Recording report on the operations of the — in the Madras Circle during 1896–97.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

From G. S. CURTIS, Esq., Officiating Postmaster-General, to the Chief Secretary to Government, dated Madras, 10th July 1897, No. D.P. 8/1—10328.

I have the honour to submit, for the information of Government, a copy of the annual report (No. 456, dated 10th July 1897) on the operations of the District Post in the Madras circle during the year 1896–97, with copies of the appendices marked A, B and C therein referred to.

Enclosure.

Copy of a communication, No. 456, dated 10th July 1897, from the Postmaster-General, Madras, to the Director-General, of the Post Office of India.

I have the honour to submit the annual report on the administration of the District Post in the Madras circle during the year 1896–97 and to attach for your information the prescribed appendices A, B and C.

2. When submitting the budget estimate of the cost of District Post establishments for the year 1896–97 application was made to the Government of Madras for a provision of Rs. 12,480 for additional establishments in order that the total grant might be restored to the sum at which it formerly stood (Rs. 1,07,000) and which had, at first, been provisionally sanctioned for the year 1895–96. In their No. 707, Financial, dated 19th September 1895, the Madras Government accorded provisional sanction to this estimate which in March 1896 they subsequently confirmed; but the final sanction was received too late to admit of the full amount being spent, and it was not until the last quarter of the year that the expenditure was brought up to the scale sanctioned in the budget.

3. Two statements marked D and E are attached showing the distribution of the District Post establishments maintained at the beginning and close of the year and their charges. It will be seen that the charges amounted to Rs. 92,088 at the beginning, and Rs. 1,06,962 at the close, of the year. Owing, however, to the cause mentioned in paragraph 1 above the actual amount disbursed on account of District Post establishments during the year was only Rs. 1,01,136–0–10.

4. The following table shows the grant, expenditure and income during each of the last five years :—

Year.	Grant.	Expenditure.	Income.	Net revenue.	Deficit.
	Rs. A. P.	Rs. A. P.	Rs. A. P.		Rs. A. P.
1892–93	1,07,000 0 0	79,254 5 6	66,366 1 8	..	12,888 3 10

1896–97	1,07,000 0 0	1,01,136 0 10	61,817 1 4	..	39,318 15 6

Owing to the transfers of a large number of remunerative District Post establishments to the Imperial Post during the previous year and the revision of the salary of District Post village postmen, the expenditure during the year exceeded the income by Rs. 39,318–15–6.

5. The following table shows the details of the District Post establishments at the close of each of the last three years :—

Year.	Office establishment. Number of: Postmasters.	Clerks.	Inspectors.	Postmen.	Village postmen.	Letter-box peons.	Mail peons.	Cost.	Road establishment. Number of: Runners.	Overseers.	Boatmen.	Cost.	House-rent, contingencies, &c.	Total monthly cost.

6. *Appendix A.*—Forty-four post offices were opened during the year in the following districts :—

Cuddapah	8	Salem	8
Ganjám	1	South Arcot	3
Gódávari	2	South Canara	6
Kurnool	2	Tanjore	1
Malabar	1	Tinnevelly	8
Nellore	2	Vizagapatam	1

and 98 village postmen, one postman and one mail peon were newly entertained. Forty-four branch offices were opened, three offices closed, and one transferred to the Imperial during the year making a total of 2 sub-offices and 142 branch offices open on 31st March 1897, as compared with 2 sub-offices and 102 branch offices open on the last day of the preceding year. Seventy-five letter-boxes were planted during the year, and 25 closed or transferred to the Imperial Post, leaving a balance of 635 at the close of the year against one of 585 at the beginning.

7. *Appendix B.*—The total length of the District Post lines at the close of the year was 1,768½ miles against 1,436 miles at the corresponding period of the previous year, the increase being due to the opening of 29 additional lines required to serve the new post offices established during the year. The number of runners also increased from 255 at the beginning to 310 at the close of the year.

8. Except for the transfer of one runner to the Imperial establishment occasioned by the closing of the line between Verarajandrapet and Gonikopal and the diversion of the mails through Ammatti, the District Post establishment in Coorg remained unchanged. The following is an abstract of the establishments maintained at the close of each of the last two years :—

Year.	Office establishment. Number of: Postmasters.	Clerks.	Postmen.	Village postmen.	Inspectors.	Cost.	Road establishment. Number of: Runners.	Overseers.	Boatmen.	Cost.	Total fixed charges per month.	House-rent, contingencies and torch allowances.	Total monthly cost.

and the table below shows the grant, expenditure and income during each of the last two years :—

Year.	Grant.	Expenditure.	Income.

1896-97	9,040 0 0	8,637 15 0	3,876 1 10

The budget grant for the year under review was Rs. 9,040 as in the previous year but the actual expenditure was slightly higher. The income showed a satisfactory increase of 9 per cent.

