From

F. C. Harrison Esquire,

OFFG. ACCOUNTANT-GENERAL TO THE
GOVERNMENT OF MADRAS,

To

THE

*Chief Secretary to Government,
Financial Department.*

SIR,

With reference to the estimates of Famine
Expenditure for the current year in the Civil and
Public Works Departments respectively proposed in
my letter No 3267 dated the 20 October 1897, I have
the honour to state that, in consequence of adjustments
which are now being made between the two
departments, the estimate therein given for the
Civil Department has to be reduced by Rs. 396000
and that for the Public Works Department raised
by Rs 508000. The transfer represents the erroneous
debit to the Civil Department of charges for Relief
Works

works by Public Works officers in the Kurnool District, whilst the difference of Rs 112000 between the two figures under adjustment is due to the Examiner not having as yet adjusted it in his books though it was communicated to him in the Exchange Account for August last.

2. The estimate for the Civil Department has to be further reduced by Rs 265000 as shown below with reference to the Actuals for October and the latest estimates submitted by Collectors to the end of January next.

Last Estimate	3342
<u>Revised figures</u>	
Actuals to September 1897	2846
do October "	153
estimate November "	63
" December "	13
" January 1898	2
	<u>3077</u>
	<u>Decrease 265</u>

Total for Civil Department as now revised is
 $3077 - 396 = 2681$.

3. The Examiner of Public Works Accounts, however, informs me that he hopes to send me a more definite forecast of requirements by the 20th instant.

Adding

Adding 508 to 7318, the figure already advised, the total now stands at 7826. In the circumstances, I beg to enquire whether these figures viz 2700 and 7800 in round thousands may be adopted in my six monthly estimate for the Civil and Public Works Departments respectively in lieu of 3300 and 6000 directed to be so taken in Government Order No 917 Financial dated 10 November 1897.

I have the honour to be,
 Sir,
 your most obedt. Servt.,
 M. M. M.
 H. H. H. Accountant General.

~~HIS EXCELLENCY THE GOVERNOR.~~

THE HON'BLE SIR HENRY BLISS, K.C.I.E.

THE HON'BLE MR. GROSE, C.I.E.

FOR ORDERS.

Rev. Dept. for. ci.

In the papers recently circulated in which it was proposed to address the Govt. of India the probable charges under 33 Famine Relief were fixed at 33 and 60 lakhs under the Civil & P.W. Depts respectively. On the ~~the~~ Accountant General inquiring what figures he should adopt in his six-monthly estimate he was in G.O. No. 917 F.M.L. d 10 Nov. 1897 directed to adopt these. The Acctt. General now reports that in consequence of adjustments which are now being made between the two departments, the former figure should be reduced by 3.96 and the latter

latter raised by 5.08. He also states that a further reduction of 2.65 should be made in ^{his} estimate of the Civil Dept with reference to the actuals for Octr and the latest estimates of Collectors to end of January next. This reduction is worked out as shown below:-

Abj's Last estimate... 33.42

Revised figures

Actuals to September..	28.46	
82 for October..	1.53	
Estimate for November..	.63	
" " December..	.13	
" " January..	.02	30.77
Decrease..	2.65	

Deducting 3.96 referred to above from the revised figure 30.77 the total for the Civil Dept is 26.81 or 27 lakhs in round numbers. Adding 5.08 to

73.18 the ^{Examiners'} figure ~~stands~~ ^{stands} at 78.26, and the Acctt. General ^{now} asks whether 27 and 78 lakhs may be adopted in his six-monthly estimate for the Civil & P.W. Depts respectively.

Why 27 above?
B.A.

in line of 33 and 60 directed to be previously taken.

2. The letter to the Govt of India is being got ready for issue. The point for orders is whether the figures therein adopted should now be altered. The P.W. figure was admittedly taken at 60 lakhs and as to adjustments involving transfers it is submitted that the position will not be altered, as if the Govt of India sanctions the lump allotment ⁱⁿ all transfers & adjustments that may be necessary can be carried out under the orders of this Govt.

The point is really as regards Civil Expend^{re}, which it has already been decided to take at 60 lakhs in spite of the Examiners' ^{higher} estimate based upon his credits. If the Civil Expend^{re} aggregates 27 lakhs only as now estimated by the AG there will be 66 lakhs available

Jan 11/1997

In the P.W.D. out of this sub estimate
of 93 lakhs, the transfer of 6 lakhs
from Civil to P.W.D. being a matter
within the competence of this Govt.

Ans
11.11.97

We had better stick
to the figures already
adopted. We may
have to make some
alterations if we
begin to correct &
never get the letter
off before Sir J. Westland
reaches
Madras.

Atk. 11.97

I concur; no alterations are
necessary or desirable at the
present stage.

The Accountant

the six monthly estimate being
taken at 27 lakhs under

5 lakhs being added to
estimate of 60 under P.W.D.,
making a total of 93 lakhs.
The estimate for P.W. expenditure
