Special Assistant Agent's division—cont.	II.—REPAIRS—cont. (b) Communications—cont. Brought forward	MILES.	RS.	RS.	RS.	RS.	RS.	This road is not much used and does not require more than Rs. 30 per mile. The length in previous years was wrongly stated and Rs. 30 a mile is sufficient for this road. The length is 10 miles and not 8 as given in previous years. This is the new ghât road recently handed over by Public Works Department. Balliguda taluk—65 miles Ramagiri " 32 " Total .. 2,425 It is quite impossible to get any improvements made to the ghâts by the Khonds under the present contract system. This is necessary and a proposal is made to engage a gang of 25 coolies, &c., masonry for four months for improving the ghâts. The distance of the road was shown in previous years as 51 miles, of which 5 miles from Kalinga to Udayagiri have been taken by Public Works Department and therefore excluded. Then the balance of 46 miles ought to have been shown here, but it being incorrect, the actual distance, viz., 44 miles from Udayagiri to Balliguda, is entered. The cost per mile is also reduced with reference to the detailed calculations of the actual work done on the road. The actual distance of the road is 34 miles (14 miles in Udayagiri taluk and 20 miles in Balliguda taluk), but 38 miles were wrongly stated in previous year's budget. As for reduction in cost per mile—vide above remark. For reduction in cost per mile—vide above remark. Do. do. This is given up. The new ghât which has been complete is in charge of Public Works Department. As for decrease in cost per mile—vide remark against No. 35. The actual distance is 8 miles and not 10 as stated in previous year; as for the increase in the cost per mile—vide remark against No. 35.

An extra grant of Rs. 300 was provided in the budget for 1897-98 for improving the ghat between Udayagiri and Kojiripada. The exact length of the road is 32 miles and not 36 miles as stated in last year's budgets. Hence the grant for 1898-99 is reduced by Rs. 100.

The former year's allotments were excessive, the present estimate has been worked out in detail.

Length of the road was incorrectly stated last year.

Special Assistant Agent's division—cont.	28. Ramagiri-Bengalsai road ..	4	30	220	220	220	220	This road is not much used and does not require more than Rs. 30 per mile.
	29. Navagada-Keradongo road ..	10	30	300	400	400	400	The length in previous years was wrongly stated and Rs. 30 a mile is sufficient for this road.
	30. Udayagiri-Porimolo road ..	10	25	250	200	200	200	The length is 10 miles and not 8 as given in previous years.
	31. Luhagudi-Chendiput road ..	8	40	320	300	300	300	This is the new ghat road recently handed over by Public Works Department.

	35. Kalipano road ..	84	30	1,190	1,520	1,520	2,170	It is quite impossible to get any improvements made to the ghats by the Khonds under the present contract system. This is necessary and a proposal is made to engage a gang of 25 coolies, &c., maistry for four months for improving the ghats.
	36. Serangodo road ..	37	22	814	833	833	1,380	The distance of the road was shown in previous years as 51 miles, of which 5 miles from Kalinga to Udayagiri have been taken by Public Works Department and therefore excluded. Then the balance of 46 miles ought to have been shown here, but it being incorrect, the actual distance, viz., 44 miles from Udayagiri to Balliguda is entered. The cost per mile is also reduced with reference to the detailed calculations of the actual work done on the road.
	37. Kotghar road ..	16	35	560	160	160	1,180	The actual distance of the road is 34 miles (14 miles in Udayagiri taluk and 20 miles in Balliguda taluk), but 38 miles were wrongly stated in previous years budget. As for reduction in cost per mile— <i>vide</i> above remark.
	38. Mohangiri road ..	3	30	90	360	360	300	For reduction in cost per mile— <i>vide</i> above remark.
