The increase in actuals for 1896-97 is chiefly attributable to the fact that payment of arrears due to certain pensioners was made during the year. Similarly, decrease in the revised estimate is due to the death of pensioners Nos. 2489, 2367 and 2663. The budget estimate for 1898-99 has been framed with reference to the monthly payment to be made to the existing number of pensioners on this date.
