Note for the Secy

Revenue has already been requested to restrict advances to one lakh as required by India This will it is understood meet their requirements in any case as of the 3·5 lakhs estimate for September onwards, 2·4 was placed against September alone. The Rev. Dept reduced the Board's estimate flagged R³ so it cannot be utilized for replying to India's telegram – The explanation as regards control which India awaits is contained in the blue chalk marked portion of para 2 of Rev. Ep. 4894 d/ 17. September 1897 and of para 2 of the Bd' pros. No. 4822 d/ 11. 9. 97, in the facts already intimated to India as regards the Govt's unwillingness to stop loans which & the doubts about classification which were only finally set at rest by the A.G's letter of 18' September 1897. All this will be set out in draft letter to India which may, it is submitted, await the revised estimates now called for – Meanwhile, after issue of the Memo above, the papers might, it is thought, circ: to Hm. for perusal.

GOVERNMENT OF

REVENUE DEPT.

On the information furnished by the Revenue Dept. in its ~~order~~ proceedings No. 4894 mis, dated 17th September/97, the Government of India was informed by telegram on the 27th idem that the disbursements under Advances, Class I, up to the end of ~~August and for September and the rest of~~ the current year would amount~~ed~~ to 13'37 Lakhs ~~12·37 and 3·50 respectively~~ as shown below:-

Total	*12·37	3·50	15·87

*The A.G. puts this at 12'46 in C. No. 3255.

1.11.97

The total additional allotment applied for therefore was 13·37. ~~But~~ Before sanctioning the

the additional grant the Govt. of India in its telegram of the 30th September/97 requested to be furnished with certain details.

P3

2 These details the Board of Revenue now furnishes in its proceedings transferred ~~by the~~ under cover of Revenue Deptt. endorsement No. 5440, dated 23rd instant, and are abstracted below:-

Total	15.93	.49	1.90	18.32

It will be observed that the total estimate for the year is thus placed at 18.32 against 15.87 reported to the Govt. of India. As that Govt. will no doubt require an explanation for the increase, the Revenue Deptt. is requested to be so good as to furnish at a very early date the reasons for soliciting a still larger allotment than th which ~~has~~ so recently been applied for.

Order thereon, No. 5598 Mis., d/2nd November 1897.

K

The circumstances under which the Revenue Department based its estimates of the requirements under class I Loans are clearly explained in paras 4 and 5 of Revenue Endorsement, No. 4894 dated 17th September 1897. The actuals up to the end of August were only 12.37 lakhs (5.80 under Land Improvement Loans and 6.51 under Agriculturists' Loans), and orders have been issued directing the discontinuance of the special loans establishments, and proposals made to stop the grant of Land Improvement loans altogether. The requirements for September were taken at 2.4 lakhs which was the average of the preceding five months and it was considered that an additional 3½ lakhs from September to the close of the year would meet all necessary demands. It now appears however from the figures furnished by the Board of Revenue that the disbursements in September amounted to 3.50 lakhs and that the amount disbursed up to September was 15.93 lakhs or Rs. 6,000 more than the total estimate for the year, so that even if the disbursements in October and succeeding months × be limited to the sum of 1 lakh mentioned in the Government of India telegram, the additional allotment to be applied for will be 14.43 lakhs.

× ·49 lakh~~s~~ has already been disbursed by Collectors up to date of report.

2. It will however be noted from the above telegram that the Government of India does not desire that further disbursements should be limited to 1 lakh, but only that this amount should not be exceeded till detailed estimates are submitted

submitted in proper form and additional grants sanctioned; the telegram also implies that grants will in due course be made to cover expenditure incurred up to September. In these circumstances the Board's estimate of 2.39 lakhs from October to the close of the year, which is not excessive, may be accepted.

To

The Secretary to the Govt. of India,
Fin. & Com. Dept.

SIR,

I am directed to refer to your telegram of the 30th September 1897, in which it was intimated that before making any grants to cover outlay under the Loan and Advance Acct. up to the end of September, the Govt. of India desired to be furnished with an explanation as to the method of control adopted in regard to this expenditure as well as with detailed estimates in regard to advances required

required for October and succeeding months and that pending the submission of these estimates an outlay of one lakh for cases of necessity might be incurred.

2. In reply, I am to state that the amount originally applied for by this Govt. under Class I advances was 5·5 lakhs and disbursements were sanctioned by the Board of Revenue for the month of April on the supposition that this amount would be admitted by the Govt. of India. *vide* K Meanwhile, on receipt of Govt. of India, Rev. & Agri. Dept. Circular, No. 11-F-27-1, dated 8th Feb./97, E' *vide also* J4 the Collectors of all non-affected districts, except Madura, were directed to ~~stop~~ discontinue the grant of fresh loans, while those of the affected districts were requested to submit estimates of their probable requirements for the current year. The Collector of Madura was at the same time instructed to restrict the grant of loans to those cases only in which they were required for the conversion of dry lands under the Periyar. When, subsequently, the resolution of the Govt. of India, Fin. & Com. Dept. No. 1233 A, dated 16th March 1897, H reducing the grant under Class I to 2·50 lakhs, was communicated to the Board of Revenue, ~~it~~ the Board reported that the loans disbursed in the affected districts up to the 8th May had exceeded this grant and enquired whether further advances should be stopped. In reply to ~~One further~~ reference by Govt., the

the Board stated that the total requirements for the year under Class I might be taken at 12 lakhs although the estimates of Collectors amounted to 16 lakhs. This Govt. was unwilling to take the harsh measure, at a period when distress was deepening rapidly, of entirely suspending advances in the distressed areas, and, as stated in ~~my~~ J.W. Price's U telegram No. 696, dated 31st Aug. last, authorized their continuance pending sanction to an additional allotment by the Govt. of India. Immediate application was not made for this allotment as His Excellency the Governor in Council considered it advisable to await more definite estimates. The application was further delayed as stated in ~~my~~ J.W. Price's subsequent telegram ~~just quoted~~ of the 27th Septr last O by doubts in regard to the correct classification of loans with reference to Revenue & Agri. Dept. Circular No. 11-F, dated 8th Feb. 1897; E' the doubts were only finally set at rest by a reference from the local Accountant-General to the Comptroller and Auditor General, the result of which was communicated to this Govt. in a letter from the latter dated 18th Sept. 1897. 4. The actuals up to the end of August, as reported in Mr. Price's telegram No. 759 of the 27th September last, were 12·37 lakhs, the requirements for September were then taken at 2·4 lakhs, this being the average outlay of the preceding five months, and it was considered that an additional allotment of 3·50 lakhs would meet all demands up to the close of the year. The actual disbursements in September amounted to 3·56 lakhs, and even if the disbursements in October and succeeding months be limited to the sum of one lakh mentioned in your telegram under reply, the additional allotment required will be 14·43 lakhs. It does not, however, appear to be the desire of the Govt. of India that further disbursements should be limited to one lakh, but that this amount should not be exceeded until detailed estimates have been received by it and an additional grant sanctioned. In these circumstances, I am directed to request that the Govt. of India will be pleased to sanction an additional allotment of 15·82 lakhs to cover the
