Sir,

+ Vide [illegible]

With reference to G.O. No 1692 M dated the 21st Octr 1895, received on the 26th November 95, I have the honor to say that it is necessary that the pay of the Medical Subordinates in charge of the Gudalur & Kotagiri hospitals should be wholly met from Provl Funds, as at present. ~~The~~ Devala hospital has ceased to exist.+

2. If this is not done, it will be necessary to take credit for the amount of Salaries so disbursed from Provincial Funds, upon which this Dt Board is chiefly dependent.

3. The next meeting of the Dt Board will not take place till the latter end of January 96 when the matter will be placed before it. I think, however, that I may say that there can be no doubt as to the fact, that the Board will concur in this view.

SIR,

In forwarding the accompanying letter from the Chairman Municipal Council Negapatam, I have the honor to state that the amount of Rs 144 being the rent paid by Government for the ward occupied by the Police Sick is too high considering the small number of daily average attendance and of the total treated during the year i.e. 2.49 and 106 respectively. SIR,

In obedience to the directions conveyed in G.O. No 1692 M. Local and Municipal dated 21st October 1895, I have the honour to enclose herewith a copy of the Report of the Sub Committee to whom the G.O. was referred for their opinion, by the Municipal Council Chicacole, with which the council concurred in the Resolution No 3 passed at their meeting held on the 27th Instant.

As it appeared from the G.O. that only a quarter pay of the Medical officer in Charge of Chicacole ~~Hospital~~ is paid by Government, whereas in fact the whole of his pay is paid by Government. I addressed the Surgeon General in the matter and he, in reply to my communication stated that it was so printed pointed out in the G.O. by mistake

I beg to represent that it is highly

necessary

necessary that the pay of the Medical Officer in Charge of the Civil Station Chicacole should be continued to be paid by the Government for the reasons adduced in the Report of the Sub Committee.

In the multifarious duties which the Medical Officer performs, I may be permitted to say that major portion of his working time is devoted solely to the Government duties and I may also be permitted to venture to say that in consideration of the little work he does for the Municipality, the whole Municipal Establishment attached to the Hospital is greatly assisting him in the discharge of all of his duties in as much as there is no Separate Establishment, except a toty attached to the Police Hospital, under him to attend to the duties other than Municipal.

In conclusion, I beg to state that the Government may be pleased to continue the payment of the Medical Officers' pay as usual for the reasons put forth in the Report of the Sub Committee.

At the meeting of the Sub Committee held this morning 20th January 1896 for the purpose of considering the G.O. referred to them by the Council in their proceedings passed at their meeting held on the 11th January 1896.

Present

Revd J.C. Archibald Councillor
M.R.Ry. V Gunavayya Sastri Garu – do

On reading the G.O and other papers in connection with it, they resolve to express the following opinion.

The Sub Committee observe that the whole of the Medical Officer's pay of the Civil Station Chicacole is being paid from Provincial funds but not one fourth as pointed out in the G.O. in question, and the Surgeon General's letter No. 8410 dated 26th December 1895 clearly states that it was so pointed out in the G.O. by mistake.

The Sub Committee are strongly of opinion that the payment of the Medical Officer's pay by Government should be continued for the following reasons.

Chicacole is the Head Quarters of the Chicacole Sub division and is one of the recruiting Centres of the Native Army. Recruiting parties are frequently here, and there is always a large number of Military details with two thousand Military pensioners The number of Military men of all ranks that muster at the Hospital monthly is more than 20 and on an average 8 Military patients are given accommodation in the Hospital per month. The Medical Officer has to keep up the Medical Cases of the men on sick leave as well as the correspondence with the different Military Authorities. Moreover the Medical Officer has to look after Police Hospital that can accomodate 6 patients, the number of patients in that Hospital being from 4 to 5 on an average. When the Epidemics break out in the Taluq the Medical Officer of this place has to go to the different villages to attend to the patients in them. An equally important duty which the Medical Officer is required to attend to is to visit the Sub Jail very frequently that can accommodate 36 prisoners, the number of prisoners therein being 14 per day on an average in as much as this is the only Sub Jail in the District in which prisoners sentenced up to 3 months can be kept. The Medical Officer is also required to attend to all cases of disections one per month as well as Criminal Cases and whipping up prisoners. Having regard to the fact that the Medical Officer has to do so much work which is not at all Municipal, and the whole Establishment of the Municipal Hospital from the Hospital Assistant downwards greatly assists the Medical Officer in his above enumerated duties and also having in view that the Council have been spending Rs. 3510/- per year on account of the Hospital including the contribution towards the salary of the Lady Apothecary who will be entitled to higher pay in course of time, the Sub Committee are of opinion that the Government may be addressed with a request to be pleased to continue the payment of the Medical Officers pay in the same manner as it has been the case hitherto.

It may not be out of place to state that the Expenditure on account of the Hospital is nearly one seventh of the yearly income of the Council, the income being Rs. 25,800/- and the Expenditure on Account of the Hospital alone being Rs. 3510/-.

SIR,

In forwarding the accompanying letter received from the Chairman Municipal Council Chicacole, I have the honour to state that Chicacole was at one time a Civil Surgeoncy but was reduced in 1887. The Medical Subordinate has hitherto been allowed to draw pay from provincial funds. It is now time that this was set right and the Municipality called upon to pay seven-eighths of the pay and allowances of the Medical Subordinate as in other similar cases.

2. Chicacole is one of the appointments proposed to be reserved for a Military Assistant Surgeon in my letter No. 513 dated 22nd November 1895 to Government. ×

Sir

In reference to G.O No 1692 M. dated 21st October 1895, requesting to consider whether there is any necessity to continue in future contributions paid by Government to Municipal Dispensaries I beg most strongly to urge, taking the circumstances of the Coonoor Hospital, as shown below into consideration that it is now very necessary indeed, that the contribution of Government be continued, nay, if any thing it be increased. The Surgeon General with the Government of Madras, in his last inspection strongly recommended the entertainment of a 3rd class Hospital Assistant, and of a female ward assistant, both of whom he considered very essential as also do I. These have been budgetted for at a total extra cost of Rs 552.

