Enclosure No. 1
To Chief Secy. 763

Scarcity in other provinces, -
how far it is likely to con-
tinue, and whether there
is any reason to anticipate
a rise or fall in 1897-98.
In any case the Accountant
General estimates that the
receipts under Imports will
exceed the estimate of 27.00
and justify the increase
of 2.00 proposed by him.
It should be reported
whether there is any objection
to this being approved.

Read memorandum from Government Financial
Department No 184 dated 23rd January 1897.

Resolution

The following information is submitted
to Government.

2. VIII Customs. The increased estimate as
proposed by the Accountant General under
Export duty for the Current year, may be adopted.
The increase in ^{the} eight months actuals, however,
is not due to exports to other British Indian Pro-
vinces, as no duty is leviable on those exports,
but to larger exports to Ceylon chiefly from the
Tanjore District, the reason given in the District
Statement being the high prices in Ceylon.
As the provinces which supply Ceylon with
rice are chiefly Bengal and Madras, and
as the increase in exports to that Colony from this
Presidency is apparently due to short supply
from

As stated by the
Accountant General in
the joint
Circular

from Bengal, the increase may be expected to continue in the ensuing year also, unless and until the Season in Bengal improves to such an extent as to enable it to export rice as usual.

3. The actuals of import duty during the first nine months of the Current year were Rs 20,32,12. The monthly average is therefore Rs 2,23,690 and as there is no reason to suppose that the imports during the remaining three months will materially increase, the estimate for the year is not likely to exceed 27 lakhs, which is the amount fixed in Government Order of No 637 Revenue dated 16th November, 1896.

This amount may, therefore, be retained for the Current and ensuing years.

4. The delay in answering this memorandum is regretted, but was unavoidable as the paper was not received in this office until the 25th instant.