9. *Appendix C.*—The following table shows the number of the several classes of articles which passed through the District Post during the year :—

As in previous years the number of articles received for delivery was in excess of the number posted for despatch owing to residents in rural tracts preferring to post their letters in the nearest post office rather than to place them in village post boxes or entrust them to the village postmen. At the same time it is satisfactory to note that the number of articles received for despatch is showing a steady tendency to increase.

10. During the year under review the salary of all departmental postmasters was raised to the minimum scale of pay fixed in the Imperial Postal department ; and the pay of Superintendent's clerks was also raised from Rs. 10 to Rs. 15. Further improvements will be effected after the sanction applied for in this office letter, No. 979, dated 22nd October 1896, has been received.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

From G. S. CURTIS, Esq., Officiating Postmaster-General, to the Chief Secretary to Government, dated Madras, 10th July 1897, No. D.P. 8/1—10328.

I have the honour to submit, for the information of Government, a copy of the annual report (No. 456, dated 10th July 1897) on the operations of the District Post in the Madras circle during the year 1896–97, with copies of the appendices marked A, B and C therein referred to.

Enclosure.

Copy of a communication, No. 456, dated 10th July 1897, from the Postmaster-General, Madras, to the Director-General, of the Post Office of India.

I have the honour to submit the annual report on the administration of the District Post in the Madras circle during the year 1896–97 and to attach for your information the prescribed appendices A, B and C.

2. When submitting the budget estimate of the cost of District Post establishments for the year 1896–97 application was made to the Government of Madras for a provision of Rs. 12,480 for additional establishments in order that the total grant might be restored to the sum at which it formerly stood (Rs. 1,07,000) and which had, at first, been provisionally sanctioned for the year 1895–96. In their No. 707, Financial, dated 19th September 1895, the Madras Government accorded provisional sanction to this estimate which in March 1896 they subsequently confirmed; but the final sanction was received too late to admit of the full amount being spent, and it was not until the last quarter of the year that the expenditure was brought up to the scale sanctioned in the budget.

3. Two statements marked D and E are attached showing the distribution of the District Post establishments maintained at the beginning and close of the year and their charges. It will be seen that the charges amounted to Rs. 92,088 at the beginning, and Rs. 1,06,962 at the close, of the year. Owing, however, to the cause mentioned in paragraph 1 above the actual amount disbursed on account of District Post establishments during the year was only Rs. 1,01,136–0–10.

4. The following table shows the grant, expenditure and income during each of the last five years:—

Year.	Grant.	Expenditure.	Income.	Net revenue.	Deficit.

Owing to the transfers of a large number of remunerative District Post establishments to the Imperial Post during the previous year and the revision of the salary of District Post village postmen, the expenditure during the year exceeded the income by Rs. 39,318–15–6.

5. The following table shows the details of the District Post establishments at the close of each of the last three years :—

and 98 village postmen, one postman and one mail peon were newly entertained. Forty-four branch offices were opened, three offices closed, and one transferred to the Imperial during the year making a total of 2 sub-offices and 142 branch offices open on 31st March 1897, as compared with 2 sub-offices and 102 branch offices open on the last day of the preceding year. Seventy-five letter-boxes were planted during the year, and 25 closed or transferred to the Imperial Post leaving, a balance of 635 at the close of the year against one of 585 at the beginning.

7. *Appendix B.*—The total length of the District Post lines at the close of the year was 1,768½ miles against 1,436 miles at the corresponding period of the previous year, the increase being due to the opening of 29 additional lines required to serve the new post offices established during the year. The number of runners also increased from 255 at the beginning to 310 at the close of the year.

8. Except for the transfer of one runner to the Imperial establishment occasioned by the closing of the line between Verarajandrapet and Gonikopal and the diversion of the mails through Ammatti, the District Post establishment in Coorg remained unchanged. The following is an abstract of the establishments maintained at the close of each of the last two years :—

Year.	Office establishment. Number of: Postmasters.	Clerks.	Postmen.	Village Postmen.	Inspectors.	Office establishment. Cost.	Road establishment. Number of: Runners.	Overseers.	Boatmen. and the table below shows the grant, expenditure and income during each of the last two years :—

9. The budget grant for the year under review was Rs. 9,040 as in the previous year but the actual expenditure was slightly higher. The income showed a satisfactory increase of 9 per cent.

10. *Appendix C.*—The following table shows the number of the several classes of articles which passed through the District Post during the year :—

As in previous years the number of articles received for delivery was in excess of the number posted for despatch owing to residents in rural tracts preferring to post their letters in the nearest post office rather than to place them in village post boxes or entrust them to the village postmen. At the same time it is satisfactory to note that the number of articles received for despatch is showing a steady tendency to increase.

11. During the year under review the salary of all departmental postmasters was raised to the minimum scale of pay fixed in the Imperial Postal department ; and the pay of Superintendent's clerks was also raised from Rs. 10 to Rs. 15. Further improvements will be effected after the sanction applied for in this office letter, No. 979, dated 22nd October 1896, has been received.
