READ—again the following papers:—

G.O., No. 974, Revenue, dated 20th November 1897.

Read—the following papers:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), No. 677, dated 19th October 1897.

Resolution—No. 677, dated 19th October 1897.

The Board begs to submit to Government the accompanying statement showing the revised estimate for 1897-98 and the budget estimate for 1898-99 under the different classes of loans under the Land Improvement and Agriculturists' Loans Acts.

2. The variations in the estimates are explained in the statement itself. The large increase of Rs. 15.82 lakhs in the revised estimate of advances to be made during the year as compared with the grant of Rs. 2.50 lakhs sanctioned by the Government of India is due, as Government is aware, to the famine in the Deccan districts, and Ganjam and Vizagapatam and to the consequent necessity of affording relief either directly under the Agriculturists' Loans Act, or indirectly on works carried out by loans, to numbers who would otherwise have come on the famine relief works. The loans advanced under both the Acts during the six months ending 30th September last amounted, according to the Collectors' reports, to Rs. 15,93,140, or nearly 16 lakhs. The revised estimate has been fixed with reference to B.P., Mis. No. 8499, dated 18th October 1897.

3. The estimates of recoveries under principal and interest have been fixed with reference to the actuals of the first four months of the current year and the estimates submitted by Collectors.

4. The estimate of interest which the Local Government has to pay to imperial revenues during the current and ensuing years at $3\frac{1}{2}$ per cent. on the mean outstanding balances, comes to Rs. 1,41,059 and Rs. 1,67,002 against Rs. 1,40,000 and Rupees 2,23,000 respectively which, it is expected, will be collected as interest from the borrowers. The Board begs to state, with reference to paragraph 4 of G.O., No. 654, dated 21st November 1896, that the interest paid to the Government of India in 1896-97 on the outstanding balances of loans under the Land Improvement and Agriculturists' Loans Act amounted to Rs. 1,25,197-3-7 against Rs. 1,16,635-8-2 realised by the Local Government. The budget estimates accepted by Government under these heads were Rs. 1,23,900 and Rs. 1,27,000. The decrease in the amount realized under interest as compared with the estimate is due to the adverse season in the Deccan districts and Ganjam and Vizagapatam and to the consequent necessity of postponing collections of principal and interest in many cases.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 8793, dated 29th October 1897.

Resolution—Mis. No. 8793, dated 29th October 1897.

Adverting to paragraph 4 of its Proceedings, No. 677, dated 19th October 1897, the Board begs to state that, in estimating the interest which the Local Government has to pay to Imperial Revenue during the current and ensuing years, it adopted, through oversight, the 4 per cent. rate which obtained until last year, instead of the reduced rate of $3\frac{1}{2}$ per cent. sanctioned in paragraph 1 of Government of India resolution recorded in G.O., No. 1791, Revenue, dated 2nd April 1897. It accordingly requests that the following corrections may be made in the first sentence of paragraph 4 of the manuscript copy, submitted to Government, of Board's Proceedings, No. 677, dated 19th October 1897:—

For "4 per cent." and "Rs. 1,61,210 and Rs. 1,90,860", read " $3\frac{1}{2}$ per cent." and "Rs. 1,41,059 and Rs. 1,67,002," respectively.

2. The corrections have been made in the printed copy of the Proceedings.

Amounts disbursed in October up to the date of Collector's reports	0.07

Budget Estimates.

Forwarding with remarks the estimates of Provincial loans and advances of the Madras Presidency for 1898-99.

FINANCIAL DEPARTMENT.

LETTER—from

THE CHIEF SECRETARY TO THE GOVERNMENT OF
FORT ST. GEORGE,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
FINANCE AND COMMERCE DEPARTMENT.

SIR,

I am directed to forward, for the sanction of the Government of India, the estimates of Provincial loans and advances in this Presidency for 1898-99 as shown in appendices A and B to this letter. It will be observed that no provision has been made for loans to municipalities in 1898-99, as it is not known whether the Government of India will be in a position to make any grants for this purpose next year. If, however, funds are available and the sum of two lakhs can be allotted, the Coonoor and Tuticorin water-supply schemes which, as will be seen from appendix B, have been postponed to 1899-1900 may well be taken in hand in the ensuing year.

I have the honour to be,

Sir,

Your most obedient servant,

FORT ST. GEORGE,
21st December 1897.A. T. ARUNDEL,
Chief Secretary.

Ed. A. F. Eccleston.