2. Since the abolition of the Cantonment Hospital, Wellington, all the Eurasian and Hindu Subordinates of the various Military offices in Wellington now come for medical aid to our Hospital, viz the

subordinates of the Commissariat Department, the Assistant Adjutant General's office, the Military Works office, the Station Staff and Commanding Officers' offices, &c. The large number of servants followers and other civil residents &c at Wellington, Cantonment and Bazar, now seek aid at the Municipal Hospital Coonoor, it being the nearest medical centre. The total civil population of the Cantonment of Wellington is 2627. The average number of outpatients treated in the late cantonment Hospital Wellington was about 2900 per year and the average daily number was about 12 to 15. All these must seek aid now at our Hospital.

3. You have already in this year's budget increased the diet allowance and the allowance for medicines. A new ward has also been added to the Coonoor Hospital which will probably receive further additions for the accommodation of in-patients. I therefore beg to urge that under the circumstances of the increased and increasing number of patients thrown on the Coonoor Hospital by the abolition of the Cantonment Hospital, Wellington the Government allowance be not withdrawn, nay but rather that it be if possible increased.

Sir,

With reference to G. O. No 1692. M. dated 21st October 1895, I have the honor to submit herewith an Extract from the Proceedings of the Municipal Council of the 2nd Instant from which it will be apparent that it can ill afford to lose the Contribution Rs 520 received from Provincial Funds towards the upkeep of the Civil Hospital.

Government in G. O. No 749 of 12th April 1880 withdrew the grant of Rs 500 from Port Funds which materially crippled the resources of the Hospital, and I beg to submit that the action of the Authorities in this matter was extremely harsh as the Hospital gives substantial relief to sea faring men of all Classes, particularly during the busy season of the year.

It may also be noted that the Surgeon General who inspected the Civil Hospital last month fully realises the claims of this institution for help from Government as will be seen from the following extract from his remarks in

the

the Hospital visiting Book.

"It would be a good plan to apply for a Contribution to the funds of this Hospital from the Port Authorities as they give nothing at present and if the Municipality did not keep up an Hospital they would have to provide one".

From the above it will be obvious that "the Special Circumstances" which induced Government to grant the Concession in 1872 (G. O. No. 527 of the 18th April) have in no way changed, but the necessity of continuing the grant has become more pressing as the charges have now risen to close upon Rs 4000, whereas it was only Rs 2890 in the year 1872, and no donations are now received from the public which Government then assumed at Rs 700 per annum in the G. O. above quoted.

SIR,

With reference to G.O. No. 1692 M. dated the 21st October 1895, I have the honour, in forwarding the marginally noted communications received from the President, Municipal Commission, Madras and the Chairmen of District Municipalities to offer the following remarks:—

Coonoor. No change appears desirable in this case as the reasons given by the Civil Surgeon are very cogent. The hospital establishment has been increased by a 3rd class Hospital Assistant who is paid from Municipal funds vide G.O. No: 218 M. Mis: dated 7th February 1896.

Bimlipatam. One fourth of the salary of the Civil Apothecary is now paid by Government. The funds of the Municipality are not sufficient to meet fully the pay and allowances of the Apothecary. It may be pointed out here that owing to paucity of funds the Municipality so recently as 1895 applied to Government for the moiety of the salary of the Apothecary being

being paid from Provincial funds but Government in G. O. No. 430 ms. (mis) dated the 14th March 1895 declined to sanction it. For these reasons I consider that the existing arrangement should be allowed to stand for the present.

x G.O. 430 Mis. 14/3/95. E

Cochin - The financial condition of the Municipality is not so satisfactory as to warrant any reduction in the amount of contribution now paid by Government.

Vellore - As the contribution paid, forms part of the Langherkhana fund it should I think be continued.

Madras - (a) Triplicane Dispensary - The question of payment of contribution to this dispensary was decided in G. O. No. 1100 M. Mis. dated the 21st August 1893 under which the pay of two Civil Apothecaries and two Civil hospital Assistants is borne by Government and no further action appears desirable until the question of the reorganization of the hospital referred to in G. O. No. 1966 M. Mis: dated the 25th November 1895 is settled.

(b) Native Infirmary. In accordance with para 3 of G. O. No. 1808 M. dated the 31st October 1895, I am of opinion that the present arrangement by which one half of the cost of medicines for the Native Infirmary is paid by Government should continue until the question of the reorganization of the Black Town institutions is settled.

2. The question of payment of contribution

to

to local bodies for treating the police sick will be dealt with in my report to Government called for in Memorandum No. 1369, Judicial, dated the 13th June 1895 which is now under reference to the Inspector-General of Police.

SIR,

With reference to your Ref on Government L. F. No 204 of 1895 dated 7-12-95, I have the honor to inform you that, in the current year, great reductions have been made in the allotment from the Taluk funds for the Ranipettai hospital. A deduction of no less than about Rs 800 has been made, for it has been found necessary to economise largely in the matter of grants for education, hospitals and sanitation. This deduction will by itself, considerably impair the usefulness of the hospital and Doctor. Scudder has informed me already that he has to turn many people away for want of funds. It would be, therefore, a matter for serious regret if Government were to discontinue their share of contribution. Ranipettai itself is likely to increase very largely in population during the next few years and it would be a pity if the institution were to be allowed to deteriorate. A copy of the Board's resolution is herewith sent.

2. It would seem from the Collector's letter 100/9-8-50 to the Board of Revenue that these sums represent what were originally Langerkhana funds forming an endowment of the Carnatic Government. I am of opinion that to withhold the contributions now would savour of breach of trust. Thro: The Surgeon General, Madras.

Sir,

With reference to G.O. no 1692 M dated 21-10-95, I have the honor to state that the continuance of the contributions paid by Government towards the maintenance of the Dispensary at Narasapur is both desirable and necessary, as there is a Police ward with 6 beds kept up. The Government contributes one-eighth of the pay of the Hospital Assistant in charge on account of the duties he has to perform in connection with Police sick.

