Sir,

I have the honour to request that Government will be pleased to give a grant-in-aid to the Victoria Caste and Goshia Hospital for the year 1897 of Rs 1100/-

Our budget for this year has been carefully drawn up and although we have made due allowance for increased subscription, and calculated our disbursements on last year's actuals, we regret to find a deficit. - If Government are pleased to grant us the sum now asked for, this deficit will be reduced to a nominal figure of Rs. 57/-. I would remark that the number likely to seek admission will be greater during the coming year, as it is presumed that the general distress amongst the population will have this effect.

I would draw your attention to the fact that by economical management we have for several years past been able to manage with a steadily decreasing grant from Government, starting with a grant of 10,000/Rs we are now able to manage satisfactorily with 1100/- and we hope in the very near future to be entirely independent of Government aid.

I have the honour to be,
Sir,
Your most obedt Servant
F. Pouilly.
