22nd January 1897.

From

The DEPUTY ADJUTANT GENERAL,

To

The Chief Secretary to the Government
of Madras.

Sir,

I am desired to inform you that with reference to military Department P.G. no. 7894 dated 13th November 1889, the late Myingyan District in the Burma Command was supplied with the marginally noted mathematical instruments by the Superintendent of Stationery, Madras, in 1890 for the instruction of Non-Commissioned officers and men in Field Sketching and Reconnaissance.

2. The General Officer Commanding Burma District now intimates that two 2nd class six inch ivory Protractors, one set of Marquois Scales of boxwood, and one Spring divider 1st class are missing and cannot be accounted for. Further that since the issue of the above instruments, the Staff of the late Myingyan District and Chien Wells Command has been frequently

of ascertaining at what period during
the last six years the articles became
deficient, it appears to be impossible to
fix the responsibility upon any individual
officer.

3. Under the above
circumstances and as the value of the
missing instruments can be but a small ⁺ about Rs 15/-
sum, I am to request that you will be
good enough to obtain the sanction of
Government to the missing instruments
being written off.

I have the honor to be,

Sir,

your obedient servant,

C. Lumsden Br: General,
Dy: Adjutant General

MILITARY DEPARTMENT, 13TH NOVEMBER 1889, No. 7894.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Drill and Instruction—Garrison.

Read the following papers :—

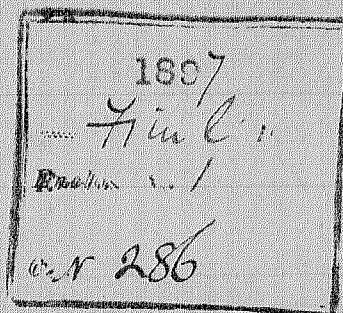

No. 208. *From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quarter Master General, Madras Army, to Brigadier-General A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Ootacamund, 20th May 1889, No. 230-1 (Intelligence—Reconnaissance).*

With reference to Military Department O.G. No. 1747, dated 12th March 1889, and Madras S.G.O. No. 76, dated 7th December 1888, I am desired by His Excellency the Commander-in-Chief to point out that the instruments, &c., authorised in India Army Circular No. 159 of 1884 have been distributed proportionately to the four * stations mentioned in Appendix A of the S.G.O., in which mixed forces of different arms are located, thus leaving none for distribution to the Rangoon, Mandalay and Myingyan Districts of the Burma Command and the Madras and Southern District Commands, respectively.

* Secunderabad.	Bellary.
Bangalore.	Belgaum.

2. Under these circumstances, I am to request you will be so good as to obtain the sanction of Government to certain mathematical instruments and stationery, as per statement attached, being issued for use in the abovenamed district commands.

3. I am also to state that this application for additional instruments and stationery, for use of the Madras and Southern Districts, would have been submitted earlier, but as the whole of Burma was shortly to come under the Madras Command, it was considered advisable to make one application for the instruments, &c., required.

No. 209. Report from Lieutenant-Colonel O. F. THOMAS, Controller of Military Accounts, to Brigdr.-Genl. A. KENNEY-HERBERT, Secretary to Government, Military Department; dated 15th August 1889, No. 283-G.

Re-enclosed.

2. In reply to a reference made by this office, the Superintendent of Stationery states * that he will be able to undertake the supply of both mathematical instruments and stationery if deferred till 1890-91, on being furnished with a consolidated estimate for the same.

3. The Quarter Master General being thereupon communicated with states † that he has no objection to the supply being postponed to the next year.

4. If approved by the Government of India, this office will, in communication with the Superintendent of Stationery and the Quarter Master General, take steps to make the necessary provision in the budget estimate of 1890-91.

5. The cost of the mathematical instruments (exclusive of the item "Conventional signs, colored and mounted, new series, Intelligence Branch") is Rs. 322-12-0, and that of the stationery (with the exception of "cartridge [drawing] paper") is Rs. 156-4-5 at the rates furnished by the Superintendent of Stationery.