2. Moreover, the Narasapur Talu Board is not rich enough to meet the whole expenditure of the dispenso

and, if the Government discontinues its assistance, the efficacy of the institution will perhaps be impaired.

I have the honor to be
Sir

No 1692 dated 21st October 95, with request to report in reference to the G. O. whether there is any necessity to continue in future, the contributions now paid by Government to the Vayitri and Mantoddy hospitals under this Board.

It is presumed that the contributions are made in consideration of the services of the medical subordinates in charge, in connection with the conduct of post mortem examinations, for treatment of the Police sick admitted as in-patients, and for medical supervision of Sub Jails. If this is correct, the circumstances under which the concession was originally sanctioned have undergone no change whatever, and the Board would respectfully urge the necessity of its continuance.

2. I beg to state that there is a Police Hospital attached to the Municipal Hospital, Palghat and no separate medical Subordinate is employed from Provincial Funds to do duty there as is the case with Police Hospitals in various other Stations. The Civil Apothecary and the Hospital Assistant attached to the Municipal Hospital attend to the duties at the Police Hospital, and the Civil Apothecary is paid only one-eighth of his salary i.e. Rs 18-12-- per mensem from the Provincial Funds. I need scarcely mention that the contribution paid from Provincial Funds is much lower than the salary of a 3rd Class Hospital Assistant who will, in addition, have to be paid a charge allowance of Rs. 10 and a house-rent of Rs 4 or 5 per mensem. The Civil Apothecary has further to examine all dead bodies sent by the Police and the Magistrates, and to grant post-mortem certificates. He has also to absent from the Station frequently to give evidence before the Magistrates and

the Sessions Judge, South Malabar. I Consider that, for the various responsible work done by the medical Subordinates for the Police and the Magistracy the Contribution now paid from Provincial Funds is too Small. Under these Circumstances, I beg to request that the Government will be pleased to Continue the payment of the usual Contribution as heretofore on behalf of the Senior medical Subordinate attached to the Municipal Hospital, Palghat.

2 - The Civil Apothecary of Tiruvannamalai informed me that one fourth of his salary was paid by Government because he was also in medical charge of the Police Hospital there - I am inclined to think that the reason assigned by him is correct, because there is no Police Hospital at the other stations under this Board where Local Fund Hospitals and Dispensaries exist, and the medical officers are paid only one eighth of their pay from Municipal Funds, except at Vettavalam where the pay and charge allowance of the Hospital Assistant is met entirely from Local Funds, the Government contributing nothing.

Sir,

I have the honor to state with reference to Kodaikanal dispensary that the G.O under which the Government contribution is paid is G.O dated 28th Septr 1886 No 1226 L.F. Financial. The special circumstances under which the sanction must have been given have in no way altered.

2. It is unnecessary for me to state at length the special circumstances of Kodaikanal. It is sufficient to remark that the dispensary is mainly kept up on account of Europeans visitors and their servants and the native villagers of Kodaikanal who would not live there if it were not for the European settlement. It would not be fair to ask the Taluk Board to pay the Apothecary or Assistant Surgeon as the Board receives hardly any revenue from Kodaikanal.

3. The Kodaikanal community has in fact lately petitioned the Governor to send a Civil Surgeon to Kodaikanal. I do not think the contribution should be withdrawn. The question may be reopened when Kodaikanal is made a Municipality.

} One-eigh of th and all ances the med subordin in the case of the fi four and one fourt in the case of the la two institutions are borne by Government for trea the Police sick. I am of opinion that in lieu of this contribution a sum of Rs 5/- per mensem Rs 60/- per annum would be ample. The Insp General of Police who was consulted on the s agrees with me in this respect but consid

that the local bodies would not accede to such
n arrangement. I therefore leave the question
for the decision of Government.

Tiruvannamalai. Under G. O. No. 1075 Financial
dated the 26th June 1874 one fourth of the salary
of the Medical subordinate and a moiety of the
cost of medicines supplied to the hospital are
borne by Government for treating the Police sick.
There is no need to continue the grant of contribution
any longer as the Inspector-General of Police recom-
mends the abolition of the Police ward in his
letter No. 1810 dated the 30th April 1896 to Government.

G.O. No. 804 Public d 3 Aug 1896

Nellore. No contribution is paid by Government but
the sum of Rs 39. shown in the statement represents
the cost of articles supplied by the District Magistrate
for Chemico-legal purposes.

Kodaikanal. Full pay of the Medical subordinate
nd an annual grant of Rs 120/- for medicines
e borne by Government. As the Dispensary is
mainly maintained for European visitors and their
servants, no change in the existing arrangements
ppears desirable.

Ramnad and Cannanore. In the case of the former
sum of Rs 80/- is given towards the cost of medicines
for treating the Police sick and in the case of the
latter Rs 110/- are given as contribution towards the
nial staff of the Civil hospital for treating the
lice sick. I consider that the contributions al-
ed in the case of these two dispensaries might
discontinued and the cost of treating the Police
ck may be billed for separately and recovered on
ntingent bills. The Inspector-General of Police
curs in this view.

zwada. The sum of Rs 95/- refers to the amount
d by Government towards the Police hospital
menial servants. This may be discontinued

as the Inspector-General of Police recommended
the abolition of the Police hospital in his letter
No. 1810 dated the 30th April 1896 to Government.

Repallee. The amount of Rs 12/- relates to the
cost of a case of cranium dissecting instruments
supplied for Chemico-legal Examinations.

Ponani. The contribution of Rs 50/-, being the
rent from endowed lands, is paid for this hospital.
As the circumstances under which it was granted
is not known in this Office, no remarks can be
offered.

Cocanada. Contribution of Rs 600/- is paid by
Government for the services rendered and the
medicines supplied to the seamen, Police and other
Government subordinates and for conducting post
mortem Examinations under G. O. No. 862 Financial
dated the 14th May 1881. I consider it would
be better to recover the cost of treating the
seamen and the Police patients from the Marine
and the Police Departments respectively and
do away with the contribution.

