Resolution.—The following table shows the figures which have been proposed by the Local Governments and Administrations for the Revised Estimates for 1896-97:—

(In thousands of Rupees.)

	Class I.	Class II.	Class III.	Class IV.	Total.	Recoveries.	Net Outgoings.
Central Provinces	10,30				10,30	4,23	8,39
Burma { Upper	2,34				2,34	2,78	— 44
Lower	1,50				1,50	1,43	7
Assam	5		2,32		2,37	5	2
Bengal	5,50				5,50	7,28	15,22
North-Western Provinces and Oudh	42,00	2,39	5		44,39	13,60	30,42
Punjab	8,90	4			12,89	4,90	7,99
Madras	5,00				5,00	3,75	5,28
Bombay	12,18				12,18	9,38	4,70
Total	87,77	2,43	8	21,47	1,11,75	43,88	67,87

2. The figures in the above table do not include an advance of Rs. 12,000 sanctioned in the letter from this department, No. 2334, dated the 30th May 1896, for a loan to Malik Mani Khan of Bannu. They do not also include the estimate of probable expenditure out of the special allotment in Bombay of Rs. 23,00,000 for agricultural advances sanctioned in the telegrams from this department quoted in the margin. On a consideration of the progress of actuals according to the latest available information and of the probable requirements during the remainder of the year in the several provinces, the Government of India adopt the following figures as the Revised Estimates of total recoveries and payments in 1896-97:—

(In thousands of Rupees.)

	Recoveries.	Payments.	Net Payments.
Central Provinces	2,70	11,10	8,40
Burma { Upper	2,78	2,34	— 44
Lower	1,10	1,50	40
Assam	3	5	2
Bengal	3,78	13,20	9,42
North-Western Provinces and Oudh	13,60	42,00	28,40
Punjab	4,90	12,90	8,00
Madras	3,75	7,50	3,75
Bombay	9,38	31,70	22,32
Total	42,02	1,22,29	80,27

3. The figures proposed by the Local Governments and Administrations for the year 1897-98 are—

(In thousands of Rupees.)

	Class I.	Class II.	Class III.	Class IV.	Total.	Recoveries.	Net Outgoings.
Central Provinces	11,00			3,00	14,00	6,45	7,55

Total	73,56	1,72	3,73	51,44	1,30,45	41,17	89,28

4. The Government of India regret that, in the special circumstances of the present year, it is not possible for them to comply in full with the demands of the Local Governments. In the first place, as regards loans to municipalities, the Government have not at present any funds to lend for purposes of water-supply and drainage schemes; and works of the kind should either be put off until funds are available, or the municipalities should borrow in the open market. Accordingly the amounts provided by the Government of India for loans to municipalities in 1897-98 are mainly those required in connection with plague or famine relief.

Similarly, in the case of advances under the Land Improvement and Agriculturists' Loans Acts, provision can only be made for advances required for the relief of distress or for other purposes connected with measures of famine relief.

5. The figures proposed by the Local Governments and Administrations have been examined in the light of the remarks made in the preceding paragraph, and in

lieu of them the Government of India have accepted the following amounts for the Budget Estimates of 1897-98:—

(In thousands of Rupees.)

	Class I.	Class II.	Class III.	Class IV.	Total.	Recoveries.	Net Outgoings.
Central Provinces ..	11,00	..	..	1,00	12,00	6,45	5,55

Total ..	55,96	88	2,25	15,77	74,86	41,17	33,69

6. The following remarks are offered in explanation of the altered figures:—

Central Provinces.—The proposed estimate under class IV has been taken at Rs. 1,00,000 only to meet the requirements of the Wardha Municipality, or other similar advances which may have already been promised.

Burma.—Provision of Rs. 1,31,000 in Lower Burma under class IV has been struck out.

Bengal.—A considerable portion of the proposed advance of Rs. 7,50,000 under class I appears to be required for purposes of ordinary land improvement. A provision of Rs. 5,00,000 is considered sufficient to meet all urgent requirements for famine relief, and has been allowed. Under classes II and III the sums of Rs. 84,000 and Rs. 12,000 provided as a reserve have been omitted. Under class IV a sum of Rs. 3,00,000 is retained for small works in progress.

North-Western Provinces.—Here, as in Bengal, Rs. 3,00,000 have been retained under class IV to meet necessary requirements.

