The Secretary to the Commissioners
of Land Revenue
Madras

Sir,

In reply to B. P. No 420 dated
12th November 1896, I have the honour to
state that no receipts are likely to be
obtained from other departments of
Government during the year excepting
charges incurred on the "Margaria"
when she was placed at the disposal
of the Collector of Malabar for the
Laccadive trip and during the Pamban
inspection tour of the Presidency Port
officer. A. Sum of Rs 7177-12-7
was spent under the former and
Rs 302-13-4 under the latter item.

368

... .. 21
marine and 32 miscellaneous (Pearl
Fishery Charges). The necessary adjustment
to 18 Marine having to be made by the
Accountant General, the amount of the
7480 adjustable has not been shown
as probable receipts under misappre-
-hension by the Port Officer of a
Communication from this office that
these items should not be shown
under actual realization till necessary
adjustments are effected. I request
that this amount of 7480 may be
shown as probable receipts in the
revised estimates for 1896-97 under the
item "Hire of vessels" (Margarita and
Irene), as application is under
Submission for carrying out the
necessary adjustment before the
close of the current official year.

2 The variation under the
revised and sanctioned estimates under
Establishment is due to the vacancy
caused by the transfer of the second Engineer
driver of the "Margarita" to the
Dredger "Deulock" during May,
June and July 1896 and also for want
of two firemen in September and

MADE GOVERNMENT.
October 1896 when the steamer was
lying in harbour. The low expenditure
under supplies and services is
attributed to the removal of the vessel
to the Laccadive trip from December 1895
to 11th February 1896.

3. A statement showing the expenditure
incurred during the three preceding
years under supplies and services
and under contingencies is enclosed.
The low expenditure in 1893-94 was
due to the late arrival at Tuticorin
of the Pearl Fishery Vessels. The
increased expenditure under supplies
and services in 1895-96 as compared
with 94-95 was due to purchase of
Coal and arrival of Engineers
expendable and dead stock of from
Bombay and Calcutta for the use of the
steamer. The decrease under contingencies
is attributed to several items hitherto
classified under that item having
been classified in 1895-96 under supplies
and services.

I have to.