Memorandum for the District Board No. 23

In its order dated 21st October 1895 No. 1692 M., Government directed to consider and report whether there is any necessity to continue in future the payment from Provincial Funds of the annual contribution of Rs 2640 to the Raja Mirasidar Hospital Tanjore.

From the inquiries made, it is observed that this grant of Rs 2640 per annum or 220 per mensem was sanctioned in G. O. No 193 dated 17th May 1862, the continuance whereof seems to have been reconsidered by Government and sanctioned in its order No 1401 Mis dated 5th October 1882.

The expenditure in maintaining the Raja Mirasidar Hospital is noted in the margin for the last 5 years. Excepting the contribution (in question) from

	Expenditure	
	Medical	Public Works.
90-91 -	10,284 -	8528
91-92 -	7,840 -	40
92-93 -	6,386 -	4,568
93-94 -	7,224 -	4950
94-95 -	9,822 -	3,199

[illegible] from the funds of the Rajamadam Chattram, the whole charge falls on the District Funds, the Tanjore Municipality paying only Rs 1500 a year.

Even with this contribution from Government, the Hospital is already becoming an increasing burden on the Local Funds. In the Budget of 1895-96, a sum of Rs 1,620 per annum was sanctioned at the instance of the Surgeon General for increase of establishment. In Resolution No 32 dated 29th February 1896, the District Board has resolved that it is not prepared to undergo any additional expenditure on account of Establishment for Raja Mirasidar Hospital. The report called for by Government through the Surgeon-General may go with the District Board's Resolution on the subject.

Sir,

With reference to your footnote Current No 1209 dated 16th December 1895, on G. O. No 1692 M. dated 21st October 1895, I have the honor to inform you that, if the District Board be prepared to defray the whole cost of maintaining the Raja Mirasidar Hospital, the amount of Rs 2640 which is now contributed by Government may be discontinued.

2. In this connection, I wish to state that I am creditably informed that before 1880 there was a Government Hospital in Tanjore, called Rajah Hospital, towards the upkeep of which Government

gamated with the Local Fund Hospital which is now called Raja Mirasidar Hospital and which was opened in November 1880. Since then, Government have been contributing Rs 2,640 annually towards the maintenance of the Raja Mirasidar Hospital.

3. I am however, of opinion, that Government should contribute towards the upkeep of the Raja Mirasidar Hospital, as a large number of Government servants, stationed in Tanjore District are treated gratis in it.

4. As regards the special allowance given by Government to the Municipal Hospitals at Kumbakonam and Negapatam, the Rs 15 contribution is for the use of the shed in which post mortem examinations are made in criminal cases, the contribution paid to Negapatam Hospital is for the rent of a

Police

Police ward. This is the only

From the same officer, dated 25th June 1896, No.T./225.

ORDER No.1798 L., Mis., dated 30th September 1896.

In the Memorandum printed in the Proceedings read above, the Financial Department embodied a statement showing the hospitals and dispensaries towards the maintenance of which contributions are paid by Government under orders issued several years ago

ago and under special circumstances which might have since altered considerably, and requested this Department to consider whether there is any necessity to continue these concessions in future. This Memorandum was referred to the Local Boards and Municipal Councils concerned and to the President, Municipal Commission, Madras, for remarks. The letters read above which contain their replies and the recommendations of the Surgeon.General thereon, will be transferred to the Financial Department, with the following remarks:-

(1) In the circumstances stated by the Local bodies, the Surgeon General recommends that no change in the existing arrangements need be made in the case of the hospitals and dispensaries at Ranipet, Vellore, Kodaikanal, Cochin, Coonoor, Gudalur, Kotagiri, Tanjore, Kumbakonam, and Bimilipatam. This recommendation may be approved.

(2) The Surgeon General states that the contributions paid to the Tiruvannamalai hospital for the treatment of the Police sick in a separate ward, and for the menial servants of the Police hospital attached to the Bezwada hospital may be discontinued, as the Inspector General of Police recommended in his letter No.1810 G dated 30th April 1896 to Government the abolition of the Police ward and the Police hospital in these towns. As the Government has approved of this recommendation in G.O.Public No.800 dated 3rd H August 1896, the contributions in these cases may be discontinued.

(3) The hospitals and dispensaries at Narasapur, Manantoddy, Palghat and Ellore now receive from Government a contribution of one-eighth of the pay and allowances of the Medical Subordinates in charge, and those at Parlakimedi and Vayitri a contribution of one-fouth of the same for treating the Police sick. The Surgeon General states that in lieu of these contributions the payment of a sum of Rs.5 per mensem or Rs.60 per annum would be ample, and that the Inspector General of Police who was consulted on the subject agrees with him; but as the Local bodies would not accede to such an arrangement, he leaves the question for the decision of Government. It is however considered that even the present allotment of one-eighth of the pay and allowances of the Medical Subordinates in charge is not a large contribution for Government to make considering the amount of medical aid rendered to the Police and other Government

Government servants and the other work done for Government such as the grant of certificates, postmortem examinations &c.

(4) As regards the contribution paid towards the maintenance of the hopital at Chicacole, the Surgeon General states that this station, which was once a Civil Surgeoncy, was reduced in 1887, that the Medical Subordinate in charge has hitherto been allowed to draw his pay from Provincial Funds, and that this arrangement should now be modified by calling upon the Municipality to pay seven-eighths of his pay and allowances as in other cases. Dr.Sibthorpe adds that Chicacole is one of the appointments proposed to be reserved for a Military Assistant Surgeon D in his letter No.513 dated 22nd November 1895, recorded in G.O. Public No.52 dated 10th January 1896. But as the Medical Subordinate here, besides attending to the ordinary Government work has to look after the health of the Military details and pensioners and to keep up the medical cases of the men on sick leave as well as the correspondence with the different Military authorities, it is for consideration whether a larger contribution than that recommended by the Surgeon General should not be allowed in this case.

