Note. This is a curious instance of how the estimates
of this year have been muddled by the A.G. & the S.G.
The latter surrendered Rs 35,538 out of the sanctioned grant;
the former reports an excess of 90,600 for which an
additional allotment should in ordinary course be sanctioned.
The classification of Railway Police charges has much
obscured the facts: but the compromise made in the draft order will probably
suffice to meet actual requirements.

SIR,

Enclosures.

In reply to your Memorandum No. 187, dated 23rd January 1897 herewith returned I have the honor to state that it does not appear necessary to raise the budget estimate for 1897-98 under 30 Police District Executive Force.

3. The principal items under which an increased provision has been made by the Accountant-General in the revised estimate for the current year are explained below.

	Budget Estimate 1897-98	Revised Estimate 1896-97	Budget Estimate 1896-97	Accounts 1895-96.	8 months' Accounts 1896-97	Remarks
District Police						
Police Force	24,31,004	27,60,000	24,52,503	27,18,760	18,37,559	(a) vide entry on page 11 of G.O. No. 818 F.D. of 26-11-96
Other Police	2,72,500	11,500	2,69,000	38,587	31,181	In the current year revised of next year but get whole staff has been met by Railway
Total	27,03,504	27,71,500	27,21,503	27,47,347	18,58,520	
Deduct cost of first-form Police on Railways included in the above	..	..	(-)	32,600	55,000	36,800
Balance	27,03,504	27,71,500	26,88,902	26,92,347	18,21,720	

From the 8 months' accounts of the current year viz., Rs. 1831 lakhs thus arrived at the expenditure for the year should be estimated at Rs. 27.31 lakhs. Last year's accounts

amounted to only 26.92 lakhs. It may therefore be assumed that about Rs.27.20 lakhs would represent the approximate expenditure for the current year resulting in an excess of .33 lakhs over the budget grant. By the exercise of very strenuous efforts that the force is kept up to its full strength now while in last years there have been a large number of vacancies. The deduction for probable savings under Police Force might therefore have been somewhat less than the figure entered viz., 1.35 lakhs (Page 109 of the Civil Estimate) in the current and next year's estimates. Owing, however, to vacancies in Assistant Superintendent's appointments caused by absence of officers on leave the saving under the head of Salaries-District Police is .36 lakh as estimated by the Accountant-General and this is sufficient to meet the excess above noticed under "Police Force". A similar saving under salaries next year would meet any excess under Police Force and besides a transfer might when found necessary be made from the provision of .30 lakh for the Railway Police Scheme which if sanctioned ^{not} is likely to come into operation before the latter half of the year.

3. The 2nd item under which a large increase is made in the revised estimate for the current year is "Allowances--Travelling allowance 2.30 lakhs against 2.00 lakhs (Page 110 of the Civil Estimate). The eight months' accounts of the current year include .11 lakh travelling allowance of Railway Police. Deducting this the balance will be (1.53 -- .11) 1.42 lakhs: the equivalent figure for the whole year would be 2.13 lakhs. Last year's expenditure was 2.12 lakhs including the travelling allowance of the Police staff employed on detective duty on railways which has now been transferred to Railway Police. The estimate for the coming year viz., 2.10 lakhs is not therefore likely to fall far short of the probable expenditure.

4. Then under the head of Supplies and Services (Page 111 of the Civil Estimate) estimate for 1897-98 is less than the revised estimate for the current year under items "Purchase of Tents" and "Petty works of construction" Rs.5,000 are provided for the

purchase of tents for those officers who have not yet been supplied with them and no more than this is required. The Petty works construction grant is not ordinarily exceeded as works are only sanctioned within the grant in accordance with the detailed distribution which is submitted to and approved of by Government with the budget. In the present year however provision had to be made ~~only~~ early in the year for buildings urgently required at Pandikad and certain other stations in Malabar and at Kalugumalai in the Tinnevely District for additional Police sanctioned in consequence of riots there. To meet this demand Rs.10,000 were transferred by me from the head of clothing. Not infrequently some portion of the budget grant under construction lapses owing to delay in the preparation of estimates or acquisition of sites but the saving cannot be ascertained till very near the end of the year. For the present year I do not anticipate that the expenditure will exceed Rs.1.05 lakhs. No increase is called for for the ensuing year as the expenditure can be limited to the grant.

5. Under contingencies the 8 months' accounts of the current year include cost of tents supplied, which should appear under the head of supplies and services. Deducting from 1.12 lakh in the revised estimate Rs.17 lakh cost of tents, the balance would be Rs..95 lakh. Last year's expenditure included an extraordinary item viz., arrear of rents "Rs.4000". No increase is now called for in the provision made for next year's contingencies.

(P.112 of the Civil Estimate).

Under Railway Police 20(f) the figures are

P.T.O.

	Budget Estimate 1897-98	Revised Estimate 1896--97	Budget Estimate 1896--97	Accounts 1895--96	8 months' Accounts 1896--97.
Total of all Railways (exclud- ing Railway Police scheme)	64,000	54,500	52,500	8,490	8,417
Add included under 20 C Dis- trict Executive Force District Police (vide para 3 of this letter)	..	..	33,600	55,000	36,800
Do. Travelling allowance (vide para 3 of this letter.	..	..	..	8,000	11,000
Total	64,000	54,500	65,100	71,490	56,217

The accounts of eight months of the current year are arrived at after a deduction of Rs.5,900 being recovery from the South Indian Railway for cost of detective and travelling police for a half year. If this figure be added, the gross expenditure for the 8 months would be .62 lakh. For the whole year the figure would stand at .95 lakh. The estimated recovery from Railway Companies after paying the Government share of their Watch and Ward establishment (Pages 113 & 114 of the Civil Estimate) is Rs. .34 lakh. After deducting this figure from the gross charge for next year the net amount is given as .64 lakh in the estimate. Nearly the same amount viz., .64 lakh will be recovered for the current year also.

The figure in the revised estimate under Railway Police provides for the whole of the Railway Police cost (Platform and Detective Police) for the whole year being shown under that head after deducting the recovery from the Railway Companies. This course will be probably simpler and less confusing. The allotment required is calculated accordingly. If the cost be adjusted otherwise a transfer from the Railway Police to District Executive Force would be necessary. The increase in cost of District Police Force is due to the sanctioned strength being nearly fully entertained while there were a number of vacancies in previous years. The reason for the revised estimate under Hospital charges being high is not understood.