2. No provision is made for loans in 1898-99, as it is feared that the Government of India may not be able to allot any funds for this purpose in that year. If however, funds are available, the Bonoor and Subicorin water supply schemes, which have been postponed to 1899-1900, may be taken in hand in 1898-99 and a loan of two lakhs, which has been entered as the probable requirement in 1899-1900, will be allotted in 1898-99.

But no one seems to have considered
what will happen next year if India refuses
us any grant from which to make loans.
In my opinion, we should not provide for
any loans for next year, unless required to
complete works already in progress (which none
of those proposed seem to be) until we know
that India will grant us the money to make
loans with. This question had better be asked at once.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 974, Revenue, dated 20th November 1897.

Read—the following papers:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), No. 677, dated 19th October 1897.

Resolution—No. 677, dated 19th October 1897.

The Board begs to submit to Government the accompanying statement showing the revised estimate for 1897-98 and the budget estimate for 1898-99 under the different classes of loans under the Land Improvement and Agriculturists' Loans Acts.

2. The variations in the estimates are explained in the statement itself. The large increase of Rs. 15.82 lakhs in the revised estimate of advances to be made during the year as compared with the grant of Rs. 2.50 lakhs sanctioned by the Government of India is due, as Government is aware, to the famine in the Deccan districts, and Ganjam and Vizagapatam and to the consequent necessity of affording relief either directly under the Agriculturists' Loans Act, or indirectly on works carried out by loans, to numbers who would otherwise have come on the famine relief works. The loans advanced under both the Acts during the six months ending 30th September last amounted, according to the Collectors' reports, to Rs. 15,93,140, or nearly 16 lakhs. The revised estimate has been fixed with reference to B.P., Mis. No. 8499, dated 18th October 1897.

3. The estimates of recoveries under principal and interest have been fixed with reference to the actuals of the first four months of the current year and the estimates submitted by Collectors.

4. The estimate of interest which the Local Government has to pay to imperial revenues during the current and ensuing years at $3\frac{1}{2}$ per cent. on the mean outstanding balances, comes to Rs. 1,41,059 and Rs. 1,67,002 against Rs. 1,40,000 and Rupees 2,23,000 respectively which, it is expected, will be collected as interest from the borrowers. The Board begs to state, with reference to paragraph 4 of G.O., No. 654, dated 21st November 1896, that the interest paid to the Government of India in 1896-97 on the outstanding balances of loans under the Land Improvement and Agriculturists' Loans Act amounted to Rs. 1,25,197-3-7 against Rs. 1,16,635-8-2 realised by the Local Government. The budget estimates accepted by Government under these heads were Rs. 1,23,900 and Rs. 1,27,000. The decrease in the amount realized under interest as compared with the estimate is due to the adverse season in the Deccan districts and Ganjam and Vizagapatam and to the consequent necessity of postponing collections of principal and interest in many cases.

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 8793, dated 29th October 1897.

Resolution—Mis. No. 8793, dated 29th October 1897.

Adverting to paragraph 4 of its Proceedings, No. 677, dated 19th October 1897, the Board begs to state that, in estimating the interest which the Local Government has to pay to Imperial Revenue during the current and ensuing years, it adopted, through oversight, the 4 per cent. rate which obtained until last year, instead of the reduced rate of $3\frac{1}{2}$ per cent. sanctioned in paragraph 1 of Government of India resolution recorded in G.O., No. 1791, Revenue, dated 2nd April 1897. It accordingly requests that the following corrections may be made in the first sentence of paragraph 4 of the manuscript copy, submitted to Government, of Board's Proceedings, No. 677, dated 19th October 1897:—

For "4 per cent." and "Rs. 1,61,210 and Rs. 1,90,860", read " $3\frac{1}{2}$ per cent." and "Rs. 1,41,059 and Rs. 1,67,002," respectively.

2. The corrections have been made in the printed copy of the Proceedings.

(True Extract.)

No 10777/21.12.97
The Secretary to the Govt. of India,
Finance and Commerce Dept.

Sir,

I am directed to forward for the sanction of the Govt. of India the estimates of Provincial loans and advances in this Presidency for 1898-99 as shown in appendices A & B to this letter. It will be observed that no provision has been made for loans to Municipalities in 1898-99, as it is not known whether the Govt. of India will be in a position to make any grants for this purpose next year. If, however, funds are available and the sum of 2 lakhs can be allotted, the Coonoor and Tuticorin water-supply schemes which, as will be seen from Appendix B, have been postponed to 1899-1900 may well be taken in hand in the ensuing year.