(5) A sum of Rs.600 is contributed by Government towards the maintenance of the Cocanada hospital under G.O.No.682 F.dated B 12th May 1881 for services rendered and medicines supplied to the Seamen, Police and other Government Subordinates and for conducting postmortem examinations. The Surgeon General considers that it would be better to recover the cost of treating the Seamen abd the Police patients from the Marine and Police Departments respectively, and to do away with this contribution. He recommends a similar course in regard to the contribution of Rs.80 paid to the Ramnad hospital towards the cost of medicines for treating the Police sick and that of Rs. 110 paid to the Cannanore hospital towards the menial staff of the hospital for treating the Police sick, and states that the Inspector General of Police concurs in this view. He also adds that the question of payment of contribution to Local bodies for treating the Police sick will be dealt with in his report to Government called for

for in Memorandum No.1369 Judicial Department dated 13th June 1895. A
This report has now been received, but has not been finally disposed of - Vide para.4 of G.O.Public No.800 dated 3rd August 1896. H

(6) No orders are required in regard to the two sums of Rs.129 and Rs.39 respectively, shown against Repalle and Podili, as they represent the cost of a case of cranium dissecting instruments supplied for Chemico-legal examinations and of articles supplied by the District Magistrate in 1894 for Chemico-legal purposes, respectively.

(7) In the case of the Triplicane dispensary at Madras, the Surgeon General states that under G.O.No.1100 M.dated 21st August 1893 the pay of ~~the~~ two civil apothecaries and two civil hospital assistants is borne by Government, and that no further action appears desirable until the question of the reorganization of the hospital referred to in G.O.No.1966 M.dated 25th November 1895 is settled. This proposal may be approved.

(8) The sum of Rs.50 shown against the Ponnani hospital in Malabar is not a contribution from Government, but the rent of lands set apart by the Walluvanad Kara Samookam in aid of it - Vide para. 13 of the District Board President's letter No.43 L.F.D.dated 9th January 1896, printed in G.O.No.515 L.dated 17th March 1896. F

(9) The two sums of Rs.240 and Rs.144 shown against Tellicherry and Negapatam respectively, represent the rents paid by Government for the use of the wards set apart for the Police sick at Rs.20 and Rs.12 respectively per mensem. The Surgeon General states that these rates are too high and may fairly be reduced to Rs.10 and Rs.5 respectively, per mensem. This recommendation may be approved.

(10) The Municipal Council of Palghat has not reported upon the necessity for continuing the contribution of Rs.360 towards the cost of the menial servants attached to the Palghat branch hospital. From the accounts received with the administration report of this Municipality for 1894-95, however, it appears that no such contribution was received from Government in that year. The Surgeon General may be asked to report the source from which he obtained his information.

(11) The Devala hospital on the Nilgiris has ceased to exist and no orders are therefore required in this case.

With reference to the Hon'ble Member's note on the margin of para.4 of the note for orders below, it is submitted that the papers read at the head of G.O.No.1798 L.,dated 30th September 1896,have been forwarded to the Financial Department where the subject will be brought up before the Hon'ble Member, it was thought unnecessary to submit that order in L&M for H.M's approval, as the question would have to be brought up again in Financial.

This is by no means a good reason — the L. & M. G.O. is much too decided in tone — suppose I disagree with it in the F.D., then we shall have 2 Depts., both under me, taking different views — obviously I should have considered the whole case in L. & M., after which the issue of orders in the F.D. would have been a matter of course. Now, presumably, the F.D. will imagine that I have passed orders in L. & M. & will not therefore send me the papers. Please see that special orders are given to F.D. to do so.

FOR ORDERS.

The Munro Chattram at Gooty was constructed by Government at a cost of Rs 32,772, in memory of the late Sir Thomas Munro and has been maintained by an annual grant of Rs 2045. Food was gratuitously supplied to travellers who halted at the Chattram, until 1869, when the Government ordered that it should be discontinued and that the savings thus effected should be applied to the support of a dispensary called the "Munro dispensary." A building for the latter institution was also ordered to be erected out of a loan of Rs 7,000, sanctioned by Government in 1870, repayable in annual instalments of Rs 600 without interest, from the Chattram fund. In 1884, both the Chattram and dispensary were transferred to the Anantapur Local Fund Board with the annual grant of Rs 2045 from Provincial

Provincial Funds. The charges relating to the Chattram in 1894 amounted to Rs 447, the balance of Rs 1603 having been spent on the upkeep of the hospital. The question now for consideration is whether the Government grant to the hospital should be continued. Please see para. 2 of G.O. No. 365 Financial, dated 8" June 1896.

2. This subject having been referred to the District Board of Anantapur for remarks, the President forwards with the Current read above, the resolution of the Gooty Taluk Board dated 4" September 1896 in which the Board states that it is unanimously of opinion that if the Government desires that the Munro Chattram and hospital should be maintained in proper order in memory of the great man in whose name they were built, the present grant should be continued, as otherwise they will go to ruin, since the Taluk Board is not able to maintain them, in the present state of its finances, the allotment for medical services being already in excess of what it should be. The President of the District Board states that he fully endorses the views of the Taluk Board.

3. From the Budget for 1896-97 (G.O. No. 418.L. dated 3" March 1896) it appears that the charges of the Chattram are estimated at Rs 476 and those of the hospital at Rs 3121 or Rs 3597 in all, the excess of Rs 1542 over the Government contribution of Rs ~~2050~~ 2045 and miscellaneous receipts amounting to Rs 5, or Rs 2050 in all being met by the Taluk Board. It appears from the same budget that for want of funds no reserve has been provided by any of the Local Boards in the District to meet unforeseen expenditure during the year, and that the balance available for general purposes is only Rs 100 or 1 per cent of the receipts, although under the rules 15% should have been provided under ~~the~~ both the heads together. Further, only Rs 38,660 have been alloted for communications against the minimum of Rs 48950 which should have been provided in accordance with para 6 of G.O. No. 1686 L., dated 14" September 1895.

