GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

Memorandum, in the Public Works Department, No. 875-C., dated 11th February 1897.

Read—the following letter from J. F. SOMERS EVE, Esq., Executive Engineer, Bellary Division, dated 14th January 1897, No. 192-B:—

I have the honour to request you will be good enough to grant me a further additional credit of Rs. 20,000 on the Bellary treasury for famine-relief works during the current month, as more relief works are to be undertaken by this department, the requisite executive staff having just arrived. Please wire reply. The Collector has been addressed to place through proper channel a further sum of Rupees 20,000 for the current month.

Endorsement thereon by the Examiner, Public Works Accounts, No. 128-D/B, dated 15th January 1897.

Forwarded, in continuation of my office-note, No. 100-D/B, dated 11th instant.

2. The credit of Rs. 20,000 now applied for has been granted in accordance with your office-note, No. 4265-C, of 19th November 1896.

3. The aggregate credits granted to Executive Engineer, Bellary Division, and the total expenditure up to date on all heads, amount to Rs. 3,20,000 against the ordinary grant of Rs. 2,74,709. No grant has as yet been assigned for famine-relief works in this division.

Memorandum—No. 875-C., dated 11th February 1897.

Copy forwarded to the Local and Municipal Department, with the request that the amount required for expenditure on local fund works in the Bellary division during 1896-97 may be placed at the disposal of the Public Works Department as early as practicable.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases :—
 - (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
 - (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
 - (c).—When it is proposed to utilize the grant for one work upon some other.
2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.
3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.
4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :—

PROJECT.

(1).—HEAD WORKS—

- (B). Land
- (K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

12. 1099C of 19th July 1897

Forwarded to the Financial Department with the request that the sum of Rs 35,200 required for expenditure in the Kurnool Division may be placed at the disposal of this Department as early as possible from Provincial Funds to which all expenditure on Relief Works has been ordered to be debited.
