GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. THOMSON, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 17th August 1897, No. 1483.

I have the honour to submit the estimate (in triplicate) for Europe articles of stationery required in 1898-99 for use in 1899-1900.

2. The estimate is, as usual, based upon the average consumption of two years calculated upon the actual issues of the past three years, allowance being made for the stock on hand and that expected from England and the probable demands of the current year. The total value of the articles estimated for amounts to £11,087-10-11 against £11,096-15-6 of the previous year.

3. One Yost No. 4 and one Remington standard type-writer are included in the estimate for the use of the Accountant-General and the Deputy Adjutant-General with reference to the orders of the Government of India, No. 2521-S.R., Financial, and No. 1247-B., Military, dated 4th June and 3rd May 1897, respectively.

4. The details of the estimate are shown in the accompanying statement marked A.

From J. THOMSON, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 27th September 1897, No. 1762.

With reference to your memorandum No. 1860, Financial, dated 7th September 1897, I have the honour to forward herewith a statement showing the details of the estimate for Europe articles of stationery for 1899-1900 so far as it relates to drawing and section paper and quills, from which it will be observed that the estimate was prepared strictly with reference to the average expenditure of previous year, the stock on hand, that expected from England and the probable requirements of the current year (*vide* columns 7 to 11). The quantities estimated for cannot therefore be omitted from the estimate.

2. The estimate is herewith returned.

ORDER—No. 819, Financial, dated 5th October 1897.

The estimate will be forwarded to the India Office.