G

H

4. In clause (1) of G.O. No. 1798 L., dated 30" September 1896, the Government considered that in the circumstances stated by the Local Bodies, the contributions now paid by Government towards the maintenance of the hospitals and dispensaries at Ranipettai, Vellore, Kodaikanal, Cochin, Coonoor, Gudalur, Kotagiri, Tanjore, Kumbakonam and Bimlipatam may be continued. It is therefore submitted that no change need be made in the existing arrangements in the similar case of the " Munro hospital" at Gooty.

This is the first I have seen of this order. I don't know ~~that I agree with it~~ - but it is impossible to say without the papers. Let me see them - Apparently it was intended to bring the matter before me in the F.D.

SURGEON-GENERAL WITH THE

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,
Financial DEPARTMENT.

SIR,

With reference to paragraph 3 of G.O. No. 365, Financial, dated 8th June 1896 as to the question of the continuance of grant by Government, or otherwise to the dispensary at Sandur, I have the honor to report that the following reasons which were originally advanced when seeking aid from Government for the upkeep of the dispensary in my opinion still hold good.

(1). That there is a considerable through traffic between Bellary and the Kudlighi and Harpanhally taluqs, and as there are many small British villages on the border of that State at the distance of only a few miles from Sandur, it was soon found that a considerable number of Her Majesty's subjects were treated for various ailments in the course of a year.

(2). That there is also a Forest establishment permanently residing in this State for the management of the Government leased forest and a small establishment in permanent charge of the military buildings on Ramandrug and these employees of Government are freely admitted to treatment when necessary in the Sandur dispensary, and

(3). That during the hot season of the year Ramandrug is visited by Europeans from Bellary both official and non-official with their servants, and a sub-post office is fixed there for the season and Sandur being nearer than Hospett

or

188

or Kudlighi, application is usually made to this dispensary in case of sickness.

As the reasons then advanced still exist and as many of the patients attending the dispensary are from the Bellary district - the Sandur State being very small -, I am of opinion that the aid given by Government heretofore should be continued.

2. As regards Ootacamund, I am of opinion that the reasons which justified the grant of the Government contribution still continue. The Committee consider that the institution would have to be closed otherwise, as the voluntary contributions cannot be augmented. In 1895-96 these amounted to Rupees 12,000 while the expenditure for the same period was Rupees 16,000 exclusive of pay of Medical Subordinates. Ootacamund is a larger and more important station than when the Government contribution was originally granted and the addition of the Army Head Quarter Staff and the office of the Chief Commissariat Officer makes it still more important. Moreover there is no other institution in the place to furnish medical aid.

3. The information regarding the Jeypore dispensary was forwarded already, vide my letter No. 328 dated 27th July 1896.

I have the honor to be,
Sir,

In the annual report on Civil hospitals and dispensaries for 1894 a Provincial contribution of Rs 360 towards the cost of menial servants attached to the Palghat branch dispensary is shown as having been disbursed, and this information has been extracted in memo No. 27 Financial, Dd 28 Septr. 1895, in regard to the necessity for continuing such contributions. Sir,

With reference to memorandum No 2592-Financial, dated the 9th December 1896, I have the honor to state that the amount of Rs 360 therein referred to does not relate to the Palghat branch dispensary but to the institution at Pallipport Lazaretto as will be seen from page 116 of the annual report on Civil hospitals and dispensaries for 1894.

2. As regards para 2. I beg to state that only one eighth of the pay and allowance of the Civil apothecary is borne by Government During the year 1894 a military assistant Surgeon was in charge of the institution who pay was Rs 200 in addition to a staff allow ance of Rs 30 per mensem - The Contribution paid by Government in such cases was the difference between the pay of the 1st class Military Assistant Surgeon and the Civil apothecary of the same Standing plus one eighth of the pay of the latter and the amount shown in the Statement evidently appears to have been

A.S.H.
6.2.97

As it appeared from the annual reports on Civil hospitals and dispensaries for 1894 [Col. 3(b) of Statement No. V] that contributions were paid by Govt. to certain Municipal, Local and other dispensaries under orders issued several years previously & under special circumstances which might have since altered considerably, the Local and Municipal dept. was requested to consider whether there was any necessity to continue the concession in future in the case of the dispensaries enumerated in Memo. No. 37 Financial, dated 28th September 1895. Proof X and file Y contain the replies on the subject. The dispensaries have been taken up in the following paras: in the order given in the Financial Memo. of September 1895, except when two or more have been clubbed together.

RANIPETTAI (Rs.2,066).

3. The President of the Taluk Board states that it has been found necessary to economise largely in the matter of grants for education, hospitals and sanitation and that this has considerably impaired the usefulness of the hospital and many people have to be turned away from it for want of funds; that it would therefore be a matter of serious regret if Govt. were to discontinue its share of contribution. The President of the De District Board further points out that the contribution represents what were originally lunger Khana funds forming an endowment of the Carnatic Govt. and considers that to withhold the contribution now would savour of breach of trust. For these reasons the Surgeon General would continue the grant to the hospital and the Local and Municipal dept. supports the recommendation.

This may be accepted ?

6. The Surgeon-General reports that the following reasons, which were originally advanced when seeking aid from Govt. for the up keep of the dispensary, still hold good:-

(1) That there is a considerable through traffic between Bellary and the Kudlighi and Harpanhalli taluks, and as there are many small British villages on the border of the Sandur State at ~~the~~ a distance of only a few miles from Sandur, it was soon found that a considerable number of ~~the~~ Her Majesty's subjects were treated for various ailments in the course of a year;

(3) That during the hot season Ramandrug is visited by Europeans from Bellary, both official and non-official, with their servants. A sub-post office is opened there for the season and Sandur being nearer than Hospet or Kudligi application is usually made to the Sandur dispensary in case of sickness.

As these reasons still exist and as many of the patients attending the dispensary are from the Bellary district, the Sandur State being very small - the Surgeon-General is of opinion that the aid given by Govt. ~~by~~ heretofore should be continued.

The Surgeon-General's reasons do not appear to be altogether convincing. The question of this grant should, it is submitted, be reported on by the Political Agent and, if H.E.'s ~~H.M.~~ approve~~s~~, the necessary reference will be made in the Political Department.

