A

With reference to the Government of India No 1451A, Finance and Commerce dated the 26 March '97, a copy of which has been forwarded to me, I have the honour to inform you that the charges for training Hospital Assistants for Burma Medical Service in different years are shewn below

1891-92	=	6858	6-6
1892-93	=	12876	2-8
1893-94	=	15940	7-7
1894-95	=	15051	5-9
1895-96	=	13367	9-11
1896-97	=	9056	7-8
		73,150	-8-1

The delay in furnishing these figures is due to the

the actuals of the last year, which completes the last Provincial Contract period, having been ascertained only now. The figures given by Government in paragraph 2 of Government Order No 144, Financial, dated 13 February '97, include also the charges of Medical Pupils trained for the Madras Service.

2. I take this opportunity respectfully to submit the following remarks with reference to the observations made by Government in the above Government Order.

The rulings referred to in paragraph 1 thereof were not overlooked in this office. One of them namely Government Order No 135, Financial, dated 10 February '97, is subsequent to the case and the others relate to the charges which arise after the settlement of a Provincial Contract. In the present case the charges on account of Burma administration were incurred from the year 1891-92 on the Estimates of which the last Provincial Contract

B
Records to show that the Pension charges were not allowed for by the contract, when no Civil Officers were.

Then why are they now being stopped?

C
This is merely reports to older admissions

previously 80 and these new charges were also included in 1891.

Were these charges ever taken into account, as they were not known

Contract was based

3. As to the reconciliation of the actuals of the Medical College which is referred to in the last paragraph of the Government Order above mentioned, I would observe that the Principal of the Medical College has every year deputed his accountants to verify his accounts with those of this office. The statement showing the reconciliation of four years' figures recorded in the Government Order under reference was submitted only upon the special requisition of the Director of Public Instruction. From 1895-96 the Principal Medical College sends an annual statement for verification and report which it is hoped will ensure a more satisfactory reconciliation of the figures of the two departments in future.

I have the honour to be
Sir
Your most obedt. Servant,
W Whitehall
Offg. Accountant General.
