I reached Waltair on the 17th night and received there a telegram from the Superintending Engineer informing me that he would be unable to meet me. I have therefore supplied the Accountant-General with the required forecast without consulting the Superintending Engineer, and trust that my action may be approved. The forecast is inevitably guess work, and cannot I fear be regarded as in any way reliable.

A red pencil telephone message below in the C.S.'s writing was attempted to be telephoned from the C.S.'s office about (I think) 4 P.M. — The clerk who took it down repeating the message from time to time thought however that it was evident that he could not read what he was writing & transmit same — Endeavouring to transmit same — I.O. thereupon, after he had wasted a considerable portion of time, to get a fair copy made which he could read straight off — made this request, but after that, I heard no more. I went to the C.S.'s office, & caused him to write his telephone messages more clearly

The revised estimates of Famine expenditures received from the Secy. Govt. at 1 P.M. today Compare with the figures already forwarded by India as follows: —

Districts	1896-97 Former estimate	1896-97 Present estimate	1897-98 Former estimate	1897-98 Present estimate
Ganjam.	1·05	·31	3·00	7·29
Vizagapatam	·20	"	1·05	·91
Godavari & Kistna	·47	·15	2·03	·24
Nellore	·65	·48	1·10	2·16
Bellary	2·70	2·90	3·69	6·60
Kurnool	1·00	1·00	1·13	1·13
Cuddapah	2·00	1·19	2·00	1·47
North-West	"	"	"	·18
Total	8·07	6·03	14·00	20·0

The figures given by the A.G. require explanation — I believe it is known that the Govt estimate is a gross over estimate — It is contended that in fact the number of persons on relief is already not half the number given, as compared with the total greater, as compared with the total than in other districts (vide statistics in last Gaz:). In connection this I have drawn attention to this fact. & I.D. think it can spend Govt indirectly as much money as it pleases as much money as it pleases

In B.P.'s Proc. No 130 dated 12th Febry/97, a sum of 5-01 was considered sufficient for

Ganjam next year against the 8·01 asked for by the Collector. In Vizagapatam the Collector was not able to confer with the Supt. Engineer and he has not provided for Irrigation works which the P.W.D. put down at 1·68 for I circle. A telephone message gone to P.W.D about this and the provision of ·45 for Construction of Railways in Ganjam, with reference to Section 10 of the famine Code. No famine expenditure is anticipated in Kistna and the large variation under Godavari and Kistna (from 2·03 to ·24) is due to the transfer by the P.W.D of irrigation expenditure from II Circle to I Circle. Harnott has not sent in estimates owing to delay on the part of the executive engineer. And the Acct Genl has repeated the old figures. There is a large increase in Bellary and in Anantapur