It is hardly worth while to make any further refce. I wd. allow the grant to continue

7. The first two receive from Govt. a contribution of one-fourth and the last four of one-eighth of the pay and allowances of the medical subordinates in charge for treating the police sick. The Surgeon-General considers that in lieu of these contributions the payment of a sum of Rs. 5 per mensem or Rs. 60 per annum would be ample ~~and that~~. The Inspector-General, who has been consulted on the subject, agrees with him, but thinks that the

local bodies will not accede to such an arrangement. The Local and Municipal dept is however of opinion that even the present allotment of one-eighth of the pay and allowances of the medical subordinates in charge is not a large contribution for Govt. to make, considering the amount of medical aid rendered to the police and other Govt. servants and the other work done for Govt. such as the grant of certificates, post-mortem examinations, &c.

CHICACOLE.

8. Provincial funds contribute the pay of the medical subordinate. The Surgeon-General reports that this station was once a Civil Surgeoncy but was reduced in 1887 and considers that it ~~was~~ is now time that the Municipality should be called upon to pay, as in other cases, seven-eighths of the pay and allowances of the medical subordinate. Chicacole is one of the stations proposed to be reserved for a Military Assistant Surgeon. The Local and Municipal dept. however, submits for consideration the question whether a larger contribution than that recommended by the Surgeon-General should not be allowed as the medical subordinate, besides attending to the ordinary Govt. work, has to look after the health of the military details and pensioners and to keep up the medical cases of the men on sick leave as well as correspondence with the different Military authorities. It will suffice, it is thought, to place the Provincial contribution at

one-fourth of the pay and allowances of the medical subordinate.

COCANADA, COCHIN, BIMLIPATAM, RAMNAD, CANNANORE.

9. Contributions were levied in 1871 from Port funds towards the cost of the Seamen's Hospital at Cocanada (Rs. 1,440) and the Civil dispensary at Cochin (Rs. 500). In 1878, on the Cocanada and Bimlipatam Municipalities applying for the levy of hospital port dues under section 59 of Act XII of 1875 in view to assisting the hospitals at those ports, the then Master Attendant (vide his letters on pages 3 & 4 and 6 & 7 of G.O. No. 209 Finl., dated 5th Feb. 1878) argued that not a single valid reason had been advanced in favour of taxing the shipping to benefit institutions which were purely municipal in their origin and which were maintained not for the benefit of seamen but for the special benefit of the European and Native inhabitants of the town and surrounding district, most of whom might be said to derive incalculable benefits from its existence; that the levy of hospital dues along coast ports would necessarily result in its being unequal in its incidence, unjust in some cases and harsh and oppressive upon all shipping; and that above all the want of these hospitals had never yet been proved, nor had a single application from shipping of any class ever been received in the Marine Dept. suggesting the establishment of

I can see no reason why in any of these cases Port. Fd. give more than the usual contribution of 1/8 - If any appreciable number of seamen are treated the Units concerned can represent the fact & a suitable contribution can then be ordered from Port Funds.

seamen's or port hospitals. He strongly deprecated any contributions being made from the General Port fund and recommended that all contributions from this source should, in the spirit of fair play to the wants of other ports as well as of other kindred institutions, be discontinued. He also pointed out that the kindred institutions at other ports had not put forward similar claims, and considered that if it ~~was~~ were decided to levy contributions from the General Port fund or special dues on shipping in the cases of Cocanada and Bimlipatam, there was no reason why other ports in the Presidency should not benefit in a similar way. The Govt. came to the conclusion that no case had been made out for the imposition of hospital port dues (G.O. No. 209 Finl., dated 5th Feb. 1878). Subsequently in 1880 on the Bimlipatam Municipality again applying, on the then existing precedent in Cocanada and Cochin, for a contribution from Port funds towards the cost of the Civil dispensary at that station, the whole case was reconsidered and the Govt., concurring in the strong views expressed by the Master Attendant in his letters just referred to, decided that the contributions which were made in the case of Cocanada and Cochin could no longer in equity be permitted and that the grants should cease from the commencement of 1880-81. As regards Bimlipatam the application for assistance from Port funds was disallowed, but the Municipality was told that, if no contribution from Govt. was already received, an application might be made for it in consideration of the services rendered to Govt. officials. On receipt of this application Govt. sanctioned the payment of a moiety (Rs.75) of the salary of ~~tha~~ the Medical Officer as a contribution from Provincial funds. This contri~~btu~~bution, though confirmed in G.O.No. 342 M., dated 6th April 1886, was in 1888 reduced to one-fourth of the pay of the medical subordinate. (Para. 4 of G.O. No. 815, Finl., dated 5th November 1888). As an application subsequently made by the Bimlipatam Municipality for an increase in the contribution from Govt. was negatived so recently as March 1895 the Surgeon-General and the Local and Municipal dept. would not alter existing arrangements. In the case of Cochin the present grant of Rs. 520 was made in 1873 when the dispensary with its funded capital was transferred to the Municipality. The Municipal Commissioners were unwilling at the time to take over the dispensary, but the Govt. did not believe that, after taking into account the income from various sources, the burden on Municipal Funds would exceed materially the contribution of Rs. 500 then made by the Municipality. The Chairman now refers to the withdrawal of the grant of Rs. 500 from Port funds ~~referred~~ alluded to above which was one of the sources of income then taken into account and ~~states~~ states that donations from

the public, which Govt. computed in 1872 at Rs. 700, have ceased whilst on the other hand the charges have risen to nearly Rs. 4,000 against Rs. 2,890 in 1872. In view of the financial position of the Municipality the Surgeon-General and the Local and Municipal Department do not recommend any change in this case.