‡ Cost not known.

From Sir RICHARD BARLOW, Bart., C.S., Superintendent of Stationery, to the Controller of Military Accounts; dated Madras, 24th July 1889, No. 829.

With reference to your letter, dated 16th July 1889, No. 2446, I have the honor to inform you that the stationery articles given in the list accompanying the Quarter Master General's letter, dated 20th May 1889, No. 230-L, can be supplied from the stock of this depôt, with the exception of "cartridge (drawing) paper" about 5 yards, which is not available in store at present. The cost of the stationery articles is specified in the margin.

2. The mathematical instruments required by the Quarter Master General have never been kept in stock; as, however, I am now authorized by Government in their Order, dated 22nd June 1889, No. 547, Public, to provide for such special stores, I have no objection to undertake their supply also for the year 1890-91, on my being furnished with a consolidated estimate for the same. If the articles are required for 1890-91, I shall have to send a supplemental indent on Messrs. Baker and Co.

3. I am not aware of the value of "conventional signs, colored and mounted, new series, Intelligence Branch," required by you.

4. The enclosures of your letter under reference are herewith returned.

From Colonel A. G. HUTCHINS, for Quarter Master General, Madras Army, to the Controller of Military Accounts; dated Ootacamund, 3rd August 1889, No. 373-I (Special and Miscellaneous).

With reference to your letter No. 2723, dated 26th ultimo, I am desired to inform you that, under the circumstances, the instruments under reference may be supplied in the ensuing official year, but I am to request that, to ensure their supply as early as possible, the necessary provision may be made by you in the budget estimate for next year.

2. As ordered in Proceedings of Government, No. 4195, of 26th June last, the Superintendent of Stationery is required to arrange for the supply of all mathematical instruments in this Presidency. It is suggested that he may be informed of the requirements under reference.

No. 210. From Brigdr.-Genl. A. KENNEY-HERBERT, Secretary to the Government of Madras, Military Department, to the Secretary to the Government of India, Military Department; dated Ootacamund, 30th August 1889, No. 5984.

I am directed to forward copy of the marginally-noted correspondence and to ask that, in the circumstances brought to notice, the sanction of the Government of India may be communicated at an early date to the necessary provision being made in the budget estimate for 1890-91 for the supply of stationery* and mathematical instruments* required for use in the offices of the District Commands in this Presidency and Burma named in the margin.†

Drill and Instruction—Garrison.

In reply to your No. 5984, dated 30th August 1889, I am directed to state, for the information of the Governor in Council, that the Government of India sanction the necessary provision being made in the budget estimate for 1890-91 for the supply, in accordance with the statement annexed, of stationery and mathematical instruments required for classes of non-commissioned officers and men for instruction in field-sketching and reconnaissance in certain districts in the Madras Presidency and Burma.

2. It will be observed that the scale of mathematical instruments has assimilated to that allowed for districts in the Bengal Presidency by G.O. No. 49 of 1888.

READ—the following paper :—

Despatch from the Right Honorable Lord CROSS, Her Majesty's Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India office, London, 9th May 1889, No. 9, Financial (Stores).

With reference to the letter from your Secretary in the Public Works Department, No. 530 W., dated 21st February 1889, I have to inform your Excellency that I have sanctioned compliance with the indent forwarded therewith for stores required for the Madras Public Works Department during 1889-90.

2. It is observed that the indent includes some demands for drawing and mathematical instruments. As it is desirable to avoid the submission of separate indents from various departments for stores of the same class, often in quantities too small to be purchased at economical rates, it is suggested that in future all such supplies as well as drawing materials, by whatever department in Madras required, should be obtained from the Madras Stationery Department. I may add that the practice of obtaining such supplies from the Presidency Stationery Department is now generally followed in Bengal and Bombay.

ORDER—dated 8th June 1889, No. 1531 W., Public Works.

Communicated to the Superintending Engineer, V Circle, with reference to G.O., No. 529 W., dated 21st February 1889.
