ORDER.

No. 585 of 29 July 97

The following letter will be

addressed to the Govt. of India:—

LETTER to—

The Secy. to the Govt. of India,

Finance and Commerce Dept.

I am directed to acknowledge
the receipt of your letter No. 3013 A
d/ 10th July 1897, enquiring on what
grounds it has been held that the
authorities quoted in G.O. No. 438 Finl.,
d/ 2nd June 1897 give this Govt. the
power to sanction additional expenditure
in certain cases without a formal re-
appropriation of grants and to make the following
2. In reply I am to state, that Para 3
of the Rev. and Agricultural dept.
circular No. 14-114 I-F d/ 12th August
1895 runs as follows:—

"In the case of the Forest dept

which is a quasi commercial organisation

such as the prompt provision of funds to meet

charges directly productive of revenue
develop

greater facilities
for

would probably develop
the utilisation of forest produce and
so materially increases the receipts.

Additional grants will be sanctioned
without reappropriation from other heads
whenever it is anticipated that such
grants are necessary to earn and will
probably earn additional revenues of a
more than equivalent amount.

4. The Governor-General in Council is
therefore pleased to empower Local Govts
and Administrations to sanction grants
for expenditure in the Forest dept, in
addition to the budget provision, when-
ever it is anticipated that such grants
are necessary to earn, and will probably
earn additional revenue of a more than
equivalent amount".

3. In article 95.I.B. of the Civil
Account Code, "Dinchona plantations" are
included in the list of quasi-commercial
depts, with Forests, Post Office, Telegraph
Railways and Irrigation, and it was
considered that, in the interests of the
public service, the same principle could
be conveniently applied to all quasi-
commercial departments. I am ~~to~~ to
request that this course may, ~~should~~ if
there ~~be~~ no objection, be formally
sanctioned in the Finance and Commerce
dept.

4. I am, however, to add that the
question of a reappropriation from exist-
ing grants was not lost sight of but
was ~~proposed~~ *postponed* to be considered somewhat
later in the year, when the savings avail-
able could be more accurately determined.

*Especially as in the case
under discussion it was too
early in the year to make
a reappropriation of funds
to meet the increased expenditure from
which would result.*