11. ¶ Cocanada. The present contribution of Rs. 600 per annum to was sanctioned on the withdrawal of the Port fund grant (Rs. 1440), in [redacted] consideration of the services rendered and medicines supplied to [redacted] seamen and police and other Govt. subordinates and for the conduct of post-mortem examinations. The Surgeon-General considers that it would be better to recover the cost of treating the seamen and the police patients from the Marine and Police depts., respectively, and to do away with the Provincial contribution. A similar course is recommended in regard to the contribution of Rs. 80 paid to the Ramnad hospital towards the cost of medicines for treating the police sick and that of Rs. 110 paid to the Cannanore hospital towards the menial staff for the same purpose.

¶ The Inspector-General of Police concurs in this view. The question of the recovery of the cost of treating seamen as far as Cocanada is concerned appears to have been settled by the order of 1880 referred to above. It is a matter for consideration however

19. It is urged that since the abolition of the Cantonment hospital at Wellington, all the European and Hindu subordinates of the various military offices in Wellington now come for medical aid to the Coonoor hospital; that the large number of servants, followers, and other civil residents at Wellington Cantonment and Bazaar also resort to this hospital, it being the nearest medical centre; that the total population of the cantonment of Wellington is 2627; that the average annual number of out-patients treated at the late cantonment hospital, Wellington, was about 2900 and the average daily number about 12 to 15; and that all these must now seek aid at the Coonoor hospital. A new ward has also been added and the establishment has been increased by a 3rd class hospital assistant who is paid from municipal funds. Under these circumstances the Surgeon-General and the Local and Municipal Dept. would make no change in the existing arrangement. The hospital appears to be maintained to serve Wellington rather than Coonoor and although this Govt. is bound under the terms of the Provincial Contract to continue this existing service [it seems to be open to consideration whether the Lieut.Genl.Commanding the Forces should not be urged to make adequate arrangements for the treatment of the military sick of Wellington.] X

The Surgeon-General and the Local and Municipal Dept. would continue the present arrangement and this proposal may it is submitted be approved as the localities ~~are~~ are exceptional.

TANJORE.

24. The grant of Rs. 2640 per annum to the Raja Mirasidar hospital represents the sum originally sanctioned in 1862 for the Raj hospital on the ~~ex-tension~~ extinction of the Tanjore Raj. When the present hospital was built in 1880 the Raj hospital was amalgamated with it and the contribution was continued under G.O. No. 1401 Finl., Mis., dated 5th October 1882. The District Board represents that even with this contribution from Govt. the hospital is becoming an increasing burden on Local funds and that although at the instance of the Surgeon-General a provision was made in the budget for 1895-96 for increase of establishment the District Board was not prepared to undergo any additional expenditure on this account. The Surgeon-General considers that the financial condition of the Board does not justify the withdrawal of the contribution and the Local and Municipal Dept. approves his recommendation to continue it. This may, it is submitted, be accepted.

ORDER. No: 179 d/ 20.2.97

As it appeared from the annual reports on Civil hospitals and dispensaries for 1894 (Col. 3(b) of Statement No. V) that contributions were paid by Govt. to certain Municipal, Local and other hospitals & dispensaries under orders issued several year previously and under specia circumstances which might have (since) altered conside -bly, the Local and Municip department was requeste to consider whether ther was any necessity to conti the concession ~~in future~~ to ~~the case of~~ the Local ~~and~~ Municipal institutions ~~dispensaries~~ and the Surgeon General was ~~requested~~ directed to report fully on these cases ~~another~~. The Govt having taken into consideration the reports read above, resolves to pass ~~orders on the present~~ the following orders ~~in~~ cases.

2. The grants at present made to the undermentioned hospitals ~~named below~~ will be continued:—

~~The~~ Govt in G.O. No 800 Pub dated 3rd August 1896, sanctioned the abolition of the ~~police ward in the former~~[x] ~~and the police hospital in the latter these towns~~. The contribution paid for the treatment of the police sick in a separate ward ~~in the former~~ Tiruvanamalai and for the menial servants of the police hospital ~~attached to the latter hospital~~ at Bezwada therefore will be discontinued.

In the case of the hospitals at Parlakimedi & Vayitri Govt contribute one fourth of the pay & allowances of the medical subordinates in charge on account of the treatment of police sick. The contribution in the case of the other four institutions is only one eighth. The Govt sees no reason for this distinction. A contribution of only 1/8 will be continued to each of these institutions.

4. Parlakimedi, Vayitri, Ellore, Narsapur, Manantoddy and Palghat. The first ~~two~~ of these institutions receive from Govt a contribution of one-fourth and the last four of one-eighth of the pay and allowances of the medical subordinates in charge for treating the police sick. The Govt sees no reason why the contribution in the case of the Parlakimedi and the Vayitri dispensaries should not be also fixed at the same proportion, viz. one-eighth, as in the case of the last four. This will now be done; and the present contribution of one-eighth the pay & allowances of the medical subordinates attached to the last four will be continued.

5 Chicacole. Provincial fund contribute the pay of the medical subordinate. The Surgeon-General reports that this station was once the headquarters of a Civil Surgeon ~~ey~~ but was reduced in 1887 to its status. ~~and~~ He is of opinion that it is now time that the Municipality should be called upon to ~~pay~~ meet, as in other ca

The Local and Municipal Deptt however considers that a larger Govt contribution than that recommended by the Surgeon-General should be allowed as the medical subordinate, besides attending to the ordinary Govt. work has not only to ~~look after~~ see to the health of the military details and pensioners ~~and~~ but also to keep up the medical cases of the men on sick leave ~~[illegible]~~ and carry on correspondence with the different Military authorities.

11. Coonoor. The Govt contributes annually a special allowance of Rs 1300 and the full pay (Rs 25) of a third class hospital assistant, & the difference between this sum & the pay of the first class hospital assistant entertained under G.O. No 2470 Finl dated 22nd December 1879 ~~and that of the former~~ being borne by the Municipality. As Coonoor is now a flourishing Municipality which can well afford to pay for its own dispensary, H.E. the Govr in Council considers that the liberal aid hitherto extended to it can no longer be continued. The Govt contribution will accordingly be reduced to Rs 1000 for 1897-98 and thereafter to the usual rate, one-eighth of the pay and allowance of a× ~~Senior~~ hospital assistant ~~attached to the dispensary~~.
