GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following letter from J. W. P. MUIR-MACKENZIE, Esq., C.S., Under Secretary to the Government of India, Revenue and Agricultural Department—Statistics, to the Secretary to the Government of Madras, dated Calcutta, the 17th February 1891, No. 422—36-2 Stats. :—

I am directed to acknowledge the receipt of your letter, No. 33, dated 19th ultimo, with enclosures, in which inquiry is made whether the new system of registering road traffic proposed by the Government of India, in this Department's Resolution No. 18—32-5 (Stats.), dated 9th July 1890, may not be postponed until the end of the year 1892-93, when it will be possible to determine, under existing arrangements, which of the roads are of sufficient importance to be included in the new system of registration.

2. In reply, I am to say that, for carrying into effect the general principles of the scheme recommended for adoption by the Secretary of State in his Despatch, No. 73, dated 10th December 1874, the expenditure of Rs. 8,000 per annum will sufficiently meet the views of the Government of India, provided that the staff is efficiently trained and available for the collection of statistics of trade on any of the principal roads for which the Government of Madras might desire to have information. The Government of India are content to leave it to His Excellency the Governor in Council to decide whether for Provincial purposes any immediate expansion of road trade registration is necessary, or whether the entertainment of the limited staff, which can be provided out of an allotment of Rs. 8,000 a year, either permanently or for a limited number of years, would not furnish all the statistics that are likely to be required, from time to time, for administrative purposes.
