To the Accts. Genl. (a)
Judd 35 (g)
19/3/97

Passing orders on the suggestions of the
Inspector General of Police that a small
may be given up as a subject of
instruction in all the police reserves
in the northern range and that it may
be introduced in Malabar both
the special force and in the Calicut
reserves.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

~~Read the following paper.~~

Read again G.O. No. 808, dated 2nd May 1896, sanctioning the retention of the signalling instructor for the Malapurm Special Force up to the 29th March 1896, and stating that the proposal to send two men to Poona or some other station for instruction in Signalling will be referred to the Lieutenant-General Commanding the Forces.

Read again G.O.No. ¹⁵⁶⁷~~1567~~, dated 30th September 1896, passing orders on papers relating to the Mappilla outbreak which occurred in East ~~Malabar~~ ^{Malabar} in the Malabar District in February and March last.

Read also the following papers:

From the Lieutenant General Commanding the Forces,
Madras, No.B/B.3267, dated 2nd June 1896, stating that the
natives cannot attend the signalling school at Poona, but
suggesting how they might be instructed.

From the Inspector-General of Police, Madras, No. 3506, dated 7th September 1896, recommending that signalling may be given up as a subject of instruction in all the Reserves in the Northern Range and that it may be introduced in Malabar both in the special force and in the Calicut Reserve.

ORDER: -No. 298, dated 2nd March 1897.

General of Police suggests that signalling may be given up as a special subject of instruction in all the Police Reserves in the Northern Range and that with ^{the} savings which will thereby accrue it should be introduced into the Reserve in Malabar and its use in the Malappuram special force in the same district should be extended.

3. The reasons advanced by the Inspector-General for abandoning signalling in the Northern Range commend themselves to the Government and his proposals are approved. In future signalling will no longer be taught in the Northern Districts, and signalling allowances will be sanctioned ^{for three Head Constables} and fifteen constables in the ~~same~~ ^{the same number in} Reserve and the special force who shall have passed the usual examination in signalling. These allowances have already, in G.O. dated 24th April 1895, No. 843, Judicial, been sanctioned to ~~one~~ one Head Constable and 8 constables in the latter force and the numbers above will include these nine men. The rates of allowances will be the same as those sanctioned in that order, viz:- Rs. 2 for Head Constables and Rupee 1 for constables ~~per mensem~~.

5. The proposal in para 7 of the Inspector-General's letter that the Superintendent of Police, Malabar, should be supplied with such additional signalling apparatus as he will require from that now in use in the Northern Range, and that the remainder should be returned to the Military authorities is approved.

4. In his letter read above in the first of the Government orders alluded to above the Inspector-General suggested that two of the signallers from the Malappuram Special Force should be sent to one of the Military signalling classes in order that they might receive thorough instruction in the subject. The advice of the Lieutenant General Commanding the forces was solicited upon the matter and he states in his letter read above that the men would best be instructed in the manner followed with native troops, viz:- by the British Assistant Instructor at the nearest station where British troops are located, the Instructor being paid an allowance of eight annas per diem during the instruction. The Lieutenant General Commanding will be requested to be so good as to inform Government of the station to which it would be most convenient that the signallers should be sent, and of the

the date on which they should join, and upon receipt of his reply the Inspector-General will be communicated with. The Financial Department will be requested to make arrangements for the disbursement to the Military Department of the charges for the instruction.
