Note

A tabular statement of the replies to G.O. No. 482 Encl of 14.8.96 circular circulating a list of books available for distribution in the Library, is submitted.

The indent of the Pte Secy. to the Govr (Mr Stuart) was complied with fact as he said that the books were required for his work in connection with the revision of the District Manuals.

Orders are solicited as regards the books marked thus ——— in the Statement the number of copies indented for is in each case in excess of the number available. The indents that need not it is thought, be complied with are marked thus x.

Said this file upto by to Mr Schmidt. I do not wish to interfere in the matter.