Punjab.—The sum of Rs. 12,10,000 entered by the Local Government under class I includes Rs. 5,00,000 on account of the cost of survey and watercourse construction on the Chenab Canal Colony. But the question whether the charges are correctly classified in the accounts as loans is now under consideration, and pending final decision the amount is omitted from the present estimates. A further reduction of Rs. 2,10,000 is also made in the local figure with a view to restrict the advances only to famine relief requirements. Under class IV the estimate is reduced to Rs. 1,20,000 for reasons explained in paragraph 4.

Madras.—The figures proposed are reduced by Rs. 3,00,000 under class I, and Rs. 4,36,000 under class IV, with reference to the general principle explained in paragraph 4 of this Resolution.

Bombay.—A reduction of Rs. 5,00,000 is made under class I in view of the large amounts entered on account of ordinary Land Improvement loans. Under class III a sum of Rs. 3,00,000 is required for a loan to the Jath State for famine relief operations. Of this amount, Rs. 75,000 will be advanced in the current year, and the remaining Rs. 2,25,000 are entered in the Budget Estimate of 1897-98. As regards loans under class IV, the sum of Rs. 5,00,000 estimated to be required in connection with the plague, together with a small margin of Rs. 77,000 for other absolutely necessary requirements, are retained. The sum of Rs. 2,00,000 proposed for the Hyderabad Municipality cannot be provided for, and, if necessary, the municipality should obtain the money by a loan in the open market.

7. In sanctioning the above allotments His Excellency the Governor-General in Council desires to impress on the Local Governments and Administrations the necessity of restricting advances in districts, not suffering from famine, as much as possible, so as to make them available for districts in which special relief is required.

8. The amounts payable by the Local Governments to the Imperial Government as interest on the Provincial Loan and Advance Account in 1896-97 and 1897-98 are shown below:—

The interest payable by Local Governments in the year 1897-98 has been calculated at 3½ per cent. in accordance with the Resolution in this department, No. 852 A., dated the 20th February 1897.

9. The necessary entries have been made in the Provincial Revised and Budget Estimates for the amounts of interest shown in columns 5 and 9 of the table in the preceding paragraph, which are chargeable to Provincial Revenues; and the Comptroller and Auditor General should show such amounts under the head "13. Interest on Debt" by deduction from the Imperial share and addition to the Provincial share.

10. The Comptroller and Auditor General should also enter in his Ways and Means Estimate the total figures of receipts and outgoings given in paragraphs 2 and 5.

Order.—Ordered, that this Resolution be communicated to the Home Department, to the Department of Revenue and Agriculture; to all Local Governments and Administrations (except Coorg, Ajmere, Hyderabad and Baluchistan); to the Comptroller and Auditor General; and to all Accountant-General and Comptrollers (except Comptrollers, Hyderabad and Post Office).

Class IV Municipalities & Dt. Boards	3.95	4.03	3.60	5.86	1.50
Total	11.45	9.03	7.50	11.36	4.00

The Govt. of India has cut down the estimated expenditure under Provincial loans and advances by very large amounts as shown in the margin -- (they have however retained the receipts unaltered).

The reductions in the Revised estimate have been based "on a consideration of the progress of actuals according to the latest available information and the probable requirements during the remainder of the year". Absolutely nothing had been drawn by Municipalities (Class IV) up to the end of January 1897 A, but telegrams were sent to the Chairman concerned and the whole amount provided in the Revised estimate of this Govt. has now been drawn (excepting .23 included for the Coimbatore District Board & 22 for the Iller Municipality).

Under Class I, the expenditure up to the end of January amounted to only 2.43; and as it has been decided that a portion of the advances now made

I fancy that India will not stand this and will regard it as dodging the accounts. I know that the Govt. is going to hand up the Madras Municipality for drawing these loans in full. So

What loan? I did not know they had taken one. This was a slip. I meant this gift was by the Govt. loan.

The figures adopted in G.O.
 $\frac{654}{21-11-96}$ Rev on account of loans
under the loans Acts were:

4 lakhs Revised estimate for 96-97

and 4.5 lakhs Budget estimate for 97-98

the figures adopted by Finl

Dept in G.O. $\frac{840}{5-12-96}$ were:

5 lakhs and 5.5 lakhs.

2. The above figures are inclusive
of the loans to be made for
in Madras for converting dry
lands under the Periyar into
wet for which a grant of 5 lakhs
was sanctioned by the Govt of
India; ~~but the request~~
~~as the Collector~~
~~could only utilize 2 lakhs in~~
~~96-97~~ estimate includes only
2 lakhs on this account which
is all the amount ~~that~~ the
Collector ~~could~~ ^{can} utilize in 96-97

in the affected districts should be
debited to 33 Famine relief in the first
instance, the amount provided by India will
probably suffice; in any case the Revised
Estimate is no authority for actual ex-
penditure and the reduction does no harm.

