimate. The attention of the Commissioner will in particular be drawn to the large excesses under *Lower Secondary*

and *Primary Examinations*, and he will be requested to report in detail how these revised estimates have been calculated. He will also be requested to bear in mind that, under present financial circumstances, the expenditure for the year should be strictly confined to the budget provision.

(d) The revised estimate for 1897-98 has been based upon the fees received for the examinations to be held during the year. The budget estimate for 1898-99 has been fixed at Rs. 30,000, in view of the concession granted by Government in favour of General Test and Middle School candidates, of whom a larger number may be expected to come up next year.

(e) It has been decided that there shall be no competitive examination this year. A sum of Rs. 300 is provided for 1898-99.

(g) The revised estimate for 1897-98 has been calculated on the basis of the estimate for 1896-97 and under 'Revised Estimate for 1897-98' and under 'Budget Estimate for 1898-99'.

(g) The revised estimate for 1897-98 has been calculated on the basis of the fees for the ensuing examination.

(h) In view of an increase in the receipts under certificate fees, the revised estimate for the current year has been entered as Rs. 22,000, and the budget estimate for 1898-99 at a slightly higher figure, i.e., Rs. 22,200.

(a) This is the sum of the allowance required for the temporary establishment and the allowance required for 'section-writing.' As the charges hitherto shown under 'section-writing' cannot strictly be shown under this head for the reasons assigned in my letter to Government No. 161-1 D., dated 2nd August 1897, they have been transferred to the head of 'Temporary clerks in Secretary's Office.'

(b) There are thirty boards in existence for each of which an office allowance of Rs. 120 is given under G.O., No. 790, Educational, dated 1st October 1895.