The retrenchment under Class I for
1897-98 is a serious matter, but if the
allotment proves insufficient, India ~~can~~
~~may~~ be asked for additions to the
grant, during the course of the year;
(Bombay got 23.00 in 1896-97 - para. 2 of
the Resolution)

Under Class IV, only 1.50% is allowed
against 5.86 asked for; and the Local and
Municipal dept. must adopt the necessary
measures to postpone some of the water-
supply and drainage works, or borrow in
the open market, as stated in para 4
of the Resolution.

NOTE FOR THE ASSISTANT SECRETARY.

Reference - Financial C.O. 957

In the budget estimate of Provincial loans and advances for 1896-97. provision was made a loan of 3.8 lakhs to municipalities on account of water supply and drainage schemes; and of 0.15 lakhs to the Ganjam Distt Board for the construction of Railway feeder. The same figures were repeated in the Revised estimate for the current year, with the difference, that the allotment for Distt Board was increased to Rs 22000, and the amount was distributed as follows: -

	Rs	
(1) Colanada.	92870	for water supply
(2) Conjeruaram.	48500	do
(3) Ellore (---)	25000	for a water supply
(4) Kurumool	5000	do.
(5) "	3630	for water supply
(6) Ootacamund	10000	for Sanitary
(7) Tirupati	45000	for water supply
(8) Vijayapatam	15000	for water supply
(9) Coimbatore Distt.	23000	for a bridge

Conditions of this Presidency
If our request is complied
with, and we are allowed
to make advances under the
ordinary rules, it is doubtful
whether the advances so made
can properly be debited to "Famine
relief expenditure" as the reasons
stated in the Govt Resolution
at 5300-A of 16th December 1896
do not apply to them. If the advances
are not to be debited the
provision of 2.5 lakhs will be
wholly insufficient. Further
as we hope that the famine will
come to an end ~~soon~~ long before
the close of 1897-98 and ^{if} this
hope is realized, the
provision will be insufficient
and the institution of advances ^{to}
the distressed districts is ^{not} taken off.
Even if the Govt plan of debiting
to be adopted during the continuance
of distress, the Govt
that ~~of distress~~ has ~~afforded~~ for
affected ~~only~~ for the ~~foreign~~
recorder ~~the double~~ ~~supplies~~
expenditures are ~~indicated~~
as ~~re~~
of this

NOTE FOR THE ASSISTANT SECRETARY.

Schemes have not yet been sanctioned, and even if they show sanctioned during the course of the year, the municipal Councils concerned may be distinctly told that, if they are anxious to have water supply schemes at once, the Govt. cannot help them with loans and that the required fund should be raised in the market.

V.R.
30/3/97

I should say that as the year progresses we see how the works get on the thing probably in fact, certainly, is that there will be some delay at Coonada + on so will enable us to delay payment of Rs 5409 until 98-99, + in the mean time that bridge have to be done. 11250 - This shd. be done.

Rs 2/4/97 Jg 21/4/97

The 1.50 left in the 97/98 budget by the Govt. of India will cover the balance of the loan in the case of the three schemes at Coonada, Vijayapur + Tirupathi which are actually in progress or will be so in a few days. The rest must stand on.

S.R. 1/4/97

The Ellore market, Rs 3000, have been allotted by reappropriation for the construction of an office building at Anukapalle; The balance of this amount, and the provision of Rs 20000 for the Coimbatore St. Board, will lapse. The total amount drawn is 3.58 lakhs.

2. The ^{budget} estimate for 1897-98, under loans to municipalities is 5.86 lakhs; This has now been cut down by the Govt. of India to 1.50 lakhs. The original estimate was distributed as shown below: -

Bellary water supply	Rs 200000
(a) Colanada	80909
Coonoor	31000
Cuddalore	50000
(b) Dinidul	11250
(c) Tirupathi	12750
Tuticorin	150000
(d) Vizalapatam	50500

works in connection with the Coonada, Tirupathi and Vizalapatam Schemes have either already been started or will be started in a short time, and it will be hard to postpone the balance promised on their account, wh. amount

(a)	80909	80909
(b)	11250	11250
(c)	12750	12750
(d)	50500	50500
	<u>1,55,409</u>	<u>1,55,409</u>

5409 must be saved until 8-99 if (a) + (d). This is easy Rs
